## **MIAMI-DADE COUNTY FINANCE DEPARTMENT WINS NATIONAL ASSOCIATION OF COUNTIES ACHIEVEMENT AWARD PROGRAM FOR ACCOUNTS PAYABLE IMAGING WORKFLOW AUTOMATION**

**(MIAMI, July 15, 2014)** – The Miami-Dade County Finance Department recently received the National Association of Counties (NACo) 2014 Achievement Award for the implementation of its Accounts Payable Imaging and Workflow Automation (IWA) application.

The IWA solution, streamlines and achieves efficiencies in the County's accounts payable invoice process, initial deployment in August 2012. The NACo's Achievement Award Program is a non-competitive awards program, which seeks to recognize innovative county government programs.

"I want to congratulate the Finance Department on having received a NACo Award, honoring their commitment, hard work, and creative thinking," said Mayor Carlos A. Gimenez. "This is one more example of how Miami-Dade County employees continue to seek ways to transform the way we deliver County services toward making a difference in our community."
