General information on Miami-Dade County

WORRERS COLPTIONSE

GENERAL INFORMATION RELATIVE TO MIAMI-DADE COUNTY, FLORIDA

Set forth below is certain general information concerning County government and certain governmental services provided by the County.

<u>History</u>

Miami-Dade County, Florida (the "County") is the largest county in the southeastern United States in terms of population. The County covers 2,209 square miles, located in the southeastern corner of the State of Florida (the "State"), and includes, among other municipalities, the cities of Miami, Miami Beach, Coral Gables and Hialeah. In 2013, the population of the County was estimated at 2,565,685.

The County was created on January 18, 1836 under the Territorial Act of the United States. It included the land area now forming Palm Beach and Broward Counties, together with the land area of the present County. In 1909, Palm Beach County was established from the northern portion of what was then Dade County. In 1915, Palm Beach County and the County contributed nearly equal portions of land to create what is now Broward County. There have been no significant boundary changes to the County since 1915.

County Government

The State Legislature in 1955 approved and submitted to a general election a constitutional amendment designed to give a new form of government to the County. The amendment was approved in a statewide general election in November 1956. A Dade County Charter Board was constituted and, in April 1957, completed a draft charter for the County. The proposed charter (the "Charter") was adopted in a countywide election in May 1957 and became effective on July 20, 1957. The electors of the County were granted power to revise and amend the Charter from time to time by countywide vote.

Since 2007, the electors have amended the County Charter to materially change how the County is governed. Previously, the County was governed by a Board of County Commissioners ("Board") with all administrative matters handled by a County Manager who reported to the Board. Under this form of government, the elected Mayor had limited powers. As a result of three Charter amendments, the electors have established a "strong mayor" form of government. All administrative matters were transferred from the County Manager to the Mayor on November 4, 2008 and the office of County Manager was eliminated as a charter office on November 14, 2012. The Mayor has authority over all departments including the appointment of each director.

The County has home rule powers, subject only to the limitations of the Constitution and general laws of the State. The County, in effect, is both (1) a county government with certain powers effective throughout the entire County, including 35 municipalities, and (2) a municipal government for the unincorporated area of the County. The County does not displace or replace the cities, but supplements them. The County can take over particular activities of a city's operations if the services fall below minimum standards set by the Board or with the consent of the governing body of a particular city.

The County has assumed responsibility on a countywide basis for an increasing number of functions and services, including the following:

(a) Countywide police services, complementing the municipal police services within the cities and providing full-service police protection for the unincorporated areas of the County, with direct access to the National Crime Information Center in Washington, D.C. and the Florida Crime Information Center.

(b) Uniform system of fire protection, complementing the municipal fire protection services within five municipalities and providing full-service fire protection for the Miami-Dade Fire and Rescue Service District, which includes the unincorporated area of the County and the 30 municipalities which have consolidated their fire departments within the Miami-Dade Fire and Rescue Department. The Miami-Dade Fire and Rescue Department also provides emergency medical services by responding to and providing on-site treatment to the seriously sick and injured.

(c) Certain expenses of the State's consolidated two-tier court system (pursuant to Florida Statutes §29.008), are the responsibility of the County. The two-tier court system consists of the higher Circuit Court and the lower County Court. The Circuit Court handles domestic relations, felonies, probate, civil cases where the amount in dispute is \$15,000 or more, juvenile cases, and appeals from the County Court. The County Court handles or municipal ordinances, misdemeanors and civil cases where the amount in dispute is less than \$15,000.

(d) Countywide water and sewer system operated by the Water and Sewer Department.

(e) Jackson Memorial Hospital ("JMH") which is operated, maintained and governed by an independent governing body called the Public Health Trust (the "Trust"). Based on the number of admissions to a single facility, JMH is one of the nation's busiest medical centers. The Board appoints members of the Board of Trustees for the Trust and also approves the budget of the Trust. The County continues to subsidize treatment of indigent patients on a contractual basis with the Trust.

(f) Unified transit system, consisting of various surface public transportation systems, a 24.8 mile long rapid transit system, the Metromover component of the rapid rail transit system with 4.4 miles of an elevated double-loop system, and Metrobus operating approximately 29.6 million revenue miles annually.

(g) Combined public library system consisting of the Main Library, 48 branches and 2 mobile libraries offering educational, informational and recreational programs and materials. Construction has begun at the future Northeast Branch Library. It is expected to open in late 2014. The Miami-Dade Public Library System continues to play an important role in the lives of our residents. This year, there were 6.1 million visitors, more than 6.7 million questions answered, 6.1 million materials as books, movies, music, audio borrowed, 3 million computer hours logged, and 4.3 million hits on electronic resources. The Library also assisted more than 7,900 patrons in their job search related needs, whether it was spending one-on-one time with staff, or attending a resume writing or computer class. Its web page offers an extensive digital library of more than 8,000 downloadable e-books, videos and music that is available 24/7.

(h) Property appraisal services are performed by the County's Property Appraiser's office. Tax collection services are performed by the Miami-Dade Tax Collector. All collected taxes are distributed directly to each governmental entity, according to its respective tax levy. The municipalities, the Board of Public Instruction and several State agencies use data furnished to them by the Miami-Dade Tax Collector for the purpose of budget preparations and for their governmental operations.

(i) Minimum standards, enforceable throughout the County, in areas such as environmental resources management, building and zoning, consumer protection, health, housing and welfare.

(j) Garbage and trash collection, to an average of 324,400 households during Fiscal Year 2013 within the unincorporated area and certain municipalities of the County, and disposal services to public and private haulers countywide.

(k) The Dante B. Fascell Port of Miami (the "Port") is owned and operated by the County through the Seaport Department. The Port is the world's largest multi-day cruise port in terms of cruise passengers, handling over 4,078,529 passengers in Fiscal Year 2013. As of September 2013, the Port had the largest container cargo port in the State, and is within the top ten in the United States in total number of containers held.

(I) The following airport facilities: (i) the Miami International Airport the principal commercial airport serving South Florida; (ii) the Opa-locka Executive Airport, a 1,810 acre facility; (iii) the Opa-locka West Airport, a 420 acre facility that has been decommissioned, (iv) the Kendall-Tamiami Executive Airport, a 1,380-acre facility, (v) the Homestead General Aviation Airport, a 960-acre facility; and (vi) the Training and Transition Airport, a facility of approximately 24,300 acres located in Collier and Miami-Dade Counties. All of these facilities are County-owned and operated by the Miami-Dade Aviation Department.

(m) Several miscellaneous services, including mosquito and animal control.

Economy

The County's economy has transitioned from mixed service and industrial in the 1970s to a knowledgebased economy. The shift to knowledge-based sectors, such as life sciences, aviation, financial services and IT/Telecom has diversified the local economy. Other important sectors include international trade, health services and the tourism industry which remains one of the largest sectors in the local economy. Wholesale and retail trades are strong economic forces in the local economy, as well and are projected to continue, which is reflective of the County's position as a wholesale center in Southeast Florida, serving a large international market. The diversification of the economy creates a more stable economic base.

In an effort to further strengthen and diversify the County's economic base, the County commissioned a private consulting firm in 1984 to identify goals and objectives for various public and private entities. The Beacon Council was established as a public private partnership to promote these goals and objectives.

International Commerce

The Greater Miami Area is the center for international commerce for the southeastern United States. Its proximity to the Caribbean, Mexico, Central and South America makes it a natural center for trade to and from North America. Approximately, 1,400 multinational corporations are established in South Florida. In addition, the international background of many of its residents is an important labor force characteristic for multinational companies which operate across language and cultural differences.

Trade with Latin America, Europe and Caribbean countries has generated substantial growth in the number of financial institutions conducting business in the County. The large Spanish-speaking labor force and the County's proximity to Latin America have also contributed to the growth of the banking industry in the County. According to the Federal Reserve Bank of Atlanta, as of September 30, 2013 there were 14 Edge Act Banks throughout the United States; four of those institutions were located in the County with over \$10.0 billion on deposit. Edge Act Banks are federally chartered organizations offering a wide range of banking services, but limited to international transactions only. These banking institutions are: Banco Itau Europa International; Banco Santander International, HSBC Private Bank International and Standard Chartered Bank International.

The County had the highest concentration of international bank agencies on the east coast south of New York City, with a total of 25 foreign chartered banks as of September 30, 2013, according to the Florida Department of Financial Services, Office of Financial Regulations.

Corporate Expansion

The favorable geographic location of the County, a well-trained labor force and the favorable transportation infrastructure have allowed the economic base of the County to expand by attracting and retaining many national and international firms doing business with Latin America, the Caribbean, the United States and the rest of the world. Among these corporations with world and/or national headquarters in the County are: Burger King, Carnival Cruise Lines, Royal Caribbean Cruises, and Lennar. Those corporations with Latin American regional headquarters include: Federal Express Corporation, Kraft Foods International, Porsche Latin America, Telefonica, and Caterpillar.

Industrial Development

The role of the Miami-Dade County Industrial Development Authority (the "IDA") is the development and management of the tax-exempt industrial development revenue bond program which serves as a financial incentive to support private sector business and industry expansion and location. Programs developed are consistent with the IDA's legal status and compatible with the economic development goals established by the Board and other economic development organizations operating in the County. Between 1979 and the creation of the Beacon Council in 1986, the IDA provided expansion and location assistance to 195 private sector businesses, accounting for a capital investment of \$695 million and the creation of over 11,286 new jobs.

The IDA's principal program, the Tax-Exempt Industrial Development Revenue Bond Program, has generated 452 applications through February 2014. From 1986 to February 2014, bonds for 235 company projects have been issued in an aggregate principal amount in excess of \$2.0 billion. Approximately 10,093 new jobs have been generated by these projects. The IDA continues to manage approximately 33 outstanding Industrial Development Revenue Bond Issues, approximating \$703 million in capital investment.

Other Developmental Activities

In October 1979, the Miami-Dade County Health Facilities Authority (the "Health Authority") was formed to assist local not-for-profit health care corporations to acquire, construct, improve or refinance health care projects located in the County through the issuance of tax-exempt bonds or notes. As of September 2013, the total amount of revenue bonds issued by the Health Authority was over \$2.1 billion.

In October 1969, the Board created the Miami-Dade County Educational Facilities Authority (the "EFA") to assist institutions of higher learning within the County to have an additional means to finance facilities and structures needed to maintain and expand learning opportunities and intellectual development. As of September 2013, the EFA had issued 53 series of bonds totaling over \$1.8 billion.

In December 1978, the Housing Finance Authority of Miami-Dade County (Florida) (the "HFA") was formed to issue bonds to provide the HFA with moneys to purchase mortgage loans secured by mortgages on single family residential real property owned by low and moderate income persons residing in the County. Since its inception the HFA has generated \$1.20 billion in mortgage funds through the issuance of revenue bonds under the Single Family Mortgage Revenue Bond Program. As of September 2013, under the HFA's Multi-Family Mortgage Revenue Bond Program, revenue bonds aggregating approximately \$1.028 billion had been issued for new construction or rehabilitation of 18,064 units.

The bonds issued by the foregoing authorities and the IDA are not debts or obligations of the County or the State or any political subdivision thereof, but are payable solely from the revenues provided by the respective private activity borrower as security therefor.

Film Industry

Miami-Dade County's film and entertainment industry growth has been fairly even with approximately \$240 million in direct spend from permitted production to our local economy in 2013. The reason for the steady stream of projects has been the \$296 million State of Florida production tax incentive program, which offers 20-30 percent on qualified Florida expenditures, (a program slated to continue through 2016), of film, photo and digital media projects. High Impact television series have been our largest economic generator in the film industry. With the cancellation in the last guarter of 2013 of the TV series Burn Notice, The Glades and Magic City, the County saw a dip in local spending. We are encouraged as early 2014 brings two pilots for TV series: HBO "Ballers" starring Dwayne Johnson (and executive produced by Mark Wahlberg) and FX's "Hoke", starring Paul Giamatti. If the State funds the Entertainment Production Tax Credit program, the County will benefit from years of job creation of these two television series. Also, Sony/Netflix will be producing a new television series that will shoot partially in Miami-Dade County and partially in the Florida Keys. The Fox TV series, "Graceland" will also return for a second season. These television shows alone will bring in more than \$50 million into Miami Dade County. Early 2014 will bring our first feature film of 2014, "Change of Heart". It is being produced by Gloria and Emilio Estefan and stars Jim Belushi and is directed by Kenny Ortega (High School Musical, Newsies, Hocus Pocus, Dirty Dancing). In addition, there are numerous reality shows filmed in Miami-Dade County like South Beach Tow Season 3, Burger Wars, Hotel Impossible, Appetite for Life: DIY Kitchen, Million Dollar Listing - Miami, Four Weddings, First 48, Mob Wives, Top Gear, etc. Television commercials and print advertising are a constant in the local film and entertainment industry. In 2013, approximately \$35 million in direct spend of permitted production was brought into the Miami-Dade County economy. All projects film and entertainment productions whether reality shows, feature films, high impact television series, television commercials or still photo shoots bring exposure to the County.

Surface Transportation

The County owns and operates through its Transit Department a unified multi-modal public transportation system. Operating in a fully integrated configuration, the County's Transit Department provides public transportation services through: (i) Metrorail - a 24.8-mile, 23-station elevated electric rail line connecting South Miami-Dade and the City of Hialeah with the Downtown and Civic Center areas as well as Miami International Airport providing 21.0 million passenger trips annually; (ii) Metromover - a fully automated, driverless, 4.4-mile elevated electric double-loop people-mover system interfaced with Metrorail and completing approximately 9.6 million passenger trips annually throughout 21 stations in the central business district and south to the Brickell international banking area and north to the Adrienne Arsht Center; and (iii) Metrobus, including both directly operated and contracted conventional urban bus service, operating approximately 29.6 million revenue miles per year, interconnecting with all Metrorail stations and key Metromover stations, and providing over 78.4 million passenger trips annually.

The County also provides Para-transit service to gualified elderly and handicapped riders through its Special Transportation Service, which supplies over 1.71 million passenger trips per year in a demandresponse environment.

Additionally, the County's Transit Department is operating the Bus Rapid Transit (BRT) on the South Miami-Dade Busway, a dedicated-use BRT corridor that runs parallel to US1/South Dixie Highway. The South Miami-Dade Busway, which began operating in 1997 and was extended in December 2007, traverses over twenty miles, connecting Florida City (SW 344th Street) with the Metrorail system, with connection to downtown Miami.

Airport

The County owns and operates the Miami International Airport (the "Airport"), the principal commercial airport serving Southeast Florida. The Airport has also the second highest international passenger traffic in the U.S. During Fiscal Year 2013, the Airport handled 40,115,305 passengers and 2,134,943 tons of air freight. The Airport is classified by the Federal Aviation Administration as a large hub airport, the highest classification given by that organization. The Airport is also one of the principal maintenance and overhaul bases, as well as a principal training center, for the airline industry in the United States, Central and South America, and the Caribbean.

Seaport

The Port is an island port, which covers 640 acres of land, operated by the Seaport Department. It is the world's largest multi-day cruise port. Embarkations and debarkations on cruise ships totaled over 4.0 million passengers for Fiscal Year 2013. With the increase in activity from the Far-East markets and South and Central America, cargo tonnage transiting the Port amounted to approximately 7.9 million tons for Fiscal Year 2013.

The following table sets forth a five-year summary of both cruise passengers served and cargo handled:

<u>Tourism</u>

The Greater Miami Area is a leading center for tourism in the State of Florida. Miami was the primary destination for domestic air travelers after Orlando according to the Florida Division of Tourism. It is also the principal port of entry in the State for international air travelers. The Airport has the second highest international passenger traffic behind New York's John F. Kennedy International Airport.

A record estimated 14.2 million visitors spent at least one night in Greater Miami and the Beaches in 2013. Visitors spent at least one night in Greater Miami and the Beaches in 2013, a 2.2% increase over 2012. Domestic visitors accounted for 51% of all overnight visitors and International visitors made up 49% of all overnight visitors. Compared to other domestic cities, Miami has the largest percentage of International visitors.

Latin America continued to be a leading source of international visitors to Greater Miami and the Beaches, accounting for over 5.0 million visitors in 2013, a 6.7% increase compared to 2012. South America remains the driving force of growth in Latin America visitors to Miami, accounting for more than 3.7 million visitors, up 8.8% in 2013. Visitors from Europe slightly declined in 2013, but remain up compared to the years prior to 2012. Canadian and other visitors increased in 2013, up 3.6%, accounting for roughly 781,000 visitors overall.

The following is a five-year schedule of domestic and international visitors, including a further breakdown of international visitors by region of origin, and the estimated economic impact produced by those visitors:

CONTINUING DISCLOSURE

The County has agreed, in accordance with the provisions of, and to the degree necessary to comply with, the secondary disclosure requirements of Rule 15c2-12 (the "Rule") promulgated by the Securities and Exchange Commission ("SEC"), to provide or cause to be provided for the benefit of the Beneficial Owners of any Series of Bonds issued after July 3, 1995 to the Municipal Securities Rulemaking Board ("MSRB"), in an electronic format prescribed by the MSRB or such other municipal securities information repository as may be required by law or applicable regulation, from time to time (each such information repository, a "MSIR"), the following annual financial information or operating data (the "Annual Information"), commencing with the Fiscal Year ending September 30, 1996:

(1) Historical collections of the Pledged Revenues in a form which is generally consistent with the presentation of such information as it appears in the Official Statement for any Series of Bonds issued after July 3, 1995.

(2) The County's Comprehensive Annual Financial Report utilizing generally accepted accounting principles applicable to local governments.

The information in subparagraphs (1) and (2) above will be available on or before June 1, after the end of such Fiscal Year, and shall be made available to each MSIR, and to each Beneficial Owner of any Series of Bonds issued after July 3, 1995 who requests such information in writing. The County's Comprehensive Annual Financial Report referred to in subparagraph (2) above is expected to be available separately from the information in subparagraph (1) above and will be provided by the County as soon as practical after acceptance of such statements by the County's auditors. If not, unaudited information will be provided within the time frame set forth above and audited financial statements will be provided as soon after such time as they become available. The County's Comprehensive Annual Financial Report is generally available within eight (8) months after the end of the Fiscal Year.

The County has agreed to provide or cause to be provided, in a timely manner, to each MSIR, not in excess of ten (10) business days after the occurrence of the event, to each MSIR in the appropriate format required by law or applicable regulation, notice of the occurrence of any of the following events with respect to any Series of Bonds issued after July 3, 1995, if, in the judgment of the County, such event is material:

- (1) Principal and interest payment delinquencies;
- (2) non-payment related defaults; if material;
- (3) unscheduled draws on debt service reserves reflecting financial difficulties;
- (4) unscheduled draws on credit enhancements reflecting financial difficulties;
- (5) substitution of credit or liquidity providers, or their failure to perform;
- (6) adverse tax opinions or events affecting the tax-exempt status of the bonds;
- (7) modifications to rights of holders of the bonds;
- (8) bond calls, if material, and tender offers;
- (9) defeasance;
- (10) release, substitution, or sale of any property securing repayments of the bonds;
- (11) rating changes;
- (12) bankruptcy, insolvency, receivership or similar event of the County (which is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the County in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the County, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the County);

- (13) the consummation of a merger, consolidation, or acquisition involving the County or the sale of all or substantially all of the assets of the County, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and
- (14) appointment of a successor or additional trustee or the change of name of the trustee, if material.

The County has agreed to provide or cause to be provided, in a timely manner, to each MSIR, in the appropriate format required by law or applicable regulation, notice of its failure to provide the Annual Information with respect to itself on or prior to June 1 following the end of the preceding Fiscal Year.

The foregoing obligation of the County shall remain in effect only so long as any Series of Bonds issued after July 3, 1995 are outstanding. The County has reserved the right to terminate its obligation to provide the Annual Information and notices of material events, as set forth above, if and when the County no longer remains an "obligated person" with respect to any Series of Bonds issued after July 3, 1995 within the meaning of the Rule.

The County has agreed that its undertaking pursuant to the Rule set forth in this Section is intended to be for the benefit of the Beneficial Owners of any Series of Bonds issued after July 3, 1995 and shall be enforceable by such Beneficial Owners if the County fails to cure a breach within a reasonable time after receipt of written notice from a Beneficial Owner that a breach exists; provided that any such Beneficial Owner's right to enforce the provisions of this undertaking shall be on behalf of all Beneficial Owners and shall be limited to a right to obtain specific performance of the County's obligations in a Federal or State court located within the County and any failure by the County to comply with the provisions of this undertaking shall not be a default with respect to any Series of Bonds issued after July 3, 1995.

Notwithstanding the foregoing, each MSIR to which information will be provided shall include each MSIR approved by the SEC with respect to any Series of Bonds issued after July 3, 1995. In the event that the SEC approves any additional MSIRs after the date of issuance of any Series of Bonds issued after July 3, 1995, the County will, if the County is notified of such additional MSIRs, provide such information to the additional MSIRs. Failure to provide such information to any new MSIR whose status as a MSIR is unknown to the County will not constitute a breach of the County's continuing disclosure undertakings with respect to any Series of Bonds issued after July 3, 1995.

The requirements of filing the Annual Information do not necessitate the preparation of any separate annual report addressing only any Series of Bonds issued after July 3, 1995. The requirements may be met by the filing of an annual information statement or the County's Comprehensive Annual Financial Report, provided such report includes all of the required annual information and is available by June 1 of each year for the preceding Fiscal Year. Additionally, the County may incorporate any information in any prior filing with each MSIR or included in any official statement of the County, provided such official statement is filed with the MSRB.

The County has reserved the right to modify, from time to time, the specific types of information provided or the format of the presentation of such information, to the extent necessary or appropriate in the judgment of the County, provided that the County has agreed that any modification will be done in a manner consistent with the Rule.

Except to cure any ambiguity, inconsistency or formal defect or omission in the continuing disclosure undertaking, the County covenants as to secondary disclosure (the "Covenants") may only be amended if:

(1) the amendment is made in connection with a change in circumstances that arises from a change in legal requirements, change in law or change in the identity, nature or status of the County or type of business conducted; the Covenants, as amended, would have complied with the requirements of

the Rule at the time of award of any Series of Bonds issued after July 3, 1995, after taking into account any amendments or change in circumstances; and the amendment does not materially impair the interests of the Beneficial Owners, as determined by Bond Counsel or other independent counsel knowledgeable in the area of Federal securities laws and regulations; or

(2) all or any part of the Rule, as interpreted by the staff of the SEC at the date of the adoption of the Series Resolution, ceases to be in effect for any reason, and the County elects that the Covenants shall be deemed amended accordingly.

Any assertion of beneficial ownership must be filed, with full documentary support, as part of the written request described above.

The Board further authorizes and directs the Finance Director to cause all other Covenants to be made or action to be taken as required in connection with meeting the County's obligations as to the Covenants.

To the best of our knowledge, the County is presently in compliance with its prior continuing disclosure undertakings pursuant to the Rule with the exception of the following: (1) the County inadvertently failed to provide timely notice with the terms of the failure to meet the rate covenant pursuant to the Master Ordinance with respect to its outstanding Seaport Revenue and Seaport General Obligation Bonds; (2) the County failed to provide proper indexing relating to Guaranteed Entitlement Refunding Revenue Bonds, Series 2007 and the Seaport financial statements as it relates to the Seaport (i) Series 1995 and 1996 Revenue Bonds and (ii) the outstanding Seaport General Obligation Bonds; (3) the County inadvertently failed to file notices of ratings downgrades by Standard & Poor's of MBIA affecting certain bonds issued by the County and insured by MBIA; and (4) the County failed to meet its continuing disclosure obligation with respect to County's Special Housing Revenue Bonds, Series 1998. The County in now in compliance with each of the aforementioned listed in 1-4.

On December 5, 2008, the SEC issued Release Number 34-59062 –implementing the MSRB's new filing requirements through its Electronic Municipal Market Access ("EMMA") System, going into effect on July 1, 2009, to receive electronic submissions of continuing disclosure documents and related information from issuers, obligated persons and their agents and to make these publicly available on the Internet on the EMMA website at <u>emma.msrb.org</u>. The County adheres to this new filing requirement accordingly.

Additionally, the County entered into an agreement with Digital Assurance Certification LLC as its securities continuing disclosure dissemination agent for the purpose of disseminating and providing all filings of ongoing financial information, material event notices, any irrevocable failure to file notices, management discussions, and supplemental information to EMMA.

INVESTMENT POLICY

Florida Statutes §218.415, an act relating to investment of public funds, and Miami-Dade County, Florida's Ordinance No. 84-47, require the implementation of a written investment policy by the Board. On September 9, 2004, the Board adopted Resolution No. R-1074-04, approving a new Investment Policy (the "Policy").

The Investment Policy applies to all funds held by or for the benefit of the Board in excess of those required to meet short-term expenses, except for proceeds of bond issues which are deposited in escrow and debt service funds governed by their respective bond indentures.

The primary objectives of the Policy, listed in order of importance are:

- 1. The safety of principal;
- 2. The liquidity of funds; and
- 3. The maximization of investment income.

The Policy states that to the extent possible an attempt will be made to match investment maturities with known cash needs and anticipated cash flow requirements. Current operating funds shall maintain a weighted-average maturity of no longer than twelve (12) months. No single investment maturity in the portfolio may exceed five (5) years. The Policy allows investments in repurchase agreements with a maximum length to maturity of 14 days from the date of purchase; the collateral shall be "marked to market" as needed.

To enhance safety, the Policy requires the diversification of the portfolio to reduce the risk of loss resulting from over-concentration of assets in a specific maturity, issuer or class of security. The Policy also requires that monthly performance reports be presented to the County Clerk and to the County's Finance Director; quarterly performance reports be submitted to the Investment Advisory Committee established by the Board; and an annual report be presented to the Board within 120 days of the end of the Fiscal Year.

On February 1, 2009 a new Investment Policy took effect pursuant to Resolution No. R-31-09, adopted by the Board of County Commissioners on January 22, 2009, with the following additions or changes to the Policy:

- Limits the County's purchase of commercial paper to very few, prime quality issues ensuring the safety of principle over maximization of greater returns;
- Adds municipal securities issued by the US government and others, rated AA or better as permissible investments, thus allowing for safer investment options;
- Changes the performance measure used to compare the County's return on investments from the current SBA Local Government Funds Trust Fund to the six-month average of the 180-day T-Bill;
- Requires highest rating from at least two rating agencies for various investments ensuring further safeguards surrounding the investment decisions;
- Updates investment policy language to use current banking terminology; and
- Directs staff to receive Board approval prior to investing in the Local Government Surplus Fund Trust Fund.

The Investment Policy may be modified by the Board, as it deems appropriate to meet the needs of the County. The Policy may be accessed at <u>http://www.miamidade.gov/finance/library/policy.pdf</u>.

Underwriters

Ordinance No. 99-73, as amended by Ordinance No. 04-202 (the "Underwriters Ordinance"), enables the County Manager to issue a Request for Qualifications to establish a Municipal Bond Underwriting Pool (the "Pool") of eligible and qualified underwriting firms. Firms are selected based on each firm's capital strength and ability to underwrite and market bonds effectively. The Pool is divided into two divisions: a small firms division (Division 1) and a large firms division (Division 2). Negotiated bond transactions are senior managed based on the size of the transaction. Any bond transaction less than \$75 million is senior managed by a firm from Division 1 and any bond transaction in excess of \$75 million is senior managed by a firm in Division 2. Co-managers and senior co-managers are assigned to all negotiated County bond transactions from both divisions according to the size of the transaction. Additionally, any firm, whether or not in the Pool, that submits an unsolicited proposal that subsequently becomes a County bond transaction shall be the senior manager. The current Pool became effective on May 13, 2011 with the adoption of Resolution No. R-323-11 for a five year term. Underwriters for bond issuances for the County's peripheral authorities are not selected from this Pool.

Bond Counsel Pools

The County utilizes three pools of law firms as bond counsel, disclosure counsel and authority counsel, to represent the County and its peripheral authorities. No law firm is permitted to serve in more than one pool. The legal firms in each pool were selected through a competitive process. One pool serves as Bond Counsel to the County (the "County Bond Counsel Pool") and another pool serves as Bond Counsel to the County's peripheral authorities (the "Authority Counsel Pool.") The County's Bond Counsel pool consists of three joint ventures whereas, the Authority Counsel Pool consist of two joint ventures each structured by a nationally recognized law firm in association with a local bond counsel firm whose gross annual revenues is less than \$5 million. The third pool, Disclosure Counsel Pool, also consist of three joint ventures each structured by a nationally recognized disclosure counsel firm and local disclosure counsel firms with gross annual revenues of \$5 million or less. Bond and disclosure counsel assignments for County and peripheral authorities transactions are rotated among the firms based on the amount of prior compensation. County Bond Counsel and Disclosure Counsel Pools commenced February 12, 2010; Authority Counsel commenced May 5, 2010. The expiration date for the Authority Counsel Pool conforms with the expiration date of both the County Bond Counsel and Disclosure Counsel Pools of February 11, 2017.

Financial Advisors

The County selected three qualified firms to serve as financial advisors through a competitive process. Each selected firm provides financial advisory services on a separate segment of the County. The General Segment firm provides services to the County on all general financial matters excluding the Departments covered by the other segments. The Aviation Segment firm provides services to the Aviation Department; and the Enterprise Segment provides services to the Seaport, Solid Waste, Transit, and Water and Sewer Departments. The current contracts for each segment commenced November 2, 2006 for a three-year period, with two options to renew for two-year each at the County's sole discretion. The first option to renew extended the current contract to November 1, 2011. The final option to renew extended the current contract to November 1, 2013. After November 1, 2013 the County will have to solicit for new Financial Advisory services.

To provide financial advisory service regarding swaps and other derivative products, a fourth qualified firm was selected by the County, also through a competitive process. The original contract was issued on September 29, 2003. Prior to expiration, a new solicitation for these services was issued and on April 5, 2009, the County entered into a new agreement with the selected firm for a period of three years with two options to renew for two additional years each at the County's sole discretion.

All Other Consultants and Bond Transaction Participants

The County selects all of its other consultants (i.e., paying agents, registrars, escrow agents, swap providers, etc.) through competitive bid when needed.

General Obligation Bonds

WORDIS COLIFTIO USE

MIAMI-DADE COUNTY, FLORIDA General Obligations of Miami-Dade County

SECURITY AND SOURCES OF PAYMENT ON GENERAL OBLIGATION BONDS

General Obligation Pledge

General Obligation Bonds are general obligations of the County and are payable from unlimited ad valorem taxes on all taxable real and tangible personal property within the County (excluding exempt property as required by Florida law). The full faith, credit and taxing power of the County are irrevocably pledged for the prompt payment of both principal of and interest on the Bonds as they become due and payable. Pursuant to the Florida Constitution, there is no limit on the amount of ad valorem taxes a county may levy for the payment of General Obligation Bonds.

In a special County-wide election held by the County on November 2, 2004, its voters approved eight general obligation bond questions in the aggregate principal amount of \$2,925,750,000 ("Building Better Communities Bonds"). The Building Better Communities Bonds will be issued to pay a portion of the cost of construction and improving: water, sewer and flood control systems; park and recreational facilities; bridges, public infrastructure and neighborhood improvements; public safety facilities, emergency and health care facilities; public services and outreach facilities; housing for the elderly and families; and cultural, library and multicultural educational facilities, all located within the County. The County anticipates issuing the Building Better Communities Bonds in various series over the next **six (6)** years. As of September 30, 2013, the County has issued \$1,147,285,000 under the Building Better Communities Program.

⁽¹⁾ Exemptions for real property include: \$25,000 homestead exemption; an additional \$25,000 homestead exemption (excluding School Board taxes) in FY 2009; widows/widowers exemption; governmental exemption; disability/blind age 65 and older exemption; institutional exemption; economic development exemption; and other exemptions as allowed by law.

allowed by law.
 ⁽²⁾ Amendment 10 was an amendment to the Florida Constitution in 1992 which capped the assessed value of properties with homestead exemption to increases of 3% per year or the Consumer Price Index, whichever is less (193.155, F.S.) (commonly referred to as the "Save Our Homes Provisions").

⁽³⁾ Total actual and assessed values for FY 2012 were updated to reflect the Final 2011 Tax Roll certified May 29, 2013.

⁽⁴⁾ Total actual and assessed values are estimates based on the First Certified 2012 Tax roll made on October 18, 2012; prior to any adjustments processed by the Value Adjustment Board. The Final Certified Tax Roll for 2012 has not been released as of the date of this report.

Bonded Indebtedness, Various Debt Ratios and General Fund Summary

The following tables show the details of the County's general obligation bonds, principal and interest requirements of general obligation debt, and significant comparative ratios of debt to population and to the County's tax base.

In addition to the County's existing general obligation bonds, on November 4, 1986, the voters of the County approved the issuance of general obligation bonds in the principal amount of \$131,474,000 to finance capital improvements to the County's Water and Sewer System and to refund previously issued water and sewer system bonds; \$153,513,500 to finance capital improvements to the Port of Miami, which is owned and operated by the County, and to refund previously issued bonds for the Port of Miami; and \$247,500,000 to finance capital improvements to the County's airports and to refund previously issued bonds for the airports. Said general obligation bonds are payable first from revenues of the County's Water and Sewer System, the Port and the County's airports, respectively, and, to the extent such revenues are insufficient, from unlimited ad valorem taxes. Of the amounts approved by the voters, only the general obligation bonds in the amount of \$131,474,000 approved for the water and sewer system have not been issued to date.

- (1) Included in the Miscellaneous Revenue under the Approved Budget 2014 Fiscal Year column in the table above are all the unencumbered funds carried forward from the prior Fiscal Year available for the appropriation for 2014 expenditures. State law permits counties and municipalities to appropriate 95% of estimated revenues to be collected in the ensuing Fiscal Year plus the excess funds from prior years, as the basis for authorizing levels of expenditures. Excess funds from prior years considered in the budgetary process are not presented as revenues for financial reporting purposes and generally accepted accounting principles.
- (2) Miami-Dade County implemented GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund type definition" effective in Fiscal Year 2011 which provided for new fund balance classifications.

MIAMI-DADE COUNTY, FLORIDA Public Improvement Bonds General Obligations of Miami-Dade County (Criminal Justice Projects)

SECURITY AND SOURCES OF PAYMENT ON THE BONDS

General Obligation Pledge

The Criminal Justice General Obligation Bonds (the "Bonds") are general obligations of the County and are payable from unlimited ad valorem taxes on all taxable real and tangible personal property within the County (excluding exempt property as required by Florida law). The full faith, credit and taxing power of the County are irrevocably pledged to the prompt payment of both principal of and interest on the Bonds as they become due and payable. Pursuant to the Florida Constitution, there is no limit on the amount of ad valorem taxes a county may levy for the payment of general obligation bonds.

Purposes

THE CRIMINAL JUSTICE FACILITIES PROGRAM

On November 2, 1982, the electorate of the County approved by a 3-2 margin the issuance of General Obligation Public Improvement Bonds, also known as the Criminal Justice Facilities Bond Program, in the maximum amount of \$200,000,000. All of the authorized Bonds have been issued. The funds have been allocated as described below for the following programs:

Corrections \$87,839,000 - \$26,931,428 for the Turner Guilford Knight 1,000 bed jail next to the Stockade on N.W. 36 Street at N.W. 72 Avenue; \$92,678 to study the feasibility of a new jail in the Civic Center; a \$200,000 renovation of the Civic Center jail's 10th floor; \$27,662,000 toward construction of the Metro West Detention Center, a 2,200 bed jail located on N.W. 41 Street at N.W. 138 Avenue; \$4,083,000 for security control upgrades, \$4,000,000 for a 300 bed capacity expansion and \$1,187,000 for kitchen and laundry upgrades at the Turner Guilford Knight jail; \$3,600,000 for medical facility modifications at the Pretrial Detention Center, the Women's Detention Center and the Turner Guilford Knight jail; \$1,700,000 for a substance abuse offender rehabilitation facility; \$710,000 for a boot camp facility at the existing Stockade; \$1,769,000 to construct the Ward D jail medical facility at Jackson Memorial Hospital; a \$745,000 renovation of the Women's Detention Center; and \$15,164,894 for utility infrastructure and site preparation for future jail facilities at Krome Avenue and S.W. 8 Street.

Law Enforcement \$38,470,000 - \$28,056,000 for the combined Headquarters and Doral District Police station located at N.W. 25 Street and N.W. 92 Avenue; \$2,123,000 for the Hammocks District station located at S.W. 142 Avenue and S.W. 100 Street; \$4,290,000 for the Police Training Center located at N.W. 58 Street and N.W. 96 Avenue; and \$4,000,000 allocated to construct the new District 9 station on N.W. 27 Avenue north of N.W. 183 Street.

Courts and Court Related \$50,171,000 - \$6,670,000 for the construction of the North Miami-Dade Justice Center located at 15555 N.E. Biscayne Boulevard; \$8,220,000 toward the renovation of the State's Graham Office Building in the Civic Center for the State Attorney; \$4,700,000 for the renovation of the former Metro Police building housing the Public Defender in the Civic Center; \$3,800,000 for life safety renovations and courtroom remodeling in the Miami-Dade County Courthouse; \$877,000 for renovations in the Juvenile Justice Center at 3300 N.W. 27 Avenue; and \$19,055,000 for life safety renovations and twelve new courtrooms in the Richard E. Gerstein Justice Building located in the Civic Center.

Other Facilities \$23,520,000 - \$1,660,000 for the Criminal Justice Institute at Miami-Dade Community College; a \$134,000 design study of the Justice Center area in the Civic Center; \$12,000,000 toward the construction of the Medical Examiner's facility located at One Bob Hope Road; \$1,647,000 for the Clerk of the Court's Record Center located at 9350 N. W. 12 Street; \$5,249,000 for construction of the South Miami-Dade Government Center Court Annex; and \$9,674,000 of infrastructure improvements in the Justice Center area including an energy complex to serve all court-related facilities.

The allocations above within project categories were estimates of expected expenditures for each project category. The table below shows the final allocation of bond proceeds within the above project categories.

MIAMI-DADE COUNTY, FLORIDA General Obligations Bonds (Parks Program)

SECURITY AND SOURCES OF PAYMENT ON THE BONDS

General Obligation Pledge

The Parks Program General Obligation Bonds (the "Bonds") are general obligations of the County and are payable from unlimited ad valorem taxes on all taxable real and tangible personal property within the County (excluding exempt property as required by Florida law). The full faith, credit and taxing power of the County are irrevocably pledged to the prompt payment of both principal of and interest on the Bonds as they become due and payable. Pursuant to the Florida Constitution, there is no limit on the amount of ad valorem taxes a county may levy for the payment of general obligation bonds.

THE PARKS PROGRAM

Purposes:

On November 5, 1996, a referendum authorized the issuance of the Bonds in the amount of \$200,000,000 to provide funds to be used to pay for the following projects. As of September 30, 2005, all Bonds have been issued.

- (1) \$37,268,000 to 14 municipalities to be used on 76 specific parks projects;
- (2) \$50,732,000 to be spent in the unincorporated municipal services areas on 33 specific park projects;
- (3) \$77,050,000 to the Park and Recreation Department (the "Department") for development, improvement, restoration, rehabilitation or acquisition of real property for (a) beaches and Biscayne Bay access consisting of eight specific projects; and (b) for regional parks, regional recreation or heritage facilities and natural preserves consisting of 24 specific projects, including four specific projects totaling \$14,000,000 of park development to promote juvenile crime prevention;
- (4) \$9,700,000 to be divided among the incorporated municipalities on a per capita basis;
- (5) \$10,250,000 to the County as its per capita municipal share; and
- (6) \$15,000,000 for challenge grants to public agencies and not-for-profit organizations to be used for
 (a) land acquisition, construction and development of youth recreation and service facilities
 (\$7,000,000) and (b) natural areas, recreation and open space land acquisition and development
 (\$8,000,000).

The Board created the Citizen Oversight Committee (the "Committee"), consisting of 13 members, one appointed from each of the 13 respective County Commission districts pursuant to Ordinance No. 96-115 (the "Bond Referendum"). The chief functions of the Committee are to designate the portions of the Parks Program to be financed from each Series of Bonds and to monitor the application of Bond proceeds to ensure that the proceeds are being spent in accordance with the Bond Referendum.

The Committee has allocated the proceeds of the Bonds to the categories shown in the following chart:

Purpose:

The Series 2002 Bonds were issued as a Series of the Parks Bond Program approved by the voters of the County on November 5, 1996 to pay part of the cost of a capital improvement program to improve and acquire, neighborhood and regional parks, beaches, natural areas, and recreation and heritage facilities in the aggregate principal amount of \$200,000,000. The Series 2002 Bonds were issued pursuant to Ordinance No. 96-115, and Resolution Nos. R-1193-97, R-1183-98, R-734-02 and R-1307-02.

Security:

The Series 2002 Bonds are general obligations of the County and are payable from unlimited ad valorem taxes on all taxable real and tangible property within the County (excluding exempt property as required by Florida law). The full faith, credit and taxing power of the County are irrevocably pledged to the payment of principal of and interest on the Series 2002 Bonds.

Form:

The Series 2002 Bonds were issued as fully registered bonds, without coupons and registered in the name of The Depository Trust Company, New York, New York. The Series 2002 Bonds were in bookentry form and issued in denominations of \$5,000 or any integral multiples of \$5,000. The interest on the Series 2002 Bonds is payable semi-annually on May 1 and November 1 of each year, commencing May 1, 2003. The principal is payable on November 1 for each maturity, commencing November 1, 2003.

MIAMI-DADE COUNTY, FLORIDA General Obligation Bonds (Building Better Communities Program)

SECURITY AND SOURCES OF PAYMENT OF THE BONDS

General Obligation Pledge

The Building Better Communities Bonds (the "Bonds") are general obligations of the County and are payable from unlimited ad valorem taxes on all taxable real and tangible personal property within the county (excluding exempt property as required by Florida law). The full faith, credit and taxing power of the County are irrevocably pledged to the prompt payment of both principal and interest on the Bonds as they become due and payable. Pursuant to the Florida Constitution, there is no limit on the amount of ad valorem taxes a county may levy for the payment of general obligation bonds.

THE BUILDING BETTER COMMUNITIES PROGRAM (BBC Program)

Purposes:

On November 2, 2004, a special County-wide election was held by the County. Its voters approved eight general obligation bond questions in the aggregate principal amount of \$2,925,750,000 to provide funds to be used to pay for the following projects all located within the County. The County anticipates issuing the Bonds in various series over the next seven (7) years. As of September 30, 2013, \$1,147,285,000 of Bonds has been issued.

- (1) \$378,183,000 to construct and improve water, sewer and flood control systems within the County;
- (2) \$680,258,000 to construct and improve park and recreational facilities within the County;
- (3) \$352,182,000 to construct and improve bridges, public infrastructure and neighborhood improvements within the County;
- (4) \$341,087,000 to construct and improve public safety facilities within the County;
- (5) \$171,281,000 to construct and improve emergency and healthcare facilities within the County:
- (6) \$255,070,000 to construct and improve public services and outreach facilities within the County;
- (7) \$194,997,000 to construct and improve housing for the elderly and families within the County; and
- (8) \$552,692,000 to construct and improve cultural, library and multicultural educational facilities within the County.

On April 5, 2005, the Board created, under the provisions of Ordinance No. 05-70, the Building Better Communities Citizens' Advisory Committee (the "Committee") consisting of 13 members appointed from the 13 respective County Commission Districts, three (3) members appointed by the Mayor and five (5) at-large members selected by the County Manager. The Committee has no oversight or veto authority with respect to the BBC Program. The primary function of the Committee is to offer advice to the Mayor, the Board and the County Manager from time to time, on the progress and status of the Building Better Communities Program.

Special Obligation Bonds/Notes

WORDIS COLFTIOUSE

MIAMI-DADE COUNTY, FLORIDA Special Obligations of Miami-Dade County

SECURITY FOR AND SOURCES OF PAYMENT OF SPECIAL OBLIGATION BONDS/NOTES

Special Obligation Pledge

Special Obligation Bonds/Notes are special and limited obligations of the County, payable solely from and secured by the Pledged Funds. The Bonds/Notes do not constitute general obligations or indebtedness of the County within the meaning of any constitutional or statutory provision or limitation and the County is not directly, indirectly or contingently obligated to levy any ad valorem taxes or to make any appropriation for the payment of the Bonds/Notes, except from the Pledged Funds. Neither the full faith and credit nor the taxing power of the County, the State of Florida or any political subdivision of either of them is pledged to the payment of the Bonds/Notes.

Pledged Funds

Pledged Funds are non-ad valorem revenues of the County pledged for the payment of principal and interest on the Bonds/Notes. Bondholders have a first lien claim on the Pledged Funds and the Pledged Funds only. After payment of debt service on the Bonds/Notes, any Pledged Funds can be used for any lawful purpose.

PIS COUPTIIOUSE

MIAMI-DADE COUNTY, FLORIDA Equipment/Capital Asset Acquisition Notes/Floating/Fixed Rate Special Obligation Bonds

SECURITY FOR THE BONDS

Pledged Funds

The Equipment Capital Asset Acquisition Notes/Floating/Fixed Rate Special Obligation Bonds (the "Bonds") are limited obligations of the County and regularly scheduled payments of principal and interest shall be payable from legally available non ad valorem revenues of the County budgeted and appropriated annually, subject to certain limitations, and actually deposited by the County in the Debt Service Account created under the Bond Ordinance.

"Legally Available Non Ad Valorem Revenues" are defined as all available revenues and taxes of the County derived from any source whatsoever other than ad valorem taxation on real and personal property but including "operating transfers in" and appropriable fund balances within all Funds of the County over which the Board has full and complete discretion to appropriate the resources therein. As used above, "Funds" means all governmental, proprietary and fiduciary funds and accounts of the County as defined by generally accepted accounting principles.

The amounts and availability of any source of Legally Available Non Ad Valorem Revenues to the County are subject to change, including reduction or elimination by change in State law or changes in the facts or circumstances according to which certain of the Legally Available Non Ad Valorem Revenues are allocated to the County. The amount of the Legally Available Non Ad Valorem Revenues collected by the County is directly related to the general economy of the County. Accordingly, adverse economic conditions could have a material adverse effect on the amount of such Legally Available Non Ad Valorem Revenues collected by the County. Additionally, the amount and types of Legally Available Non Ad Valorem Revenues that would be legally available under applicable law, may be limited or restricted with respect to certain projects (such as gas tax revenues that must be limited to transportation projects and fines and forfeitures that are limited to court system projects).

Purpose

The Bonds are being issued to provide funds to purchase and improve certain capital assets for various County departments and projects including the: (i) Fire Department; (ii) Parks and Recreation Department; (iii) Public Health Trust/Jackson Memorial Hospital; (iv) Seaport Department; (v) Miami-Dade Police Department; (vi) Miami-Dade Transit Department; (vii) Country Club of Miami; (viii) Department of Solid Waste Management; (ix) Energy Management; and (x) Information Technology Department.

Limited Obligations

Neither the faith and credit of the County, nor the faith and credit of the State of Florida nor any political subdivision of either are pledged to the payment of the principal of or the interest or premium, if any, on the Bonds. The issuance of the Bonds shall not directly, indirectly or contingently obligate the County, the State of Florida or any political subdivision of either to levy any taxes whatsoever or to make any appropriation for their payment except that the County agrees in the Bond Ordinance to annually budget and appropriate from legally available non-ad valorem revenues amounts sufficient to satisfy the principal and interest requirements on the Bonds.

The following table sets forth the sources and total amounts of non-ad valorem revenues that have been available to the County for Fiscal Years Ended September 30, 2009 through September 30, 2013.

Footnotes:

- (1) Gas Tax Revenues are restricted for transportation purposes. Although some of the projects funded qualify for transportation, the gas tax revenues are being deducted for the purpose of computing the Legally Available Non-Ad Valorem Revenues.
- (2) Includes appropriable fund balance (balance in General Fund reduced by any reserve for encumbrances, subsequent years' budget and/or specified non-liquid assets therein) and Operating Transfer-In.
- (3) These Bonds/Loans/Notes are serviced by the benefiting departments.
- (4) The currently outstanding balance is being serviced by the Parks Department.
- (5) These Bonds were issued as Industrial Development Bonds, payable solely from Pledged Revenues, the Trust Estate, from payments made under the Guaranty and other amounts to be paid under the Loan Agreement. Even though these Bonds are not considered County direct debt, subject to the term of the Guaranty, the County has unconditionally guaranteed the payments of an amount equal to the principal of, premium if any, and interest on the Bonds on any Interest Payment Date.
- (6) These Loans are being serviced by Seaport Revenues.
- (7) These Bonds/Loans are serviced by the County's Legally Available Non-Ad Valorem Revenues.
- (8) On September 7, 2006, the County entered into a loan agreement with the Sunshine State Governmental Financing Commission in the aggregate principal amount of \$100 million for PAC, PHT, Fire Department and Department of Solid Waste Management secured by the County's covenant to budget and appropriate Legally Available Non-Ad Valorem Revenues.
- (9) On September 26, 2006, the County entered into a loan agreement with the Sunshine Governmental Financing Commission in the aggregate principal amount of \$232.060 million for the restructuring of five (5) Seaport Sunshine Loans, extending final maturities of the individual loans. Like the other Seaport Sunshine Loans, this Loan will be serviced with Seaport Revenues.
- (10) These loans are paid by tax increment receipts generated from the Naranja Lakes CRA.
- (11) These Series 2002B Bonds were redeemed on 5/30/08 and refunded with the Special Obligation Notes, Series 2008A on 4/10/2008.
- (12) These Series 2007B Bonds were redeemed on 5/22/08 and refunded with the Special Obligation Notes, Series 2008B on 4/10/2008.
- (13) On June 24, 2008, the County entered into a new Loan with the Sunshine Governmental Financing Commission in the aggregate principal amount of \$52 million for various capital improvements, including housing safety, security construction for the PAC, optical scan equipment, renovation to County marinas, lighting projects, causeways improvements and cyber security projects.
- (14) On June 2, 2008, these Seaport Loans under the Series "I" were restructured into one loan-under the Series "L" Notes. Like the other Seaport Sunshine loans, this Restructuring Loan will be serviced with Seaport Revenues.
- (15) Refunded with proceeds of the Sunshine State Governmental Financing Commission, Series 2010A and B Bonds issued on December 30, 2010.
- (16) Refunded with proceeds of the Sunshine State Governmental Financing Commission, Series 2011A, 2011B, and 2011C issued on April 14, 2011.
- (17) These revenues are also used to pay operating expenses during the Fiscal Year.
- (18) The County issued in late 2010 two other series of bonds secured by a covenant to budget and appropriate Non-Ad Valorem Revenues: (1) the \$38,050,000 Capital Asset Acquisition Special Obligation Bonds, Series 2010E, issued on December 2, 2010 to fund projects of the Port of Miami, with actual debt service paid by the Seaport Department, and (2) the \$40,280,000 Capital Asset Acquisition Taxable Special Obligation Bonds Series 2010D (Recovery Zone Economic Development Bonds-Direct Payment to Issuer), issued on December 15, 2010 to fund projects for the Miami-Dade Transit Department, with actual debt service being paid on a prorata basis by the Seaport Department (52.8%) and Transit Department (47.2%).

MIAMI-DADE COUNTY, FLORIDA Special Obligation Bonds (Convention Development Tax)

SECURITY FOR THE BONDS

Pledged Funds

The Convention Development Tax Special Obligation Bonds (the "Bonds") are special and limited obligations of the County and are payable solely from and secured equally by a pledge of and lien on the Pledged Funds pursuant to Ordinance No. 96-85 (the "Senior Lien Ordinance"). The Pledged Funds described in the Senior Lien Ordinance consist of Designated Revenues, all funds, other than the Rebate Fund, held in trust, including investment earnings by the County under the Senior Lien Ordinance for the benefit of the Bondholders, inclusive of the Reserve Fund created under the Senior Lien Ordinance, and Available Sales Tax.

Application of Available Sales Tax

The application of Available Sales Tax is triggered only when the County does not have sufficient moneys on deposit in the Debt Service Fund to make payments on the Bonds. At that time, the County shall, on a pro rata basis with all payments, if any, be required to be made from Available Sales Tax with respect to Additional Parity Obligations and Additional Sales Tax Parity Obligations, deposit to the Debt Service Fund Available Sales Tax revenues in an amount sufficient to make up any such deficiency. The use of Available Sales Tax revenues under the Senior Lien Ordinance is thus limited to make up short-falls in the Debt Service Fund and is not permitted to be used for the purpose of replenishing the Reserve Fund.

Since the County is not under any requirement to reserve or accumulate Available Sales Tax for payment of the Bonds, it is possible that if there came a time when the Pledged Funds (other than Available Sales Tax) were insufficient to make a payment of principal and/or interest on the Bonds, the County might not have sufficient Available Sales Tax, at that point in time, for purposes of making the applicable debt service payment on the Bonds. Since the County's share of the Sales Tax will be paid into the County's General Fund, it is possible that although sufficient Available Sales Tax revenues exists from a debt service coverage ratio perspective for indebtedness secured by the Sales Tax to make payment upon the Bonds, Available Sales Tax revenues will have been applied by the County from its General Fund for other purposes. In the opinion of the County, this scenario is not likely and would only arise if a simultaneous depletion of a material portion of County's revenue sources occurred.

Limited Obligations

The Bonds are special and limited obligations of the County, payable solely from and secured by the Pledged Funds. The Bonds do not constitute general obligations or indebtedness of the County within the meaning of any constitutional or statutory provision or limitation and the County is not directly, indirectly or contingently obligated to levy any ad valorem taxes or to make any appropriation for the payment of the Bonds, except from the Pledged Funds. Neither the full faith and credit nor the taxing power of the County, the State of Florida or any political subdivision of either of them is pledged to the payment of the Bonds.

Certain Defined Terms

"Available Sales Tax" means Sales Tax available for application after payment of debt service and other required deposits related to the Series 1996 Sales Tax Bonds issued pursuant to the Senior Sales Tax Ordinance and "Refunding Bonds," as defined in the Senior Sales Tax Ordinance.

"Convention Development Tax" means the tax imposed by the County on the exercise within its boundaries (other than the Cities of Bal Harbour and Surfside) of the taxable privilege of leasing or letting transient rental accommodations at the rate of three percent (3%) of the total consideration charged therefore authorized pursuant to §212.0305(4)(b), Florida Statutes, and imposed by the CDT Ordinance.

"Designated Revenues" means two-thirds of the receipts of the County, net of administrative costs permitted to be deducted from such amount by §212.0305(5)(b)5, <u>Florida Statutes</u>, and §29-61.1(b) of the County Code (<u>i.e.</u>, an amount not in excess of 2% of collections), from the Convention Development Tax deposited in the Dade County Convention Development Tax Trust Fund (the "Trust Fund"), created by §29-61.1(b) of the County Code, which amount can be applied by the County as permitted by §212.0305(4)(b)2a and c, <u>Florida Statutes</u> and the CDT Ordinance.

"Sales Tax" means the County's share of the local government half-cent sales tax eligible to be pledged for the payment of principal of and interest on any indebtedness incurred to pay the cost of any capital project, pursuant to the provisions of Part VI of Chapter 218, <u>Florida Statutes</u>, entitled Local Government Half-Cent Sales Tax.

"1996 Interlocal Agreement" means the Interlocal Cooperation Agreement between the County and Miami Beach, Florida related to the Bonds.

Limitation on Further Encumbrances of Pledged Funds

In the Senior Lien Ordinance, the County has covenanted that it shall not issue any other obligations payable from the Designated Revenues and Available Sales Tax, nor voluntarily create or cause to be created any debt, lien, pledge, assignment, encumbrance or other charge having priority to or being on a parity with the lien on the Designated Revenues and the Available Sales Tax in favor of the Registered Owners of the Bonds issued pursuant to the Senior Lien Ordinance, except under the conditions and in the manner provided in the Senior Lien Ordinance and except for Hedge Agreements permitted under the Senior Lien Ordinance. Any obligations issued by the County other than the Bonds, Additional Bonds, Refunding Bonds, Additional Parity Obligations, Additional Sales Tax Parity Obligations and Hedge Agreements shall contain an express statement that such obligations are junior and subordinate in all respects to the Bonds as to lien on, source of and security for payment from, the Designated Revenues and the Available Sales Tax.

MIAMI-DADE COUNTY, FLORIDA Subordinate Special Obligation Bonds (Convention Development Tax)

SECURITY FOR THE SUBORDINATE BONDS

Pledged Funds

The Convention Development Tax Subordinate Special Obligation Bonds are special and limited obligations of the County and are payable solely from and secured equally by a pledge of and lien on the Pledged Funds pursuant to Ordinance No. 97-210, enacted by the Board of County Commissioners of Miami-Dade County, Florida (the "Board") on November 18, 1997 (the "1997 Ordinance"). Pursuant to the 1997 Ordinance, the payment of the principal of, redemption premium, if any, and interest on the Subordinate Special Obligation Bonds and the payment of Hedge Obligations shall be secured, equally and ratably by an irrevocable lien on the Pledged Funds, prior and superior to all other liens or encumbrances on the Pledged Funds, and the County has irrevocably pledged the Pledged Funds for the payment of: (i) principal of and interest on the Bonds and for the reserves for the Bonds issued under the 1997 Ordinance; (ii) Hedge Obligations; and (iii) all other payments provided in the 1997 Ordinance in the manner and with the priority of application, as provided in the 1997 Ordinance.

The Pledged Funds described in the 1997 Ordinance consist of: (i) Designated CDT Revenues (as defined below); (ii) the Omni Tax Increment Revenues, but only with respect to the Series 1997A Bonds and Bonds issued under the 1997 Ordinance to refund the Series 1997A Bonds; (iii) all funds held by the County under the 1997 Ordinance for the benefit of Bondholders; (iv) investment earnings on the funds referenced in (iii); and (v) to the extent payment from such source is necessary in accordance with the terms of the 1997 Ordinance, the Available Sales Tax deposited to the Debt Service Fund pursuant to Section 505 of the 1997 Ordinance and the separate agreement with the Bond Insurer.

The following numbered items summarize the Pledged Funds defined in the 1997 Ordinance.

1. Designated CDT Revenues. The Designated CDT Revenues are revenues which arise from the Convention Development Tax Act. Under this Act, the County has imposed a convention development tax of 3% of the total consideration charged for the leasing and letting of transient rental accommodations (e.g., hotel charges, motel charges, apartment leases for six months or less) within the County (other than the Village of Bal Harbour, Florida and the City of Surfside, Florida). Pursuant to the Convention Development Tax Act, the Convention Development Tax is divided between the County and the City of Miami in the proportions set forth below in the description of the defined term "Designated CDT Revenues."

The Designated CDT Revenues, for any year, are described in the 1997 Ordinance as follows:

(a) two thirds of the proceeds (net of the permitted 2% of the collections for administrative costs) of the Convention Development Tax imposed by the County, (the "County CDT"),

less

the bond service requirement (as defined in Ordinance No. 96-85 (the "Senior Lien Ordinance")) for the outstanding Special Obligation Bonds and amounts payable to Miami Beach pursuant to an Interlocal Agreement dated as of June 21, 1996 between the County and Miami Beach (the "Miami Beach Interlocal Agreement"), which payments are not to exceed \$1,500,000 per year through 2002 and not to exceed \$4,500,000 per year from 2003 through 2026 and ending on March 31, 2026 (the "Miami Beach Payments");

plus

(b) one third of the proceeds (net of the permitted 2% of the collections for administrative costs) of the Convention Development Tax (the "City CDT") ¹

less

(c) the Prior Payments, consisting of the: (i) Arena Operating Subsidy, which is comprised of annual payments by the County including the \$3,000,000 operating cost payment and \$3,500,000 municipal services payment, net of amounts which may be payable to the County; (ii) Cultural Affairs Grants comprised of amounts payable to the Cultural Affairs Council of the County in an amount not to exceed \$1,000,000 per year commencing in Fiscal Year 2002; (iii) PAC Construction Grants which will be \$0 since the County has decided to forgo the PAC Construction Grants and will use proceeds from the Series 1997B Bonds to fund projects that would have been funded with the PAC Construction Grants; and (iv) PAC Operating Subsidy comprised of the annual operating subsidies payable with respect to the PAC Project in amounts not to exceed \$1,400,000 per year for Fiscal Years 2002-2004, \$1,500,000 for Fiscal Years 2005-2007, \$1,700,000 for Fiscal Years 2008-2010 and \$2,000,000 thereafter.

⁽¹⁾ Pursuant to an Interlocal Agreement (the "Interlocal") dated December 14, 2004 among the County, the City of Miami, Florida (the "City") and the Miami Sports and Exhibition Authority ("MSEA"), the payments to MSEA from the City CDT are no longer payable and have been replaced by an equivalent payment to the City, which payment is subordinate to the debt service on the Series 1997 Bonds and any Additional Bonds issued to fund the cost of the projects identified in Exhibit "A" to the Interlocal.

The following chart sets out Miami Beach Payments, and Prior Payments to be paid from CDT from Fiscal Year 2014 through Fiscal Year 2048, the Fiscal Year in which the Subordinate Special Obligation Bonds mature.

- 2. Omni Tax Increment Revenues. These revenues represent tax increment revenues generated within the Omni Redevelopment Area. The Omni Tax Increment Revenues are payable only with respect to the Series 1997A Bonds and any Bonds issued under the 1997 Ordinance to refund the Series 1997A Bonds. The Omni Tax Increment Revenues are paid in an amount up to but not more than \$1,430,000 in each year from amounts on deposit in the Omni Redevelopment Trust Fund, payable to the County on March 31 of each year until 2026, provided however, prior to the first such payment, the Community Redevelopment Agency for the Omni Community Redevelopment Agency (the "CRA") may retain a total of \$1,200,000 of such revenues received during the three year period commencing in Fiscal Year 1997 for other redevelopment projects of the CRA. Pursuant to the Omni Interlocal Agreement, the Omni Tax Increment Revenues may only be applied to debt service related to the Downtown PAC. As referenced above, the Omni Tax Increment Revenues are not pledged to either the Series 1997B Bonds or the Series 1997C Bonds.
- 3. **1997 Ordinance Trust Funds.** All funds, other than the Rebate Fund, held in trust by the County under the 1997 Ordinance for the benefit of the Bondholders, inclusive of the Reserve Fund created under the 1997 Ordinance.
- 4. **Investment Income.** All earnings and investment income derived from the investment of the funds referenced in (3) above, but in no event including moneys held in the Rebate Fund created under the 1997 Ordinance.
- 5. Available Sales Tax. The County's share of Sales Tax is pledged to payment of the Subordinate Special Obligation Refunding Bonds but is not subject to a lien for payment of the Subordinate Special Obligation Bonds until those funds are placed in the Debt Service Fund pursuant to Section 505 of the 1997 Ordinance. Notwithstanding Section 505 of the 1997 Ordinance, the County has covenanted in a separate agreement with the Bond Insurer to maintain a separate account (the "General Fund Account") within the County's General Fund. The County will deposit Sales Tax revenues into the General Fund Account on a monthly basis, to the extent required, to ensure that at the end of each month moneys in the Debt Service Fund, together with moneys in the General Fund Account, are equal to the Bond Service Requirement on the Subordinate Special Obligation Bonds for such month. The County may release funds from the General Fund Account on a monthly basis to the extent that other Pledged Funds are deposited into the Debt Service Fund in a sufficient amount equal to the Bond Service Requirement for that month. The deposit and release of moneys from the General Fund Account will take place on this monthly reconciliation basis. At the end of each six month period corresponding to an interest payment date on the Current Interest Bonds or the compounding of amounts on the Capital Appreciation Bonds, if moneys in the Debt Service Fund are insufficient to meet the Bond Service Requirement, then the appropriate amount of Sales Tax revenues must be transferred from the General Fund Account and deposited into the Debt Service Fund to make up such deficiency. The final payment on the Senior Sales Tax Bonds was made on October 1, 2002.

Limited Obligations

The Subordinate Special Obligation Bonds are special and limited obligations of the County, payable solely from and secured by the Pledged Funds. The Subordinate Special Obligation Bonds do not constitute general obligations or indebtedness of the County within the meaning of any constitutional or statutory provision or limitation and the County is not directly, indirectly or contingently obligated to levy any ad valorem taxes or to make any appropriation for the payment of the Subordinate Special Obligation Bonds, except from the Pledged Funds. Neither the full faith and credit nor the taxing power of the County, the State of Florida or any political subdivision of either of them is pledged to the payment of the Subordinate Special Obligation Bonds.

Additional Sales Tax Parity Obligations

The 1997 Ordinance also provides for issuance of bonds on a parity with the Special Obligation Bonds and the Bonds as to the lien of Available Sales Tax ("Additional Sales Tax Parity Obligations"). Additional Sales Tax Parity Obligations can be issued and delivered by the County only (i) by the County's compliance with the requirements of the ordinance or resolution authorizing such Additional Sales Tax Parity Obligations, and (ii) by execution by the Finance Director of a certificate indicating that for a period of any twelve (12) consecutive months out of the twenty-four (24) months immediately preceding the sale of such Additional Sales Tax Parity Obligations, the total amount of Sales Tax and other legally available revenues, if expressly pledged or to be pledged to the payment of the Additional Sales Tax Parity Obligations (including the Bonds and the Special Obligation Bonds) by the terms of the ordinance authorizing such Additional Sales Tax Parity Obligations, received by the County during such period is at least equal to 1.50 times the highest amount payable in any one Fiscal Year on the Senior Sales Tax Bonds, the Bonds, the Special Obligation Bonds and the other Additional Sales Tax Parity Obligations then outstanding, if any, and the Additional Sales Tax Parity Obligations then proposed to be issued.

LIMITATION ON FURTHER ENCUMBRANCES OF PLEDGED FUNDS

No Liens on Pledged Funds Except as Provided in the 1997 Ordinance

In the 1997 Ordinance, the County covenanted that it shall not issue any other obligations payable from the Designated CDT Revenues, Omni Tax Increment Revenues and Available Sales Tax, nor voluntarily create or cause to be created any debt, lien, pledge, assignment, encumbrance or other charge having priority to or being on a parity with the lien on the Designated CDT Revenues, Omni Tax Increment Revenues and the Available Sales Tax in favor of the Registered Owners of the Bonds issued pursuant to the 1997 Ordinance, except under the conditions and in the manner provided in the 1997 Ordinance and except for Hedge Agreements permitted under the 1997 Ordinance. Any obligations issued by the County other than the Subordinate Special Obligation Bonds, Additional Bonds, Refunding Bonds, Additional Sales Tax Parity Obligations and Hedge Agreements shall contain an express statement that such obligations are junior and subordinate in all respects to the Bonds issued pursuant to 1997 Ordinance and Hedge Agreements as to a lien on, source of and security for payment from, the Designated CDT Revenues, Omni Tax Increment Revenues and the Available Sales Tax.

Limitations on Additional Pledges of Sales Tax

The County has covenanted in the 1997 Ordinance, so long as any Bonds issued under the 1997 Ordinance remain Outstanding, not to issue any Bonds or other obligations payable from and secured by a lien upon the County's share of the Sales Tax on a parity with the Senior Sales Tax Bonds or any "Refunding Bonds" as such term is defined in the Senior Sales Tax Ordinance under which the Senior Sales Tax Bonds were issued. The Senior Sales Tax Bonds are superior in right of payment to the Subordinate Special Obligation Bonds and Special Obligation Bonds with respect to Sales Tax. <u>The final payment on the Senior Sales Tax Bonds was made on October 1, 2002.</u>

MIAMI-DADE COUNTY, FLORIDA SPECIAL OBLIGATION AND SUBORDINATE SPECIAL OBLIGATION BONDS INTEREST RATE SWAPS as of September 30, 2013

The County, in connection with the Special Obligation Bonds, Series 1996B and the Subordinate Special Obligation Bonds, Series 1997A, B and C, has entered into three interest rate swaps. On November 8, 2013 the swaps associated with the Series 1997 Bonds were re-associated with the Series 2012A&B Bonds. In the two interest rate swaps dated May 12, 2000, the County pays SIFMA/.604 and the counterparty pays LIBOR + 1.65343%. For the other interest rates swap dated July 21, 2004, the County pays SIFMA/.604 and the counterparty pays LIBOR + 1.77%. The outstanding Notional Amount of the three swaps will never be greater than the accreted value on each series of Bonds.

If the counterparty to the swaps defaults, or if the swaps are terminated, the County will be exposed to the rates established in each swap agreement. A termination of any swap agreement may result in the County making or receiving a termination payment. The Guarantor was downgraded below A-, and the County had the option to terminate the CDT swaps. On December 20, 2009, the County terminated the CDT swaps and entered into swaps with the same financial terms with Loop Financial Products, LLC guaranteed by Deutsche Bank, AG., rated Aa1/A+/AA-.

County Court Traffic Surcharge Revenues

WORDIS COLPTITOUSE

MIAMI-DADE COUNTY, FLORIDA Special Obligation Bonds (Traffic Surcharge Revenues)

SECURITY FOR THE BONDS

CHANGE IN PLEDGED REVENUES EFFECTIVE JULY 1, 2004

As a result of legislation adopted by the 2003 Florida Legislature, effective July 1, 2004, the County can no longer utilize filing and service charges assessed on most County civil cases and proceedings ("Filing and Service Charges") and fines and forfeitures arising from certain violations of ordinances and misdemeanors offenses ("Fines and Forfeitures") to pay debt service on any special obligation bonds of the County. The County has previously pledged a portion of the Filing and Service Charges and the Fines and Forfeitures (collectively, the "Pledged Filing and Service Charges") to the repayment of five series (including the Series 2003 Bonds which are junior on certain Pledged Filing and Service Charges and senior on certain others) of special obligation bonds ("Bonds") to meet its state mandated responsibility to provide courthouse facilities. The Pledged Filing and Service Charges, together with moneys and investments in certain funds and accounts established with respect to the Bonds pursuant to Ordinance No. 94-98, as amended (the "Bond Ordinance") and with respect to the Series 2003 Bonds, Resolution No. R-144-03 (the "2003 Resolution"), comprise the Pledged Revenues for the Bonds. In order to assist the County in meeting its obligations with respect to the Bonds, the 2004 Florida Legislature adopted legislation that permits the County to impose a \$15 surcharge on each noncriminal traffic infraction cited in Section 318.14, Florida Statutes, as amended, and each criminal violation cited in Section 318.17, Florida Statutes, as amended, for the purpose, among others, of paying principal of and interest on the Bonds ("Traffic Surcharge"). The County enacted Ordinance No. 04-116 on May 25, 2004 which amended the Code of the County to impose the Traffic Surcharge for the purpose of funding courthouse facilities including the payment of debt service on the Bonds. At the same meeting, the Board enacted Ordinance No. 04-117, ("2004 Ordinance") which amended the Bond Ordinance and the 2003 Resolution to provide, in substance, among other provisions, that: (i) Pledged Revenues do not include Filing and Service Charges but do include the Traffic Surcharge: (ii) the Bonds are further secured by a covenant by the County to budget annually from non-ad valorem revenues in the event the Traffic Surcharge revenues are insufficient to meet debt service on the Bonds; (iii) the Traffic Surcharge shall not be abolished until the Bonds have been fully paid and retired; (iv) all Traffic Surcharge revenues shall be deposited in the 1994 Revenue Fund to be used in accordance with the flow of funds established in the Bond Ordinance and the 2003 Resolution as modified by the 2004 Ordinance; and (v) all definitions related to the substitution of the Filing and Service Charges with the Traffic Surcharge are amended accordingly.

Pledged Revenues

The Bonds are special, limited obligations of the County payable solely from the Pledged Revenues and pursuant to the 2004 Ordinance, a covenant to budget and appropriate from legally available non-ad valorem revenues in the event the Traffic Surcharge is insufficient to pay debt service on the Bonds. Pledged Revenues include the Traffic Surcharge and all moneys and investments, including investment earnings, held to the credit of the funds, accounts and sub-accounts other than the Rebate Fund established under the Bond Ordinance and the 2003 Resolution and the series resolution for each series of Bonds.

In the 2004 Ordinance, the County covenanted and agreed, to the extent permitted by and in accordance with applicable law and budgetary processes, to prepare, approve and appropriate in its annual budget for each fiscal year, by amendment if necessary, legally available non-ad valorem revenues of the County ("Legally Available Non-Ad Valorem Revenues") in an amount (the "Appropriated Amount") which, together with the projected Traffic Surcharge revenues for said Fiscal Year, are equal to an amount necessary to make the projected total of Traffic Surcharge Revenues and the Appropriated Amount equal to the Principal and Interest Requirements (as defined in the 1994 Ordinance and the 2003

Resolution) on the Bonds for such Fiscal Year, plus an amount sufficient to satisfy all other payment obligations of the County under the 1994 Ordinance and the 2003 Resolution for such Fiscal Year, including, without limitation, the obligations of the County to fund and cure deficiencies in the funds and accounts created in Article V of the 1994 Ordinance and the 2003 Resolution, as and when the same become due by depositing such Appropriated Amount in the Revenue Fund created by the 1994 Ordinance. The covenant and agreement on the part of the County to budget and appropriate sufficient amounts of Legally Available Non-Ad Valorem Revenues shall be cumulative, and shall continue until such Legally Available Non-Ad Valorem Revenues in amounts, together with any other legally available revenues budgeted and appropriated for such purposes, sufficient to make all required payments hereunder as and when due, including any delinquent payments, shall have been budgeted, appropriated and actually paid into the 1994 Revenue Fund.

Nothing contained in the 2004 Ordinance shall preclude the County from pledging any of its Legally Available Non-Ad Valorem Revenues or other revenues to other obligations, nor shall it give the holders of the Bonds a prior claim on the Legally Available Non-Ad Valorem Revenues until they are actually deposited in the 1994 Revenue Fund. The County may not expend moneys not appropriated or in excess of its current budgeted revenues. The obligation of the County to budget, appropriate and make payments from its Legally Available Non-Ad Valorem Revenues is subject to the availability of Legally Available Non-Ad Valorem Revenues is subject to the availability of Legally Available Non-Ad Valorem Revenues and after satisfying funding requirements for essential governmental services of the County.

"Legally Available Non-Ad Valorem Revenues" means all available revenues and taxes of the County derived from any source whatsoever other than ad valorem taxation on real and personal property but including "operating transfers in" and appropriable fund balances within all Funds of the County over which the Board has full and complete discretion to appropriate the resources therein. As used above, "Funds" means all governmental, proprietary and fiduciary funds and accounts of the County as defined by generally accepted accounting principles.

Limited Obligation

The Bonds are special, limited obligations of the County payable solely from the Pledged Revenues. Neither the faith and credit of the State of Florida nor the faith and credit of any agency or political subdivision of the State of Florida or of the County are pledged to the payment of the principal of, premium, if any, or the interest on the Bonds. The issuance of the Bonds shall not directly or indirectly or contingently obligate the State of Florida or any agency or political subdivision of the State of Florida or the County to levy any taxes whatever for the Bonds or to make any appropriation for their payment except from the Pledged Revenues provided for their payment under the Bond Ordinance.

INCREASE IN TRAFFIC SURCHARGE EFFECTIVE JULY 1, 2009

The 2009 Florida Legislature amended Section 318.18, Florida Statutes, entitled "Amount of Penalties," to increase the Traffic Surcharge from \$15 to \$30. On September 1, 2009, the County adopted this change in State law when it enacted Ordinance No. 09-72 which (i) amended Section 11-12 of the County Code to increase the Traffic Surcharge from \$15 to \$30 and to express the County's intent to use \$15 of the \$30 Traffic Surcharge to pay the principal and interest on bonds issued for the Children's Courthouse and other costs related to the Children's Courthouse.

THE 11th JUDICIAL CIRCUIT

The State of Florida is divided into twenty judicial circuits. Each judicial circuit is composed of a circuit court and one or more county courts, depending on the number of counties each circuit serves. The Eleventh Judicial Circuit in and for Miami-Dade County (the "Eleventh Judicial Circuit"), has jurisdiction that encompasses only the County.

The Eleventh Judicial Circuit covers an area of almost 2,209 square miles and serves a population of 2.28 million. With 123 judges serving within its jurisdiction, it is the largest judicial circuit in Florida and ranks among the five largest state court systems in the country. As referred to above, the Eleventh Judicial Circuit is comprised of the Circuit and County Court. County Courts have original jurisdiction over misdemeanor cases, violations of municipal and County ordinances, and civil causes of action involving less than \$15,000. Generally, Circuit Courts may hear those matters which are not vested in the County Courts and appeals as provided by general law. They also have the power to issue writs. The Circuit and County Courts are further divided into divisions, each of which is further described below.

Historical and Actual Traffic Surcharge Revenues

The table below represents actual number of traffic tickets issued and actual Traffic surcharge revenues collected for Fiscal Years ended September 30, 2009 through September 30, 2013.

Footnotes:

- (1) Gas Tax Revenues are restricted for transportation purposes. Although some of the projects funded qualify for transportation, the gas tax revenues are being deducted for the purpose of computing the Legally Available Non-Ad Valorem Revenues.
- (2) Includes appropriable fund balance (balance in General Fund reduced by any reserve for encumbrances, subsequent years' budget and/or specified non-liquid assets therein) and Operating Transfer-In.
- (3) These Bonds/Loans/Notes are serviced by the benefiting departments.
- (4) The currently outstanding balance is being serviced by the Parks Department.
- (5) These Bonds were issued as Industrial Development Bonds, payable solely from Pledged Revenues, the Trust Estate, from payments made under the Guaranty and other amounts to be paid under the Loan Agreement. Even though these Bonds are not considered County direct debt, subject to the term of the Guaranty, the County has unconditionally guaranteed the payments of an amount equal to the principal of, premium if any, and interest on the Bonds on any Interest Payment Date.
- (6) These Loans are being serviced by Seaport Revenues.
- (7) These Bonds/Loans are serviced by the County's Legally Available Non-Ad Valorem Revenues.
- (8) On September 7, 2006, the County entered into a loan agreement with the Sunshine State Governmental Financing Commission in the aggregate principal amount of \$100 million for PAC, PHT, Fire Department and Department of Solid Waste Management secured by the County's covenant to budget and appropriate Legally Available Non-Ad Valorem Revenues.
- (9) On September 26, 2006, the County entered into a loan agreement with the Sunshine Governmental Financing Commission in the aggregate principal amount of \$232.060 million for the restructuring of five (5) Seaport Sunshine Loans, extending final maturities of the individual loans. Like the other Seaport Sunshine Loans, this Loan will be serviced with Seaport Revenues.
- (10) These loans are paid by tax increment receipts generated from the Naranja Lakes CRA.
- (11) These Series 2002B Bonds were redeemed on 5/30/08 and refunded with the Special Obligation Notes, Series 2008A on 4/10/2008.
- (12) These Series 2007B Bonds were redeemed on 5/22/08 and refunded with the Special Obligation Notes, Series 2008B on 4/10/2008.
- (13) On June 24, 2008, the County entered into a new Loan with the Sunshine Governmental Financing Commission in the aggregate principal amount of \$52 million for various capital improvements, including housing safety, security construction for the PAC, optical scan equipment, renovation to County marinas, lighting projects, causeways improvements and cyber security projects.
- (14) On June 2, 2008, these Seaport Loans under the Series "I" were restructured into one loan-under the Series "L" Notes. Like the other Seaport Sunshine loans, this Restructuring Loan will be serviced with Seaport Revenues.
- (15) Refunded with proceeds of the Sunshine State Governmental Financing Commission, Series 2010A and B Bonds issued on December 30, 2010.
- (16) Refunded with proceeds of the Sunshine State Governmental Financing Commission, Series 2011A, 2011B, and 2011C issued on April 14, 2011.
- (17) These revenues are also used to pay operating expenses during the Fiscal Year.
- (18) The County issued in late 2010 two other series of bonds secured by a covenant to budget and appropriate Non-Ad Valorem Revenues: (1) the \$38,050,000 Capital Asset Acquisition Special Obligation Bonds, Series 2010E, issued on December 2, 2010 to fund projects of the Port of Miami, with actual debt service paid by the Seaport Department, and (2) the \$40,280,000 Capital Asset Acquisition Taxable Special Obligation Bonds Series 2010D (Recovery Zone Economic Development Bonds-Direct Payment to Issuer), issued on December 15, 2010 to fund projects at the Port of Miami and projects for the Miami-Dade Transit Department, with actual debt service being paid on a prorata basis by the Seaport Department (52.8%) and Transit Department (47.2%).

Delivering Excellence Every Day

\$5,110,000 Miami-Dade County, Florida **Special Obligation Bonds** (Courthouse Center Project) Series 1998A

Dated: December 1, 1998

Final Maturity: April 1, 2020

Purpose:

The Series 1998A Bonds were issued pursuant to Ordinance Nos. 94-98 and 95-49 and Resolution No. R-1182-98, to provide funds, together with other funds of the County, to reimburse the County for the cost of completion of the Courthouse Center and to pay for a Reserve Account Surety Bond for the Series 1998A Bonds.

Security:

The Series 1998A Bonds are limited obligations of the County payable solely from the Traffic Surcharge Revenues, all moneys and investments, including earnings on such moneys and investments held in pledged funds and accounts, and a covenant to budget and appropriate from legally available non-ad valorem revenues in the event the Traffic Surcharge Revenues are insufficient to pay debt service on the Bonds.

Form:

MIAMI-DADE COUNTY, FLORIDA Special Obligation Bonds (Miami-Dade Fire and Rescue Service District)

SECURITY FOR THE BONDS

General Obligation Pledge

The Miami-Dade Fire and Rescue Service District Special Obligation Bonds (the "Bonds") are payable from unlimited ad valorem taxes levied on all taxable property in the Miami-Dade Fire and Rescue Service District (the "District") (excluding exemptions as required by law) without limitation as to rate or amount. The direct annual property tax provided to pay the Bonds is required to be levied upon all District property, except property of such nature as may be exempt from taxation under the provisions of the Constitution and laws of the State of Florida (the "State"), and provision is required to be included and made in the annual budget and tax levy for the levy of such taxes. The ad valorem tax levied for payment of the Bonds may be adjusted in any year for excess moneys on deposit in the Principal and Interest Account, including investment earnings on such Account; provided, that moneys on deposit in said Account, along with the taxes to be collected for that year, after allowance for anticipated delinquencies in collection, will be sufficient to assure the prompt payment of principal of and interest and redemption premium, if any, on the Bonds which is due prior to the time that the proceeds of the next annual property tax levy will be available.

THE DISTRICT

Background

Miami-Dade County, Florida is the largest county in the southeastern United States in terms of land area and population. The County currently covers 2,209 square miles and is located in the southeastern corner of the State. The District services 97% of that area or 1,906 square miles. Within the County, there are 35 municipalities. In 2013 the population of the County was estimated to have been 2,565,685. The population within the District is estimated to be over 1.7 million.

As a result of an amendment to the State Constitution approved in a statewide general election in 1956, and a County-wide election to approve a new charter (the "Charter") in May 1957, the County has home-rule powers, subject only to the limitations of the Constitution and general laws of the State. The electors of the County are granted power to revise and amend the Charter from time to time by County-wide vote. The most recent amendment was in November, 2010. In effect, the government of the County is endowed with certain powers effective throughout the entire County, including the 35 municipalities, and a municipal government for the unincorporated area of the County. The County has not displaced or replaced the municipalities, but supplements them. The County is empowered to take over particular functions of a municipality's operations if its services fall below minimum standards set by the Board of County Commissioners of Miami-Dade County, Florida (the "Board"), or with the consent of the governing board of the municipality.

The County provides on a County-wide service basis, certain functions which include police services, that complement the municipal police services within the municipalities, a consolidated twotier court system, a unified public transit system, a combined public library system, garbage and trash collection and disposal services to the unincorporated areas, County-wide property appraisal and tax collection, minimum enforceable standards in areas such as environmental resources management, building and zoning, consumer protection, health, housing and welfare. The County provides a uniform system of fire protection and emergency medical services for the District, which encompasses the unincorporated area of the County and 30 of the 35 municipalities in the County. The Cities of Miami, Miami Beach, Hialeah, Coral Gables and Key Biscayne provide or contract for their own fire services and emergency medical services.

The Miami-Dade Fire Rescue Department

With over 2,400 employees located at 66 fire rescue stations and several administrative facilities, the Miami-Dade Fire Rescue Department (the "Department") provides fire suppression and emergency medical service to approximately 1.7 million people who reside in 30 municipalities and the unincorporated area of the County, encompassing a District of approximately 1,906 square miles.

Along with basic fire suppression and emergency medical service, the Department maintains: (a) four (4) Air Rescue helicopters to transport injured persons to area trauma hospitals; (b) two (2) (1-50' and 1-36') Fire Boats and various tended units for Water Rescue services; and (c) four (4) specialized airport Crash-Fire-Rescue vehicles. In addition, the Department also provides ocean rescue service to Crandon Park Beach and Haulover Beach. The Department assigns an entire division to Miami International Airport. The Department also maintains an Urban Search and Rescue Task Force, which includes a K-9 unit trained to locate people trapped in collapsed buildings. The Department's firefighters are experts in vehicle extrications, and are specially trained in rope rescue, confined space rescue, high-rise firefighting, and mass casualty response.

The Director of the Department (the "Director"), along with his executive staff, oversees the day to day operations of the Department. The executive staff consists of one (1) civilian Assistant Director of Administration, one (1) civilian Assistant Director of Emergency Management and two (2) Assistant Chiefs in charge of operations, support and technical services, and one Executive officer. The Department is further divided into divisions, battalions and bureaus run by both uniformed officers and civilian managers. The Director reports to the Mayor.

Guaranteed Entitlement Receipts

UNDIS COUPTIONISE

MIAMI-DADE COUNTY, FLORIDA Guaranteed Entitlement Bonds

SECURITY FOR THE BONDS

Pledged Revenues

The Guaranteed Entitlement Bonds (the "Bonds") will be secured solely by a pledge of and lien upon the County's Guaranteed Entitlement which is the amount of revenue which must be shared by State with the County under the provisions of Chapter 218, Part II, <u>Florida Statutes</u> (the "Revenue Sharing Act").

The Revenue Sharing Act provides for the distribution of a payment by the State of Florida to units of local government, including counties and municipalities. The Revenue Sharing Act includes a formula for the monthly distribution of revenues and further provides that no eligible county shall receive less revenue sharing funds from the State than that amount received by such county from the State in the Fiscal Year ended June 30, 1972 from the sum of the State cigarette tax, State road tax and State intangible personal property tax (the "Guaranteed Entitlement"). Revenues shared with counties for any Fiscal Year shall be adjusted so that no county receives less funds than its Guaranteed Entitlement plus the Second Guaranteed Entitlement for Counties. The Second Guaranteed Entitlement for Counties is the amount received by an eligible county in Fiscal Year 1981-82 from the State cigarette tax and tax on intangible personal property, less the Guaranteed Entitlement. Only the Guaranteed Entitlement portion of the total State revenue sharing receipts is pledged to the payment of debt service for the Bonds; however, the entire amount of State revenue sharing may be used to pay debt service. The Revenue Sharing Act also provides that a government exercising municipal powers pursuant to Section 6(f) of Article VIII of the State Constitution (Miami-Dade County is a governmental entity covered by Section 6(f)) may not receive less revenue sharing funds from the State than the aggregate amount it received from the Revenue Sharing Trust Fund for Municipalities in the preceding Fiscal Year, plus a percentage increase in such amount equal to the percentage increase of the Revenue Sharing Trust Fund for Municipalities for the preceding State Fiscal Year. Monthly, the County receives from the State revenue sharing trust funds payments attributable to its status as a county and separate payments of revenue sharing trust funds attributable to its status as a municipality. The Revenue Sharing Act further provides that the Guaranteed Entitlement may be pledged for the payment of local government obligations. However, receipt of the Guaranteed Entitlement monies is solely dependent on the continuing payment of revenue sharing by the State of Florida, on which no assurance can be given.

The Bonds shall not be deemed to constitute a debt of the County and the County is not obligated to pay the principal of, premium, if any, or the interest on the Bonds except from the Guaranteed Entitlement, and neither the full faith and credit nor the taxing power of the County is pledged to the payment of the principal of, premium, if any, or the interest on the Bonds. The County is not directly, indirectly or contingently obligated to levy or to pledge any taxes whatsoever with respect to the Bonds. No holder of the Bonds shall ever have the right to compel any exercise of the County's ad valorem taxing power to pay the Bonds or the interest thereon or to enforce payment of such Bonds or the interest thereon against any property of the county nor shall such Bonds constitute a charge, lien or encumbrance, legal or equitable, upon any property of the County except the revenues and other special funds pledged for the payment of such revenue bonds.

Covenant Concerning Eligibility to Receive Guaranteed Entitlement

To be eligible to participate in revenue sharing beyond the minimum entitlement in any Fiscal Year, counties and municipalities shall have: (a) reported their finances for their most recently completed Fiscal Year to the Florida Department of Banking and Finance; (b) made provision for annual post audits of their financial accounts in accordance with provisions of law; (c) levied ad valorem taxes, exclusive of taxes levied for debt service or other special millages authorized by the voters, to produce the revenue equivalent to a millage rate of 3 mills on the dollar based on the 1973 taxable values as certified by the property appraiser or, in order to produce revenue equivalent to that which would otherwise be produced by such 3 mill ad valorem tax, collected an occupational license tax or a utility

service tax, levied an ad valorem tax, or received revenue from any combination of these sources; (d) certified compliance with State standards for qualification for employment of law enforcement officers, minimum annual salary rate for full time law enforcement officers and salary structure and salary plans for law enforcement officers unless such city or municipality can certify that it is levying ad valorem taxes at 10 mills; (e) certified compliance with the State qualifications for fire fighters employed by the County. (f) certified compliance with the method of setting millage set forth in Section 200.065, Florida Statutes, and Section 200.85, Florida Statutes, if applicable, certifying to the Florida Department of Revenue annually within 30 days of adoption of an ordinance or resolution establishing a final property tax levy or if no property tax is levied, not later than November 1st. Notwithstanding the provisions of (c), above, no unit of local government which was eligible to participate in revenue sharing in the three (3) years prior to initially participating in the local government half-cent sales tax shall be ineligible to participate in revenue sharing solely due to a millage or utility service tax reduction afforded by the local government half-cent sales tax.

Section 805 of Ordinance No. 77-80 provides in part that: "The County shall be unconditionally and irrevocably obligated, so long as any of the Bonds are outstanding and unpaid, to take all lawful action necessary or required to continue to entitle the County to receive the Guaranteed Entitlement in the same amounts and at the same rates as now provided by law to pay the principal of and interest on the Bonds and to make the other payments provided for herein".

Continuing Disclosure:

The Guaranteed Entitlement Bonds have been part of this "Annual Report to Bondholders" which has been filed each year in a timely manner. However, the Guaranteed Entitlement Bonds were not singularly, index in EMMA and as such were not available through EMMA other than this "Annual Report to Bondholders."

IDIS COLPTIIOUSE

MIAMI-DADE COUNTY, FLORIDA Professional Sports Franchise Facilities Tax Bonds

SECURITY FOR THE BONDS

Pledged Revenues

The Professional Sports Franchise Facility Tax Bonds (the "Bonds") are special and limited obligations of the County payable solely from and secured by a prior lien and pledge of: (i) the Net Professional Sports Franchise Facilities Tax Revenues; (ii) solely to the extent provided in Section 504(a) of the Master Ordinance, hereafter described, the Tourist Development Tax Revenues; (iii) solely to the extent provided in Section 504(b) of the Master Ordinance hereafter described, the Covenant Revenues; (iv) Hedge Receipts; and (v) all moneys and investments (and interest earnings) on deposit to the credit of the Funds and Accounts, except for moneys and investments on deposit to the credit of any rebate fund or rebate account established pursuant to the Master Ordinance (collectively, the "Pledged Revenues").

Limited Obligations

The Bonds are special limited obligations of the County, payable solely from and secured by a prior lien upon and a pledge of the Pledged Revenues as provided in the Master Ordinance. The Bonds do not constitute an indebtedness of the County within the meaning of any constitutional or statutory provision or a pledge of the faith and credit of the County, the State of Florida or any other political subdivision of the State of Florida, the Bonds shall be payable solely from the Pledged Revenues. The issuance of the Bonds shall not directly or indirectly or contingently obligate the County, the State of Florida or any other political subdivision of the State of Florida, except from Pledged Revenues.

Professional Sports Franchise Facilities Tax and Tourist Development Tax

Pursuant to Section 125.0104, <u>Florida Statutes</u>, counties in the State are authorized to levy and collect a 1% professional sports franchise facilities tax (the "Professional Sports Franchise Facilities Tax") and a 2% tourist development tax (the "Tourist Development Tax") on the total rental charged to every lessee, tenant or customer who rents, leases or lets for consideration any living quarters or accommodations in any hotel, apartment, apartment hotel, motel, resort motel, apartment motel, rooming house, mobile home park, recreational vehicle park, or condominium located in the County (excluding facilities within the municipal limits of the cities of Miami Beach, Bal Harbour and Surfside) for a term of six months or less. Counties may use the proceeds of the Professional Sports Franchise Facilities Tax solely to pay debt service on bonds issued to finance the construction, reconstruction, or renovation of professional sports franchise facilities.

Pursuant to the County's Ordinance No. 78-62, as amended by Ordinance No. 88-68, the County duly levied and currently collects the Tourist Development Tax, which is imposed at the rate of two percent. Pursuant to Ordinance No. 90-116, the County duly levied and currently collects the Professional Sports Franchise Facilities Tax, which is imposed at a rate of one percent.

\$100,000,000 Miami-Dade County, Florida Professional Sports Franchise Facilities Tax Variable Rate Revenue Bonds Series 2009E

Dated: July 14, 2009

Final Maturity: October 1, 2048

Purpose:

The Series 2009E Bonds were issued pursuant to Ordinance Nos. 78-62, 90-116 as amended, 09-23 and 09-50 and Resolution No. R-335-09 (collectively, the "Bond Ordinance"), and Chapters 125, and 166, Part II, Florida Statutes, each as amended, to: (i) provide funds together with other available moneys to refund the Miami-Dade County, Florida Professional Sports Franchise Facilities Tax Revenue Refunding Bonds, Series 1998; and (ii) pay the cost of issuance including the premiums for a financial guaranty policy and a Reserve Account Credit Facility.

Security:

The Series 2009E Bonds are special and limited obligations of the County payable solely from and secured by a prior lien and pledge of: (i) the Net Professional Sports Franchise Facilities Tax Revenues; (ii) solely to the extent provided in Section 504(a) of the Master Ordinance hereafter describes, the Tourist Development Tax Revenues; (iii) solely to the extent provided in Section 504(b) of the Master Ordinance hereafter described, the Covenant Revenues; (iv) Hedge Receipts; and (v) all moneys and investments (and interest earnings) on deposit to the credit of the funds and Accounts, except for moneys and investments on deposit to the credit of any rebate fund or rebate account established pursuant to the Master Ordinance (collectively, the "Pledged Revenues").

Form:

The Series 2009E Bonds were issued as fully registered variable rate bonds in denominations of \$100,000 each or any integral multiples of \$5,000 in excess of \$100,000 initially bearing interest at the Weekly Interest Rate determined by the Remarketing Agent. The Series 2009E Bonds are in book-entry only form and are registered initially to The Depository Trust Company, New York, New York. Interest is payable on the first business day of each calendar month, commencing August 3, 2009. Principal is payable on October 1 for each maturity, commencing October 1, 2030.

Call Provisions:

Optional Redemption:

The Series 2009E Bonds are subject to redemption prior to maturity, at the option of the County, in whole or in part on any date, at a redemption price equal to 100% of the principal amount of the Series 2009E Bonds, plus accrued and unpaid interest not otherwise payable on such date. Before selecting any Series 2009E Bonds for such optional redemption, the Paying Agent shall first apply any amounts to be applied to such optional redemption to redeem Liquidity Bonds.

The County shall not optionally redeem any Series 2009E Bonds pursuant to the preceding paragraph unless the County shall have received an opinion of counsel of recognized expertise in

matters relating to federal bankruptcy laws to the effect that the payment of the principal of and interest on the Series 2009E Bonds to be optionally redeemed will not constitute an avoidable preference under the federal bankruptcy laws as then in effect in a case commenced by or against the County in which the County is the debtor.

Mandatory Redemption:

The Series 2009E Bonds are subject to mandatory sinking fund redemption in part prior to maturity, by lot, at a redemption price equal to 100% of the principal amount to be redeemed, on the dates and in the principal amounts, representing the Amortization Requirements set forth below:

<u>Year (October 1)</u>	Principal Amount

MIAMI-DADE COUNTY, FLORIDA Public Service Tax Bonds

SECURITY FOR THE BONDS

Pledged Funds

Payment of the principal of, redemption premium, if any, and interest on the Public Service Tax Bonds (the "Bonds"), and all Reserve Fund and other payments required to be made under Ordinance No. 96-168 (the "Ordinance"), are secured equally and ratably by a first lien on the Pledged Funds which consist of Designated Revenues and all funds including accrued interest, held in trust by the County under the Ordinance for the benefit of the Bondholder other than funds in the Rebate Fund. Designated Revenues means the Public Service Tax levied by the County in the unincorporated areas of the County upon purchase of electricity, gas, coal, fuel oil, water service, and telecommunications pursuant to the Constitution, County Code and Chapter 166, <u>Florida Statutes</u>. The County has estimated that the Pledged Funds will be sufficient to pay the principal of and interest on the Bonds as they become due and to make all other payments required to be made under the Ordinance.

The County has covenanted in the Ordinance that, until all of the Bonds have been paid or provision has been made for their payment, the County will diligently enforce its right to receive the Designated Revenues and will not take any action which will impair or adversely affect its pledge of the Pledged Funds or the rights of the Bondholders. The County is unconditionally and irrevocably obligated, as long as any of the Bonds are outstanding and unpaid, to take all lawful action necessary or required to continue to entitle the County to receive the Designated Revenues in the same or greater amounts and at the same or greater rates as now provided by law to pay the principal of and interest on the Bonds and to make the other payments provided in the Ordinance, including, without limitation, levying and collecting the Public Service Tax at a rate up to the maximum rate permitted by law. However, nothing in the Ordinance should be construed to prevent revisions of the rates of the Public Service Tax as long as the amount of the Pledged Funds in each year will be at least equal to 120% of the Maximum Annual Bond Service Requirement for any ensuing Bond Year.

Limited Obligation

The Bonds are special and limited obligations of the County, payable solely from and secured by the Pledged Funds. The Bonds do not constitute general obligations or indebtedness of the County within the meaning of any constitutional or statutory provision or limitation, and the County is not directly, indirectly or contingently obligated to levy any ad valorem taxes or to make any appropriation for the payment of the Bonds, except from the Pledged Funds. Neither the full faith and credit nor the taxing power of the County, the State of Florida or any political subdivision of either of them is pledged to the payment of the Bonds.

THE PUBLIC SERVICE TAX

General

Section 166.231, <u>Florida Statutes</u>, as amended, authorizes any State of Florida municipality to levy a public service tax on the purchase within such municipality of electricity, metered and bottled gas (natural liquefied petroleum gas or manufactured), water, telephone, telegraph service, coal and fuel oil, as well as any services competitive with those specifically enumerated. This tax may not exceed 10% of the payments received by the sellers of such public services from purchasers (except in the case of fuel oil, for which the maximum tax is four cents per gallon). The purchase of natural gas or the purchase of fuel oil by a public or private utility for resale or for use as a fuel in the generation of electricity or kerosene for use in aircraft or internal combustion engines is exempt from the levy of such tax.

Stormwater Utility Fees

WORDIS COLPTIONSE

MIAMI-DADE COUNTY, FLORIDA Stormwater Utility Revenue Bonds

SECURITY FOR THE BONDS

General

The Bonds and the interest on the Bonds shall be a special and limited obligation of the County, payable solely from and secured by a prior lien upon and a pledge of the Pledged Revenues as provided in Ordinance No. 98-187, enacted by the Board on December 15, 1998 (the "Ordinance").

"Pledged Revenues" is defined in the Ordinance as the (a) Stormwater Utility Revenues, (b) Hedge receipts; and (c) all moneys and investments (and interest earnings) on deposit to the credit of the funds and accounts created in the Ordinance, except for moneys and investments on deposit to the credit of any rebate fund. "Stormwater Utility Revenues" is defined in the Ordinance as all moneys received by the County from the collection of the Stormwater Utility Fees less the amount retained by the County as an administrative charge in accordance with law. "Stormwater Utility Fees" is defined in the Ordinance as fees collectable on all residential developed property and all nonresidential developed property in the County permitted under the provisions of Section 403.0893, <u>Florida Statutes</u>, and imposed by the Board pursuant to Section 24-51.4 of the County Code.

Until payment has been provided for as permitted in the Ordinance, the payment of the principal of and interest on the Bonds shall be secured by an irrevocable lien on the Pledged Revenues. The County irrevocably pledges and grants a lien upon such Pledged Revenues to the payment of and interest on the Bonds, the reserves for the Bonds and for all other required payments under the Ordinance, to the extent, in the manner and with the priority of application as provided in the Ordinance. No Holder shall have the right to require or compel the exercise of the ad valorem taxing power of the County for payment of the Bonds, or be entitled to payment of such amount from any other funds of the County, except from the Pledged Revenues in the manner provided in the Ordinance.

Limited Obligations

The Bonds are special, limited obligations of the County payable solely from and secured by a prior lien upon and a pledge of the Pledged Revenues as provided in the Ordinance. Neither the faith and credit of the State of Florida nor the faith and credit of any agency or political subdivision of the State of Florida or of the County are pledged to the payment of the principal of, premium, if any, or the interest on the Bonds. The issuance of the Bonds shall not directly or indirectly or contingently obligate the State of Florida or any agency or political subdivision of the State of Florida or the County to levy any taxes or to make any appropriation for their payment except from the Pledged Revenues pledged to and provided for the payment of the Bonds under the Ordinance.

STORMWATER UTILITY FEES

The County created the Stormwater Utility pursuant to Ordinance No. 91-66 enacted by the Board on June 20, 1991, as amended and codified in Sections 24-51 through 24-51.5 of the County Code (the "Stormwater Ordinance"). The Stormwater Utility is authorized and directed to establish, assess, and collect Stormwater Utility Fees upon all residential, developed property and all nonresidential, developed property in Miami-Dade County, Florida, sufficient to plan, construct, operate and maintain stormwater management systems set forth in the local program required pursuant to Section 403.0891(3), <u>Florida Statutes</u>. The fees are established by an Administrative Order of the County Manager, from time to time, after approval by the Board. In accordance with the local program, the Stormwater Utility is also responsible for the operation and maintenance of the Stormwater System.

Each residential developed property is assessed a Stormwater Utility Fee calculated by multiplying the rate for an equivalent residential unit (ERU) by the number of the dwelling units on the parcel.

Each nonresidential developed property is assessed a Stormwater Utility Fee calculated by multiplying the rate for one (1) ERU by a factor derived by dividing the actual impervious area of the particular nonresidential, developed property by the statistically estimated average horizontal impervious area of residential developed property per dwelling unit, to wit, the square footage base equivalent established for one (1) ERU. Notwithstanding the foregoing, each nonresidential developed property classified by the Miami-Dade County Property Appraiser as land use type 71 (property containing a church) shall be assessed a Stormwater Utility Fee which is fifty percent (50%) of the fee for nonresidential developed property calculated as described in the preceding sentence.

The fees payable under the Stormwater Ordinance are required to be deposited in a separate County fund and used exclusively by the Utility to pay for the costs of planning, constructing, operating and maintaining stormwater management systems set forth in the local program required pursuant to Section 403.0891(3), <u>Florida Statutes</u>. No part of said fund may be used for any other purposes.

The Stormwater Utility Fees are \$4.00 per month per ERU, effective October 1, 2004. This rate applies to all residential and non-residential developed property within the Service Area of the Stormwater Utility.

The table below shows the percentage of collection of Stormwater Utility Fees based on land use.

MIAMI-DADE COUNTY STORMWATER UTILITY FEE COLLECTIONS⁽¹⁾

(1) The Stormwater Utility Fees collected in a Fiscal Year may relate to assessments for one or more of the prior Fiscal Years. This timing difference explains why the Stormwater Utility Fees collected in a Fiscal Year may in some instances be higher than the amount assessed for that Fiscal Year.

The following table shows the amount of Pledged Revenues that were collected during the County's Fiscal Years ended September 30, 2009 through 2013 and debt service coverage during such years as if the Bonds had been outstanding during all such years:
