# MIAMI-DADE COUNTY, FLORIDA Aviation Revenue Bonds

# SECURITY FOR THE BONDS

#### **Pledge of Net Revenues**

The Aviation Revenue Bonds (the "Bonds") issued under the provisions of the Amended and Restated Trust Agreement (the "Trust Agreement") entered as of December 15, 2002 with The Bank of New York Mellon, (successor in interest to JPMorgan Chase Bank, N.A.), as Trustee and U.S. Bank, National Association, (successor in interest to Wachovia Bank N.A.) as Co-Trustee and accrued interest, are payable solely from and are secured, by a pledge of the Net Revenues of the Port Authority Properties ("PAP") under the provisions of the Trust Agreement. The Trust Agreement does not convey or mortgage any or all of PAP as a pledge or security for the Bonds. The Trust Agreement prior to amendment and restatement was initially entered into on October 1, 1954, as amended, with the Trustee and the Co-Trustee (the "Prior Trust Agreement").

"Net Revenues" are defined in the Trust Agreement as the amount of the excess of the Revenues of PAP over the total of the Current Expenses of PAP. "Revenues" are defined in the Trust Agreement as all monies received or earned by the County for the use of, and for the services and facilities furnished by, the PAP and all other income derived by the County from the operation or ownership of said PAP, including any ground rentals for land on which buildings or structures may be constructed, whether such buildings or structures shall be financed by Bonds issued under the provisions of the Trust Agreement or otherwise, and Hedge Receipts. "Revenues" do not, however, include any monies received as a grant or gift from the United States of America or the State of Florida (the "State") or any department or agency of either of them or any monies received from the sale of property. "Current Expenses" are defined in part as the County's reasonable and necessary current expenses of maintenance, repair and operation of the PAP and shall include, without limiting the generality thereof, amounts payable to any bank or other financial institution for the issuance of a Credit Facility, Liquidity Facility or Reserve Facility, but shall not include any reserves for extraordinary maintenance or repair, or any allowance for depreciation, or any Hedge Obligations or Hedge Charges.

For purposes of the Trust Agreement, unless otherwise provided by resolution of the Board, the proceeds of Passenger Facility Charges (PFC) and interest earned thereon do not fall within the definition of Revenues and therefore are not included in Net Revenues. The Board has not provided by resolution for PFC revenue to be part of Revenues. However, in prior years, the County has transferred PFC revenue into the Sinking Fund at the beginning of the Fiscal Year and the amount of such deposits were credited against the Principal and Interest Requirements on the Bonds for those fiscal years and the County may, in its discretion, elect to do so in the future.

# Limited Obligations

The Bonds are special, limited obligations of the County payable solely from the Net Revenues pledged to the Bonds. Neither the faith and credit of the State of Florida (the "State") nor the faith and credit of any agency or political subdivision of the State or of the County are pledged to the payment of the principal of or the interest or premium, if any, of the Bonds. The issuance of the Bonds shall not directly or indirectly, or contingently, obligate the State or any agency or political subdivision of the State or any agency or political subdivision of the State or the County, to levy any taxes for the payment of the Bonds or to make any appropriation for their payment except from the Net Revenues pledged and provided for the payment of the Bonds under the Trust Agreement.

#### Management's Discussion of Financial Information

Significant items affecting the financial results for Fiscal Year 2014 were:

Aviation fees, consisting mostly of concourse use fees and landing fees, increased by \$22.2 million or 5.0% in Fiscal Year 2014 as compared to Fiscal Year 2013 results. The increase is due primarily to the increase in the underlying terminal rental rate, which is used to calculate the concourse use fees. The Aviation Department also experienced a 2.5% increase in aircraft seats in Fiscal Year 2014 over Fiscal Year 2013. Another reason for this increase is that the Aviation Department realized a \$6.8 million increase in the Fiscal Year 2013 surplus amount over the prior year; the surplus cash amount is transferred in the subsequent Fiscal Year from the Improvement Fund to the Revenue Fund.

- In Fiscal Year 2014, the Aviation Department received \$274.5 million in commercial revenues as compared to \$273.1 million in Fiscal Year 2013, which is a \$1.3 million or 0.5% increase. Although rental car revenue increased \$4.3 million (or 9.1%) over the prior Fiscal Year, most of the increase was offset by the \$3.2 million (or 50.9%) revenue decrease in the VIP clubs owned by the Aviation Department and managed by a third party over the prior Fiscal Year. The reason for the significant decrease is that LAN (Chile) took over one of the two VIP clubs in the beginning of Fiscal Year 2014 and is operating it as its own airline club.
- Operating or Current Expenses during Fiscal Year 2014 as compared to Fiscal Year 2013 slightly increased by 0.5%, which continues the trend of previous fiscal years in which the Aviation Department experienced modest growth rates in operating expenses. The Aviation Department has purposefully tried to control operating expenses by keeping them subject to only small increases over the last five years so as to offset the significant increases in debt service. The Aviation Department's ultimate goal is to keep the MIA air carrier's costs per enplaned passenger reasonable.
- The Aviation Department had an extraordinary surplus amount in Fiscal Year 2014 due to actual operating expenses being significantly below budget and operating revenues being above budget. Some of the surplus has been set aside in the Improvement Fund for future capital projects approved by certain MIA air carriers. See the Improvement Fund discussion below for further explanation.
- The Aviation Department implemented a personnel reduction plan that resulted in budgeted positions decreasing from a high of 1,868 in Fiscal Year 2006 to 1,206 in Fiscal Year 2012. A portion of the decrease in positions is due to removing police and fire personnel from the Aviation Department's payroll and paying the County's Fire Rescue and Police departments directly for these services. Excluding the fire and police related changes, personnel went from a high of 1,583 in Fiscal Year 2006 to 1,206 in Fiscal Year 2012, a 23.8% decrease. For Fiscal Year 2014, the adopted budget allowed for a slight increase in personnel to 1,227, which is the same number that was budgeted for Fiscal Year 2013 and represents a 1.7% increase over Fiscal Year 2012.
- As part of its agreement to relinquish program management control over the North Terminal, American Airlines
  agreed to contribute \$105 million over a 10-year period of annual payments so as to pay claims and
  construction costs related to the North Terminal Development capital project. In accordance with this
  agreement, American Airlines has paid the entire amount, with the last payment of \$7.5 million paid in July
  2014.
- The Aviation Department's discretionary cash position has been increasing over the last few years as noted below, primarily due to the increase in the operating reserve requirements and a greater surplus build-up in the Improvement Fund. The Improvement Fund balance for Fiscal Year 2014 includes \$50 million set aside by the members of the MAAC for future capital projects approved by a Majority-in-Interest of the MAAC. Shown below is the Aviation Department's operating cash position as of September 30 for the year noted.

	<u>2014</u>	2013	<u>2012</u>
Revenue Fund <sup>(1)</sup>	\$ 95,692,059	\$ 100,162,173	\$ 82,972,636
Reserve Maintenance Fund	42,010,907	48,347,634	50,507,769
Improvement Fund <sup>(2)</sup>	185,451,475	148,503,932	127,363,750
Total	323.154.441	297.013.739	260.844.155

<sup>&</sup>lt;sup>(1)</sup> Includes the operating reserve requirement which as required by the Trust Agreement, was based on (16.)% (2013), 15.5% (2012) and 15.0% (2011) of the Current Expense annual budget amount for the respective fiscal years noted.

(2) The Improvement Fund balances include the surplus amount that is to be transferred back to the Revenue Fund in the subsequent fiscal year as required by the AUA. For Fiscal Year 2013, this amount within each of the Improvement Fund balances was \$96.0 million; for Fiscal Year 2012, the amount was \$89.2 million; and for Fiscal Year 2011, the amount was \$80.4 million.

In September 2014, the Board approved the Aviation Department's Fiscal Year 2015 budget. This budget reflects a decrease in the landing fee from \$1.75 per thousand pound unit (in Fiscal year 2014) to \$1.58 per thousand pound unit; the Aviation Department's expectation of 3.4% increase in budgeted passengers or 20.8 million enplaned passengers; a \$15.8 million, or 3.6%, increase in Current Expenses; use of \$55.0 million in PFC revenues to pay debt service (compared to \$54.5 million used in Fiscal Year 2014); and a slight increase from

\$15.0 million to \$17.0 million in the annual deposit to the Reserve Maintenance Fund. Overall debt service is only increasing by \$0.8 million and with the slight increase in the PFC revenue contribution, the net debt service amount is increased by \$0.3 million. Total budgeted positions increased 1.3% from 1,240 (adjusted budget amount) in Fiscal Year 2014 to 1,256 in Fiscal Year 2015.

<sup>(1)</sup> During each Fiscal Year, certain monies from the previous Fiscal Year remaining in the Improvement Fund are deposited in the Revenue Fund. The amount of such deposit is included as Revenues and is required by the AUA to be taken into account in determining the amount of the landing fee rate required for the next succeeding Fiscal Year. For Fiscal Year 2014, the amount is \$96.0 million; for Fiscal Year 2013, the amount is \$89.2 million; for Fiscal Year 2012, the amount was \$80.4 million; for Fiscal Year 2011, the amount was \$69.1 million; and for Fiscal Year 2010, the amount was \$57.2 million.

<sup>&</sup>lt;sup>(2)</sup> Calculated in accordance with the Trust Agreement by dividing Net Revenues after deposits by the required Debt Service amount.

ACI rankings include ANC in its rankings. The Airport excludes ANC from its rankings because of ANC's particular methodology of accounting for freight. The Airport's total freight reflects only enplaned and deplaned freight, while ANC chooses to include a large amount of transit (same aircraft) freight.
