

## **MIAMI-DADE COUNTY, FLORIDA**

### **Rickenbacker Causeway Toll Revenue Bonds**

#### **SECURITY FOR THE BONDS**

##### **Pledged Funds**

The Pledged Revenues of the Rickenbacker Causeway means (i) Net Revenues, (ii) money and investments held for the credits of the Funds and Accounts as provided in the Bond Ordinance, and (iii) any other legally available revenues pledged by the County in a subsequent ordinance. "Net Revenues" is defined in the Ordinance to mean, for any particular period, the amount of the excess of the Revenues for such period over the Current Expenses for such a period.

##### **Limited Obligation**

The Rickenbacker Causeway Toll Bonds (Rickenbacker Bonds) are special limited obligations of the County payable solely from and secured solely by Pledged Revenues. The Series Rickenbacker Bonds do not constitute a debt, liability, general or moral obligation, or a pledge of the faith and credit of the County, the State of Florida (the "state") or any political subdivision of the State, within the meaning of any constitutional, statutory or charter provision. The issuance of the Rickenbacker Bonds shall not directly or indirectly or contingently obligate the County to levy or to pledge any form of taxation whatever therefor, nor will the Rickenbacker Bonds constitute a charge, lien or encumbrance, legal or equitable, upon any property of the County.

#### **RICKENBACKER CAUSEWAY**

##### **General Description**

Originally financed with the sale of \$5,785,000 Dade County, Florida Causeway Revenue Bonds, Series 1941, the Rickenbacker Causeway (the "Causeway") was opened in 1947. The Causeway connects the Miami-Dade County mainland with Virginia Key and Key Biscayne. The Causeway operates as a one-way (eastbound) toll road facility approximately 3.6 miles in overall length with 1.2 miles of bridge structures and 2.4 miles of roadway built upon dredged fill with the toll facility near its western terminus at Brickell Avenue on the mainland. The eastern terminus occurs at the end of the Bear Cut Bridge where the roadway becomes Crandon Boulevard. The Causeway is under the jurisdiction of the Miami-Dade County Public Works and Waste Management Department and is treated as an enterprise fund of the County.

##### **Management, Operation and Maintenance**

The operation and maintenance of the Causeway is under the jurisdiction of the Miami-Dade County Public Works and Waste Management Department included as part of the Highway Engineering Division. The Highway Engineering Division provides the planning, programming, design and administrative functions required for all roadways and bridges under Miami-Dade County jurisdiction.

##### **Establishment of Tolls**

The County covenants in the Master Ordinance that tolls will be classified in a reasonable manner to cover all traffic, so that the rates of toll may be uniform in application to all traffic falling within any reasonable class regardless of the status or character of any person, firm or corporation participating in the traffic classification; provided, however, that nothing in the Master Ordinance

shall prohibit the establishment by the County in the manner provided therefor by the Home Rule Amendment and Charter of the County of preferential rates of toll for users of a particular class so long as such tolls are uniform in application to persons falling within such class. The County further covenants in the Master Ordinance that no free vehicular passage between the mainland and either Key Biscayne or Virginia Key will be permitted on the Causeway except (i) to officials or employees of the County while in the discharge of their official duties or police or fire departments or other emergency vehicles when engaged in the proper work of any such department or emergency service and (ii) when necessary for the health, safety and welfare of the users of the Causeway. The County has established separate toll schedules for certain classes of users.
