

MIAMI-DADE COUNTY, FLORIDA
Public Facilities Revenue Bonds

SECURITY FOR THE BONDS

Pledged Funds

The Public Facilities Revenue Bonds (the "Bonds") are special and limited obligations of the County payable solely from Gross Revenues of the Public Health Trust ("PHT"). Gross Revenues are defined in the Ordinance as (i) all receipts, income and other moneys received by PHT, whether operating or nonoperating, in connection with the Designated Facilities and all the rights to receive the same, whether in the form of accounts, chattel paper, instruments, documents or other rights, and any instruments, documents or other rights or proceeds thereof, and any insurance on the Designated Facilities; provided however, that Gross Revenues shall not include any amounts with respect to services rendered by PHT to or on behalf of the County for the payment of which the County has not budgeted or allocated funds, whether now existing or hereafter coming into existence, and whether now owned or held or hereafter acquired by PHT; and (ii) the proceeds of any of the above; and provided further, that there is excluded from Gross Revenues gifts, grants, bequests, donations and contributions heretofore or hereafter made, designated at the time of making thereof to the payment of debt service on the Bonds, or not subject to pledge, and the income derived therefrom to the extent required by such designation or restriction.

Limited Obligation

The Bonds are limited obligations of County. The obligation of County and the PHT to pay or to provide for the payment of the principal of, premium, if any, and interest on the Bonds shall not be, or be deemed to constitute, a debt, liability or obligation of County or the State of Florida or any political subdivision thereof, except as limited obligation of County payable solely from Gross Revenues of the PHT and as provided in the Ordinance that authorized the issuance of the Bonds. Neither the faith and credit nor the taxing power of County or of the State of Florida or any political subdivision thereof is pledged for the performance of such obligations or the payment of such principal, premium, if any, or interest. PHT has no taxing power.

Designated Facilities

While an agency and instrumentality of the County, PHT operates and governs the Designated Facilities in an autonomous fashion. The Designated Facilities currently include:

Public Health Trust. Based on the number of admissions to a single facility, PHT is one of the nation's busiest medical centers. PHT has a licensed compliment of 1,757 beds: JMH with 1,558 beds on the main campus located one mile west of the downtown business district of Miami; and 199 beds in the Jackson South Community Hospital in south Miami-Dade County. JMH is situated on a 65-acre parcel of land, which also contains the University of Miami School of Medicine (the "Medical School"), the University of Miami Sylvester Comprehensive Cancer Center, and a related 40-bed hospital owned by the University of Miami (collectively, known as the "Medical Center Campus"). The Medical Center Campus contains 30 buildings with nearly three million square feet of space.

The following is a more complete list of affiliated but independent health care institutions not owned by the County or PHT but considered a part of the Medical Center Campus:

Affiliated Institutions Located on the Medical Center Campus

| <u>Name</u> | <u>Services Provided</u> | <u>Relationship</u> |
|---|---|---|
| Veterans Administration Hospital | Full service 870-bed hospital providing services to veterans. | Owned by the U.S. Department of Veteran Affairs, Veteran's Administration; together with JMH, serves as a teaching hospital for the Medical School. |
| Bascom-Palmer Eye Institute/Anne Bates Leach Eye Hospital | Serves as a clinical teaching and research center for the Medical School with a 100-bed hospital providing ophthalmological surgery and related services. | Owned by the University of Miami. |
| University of Miami School of Medicine | Provides medical training for medical students; conducts medical research projects. | Owned by the University of Miami. Pursuant to an affiliation agreement between the Medical School and PHT, JMH is the primary teaching hospital of the Medical School |
| Sylvester Comprehensive Cancer Center | A cancer treatment center, 40-bed hospital and affiliated clinics; provides programs and services. | Owned by the University of Miami. |

As indicated, JMH is the primary teaching hospital for the Medical School. By policy, the Medical School, with limited exceptions, requires that its full-time faculty members practice only at JMH. JMH also serves as the major tertiary health care provider in South Florida. There are a number of services offered at JMH for which the hospital has a national reputation or is the only provider in the region. Examples include the Ryder Trauma Center; the Burn Center; the Newborn Special Care Center; the Spinal Cord Injury Center; the Miami Project to Cure Paralysis; and heart, lung, liver, kidney, pancreas and bone marrow transplantations.

Staff

Medical Staff. The medical staff of JMH and JSCH is comprised of a broad, diverse range of medical specialists and sub specialists, many of whom are nationally and internationally recognized in their specialties, and who provide evidence of the specialty care regional referral role of JMH and JSCH. As of September 30, 2004, the medical staff at JMH consisted of 1,685 physicians designated in the following categories: 941 Active Attending (regular admitters); 336 Courtesy Staff; 15 Associate Staff; 289 Provisional Staff; 1 Temporary Privileges Staff; and 103 Honorary (Emeritus) Staff. As of September 30, 2004, the medical staff at JSCH consisted of 388 physicians designated in the following categories: 283 Active Attending (regular admitters); 35 Provisional; 62 Academic Courtesy or Consulting; and 8 Honorary. The following tables represent the medical staff of JMH and JSCH by classification and by specialty.

Nursing Staff. The Hospital Division of Patient Care Services is organized around seven inpatient hospital centers: Women's, Children's, Medical, Surgical (includes Perioperative and Trauma), Mental Health and Post Acute Care (Rehab) and the Emergency Care Center.

The Nurse Recruitment Department actively recruits for the nursing staff of the Public Health Trust/Jackson Memorial Hospital and their satellite services such as Jackson North Maternity

Center, North Dade Health Center, Liberty City Health Center and Correctional Health Services. This involves recruitment of registered nurses in multiple practice settings to include trauma, emergency care, ambulatory care, critical care, medical, surgical, women's health, pediatrics, ortho-rehab services, mental health, skilled nursing and correctional health. The department utilizes a variety of sources to recruit for registered nurses in clinical, educational, case management, quality management and administrative roles.

PHT offers a comprehensive/competitive compensation program for registered nurses, which includes tuition reimbursement, and extensive educational programs for continued professional development. These efforts have had a positive affect on PHT's ability to recruit and retain its nursing staff.

The most difficult areas to recruit are the critical care units and the operating room. In response to this need PHT has developed numerous critical care internships for adult and pediatric client populations and has implemented one operating room internship. PHT also has affiliation agreements with all of the schools of nursing in the community.

The Service Area

The County is a large metropolitan area with a diverse, multi-ethnic and multi-cultural community. The County, through PHT and other providers, provides a comprehensive, coordinated public/county health system. PHT addresses many of the critical care needs of the County residents and is the County's only "safety net hospital," insuring care to residents with no other alternatives. The maintenance and enhancement of the PHT system is necessary to protect that role.

JMH is an accredited, not-for-profit, major tertiary teaching hospital under the jurisdiction of PHT. It is also the major teaching facility for the University of Miami School of Medicine. JMH has many roles in South Florida acting as a full service provider for the indigent and uninsured of the County, a regional specialty referral center, and a magnet for medical research and innovation. The strength of JMH is its broad range of tertiary services programs, which are designed to serve the entire community, and a medical staff that is recognized nationally for the quality of its patient care, teaching and research. In combination, these provide the County with a unique community resource.

PHT's primary service area includes the entire County. In Fiscal Year 2004, 85.8% of discharges from JMH originated from the County, 5.2% from Broward County, .5% from Monroe County, 7.3% from other Florida counties and 1.1% from other parts of the United States or out of the country. JMH is the only public hospital in the County and the largest teaching hospital in the State. The primary sources of JMH's patient base are: Medicaid and other publicly funded residents throughout the County and private funded patients referred for specialized, tertiary care treatment unavailable elsewhere, and uninsured and underinsured patients accessing JMH in its role as the safety net hospital serving the County.

Demographics of the region indicate a diverse population. In Fiscal Year 2004, the ethnic mix of patients admitted to JSCH reflects the community at large, with 47% Hispanic, 21% African-American, and 27% White. The largest population segment growth will be in the 55 and over age groups. Sixty percent of those patients seeking healthcare services are female, while 40% are male. The primary need for health services, based on health and mortality indicators, are found in cardiac, oncology, cerebrovascular, and pulmonary programs.

Present and projected population growth, community demographics and the growing incidence and diagnosis of health conditions, support the need for increased healthcare services in southern Miami-Dade County. The need for inpatient services is projected to increase up to 12% in the next five years. Expansion of programs and services provided at JSCH, will allow JSCH to meet the health needs of the community, while ensuring financial viability of the organization.

Service Area Healthcare Providers

Hospitals. South Florida hospitals provide services which are among the best in the country. These hospitals make available a spectrum of healthcare services. They provide innovative and sophisticated care to their communities. Further, they are responsible for numerous technological advances, community and professional educational programs, business and employment opportunities, and community leadership resources.

The County has 34 recognized acute, rehabilitation or mental health/substance abuse hospitals. The total licensed capacity at these 34 facilities is 9,346 beds. These hospitals provide a diverse range of services and levels of care. Twenty-eight of these hospitals provide acute care. There are 7,610 acute care licensed beds in the County. Three hospitals in the County provide substance abuse care and their total licensed substance abuse capacity is 87 beds. There are three long-term care hospitals, one eye hospital and one children's hospital.

Mental Health/Substance Abuse Services. Mental health services are provided by a number of specialty and general acute care hospitals. The County has 796 mental health beds and 87 substance abuse beds. Long-term mental health beds are provided to County residents at the Florida State Hospital in southern Broward County.

In addition to inpatient mental health services, the County is served by community mental health centers. These publicly funded centers provide an array of mental health and substance abuse services to patients in specific catchments areas. Numerous other providers/agencies provide one or more types of mental health services. PHT is the largest provider of mental health services in the County.

Nursing Homes. There are 54 licensed nursing homes in the County providing 8,295 nursing home beds. PHT operates two of the nursing home facilities: the Jackson Memorial Long Term Care Facility and the Jackson Memorial/Perdue Medical Center.

Primary Health Care Centers. There are 35 publicly funded primary care centers in the County. These centers provide a wide range of primary care services in geographically distributed regions. Primary care utilization consisted of 205,054 visits in Fiscal Year 2004; 212,154 visits in Fiscal Year 2003 and 196,764 visits in Fiscal Year 2002. PHT has overall responsibility for ten of these centers: North Dade Health Center, Liberty City Health Center, Juanita Mann Health Center, North Miami Health Center, Rosie Lee Wesley Health Center, Homeless Shelter, Penalver Clinic, Prevention Education Treatment (PET) Center, Stephen P. Clark Clinic, and Jefferson Reaves Health Center. PHT also provides primary care services within its Ambulatory Care Centers at JMH. Most recently, specific county-owned facilities operated by Community Health of South Dade, Inc. to provide primary care services became a Designated Facility.

Pension Plans

Depending on their employment date, eligible PHT employees are covered by one of two pension plans.

Eligible employees hired before January 1, 1996, are members of the Florida Retirement System (“FRS”). All contributions to the FRS plan are the responsibility of PHT. For the Fiscal Years ended September 30, 2004, 2003 and 2002, PHT contributions were 7.72%, 6.64% and 7.28%, respectively, of members’ total salaries with corresponding costs of \$21,570,180, \$18,974,758 and \$20,101,501, respectively.

Eligible employees hired on or after January 1, 1996, are members of the Public Health Trust of Miami-Dade County, Florida Defined Benefit Retirement Plan (the “Plan”). All contributions to the Plan are the responsibility of PHT. For Fiscal Years ended September 30, 2004, 2003, and 2002, PHT contributions were 9.27%, 8.10% and 7.50%, respectively of members’ total salaries with corresponding costs of \$22,681,065, \$16,147,544 and \$11,798,321, respectively.

Pension costs in both the FRS and the Plan are funded as accrued.

Employees and Labor Relations

As of September 30, 2004, PHT had 11,009 employees, including the following:

- 9,773 full-time employees
- 328 part-time regular employees
- 15 temporary employees
- 352 temporary relief employees
- 364 on-call/pool employees
- 23 students
- 154 other (Grants & Case Rate)

The number of FTE’s per adjusted occupied bed is 6.07. Outside agency personnel are used on a limited basis to provide coverage when a staffing shortage exists or to augment staffing during periods of peak service demand.

There are four unions representing six different employee units with PHT: the American Federation of State, County and Municipal Employees (“AFSCME”), Local 1363, representing general and paramedical employees; the Service Employees International Union (“SEIU”), Local 1991, representing the registered nursing staff, the medical professional employees and the attending

physicians; the Committee of Interns and Residents (“CIR”), representing interns, residents and fellows; and the Government Supervisors Association of Florida, Office of Professional Employees International Union (“GSAF OPEIU”), representing supervisory employees.

The SEIU Medical Professional and Attending Physician Units and the CIR Unit are new to PHT. First contracts have been negotiated with the SEIU Medical Professional and CIR Units; and negotiations between PHT and SEIU Attending Physician Bargaining Unit are underway.

As of September 30, 2004, the total number of employees covered under the union contracts is 9,993 with a total dues paying membership of 5,790. Unit sizes are as follows:

| <u>Unit</u> | <u>Covered</u> | <u>Dues Paying</u> |
|--------------------------------|----------------|--------------------|
| AFSCME | 4,788 | 2,354 |
| SEIU Nursing Unit | 3,098 | 2,210 |

There is a satisfactory relationship between the unions and PHT administration. PHT has never experienced work stoppages due to strikes or labor problems.

Governance

PHT Board. The governing body of the Trust is a Board of Trustees composed of twenty-one (21) voting members none of whom shall be employees of the Trust. The voting membership shall include a member of the University of Miami Board of Trustees. The remaining voting membership, except for the Voting Commissioner as such term is hereafter defined, shall be selected in accordance with Section 25A-3(d). In 2003, the voting membership of the Board of Trustees was reduced from twenty-one (21) voting members to eighteen (18) voting members. During the annual appointment process for 2003, only the number of recommended appointments that resulted in a total of eighteen (18) voting members was recommended by the Public Health Trust Nominating Council and approved by the Board of County Commissioners.

In 2004, the voting membership of the Board of Trustees was reduced from eighteen (18) voting members to fifteen (15) voting members. During the annual appointment process for 2004, only the number of appointments that resulted in a total of fifteen (15) voting members was recommended by Public Health Trust Nominating Council and approved by the Board of County Commissioners. Commencing September 1, 2004, the Chairperson of the Commission is empowered to appoint a member of the Economic Development and Human Services Committee of the Board of County Commissioners (currently known as the Community Outreach, Safety and Healthcare Administration Committee and the Community Empowerment and Economic Revitalization Committee) as an ex-officio member of the Board of Trustees with the right to vote (the “Voting Commissioner”), resulting in a total voting membership of sixteen (16), consisting of fifteen (15) voting Trustees and the Voting Commissioner.

Additionally, the following shall be non-voting, ex-officio members of the Board of Trustees: Three (3) County Commissioners, one of whom shall be appointed by the Mayor, one shall be appointed by the Chairman of the Board of County Commissioners and the third shall be the Chairperson of the Economic Development and Human Services Committee of the Commission hereinafter referred to as “Commissioner Trustees,” provided that on September 1, 2004, the Chairperson of the Board of County Commissioners and the Mayor will become non-voting ex-officio members and the ex-officio category of Commissioner Trustees shall cease; the County Manager or his or her designee; the Chief Executive Officer of the Trust; the Senior Vice President of Medical Affairs, Dean of University of Miami School of Medicine; the Senior Vice President of Patient Care Services; Dean, University of Miami School of Nursing; and the President of the Public Health Trust Medical Staff.

Sources of Revenue

PHT's principal source of revenue consists of charges for patient services provided by JMH and JSCH. Payments are made to PHT on behalf of certain patients by a number of payors and third parties, including commercial insurers, the federal government under the Medicaid and Medicare programs, County funding, the State of Florida from sales tax revenues, as well as by patients on their own behalf. The following table sets forth gross patient service charges by source for Fiscal Years ended September 30. Historically, the range of PHT collections to gross revenues has approximated 34.9% to 40.0%.
