

**MIAMI-DADE COUNTY, FLORIDA**  
**Solid Waste System Bonds**

**SECURITY FOR THE BONDS**

**Pledged Revenues**

The Solid Waste System Bonds (the "Bonds"), and the interest on the Bonds, are payable solely from and are secured by a pledge of the Pledged Revenues of the Solid Waste System under the provisions of the Ordinance. Pledged Revenues are defined as the Net Operating Revenues of the Solid Waste System (Operating Revenues minus Operating Expenses as such terms are defined in the Ordinance) and all moneys and investments on deposit to the credit of the funds and accounts other than the Rebate Fund established pursuant to the Ordinance. The Ordinance does not convey or mortgage all or any part of the Solid Waste System as a pledge or security for the Bonds.

**Limited Obligations**

The Bonds are special, limited obligations of the County payable solely from the Pledged Revenues, as defined in the Ordinance, pledged to the Bonds. Neither the faith and credit of the State of Florida nor the faith and credit of any agency or political subdivision thereof or of the County are pledged to the payment of the principal of or the interest or premium, if any, on the Bonds. The issuance of the Bonds shall not directly or indirectly or contingently obligate the State of Florida or any agency or political subdivision thereof or the County to levy any taxes whatever therefor or to make any appropriation for their payment except from the Pledged Revenues pledged to and provided for the payment of the Bonds under the Ordinance.

**THE SOLID WASTE DEPARTMENT AND THE SOLID WASTE SYSTEM**

**The Solid Waste Department**

In January 1989, the Board passed Administrative Order 9-1 creating the Metropolitan Dade County Department of Solid Waste Management (now the Miami-Dade County Department of Solid Waste Management), by merging the Department of Solid Waste Collection and the Solid Waste Disposal Division of the Public Works Department into a single agency. It is the largest government owned integrated Solid Waste Management System in the Southeastern United States. The Solid Waste Department's principal responsibilities may be categorized as: (1) waste collection, (2) recycling, (3) waste transfer and disposal, and (4) regulation.

The Solid Waste Department provides solid waste collection and disposal services to single-family residential units (including certain multi-family units such as duplexes) and a small number of commercial and multi-family accounts in the unincorporated portions of the County. It also provides solid waste collection and disposal services to the Village of Pinecrest, the City of Sunny Isles Beach, the City of Aventura, the Town of Miami Lakes, the Village of Palmetto Bay, the City of Miami Gardens and the City of Doral; trash disposal and garbage collection and disposal services to the City of Sweetwater; and it has entered into long-term interlocal agreements with 18 municipalities (including Sweetwater) to provide solid waste disposal services.

The Solid Waste Department operates a variety of facilities, including Resource Recovery (waste-to-energy facility), landfills, transfer stations and neighborhood trash and recycling centers. The Solid

Waste Department is also responsible for meeting the State's countywide environmental compliance objectives, such as the State's 30% waste reduction goal, which is achieved primarily through recycling.

## **The Solid Waste System**

*The System.* The System comprises (a) the County's solid waste collection and disposal facilities and all improvements including additional transfer stations, landfills or other related facilities, and all buildings, fixtures, equipment and all property, real and personal now or in the future owned, leased (as lessor or lessee), operated or used by the County in conducting and operating its solid waste collection and disposal facilities and providing services of collecting and disposing of solid waste and (b) contracts entered into by the County for the collection, transportation, storage, treatment, disposal and recycling of solid waste. The System does not include, at the option of the County, any solid waste system, facility or equipment which may be acquired by the County subsequent to the date of the Original Ordinance and designated by the County as a "Separate System" on or prior to the date of acquisition.

## **Solid Waste Collection System**

The Solid Waste Department provides solid waste collection services mainly for single family and small multifamily residential units in unincorporated Miami-Dade County, municipalities that have contracted for such services, newly incorporated municipalities as provided for by Ordinance No. 96-30 and the City of Aventura. While the County offers collection services to commercial and multifamily waste generators in the unincorporated area, such services are generally provided by private waste haulers. The County provided waste collection to approximately 310,000 residential units for the Fiscal Year ended September 30, 2005, which contributed approximately 47.85% of the total tonnage going to the System disposal facilities.

## **Solid Waste Disposal System**

The County's integrated solid waste management system provides for the transfer and disposal of solid waste generated in both incorporated and unincorporated areas of the County, and consists of transfer stations, disposal facilities, the Resources Recovery Facility and County landfills. A portion of solid waste generated in the County is delivered to the County's transfer stations by County, municipal and private collection vehicles. At the transfer stations, solid waste is reloaded into large transfer trailers for transport to one of the County's three disposal sites or contracted private disposal facilities.

## **Resources Recovery Facility**

*General.* An Operator currently operates the Resources Recovery Facility pursuant to a Third Amended and Restated Operations and Management Agreement between the County and the Operator dated September 1, 1996 (the "Management Agreement") which was entered into in connection with the issuance of the \$182,695,000 Dade County, Florida Resource Recovery Facility Refunding Revenue Bonds, Series 1996 (the "Resource Recovery Facility Bonds"). The Management Agreement as amended August 2, 2004, terminates on October 31, 2023.

*Responsibilities of the Operator.* Under the Management Agreement, the Operator is responsible for operating and maintaining the Resources Recovery Facility in compliance with all applicable laws, including environmental laws. It also must make payments pursuant to a loan agreement dated September 1, 1996 between the Operator and the County to pay debt service on the Resource Recovery Facility Bonds. The Operator is thus responsible for the payment of all operating costs of the Resources Recovery Facility, including all utility charges. However, the County has agreed to limit rate increases payable by the Operator in water and wastewater utilities provided by the County to the Resources Recovery Facility (other than increases attributable to changes in quality or quantity of water used or wastewater treated) to

an amount not exceeding the Consumer Price Index (“CPI”). In addition, the Operator may use any electricity generated at the Resources Recovery Facility for operation of the Resources Recovery Facility.

The following cities have signed an interlocal agreement:

- (1) Pinecrest, the Town of Miami Lakes, Sunny Isles Beach, Palmetto Bay, Miami Gardens, and Doral were incorporated and are restricted by Ordinance No. 96-30 from diverting solid waste.
- (2) Aventura was incorporated prior to enactment of Ordinance No. 96-30 and thus is *not* restricted by the Ordinance from diverting solid waste, but currently receives County service.
- (3) Several of the communities that had formed Municipal Advisory Committees to consider incorporation have either disbanded (e.g., Country Club Lakes) or are the focus of competing groups (Redlands and “Redlands Petition”) and/or are changing boundaries and/or not actively meeting. Accordingly, a narrower definition of this category was considered more suitable, specifically any community, such as Cutler Ridge with an election to incorporate scheduled.

The following chart reflects the return to stability in revenue tons after a period of decline from fiscal years 2001 through 2005. It also reflects the County's estimate of revenue tons diverted in the spot market:

The following table summarizes the total quantity of solid waste disposed at each disposal facility from Fiscal Year 2001 through Fiscal Year 2005, taking into account the various inter-facility transfers that occur within the System. During Fiscal Year 2005, the County continued to utilize private regional disposal facilities thereby preserving existing landfill capacity.

***Projects Funded with Proceeds:***

The 1997 Project identifies various capital expenditures to be made by the Solid Waste Department that are necessary to assure the satisfaction and efficient operation of the County's solid waste facilities. In addition to properly operating and maintaining its solid waste facilities, the County must also comply with stringent federal and State regulations to close and perform long-term care (post closure care) for its disposal sites. Thus, the 1997 Projects includes capital expenditures for closure of landfills/cells, construction of new landfills cells, construction of landfill monitoring wells, construction of leachate collection and treatment system, and construction of transfer station improvements.

**Solid Waste System Revenue Bonds**  
**Series 2005**

***Dated:*** April 21, 2005

***Final Maturity:*** 2030

***Purpose:***

The Series 2005 Bonds were issued pursuant to Ordinance Nos. 96-168 and 05-27 and Resolution R-149-05 to: (i) pay or reimburse the County for a portion of the cost of the Series 2005 Project; and (ii) pay for a Reserve Account Requirement by deposit of a Reserve Account Surety Bond.

***Security:***

The Series 2005 Bonds are special limited obligations of the County, payable solely from and secured by a prior lien and pledge of the Pledged Revenues of the System, as provided in the Bond Ordinance.

***Form:***

The Series 2005 Bonds were issued as fully registered Current Interest Bonds and Capital Appreciation Bonds. The Series 2005 Current Interest Bonds were issued in denominations of \$5,000 or any integral multiple of \$5,000. The Capital Appreciation Bonds were issued in maturity amounts of \$5,000 or any integral multiple of \$5,000. The Series 2005 Bonds are in book-entry only form and are registered initially to the Depository Trust Company, New York, New York. Interest on the Current Interest Bonds is payable semi-annually on each April 1 and October 1, commencing on October 1, 2005. Interest on the Capital Appreciation Bonds is compounded semi-annually on each April 1 and October 1, commencing October 1, 2005 and will be payable at maturity or prior redemption.

***Call Provisions:***

**Optional Redemption:**

The 2005 Current Interest Bonds maturing on or prior to October 1, 2015 are not subject to optional redemption. The 2005 Current Interest Bonds maturing on or after October 1, 2016 are subject to optional redemption prior to maturity, at the option of the County, in whole or in part at any time, on or after October 1, 2015, and if in part, in maturities determined by the County and by lot within a maturity, at a redemption price equal to the principal amount of such 2005 Current Interest Bonds or portion of such 2005 Current Interest Bonds to be redeemed, without premium, plus accrued interest to the date of redemption.

**Mandatory Redemption:**

The 2005 Current Interest Bonds maturing on October 1, 2030 are subject to mandatory redemption, by operation of sinking fund installments, in part prior to maturity by lot, at redemption prices equal to 100% of the principal amount to be redeemed plus interest accrued to the redemption date, as set forth below:

| <b>Redemption Dates (October 1)</b> | <b>Amount</b> |
|-------------------------------------|---------------|
| 2027                                | \$3,395,000   |

| 2029                                | 3,770,000     |
| 2030 (Final Maturity)               | 3,975,000     |

**The Series 2005 Capital Appreciation Bonds are not subject to optional or mandatory redemption.**

***Projects Funded with Proceeds:***

The 2005 Project identifies various capital expenditures to be made by the Solid Waste Department that are necessary to assure the satisfaction and efficient operation of the County's solid waste facilities. In addition to properly operating and maintaining its solid waste facilities, the County must also comply with stringent Federal and State regulations to close and perform long-term care (post closure care) for its disposal sites. Thus, the 2005 Project includes capital expenditures for closure of landfills/cells, which includes the closure of the City of North Miami's Munisport disposal site and the municipal landfill located in the City of Homestead, and assessment and Phase I of the closure of the Virginia Key Landfill located in the City of Miami. The 2005 Project also includes construction of a groundwater remediation project.
