

TO THE PARENTS OF STUDENTS ATTENDING PUBLIC SCHOOL IN THE SOUTH MIAMI-DADE COUNTY AREA

Your child's school is located within a 10-mile area surrounding Florida Power and Light's Turkey Point Nuclear Power Plant.

Federal Law requires that local government develop evacuation plans for this area. We have no reason to believe there will be an incident at the nuclear facility which would in any way endanger the public. However, our concern for the health and safety of your children has prompted the development of evacuation safeguards in the remote possibility that students should have to be moved from the affected area.

Should your child's school be evacuated, you must pick up your child at the appropriate host school. All students in the evacuation area will automatically be transported to a host school outside the affected area.

DO NOT ATTEMPT TO PICK UP YOUR CHILD FROM THE EVACUATED SCHOOL. POLICE AUTHORITIES WILL NOT ALLOW ANYONE TO ENTER THE EVACUATED ZONES.

To determine which school your child will be taken to, please refer to the next page.
