MEMORANDUM

Agenda Item No. 11(A)(2)

TO: Honorable Chairperson Barbara Carey-Shuler Ed.D. and Members, Board of County Commissioners

DATE: October 7, 2003

SUBJECT: Resolution Ratifying the County Manager's Action in Authorizing Capital Improvement Contracts Pursuant to Ordinance No. 00-104 (Expedite Ordinance)

FROM: George M. Burgess
County Manager

RECOMMENDATION

It is recommended that the Board adopt the attached resolution ratifying the County Manager's actions taken as of July 31, 2003 in expediting the capital improvement projects identified on the attached schedule (Exhibit "A").

BACKGROUND

Ordinance No. 00-104, known as the Expedite Ordinance, as amended, provides for expeditious treatment of professional service agreements and construction contracts associated with funded capital improvement projects identified in the approved annual capital budget (Proposed Capital Budget and Multi-Year Capital Plan) or projects subsequently included by a Board of County Commissioners (BCC) resolution.

The Office of Capital Improvements Construction Coordination (CICC) processed the 101 qualifying capital improvement project advertisements, awards, amendments and change orders of professional service agreements and construction contracts shown in Exhibit "A". Exhibit "B" is a listing of descriptions for the abbreviations utilized on the Exhibit "A". The expedite process has greatly reduced the timeline to advertise solicitations and competitive bids, award qualifying projects design and construction contracts, and process change orders and amendments/modifications to professional service agreements, resulting in significant efficiencies in the implementation of those projects. Pursuant to Administrative Order 3-39 approved by the Board on June 17, 2003, CICC shall administer the ratification process for expedite contracts, change orders and amendment or modifications, and shall prepare a ratification list and submit it to the BCC on a quarterly basis. The next ratification list will be presented for consideration in October 2003.
