Section 1. Targeted Jobs Incentive Fund (TJIF) Background

- 1.1 The Targeted Jobs Incentive Fund is an initiative fashioned by The Beacon Council and Miami-Dade County and patterned after the State of Florida Qualified Target Industry Tax Refund Program (QTI). The program's intent is to attract relocating out-of-area businesses and encourage expansion of existing local companies by providing cash incentive awards. As with the QTI Program, a Company is required to create a certain number of jobs and must also generate enough new revenue to Miami-Dade County to fund its TJIF benefit. While the State's QTI program is limited to certain industries, including corporate headquarters relocation, the TJIF Program may also be utilized for the One Community One Goal (OCOG) industries, as well as the expansion and/or relocation of other operational components of a business (i.e. sales office, warehouse).
- 1.2 The TJIF is an inducement program available only to companies from outside the County (with the exception of Palm Beach, Broward, and Monroe Counties) wishing to relocate here, and to Miami-Dade companies which undertake a business expansion and which create jobs as a result of the local expansion. Nevertheless, a Palm Beach, Broward or Monroe County-located Company that is planning to relocate outside South Florida is eligible for this program. The Company must provide verifiable documentation supporting its consideration of other locales. Any business decisions, such as announcements, leasing of space or hiring of employees, made prior to the final TJIF approval will likely be grounds for disapproval unless waived by the Miami-Dade County Manager after a showing of good cause.
- 1.3 Although the TJIF is available to companies countywide, it is also used to encourage investment and the creation of jobs in Enterprise Zones, the Empowerment Zone and in Urban Targeted Areas by providing business with an additional award per job if the Company locates within these specified areas.
- 1.4 Another goal of the TJIF is to encourage companies to hire residents living in Enterprise Zones, the Empowerment Zone and Urban Targeted Areas. Companies hiring said residents will be eligible to receive an additional amount per new job created.
- 1.5 The TJIF program is strictly a performance-based incentive that is only paid out to the Company after it has met all of its job creation projections, capital investment commitments and must provide the incremental tax revenue necessary to fund the award.

Section 2. Criteria

- 2.1 The Targeted Jobs Incentive Fund (TJIF) is limited to the targeted industries as per the State of Florida QTI Program. In addition, the One Community One Goal (OCOG) target industries are also eligible, as are regional offices. They include, but are not limited to, the following:
- a. Aviation
 - b. Biomedical
 - c. Film and Entertainment
 - d. Financial Services
 - e. Information Technology
 - f. International Commerce
 - g. Telecommunications
 - h. Visitor and Tourism
- 2.2 The Company must create at least 10 new jobs. If the project is an expansion, the number of new jobs to be created must be the greater of a minimum of five new jobs or at least ten percent of the Company's work force at the time of application.
- 2.3 The Company's countywide ad valorem property taxes, excluding debt service, and countywide portion of sale taxes paid must generate sufficient incremental tax revenue to the County in order to fund the award. Incremental revenue generated by the project shall be determined by utilizing an Economic Impact Model and analysis by both The Beacon Council and County staff. The project must exhibit a positive Return on Investment Incentive of at least 120%.
- 2.4 This Application and Agreement must be signed by the Company and Miami-Dade County stipulating the number of new jobs to be created, the projected amount of capital investment, the amount of the projected tax revenue and the time frame of when the project will be completed. Payment to the Company will only be made after it has achieved all economic benchmarks.
- 2.5 The TJIF is an inducement program that is only available to companies considering a relocation and/or expansion in Miami-Dade County and one or more other communities. The TJIF is utilized to induce "New to Market" companies to relocate to Miami-Dade County (not available for companies located within Palm Beach, Broward and Monroe Counties unless a Company is planning to relocate outside South Florida). Companies located in other Florida counties are eligible for TJIF for any net *new* jobs being created in Miami-Dade County. The Company must provide verifiable documentation supporting its consideration of other locales. Any business decisions, such as announcements, leasing of space or hiring of employees, made prior to the final TJIF approval will likely be grounds for disapproval.

Section 3. Program Funding

- 3.1 Incremental tax revenue generated by the companies locating or expanding within Miami-Dade County funds the program.

Section 4. Award Amounts Provided By Miami-Dade County

- 4.1 The total award is based on the projected number of new jobs to be created and the amount of countywide ad valorem property taxes, excluding debt service, and countywide portion of sales taxes paid. The base award amount per new job created is up to \$3,000 if the Company is located outside any of the following areas:

Empowerment Zone
Enterprise Zone
Target Urban Area
Brownfields
Community Development Block Grant areas

If the Company is located within any of the above areas an additional bonus award of up to \$1,500 per new job created is available. Likewise, if the Company employs a resident of one of the above areas an additional bonus award of up to \$1,500 per new job created is also available.

Consideration for award within a municipality or unincorporated Miami-Dade County will be evaluated on a case-by-case basis.

- 4.2 A capital investment TJIF award may be provided to a Company when the minimum number of New Jobs has been created and when new capital investment by and/or for the Company exceeds \$3 million in taxable property value. For a period of up to six (6) years (or longer as may be determined by the Board), the Company may receive said capital investment TJIF awards in the amount of eighty percent (80%) of the amount of countywide ad valorem property taxes paid-in on the subject property if it is located in a Designated Priority Area. This award is not applicable to the ad valorem property taxes paid-in on the subject property's land value nor to any improvements in place prior to the project.
- 4.3 A Company may not receive award payments of more than twenty five percent (25%) of the total awards specified in the approved application/agreement in any fiscal year even if all the New Jobs are created in one (1) year. Further, a Company may not receive more than \$1.5 million in awards in any single fiscal year, or more than \$2.5 million in any single fiscal year if the project is located in a Designated Priority Area. A Company may not receive more than \$5 million in award payments in all fiscal years, or more than \$7.5 million if the project is located in a Designated Priority Area. Further, the total award is capped by the lower of the above or the total of the applicable ad valorem property and sales taxes paid-in as a result of the project. Additionally, a Company cannot receive both a TJIF award and Enterprise Zone Tax Abatements unless the TJIF award is in excess of the Abatement; a Company cannot receive both the TJIF award on large capital investment taxes paid-in and the TJIF regular ad valorem property tax funded award; and, while a Company can receive both a tax refund under the State of Florida Qualified Target Industry Program and a TJIF award at the same time, it cannot receive more than an amount equal to what it has paid-in under the project at any time.

Section 5. Payment of Incentive

- 5.1 The TJIF is a performance based incentive program; therefore, verification of the new jobs created, capital investment made by the Company, and new revenue generated to Miami-Dade County must be verified by the County prior to any disbursement of funds to the Company. This procedure must be repeated each year that the Company submits a claim for the TJIF payment. The year that is applicable for consideration of taxes paid-in resulting in incremental tax revenue is April 1 through March 31. Company award claims must be submitted each year during the period of April 1 through May 15. Any award appropriation, if made by the Miami-Dade County Board of County Commissioners will be paid in the County fiscal year that begins on October 1 following the May 15 claims-submission deadline date.
- 5.2 The TJIF incentive is paid out beginning after the first year the new jobs are created. For instance, if a Company has projected creating 400 new jobs, 100 per year during a four-year period, the incentive will be paid for the first 100 jobs in the year after the jobs have been created. Disbursement shall be over four years even if all the new jobs are created in one year. Payment to the Company will only be made after it has achieved all economic benchmarks. A Company's incremental tax revenue paid to Miami-Dade County must be sufficient to fund the Company's award. In keeping with the State QTI program requirements, a Company receiving a cash incentive award under this TJIF program and also applying for and receiving Enterprise Zone tax abatements, must, in any given year, have its TJIF cash incentive award reduced by the amount of any such tax abatement granted.

Section 6. Application Process

- 6.1 Any Company that meets the criteria and objectives of the TJIF must submit this Application and Agreement to The Beacon Council for review. The Beacon Council will prepare an economic impact analysis for the project, based on the information provided by the Company.
- 6.2 The completed Application and Agreement is submitted to Miami-Dade County for verification and concurrence with the economic impact analysis provided by The Beacon Council. The analysis should reflect a Return On Incentive Investment (ROI) of at least 120% if the Company is not located in a Designated Priority Area, at least 110% if the Company is located in a Designated Priority Area, and at least 100% if the Company is located in a Designated Priority Area and the Board of County Commissioners finds such increase is in the public's best interest and approves said ROI when jointly recommended by The Beacon Council and the County Manager. The Beacon Council presents Company Application and Agreement along with its analysis and recommendation to Miami-Dade County.

Section 7. Review and Approval Process

- 7.1 Upon Application and Agreement evaluation by the County, staff will recommend approval or denial to the County Manager and prepare an agenda item for the next available Board of County Commissioners meeting where the TJIF incentive is considered for approval. The County Manager will recommend Application and Agreement approval or denial to the Board of County Commissioners. Per Miami-Dade County Ordinance No. 00-98 creating this program as amended by Ordinance No. 02-251, the Board of County Commissioners shall have no obligation to approve any Application and Agreement before it.
- 7.2 The Beacon Council staff and a Company representative (when requested) will attend the Board of County Commissioners meeting to be available to answer any questions related to the project and the TJIF.
- 7.3 If the Board of County Commissioners approves the Application and Agreement, the Company and the County Manager will execute said document(s). Pursuant to Florida Statutes, § 288.075 and § 288.1066, confidentiality will be protected for any information regarding a project's location and/or expansion evaluation of any site in the State of Florida. If confidentiality is requested, the Company name and identifying information shall be provided by the Company by the date indicated on the cover page of this Application and Agreement and shall be appended hereto. Upon said approval, as the applying Company you will be sent a letter by The Beacon Council stipulating the conditions of the approval.

Section 11. Project Impact Information

11.1 Miami-Dade County Ordinance 00-98 as amended by Ordinance 02-251 requires that Miami-Dade County review and evaluate the application based on the following issues. Therefore, thorough and concise responses to the items below are very important.

11.2 **Incentive Rationale:**

Provide a statement indicating why the incentive award is needed to further the project. What role will the incentive award play in the decision of the applicant to locate or expand in Miami-Dade County? Indicate whether or not there are other communities competing for this project, and if so, which communities, and what incentives are being offered by these communities. Also, specifically address the role the incentive will play in creating Miami-Dade County jobs. This statement should include an analysis of the impact of any incentive awards granted on the viability of the project and the probability that the project will occur in Miami-Dade County if such incentive awards are granted to the applicant, taking into account the expected long-term commitment of the applicant to economic growth and employment in Miami-Dade County.

Security training for pilots and flight crews became essential in the aftermath of the tragic events of Sept. 11. The TSA is committed to train these professionals, and other companies residing in various parts of the country (VA, TN, NJ) are vying to win this coveted contract. SAFE.air LLC. Believes that Miami is an ideal location for this project because of its' reputation as *the* flight training capital. Such a high exposure and prestigious project will draw attention to Miami Dade and positively affect its aviation and Hotel industries. The incentive award will allow SAFE.air LLC. To develop a state-of-the-art facility in an empowerment zone.

11.3 **Project Impact:**

Provide a brief synopsis on the impacts the project is expected to stimulate in the community, the state or regional economy focusing on economic conditions in the area, including the unemployment rate in the community where the project will be located.

It is estimated that of the 100,000 commercial pilots at least 30,000 will be certified as FFDO. Their initial training will be conducted over the next 2 years, and they will be required to have recurring training twice a year. The program lasts 60 hours which means the pilots will stay in town, in a hotel a minimum of 7 nights. In addition, constructing this facility and creating 60 new direct jobs will be a boost to the local economy.

11.4 **Environmental and Growth Management:**

Submit a brief review of the applicant's past activities in Miami-Dade County, Florida and in other states, particularly as they relate to environmental and growth management impacts and how these have been handled. Have any criminal or civil fines or penalties been assessed? Have any awards been recommended or received? (Basically, what kind of corporate citizen has the applicant been?)

SAFE.air LLC. CEO is Mr. Aviv Tzur, who has been a citizen of Miami-Dade county in the past 10 years. Mr. Tzur was the CEO of Avborne Heavy Maintenance and under his guidance 400 new jobs were created. Mr. Tzur has been active in promoting Miami-Dade County's economical development and the advancement of aviation businesses in Miami-dade.

11.5 **Capital Investment:**

- a) Describe the capital investment in real and personal property (examples: construction of new facility; remodeling of facility; upgrading, replacing or buying new equipment):
construction of a new facility, purchasing new equipment
- b) List the amount and type (purchase of machinery/equipment, construction of buildings, etc.) of major capital investment to be made by the applicant in connection with this Miami-Dade County project:
 Amount \$ 10,000,000 Construction _____
 Amount \$ 3,500,000 Equipment (simulators, range) _____
 Amount \$ 1,500,000 Other Equipment (computers, furniture & fixtures) _____

11.6 **Indicate other incentive programs the Company will be applying for:**

Section 12. Please initial below indicating your agreement:

- 12.1 AT that Miami-Dade County may review and verify the financial and personnel records of the Company and/or perform on site visits to verify employment relating to the New Jobs, review said financial and personnel records, and ascertain whether the Company is in project compliance;
- 12.2 AT that compliance with the terms and conditions of the approved application/agreement is a condition precedent for the receipt of any TJIF award in a fiscal year and that Company failure to comply with the terms and conditions of the approved application/agreement results in the loss of eligibility for receipt of TJIF awards and the revocation by the County Manager or the TJIF Committee of the certification of the Company as a TJIF business;
- 12.3 AT that the payment of TJIF awards are conditioned on and subject to specific annual appropriations by the Board sufficient to pay amounts under the approved application/agreement;
- 12.4 AT that Miami-Dade County shall be notified in writing of any development that impacts the implementation or operation of this Agreement or the project that this Agreement covers. Confidential Project Real Property Tax Benefits

Prepared by:

John B. Cordrey, Ph.D.
Senior Vice President
The Beacon Council

The Situation

This confidential project plans to invest \$ 15 million in new real and tangible property in unincorporated Miami-Dade County. \$10 million will be invested in buildings and \$5 million in equipment.

The property tax revenue generated from this \$15 million investment will benefit Miami-Dade County Government, Miami-Dade County Public Schools, as well as, the State of Florida and area special districts.

The Basic Assumptions

The latest Miami-Dade County mileage tax rates (2002) were used.

This latest mileage rate was used for the entire 10-year period analysis.

To adjust for the likely reduction in mileage rates over the next 10 years, the real property value was assumed to increase by 1.5 percent rather than the more typical 3 percent.

The equipment was depreciated at 10 percent per year.

Conclusions

Based upon this project investing \$10 million dollars in new real property and \$5 million in equipment, their 10-year property tax revenue (2005-2014) from this expenditure would exceed \$3 million.

Miami-Dade County general fund would receive \$822,064 over the next 10 years.

Miami-Dade County public schools would receive over \$1,291,517 for the 10-year period.

The third highest tax revenue would go to special districts, including fire rescue, library and MSA.

Recommendation:

Since, Safe.air LLC. is located within a Designated Priority Area (DPA)(Enterprise Zone), we recommend that Safe.air LLC. receive a cash incentive of \$822,064 to be paid out in increments over a 10-year period.
