**SUBJECT:** Contract Award  
Recommendation for Marketing and Public Relations Services for Miami-Dade Transit - RFP No. 345 - Contract No. TA02-MPR

---

This Contract Award Recommendation between Carmen Morris Associates, Inc. and Creative Ideas Advertising, Inc. Joint Venture and Miami-Dade County has been prepared by Miami-Dade Transit (MDT) and is recommended for approval:

**PROCUREMENT PROCESS:** Request for Proposals (RFP).

**RFP TITLE:** Marketing and Public Relations Services for Miami-Dade Transit.

**RFP No.:** 345.

**RFP LOCATION:** Countywide.

**RFP DESCRIPTION:** On April 15, 2002 a Request for Proposals (RFP No. 345) was issued to obtain a marketing and public relations services contract for Miami-Dade Transit. The contracting approach to this procurement is to award non-exclusive blanket contracts to multiple qualified marketing and public relations service providers. As MDT identifies the need for individual services, all MDT's marketing and public relations service providers will be invited to submit proposals. A Work Order may then be issued to the firm offering the best proposal. Award of the contracts will not guarantee any work but enables the County to issue Work Orders as needed, at a competitive price.

In order to qualify as a MDT marketing and public relations service providers, proposers were evaluated based on their experience and management resources. At a minimum, either the organization or its principal had to have documentation of at least three years of recent and relevant experience in providing marketing and public relations services. This minimum requirement has been established by Miami-Dade County to ensure the provision of quality marketing and public relations services by an experienced provider.

A total of three (3) proposals were received in response to RFP No. 345. Two are being recommended for award as members of the Marketing and Public Relations Services Pool. They are:

Carmen Morris & Associates, Inc. and Creative Ideas Advertising, Inc. Joint Venture.  
Kelley Swofford Roy, Inc.

The other proposer, Pfeffer and Associates, Inc., d/b/a What a Concept!, was found non-responsive by the County Attorney's Office due to non-compliance with the RFP's DBE requirements.

Carmen Morris Associates, Inc. and Creative Ideas Advertising, Inc. Joint Venture is recommended as a member of the pool of the marketing and public relations services contractors for Miami-Dade Transit and OPTM. The award for Kelley Swofford Roy, Inc is presented as a separate item in today's agenda.

The selected firm(s) will be expected to undertake specific activities to educate the community regarding transit issues and set the tone for a new image and acceptance of public transportation among Miami-Dade County residents. Strategies will be targeted at specific segments of the

community to significantly increase the number of transit users and supporters.

1. By signing and submitting this bid or proposal, the prospective lower tier participant is providing the signed certification set out in "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower tier Covered Transaction" in Exhibit FED-DB1.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, MDC may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to MDC if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction", and the certification form, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each

participant may, but is not required to, check the Nonprocurement List issued by U.S. General Service Administration.

8. Nothing contained in the foregoing shall be construed to require establishment of system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under Paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to all remedies available to the Federal Government, MDC may pursue available remedies including suspension and/or debarment.

***"Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transaction"***

IN WITNESS WHEREOF, the parties hereto have caused this Contract to be executed by their appropriate officials, as of the date first above written.

### B. Violation; Liability for Unpaid Wages; Liquidated Damages.

In the event of any violation of the clause set forth in subparagraph (b)(1) of 29 CFR Section 5.5, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such district or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in subparagraph (b)(1) of 29 CFR Section 5.5 in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of eight hours or in excess of the standard work week of forty hours without payment of the overtime wages required by the clause set forth in subparagraph (b)(1) of 29 CFR Section 5.5.

### C. Withholding for Unpaid Wages and Liquidated Damages.

DOT or the recipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other Federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in subparagraph (b)(2) of 29 CFR Section 5.5.

### D. Non-construction Grants.

The contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. Further, the recipient shall require the contracting officer to insert in any such contract a clause providing that the records to be maintained under this

In connection with the execution of this contract, the contractor shall not discriminate against any employee or applicant for employment because of race, religion, color, sex, age, disability, ancestry, marital status, pregnancy, sexual orientation, veteran's status, or national origin. The contractor shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, age, disability, marital status, pregnancy, sexual orientation, veteran's status, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, promotion, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeships. B. UTILIZATION OF DBE CONTRACTORS:

1. Affirmative Action Obligation

All projects, with and without Federal Funding.

a. Policy. MDC is committed to carry out the DBE Program and of meeting the objectives stated in the program, including nondiscrimination in the award and administration of DOT assisted contracts in MDT's transit programs; creating a level playing field on which DBEs can compete fairly; and ensuring that MDT's DBE program is narrowly tailored in accordance with applicable law. Consequently, the DBE requirements of 49 CFR Part 26 apply to this project.

b. DBE Obligation. Each bidder agrees to ensure that DBE Contractors as defined in 49 CFR Part 26 and this Provision are given the opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with Federal Funds provided under this project. In this regard all bidders shall take all necessary and reasonable steps in accordance with 49 CFR Part 26 and this Provision to ensure that DBE Contractors have the opportunity to compete for and perform contracts. Bidders shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of DOT-assisted contracts.

All determinations of compliance or non-compliance of the bidders with the requirements of this Provision, and of the appropriate consequences of non-compliance, shall be final and binding, except for administrative reconsideration from an adverse decision by MDC as provided in Section 26.53. All determinations shall be final and the result is not administratively appealable to the U.S. Department of Transportation. Nothing in this Provision shall be construed to diminish the legal responsibility or authority of MDC.

2. Stated Goal

A "Stated Goal" is to have portions of the work under the contract performed by qualified DBE firms owned and controlled by individuals who are socially or economically disadvantaged for prices totaling not less than the percentage of the contract price set out in the Bid Form. For the purposes of this contract, the Stated Goal is TEN Percent (10%) for DBE firms. Where no DBE goal is provided, the bidder/proposer shall use its best efforts during the performance of the contract to encourage the participation of these persons. DBE Goal requirements for transit vehicles are covered under FTA's Transit Vehicle Manufacturer provisions.

3. DBE Contractor/Bidder/Proposer

A Bidder or Proposer which is itself a DBE Contractor may, subject to compliance with the applicable requirements of Section III.B.(1) and (2) of this Provision, achieve the stated goal by performing work with its own forces a value at least equal to the percentage goal.

4. Title VI Compliance (Civil Rights Act of 1964)

During the performance of this contract, the contractor itself, its assignees and successors in interest (hereinafter referred to as the "contractor"), agrees as follows:

a. **Compliance with Regulations:** The contractor shall comply with the Regulations relative to nondiscrimination in federally-assisted programs of the Department of Transportation (hereinafter, "DOT") Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.

b. **Nondiscrimination:** The contractor, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, religion, color, sex, age, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The contractor shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

c. **Solicitations for Subcontracts, Including Procurements of Materials and Equipment:** In all solicitations either by competitive bidding or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the contractor of the contractor's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, religion, color, sex, age, or national origin.

d. **Information and Reports:** The contractor shall provide all information and reports required by the regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information and its facilities as may be determined by Miami-Dade County or the Federal Transit Administration (FTA) to be pertinent to ascertain compliance with such regulations, orders and instructions. Where any information required from a contractor is in the exclusive possession of another who fails or refuses to furnish this information, the contractor shall so certify to Miami-Dade County, or to the Federal Transit Administration as appropriate, and shall set forth what efforts it has made to obtain the information.

e. **Sanctions for Noncompliance:** In the event of the contractor's noncompliance with the nondiscrimination provisions of this contract,

Miami-Dade County shall impose such contract sanctions as it or the Federal Transit Administration may determine to be appropriate, including, but not limited to:

- (1) Withholding of payments to the contractor under the contract until the contractor complies, and/or
- (2) Cancellation, termination or suspension of the contract, in whole or in part.

f. Incorporation of Provisions: The contractor shall include the provisions of paragraph III.B.4.a. through III.B.4.f. of this section in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations or directives issued pursuant thereto. The contractor shall take such action with respect to any subcontract or procurements as Miami-Dade County or the Federal Transit Administration may direct as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that, in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the contractor may request Miami-Dade County to enter into such litigation to protect the interests of Miami-Dade County, and, in addition, the contractor may request the services of the Attorney General in such litigation to protect the interests of the United States.

### C. PROPOSAL REQUIREMENTS AND PROCEDURES PRIOR TO CONTRACT AWARD

#### 1. Proposal Submittal

a. Each proposer, as part of its proposal, shall submit a completed and signed Certification of Assurance failure to submit the Certificate of Assurance will deem you non-responsive.

b. The selected proposer(s) as a condition of responsiveness, shall submit to MDT two days prior to negotiation for each proposed DBE, the following documents:

(1) A Letter of Certification or other document from the Miami-Dade County Department of Business Development for each proposed DBE firm showing that the firm possesses a currently valid certification as a Disadvantaged Business Enterprise at the time the bids or proposals are submitted.

(2) A completed Schedule For Participation signed by the bidder listing those subcontracts which will be awarded to DBE contractors. This schedule shall list those Certified DBE Contractors with which the bidder intends to contract for the performance of portions of the work under the Contract, specifying the price to be paid to each such DBE Contractor, including a proposed timetable for the performance of each such contract item and providing other information as may be required

by the Schedule (the Schedule may include only work the DBE will perform itself or subcontract to other certified DBE firms); and

(3) A completed and signed Letter of Intent by each DBE Contractor listed in the Schedule for Participation indicating readiness to perform the work described for the amounts stated in the Schedule for Participation.

(4) A completed and signed DBE Contractor Identification Statement for each proposed DBE Contractor and for the bidder if it is a DBE Contractor.

(5) As required by 49 CFR 26.11, each proposer, as a part of its proposal, shall submit a completed Bidders List Form for itself and for each subcontractor or vendor it solicited as part of this proposal.

A proposer which does not submit the five forms listed above may be found to be non-responsive.

## 2. Submittals during Contract Negotiations

The selected proposer(s), as a condition of responsiveness, shall submit to MDT prior to contract award the documents and information set out in subparagraphs III.C.2.a. and III.C.2.b. herein.

a. Evidence of insurability of all listed DBE Contractors as required by the contract documents and by law and regulations, if applicable.

b. Good Faith Effort.

(1) When MDT establishes a DBE goal on a DOT-assisted contract, it requires a bidder, as a condition of responsiveness, to make good faith efforts to meet the goal. The bidder can meet this requirement in either of two ways.

(a) The bidder can meet the goal, documenting commitments for participation by DBE firms sufficient for this purpose. The SCHEDULES FOR PARTICIPATION and the LETTERS OF INTENT can be used for this purpose.

(b) If the bidder does not meet the DBE goal, it can document adequate good faith efforts. This means that the bidder must show that it took all necessary and reasonable steps to achieve a DBE goal which, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to obtain sufficient DBE participation, even if they were not fully successful. The SCHEDULES FOR PARTICIPATION, the LETTERS OF INTENT, and the CONTRACTOR UNAVAILABILITY forms may be used as part of this documentation. Information sufficient to satisfy

MDC that the bidder has made good faith effort must be submitted to the Clerk of the Board, located on the 17<sup>th</sup> Floor of the SPCC Building, 111 NW 1<sup>st</sup> St., Miami, FL 33128 by 4:30 p.m. on the second business day following the opening of bids.

(2) In any situation in which MDT has established a contract goal, MDT will use the good faith efforts mechanism spelled out in 49 CFR Part 26, Appendix A. MDT will make a fair and reasonable judgment whether a bidder that did not meet the goal made adequate good faith efforts. MDT will consider the quality, quantity and intensity of the different kinds of efforts that the bidder has made. The efforts employed by the bidder should be those that one could reasonably expect a bidder to take if the bidder were actively and aggressively trying to obtain DBE participation sufficient to meet the DBE Contract Goal. Mere pro forma efforts are not good faith efforts to meet the DBE contract requirements. MDT emphasizes that the determination concerning the sufficiency of the bidder's good faith efforts is a judgment call: meeting quantitative formulas is not required.

(3) MDT does not require that a bidder meet a contract goal (i.e., obtain a specified amount of DBE participation) in order to be awarded a contract, providing the bidder makes an adequate good faith efforts showing. MDT will give fair and serious consideration to bona fide good faith efforts.

(4) The following is a list of types of actions which the bidder should consider as part of the its good faith efforts to obtain DBE participation. The list is not intended to be a mandatory checklist, nor is it intended to be exclusive or exhaustive. Other factors or types of efforts may be relevant in appropriate cases.

(a) Soliciting through all reasonable and available means (e.g., attendance at pre-bid meetings, advertising and/or written notices) the interest of all certified DBEs who have the capability to perform the work of the contract. The bidder must solicit this interest within sufficient time to allow the DBEs to respond to the solicitation. The bidder must determine with certainty if the DBEs are interested by taking appropriate steps to follow up initial solicitations.

(b) Selecting portions of the work to be performed by DBEs in order to increase the likelihood that the DBE goals will be achieved. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate DBE participation, even when the prime contractor might otherwise prefer to perform these work items with its own forces.

(c) Providing interested DBEs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation.

(d) (i) Negotiating in good faith with interested DBEs. It is the bidders responsibility to make a portion of the work available to DBE subcontractors and suppliers and to select those portions of the work or material needs consistent with the available DBE subcontractors and suppliers, so as to facilitate DBE participation. Evidence of such negotiation includes the names addresses, and telephone numbers of DBEs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional agreements could not be reached for DBEs to perform the work.

(ii) A bidder using good business judgment would consider a number of factors in negotiating with subcontractors, including DBE subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration. However, the fact that there may be some additional costs involved in finding and using DBEs is not in itself sufficient reason for a bidder's failure to meet the contract DBE goal, as long as such costs are reasonable. Also, the ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the bidder of the responsibility to make good faith efforts. Prime contractors are not, however, required to accept higher quotes from DBEs if the price difference is excessive or unreasonable.

(e) Not rejecting DBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities. The contractor's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example, union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the contractors efforts to meet the project goal.

(f) Making efforts to assist interested DBEs in obtaining bonding, lines of credit, or insurance as required by the recipient or contractor.

(g) Making efforts to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services.

(h) Effectively using the services of available minority/women community organizations; minority/women contractors' groups; local, state, and federal minority/women business assistance offices; and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of DBEs.

(5) In determining whether a bidder has made good faith efforts, MDT may take into account the performance of other bidders in meeting the Contract goal. For example, when the apparent successful bidder fails to meet the contract goal, but other bidders meet it, MDT may reasonably raise the question of whether, with additional reasonable efforts, the apparent successful bidder could have met the goal. If the apparent successful bidder fails to meet the goal, but meets or exceeds the average DBE participation obtained by other bidders, MDT may view this, in conjunction with other factors, as evidence of the apparent successful bidder having made good faith efforts.

(6) Good Faith Efforts (Invitation for Bid/Request for Proposal). Good faith efforts, under the Invitation for Bid (IFB) method of procurement, to be considered must have been carried out prior to bid opening. Under a Request for Proposal (RFP) or similar method, good faith efforts must have been accomplished prior to receipt of best and final offers. MDC may request any other information as may be required to determine the listed DBE contractor's qualification.

(7) Agreements between a bidder and a DBE Contractor in which the DBE Contractor promises not to provide subcontracting quotations to other bidders are prohibited. The listing of a DBE Contractor by a bidder on its Schedule shall constitute a representation by the bidder that such DBE Contractor is Qualified and Not Unavailable, and a commitment by the bidder that if it is awarded the contract, it will enter into a subcontract with such minority contractor for the portion of the work and at the price set forth in its submittal subject to the terms of this Provision.

### 3. Selection Criteria to Ensure that Prime Contracts Are Awarded to Bidders that Meet the DBE Goal or Demonstrate Good Faith Efforts to Meet the DBE Goal.

a. If any one bidder meets or exceeds the Contract Goal, MDT may take into consideration whether bidders who failed to meet the Goal failed to exert sufficient reasonable efforts to meet the Goal and are, therefore, ineligible to be awarded the contract.

b. MDC reserves the right to award the Contract to a bidder prior to making a final determination as to the DBE status or qualification of a firm listed on the bidder's Schedule. If the DBE status of a firm listed on the bidder's Schedule is disapproved after contract award, the bidder shall remain bound by procedures under Section III.D.

4. DBE Participation shall be counted toward meeting the DBE Goal as follows:

a. Once a firm is determined by MDC to be an eligible DBE, the dollar value of the work performed by the DBE is counted toward the DBE Goal, except as limited by paragraph III.C.2.c.(2) through III.C.2.c.(4). (49 CFR 26.55(a)).

b. MDC shall count toward the DBE Goal a portion of the total dollar value of a contract with a joint venture equal to the percentage of the ownership and control of the DBE partner(s) in the joint venture. (26.55(b))

c. MDC shall count toward the DBE Goal only expenditures to DBEs that perform a commercially useful function in the work of a contract. (26.55(c))

(1) A DBE is considered to perform a commercially useful function when it is responsible for execution of a distinct element of the work of a contract and carrying out its responsibilities by actually performing and supervising the work involved. To determine whether a DBE is performing a commercially useful function, the bidder shall evaluate the amount of work subcontracted, industry practices, and other relevant factors.

(2) Consistent with normal industry practices, a DBE may enter into subcontracts. If a DBE Contractor subcontracts a significantly greater portion of the work of the contract than would be expected on the basis of normal industry practices, the DBE shall be presumed not to be performing a commercially useful function.

d. MDC shall count toward DBE goals expenditures for materials and supplies obtained from DBE suppliers and manufacturers, provided that the DBEs assume the actual and contractual responsibility for the provisions of the materials and supplies.

(1) MDC shall count toward DBE goals the entire expenditure to a DBE manufacturer (i.e., a supplier that produces goods from raw materials or substantially alters them before resale).

(2) MDC shall count toward DBE goals 60 percent of the expenditures to DBE suppliers that are not manufacturers provided that the DBE supplier performs a commercially useful function in the supply process.

5. Determination of Compliance

The total price for work to be performed by DBE contractors as indicated in the Bidder's Schedule of Participation by DBE Contractors is required to be sufficient to fulfill the stated goal, unless the Bidder shall demonstrate adequate good faith efforts as provided in III.C.2.c.

#### 6. Award of Contract

MDC shall not award a contract to any Bidder which it determines fails to comply with the applicable requirements of these provisions. Nothing herein shall relieve any Bidder or any Contractor performing any work under the Contract from any of the terms, conditions or requirements of the Contract or modify the Owner's rights as reserved in the Contract Documents.

#### 7. Procedures for Determination of Compliance

The selected proposer shall cooperate with the MDT DBE and Contract Compliance Supervisor during the determination of compliance process as described below.

##### a. Investigation and Recommendation by Compliance Monitor.

In the event that the Bidder has not met the stated goals, and has submitted the good faith efforts extended by the Bidder to meet the stated goal, the Compliance Monitor may require that the Bidder meet with the Compliance Monitor at the Miami Dade Transit Agency, 711 N. W. First Street, Suite 910, Miami, FL 33128, phone 305/375-1962, or such other place as the Compliance Monitor may designate.

The purpose of this meeting shall be for the Compliance Monitor to consider whether to recommend that the bidder's proposal be determined to be in compliance with the requirements of this Provision or to recommend award not be made to the bidder. At this meeting the bidder have an opportunity to present information and arguments pertinent to its compliance with the applicable requirements. Upon request of the Compliance Monitor, the bidder shall produce in writing at this meeting the information required in III.C.2.c, including the following::

(1) A detailed statement of the efforts made to contact and negotiate with DBE Contractors, including:

(a) the names, addresses and telephone numbers of DBE Contractors who were contacted;

(b) a description of the information provided to DBE Contractors regarding the plans and specifications for portions of the work to be performed; and

- (e) a detailed statement of the reasons why additional prospective agreements with DBE Contractors, if needed to meet the stated goal, were not reached;
- (2) A detailed statement of the efforts made to select portions of the work proposed to be performed by DBE Contractors in order to increase the likelihood of achieving the stated goal;
- (3) As to each DBE Contractor contacted but which the bidder considered to be not qualified, a detailed statement of the reasons for the bidder's conclusion;
- (4) As to each DBE Contractor contacted but which the bidder considered to be unavailable, either
- (a) a written statement from the DBE Contractor that it is unavailable, or
  - (b) a statement from the bidder that the DBE Contractor refused to give such written certification after reasonable request, and a detailed statement from the bidder of the reasons for the bidder's conclusion that the DBE Contractor was unavailable (the DBE Contractor Unavailability Statement may be used for this purpose where appropriate);
- (5) Attendance at a pre-bid meeting, if any, scheduled by the bidder to inform DBEs of subcontracting opportunities under a given solicitation;
- (6) Advertisements in general circulation media, trade association publications, and minority-focus media for at least 20 days before bids or proposals are due concerning subcontracting opportunities (if the interval between MDC advertising is so short that 20 days are not available, then publication for a shorter reasonable time is acceptable).
- (7) Efforts made to assist the DBEs contacted that needed assistance in obtaining bonding or insurance required by the bidder or MDC; and
- (8) Written notification to DBEs that their interest in the contract is solicited.

The Compliance Monitor may require the bidder to produce such additional information as the Compliance Monitor deems appropriate and may obtain whatever other and further information from whatever other sources he deems appropriate.

Not later than fifteen (15) days after given notice of his initial meeting with the bidder, the Compliance Monitor shall make a written

recommendation to the Contracting Officer which shall include a statement of the facts and reasons upon which it is based.

b. Determination by MDC.

Following receipt of the Compliance Monitor's recommendation, the Contracting Officer shall send to the bidder a Notice of Opportunity to meet with the Contracting Officer, enclosing a copy of the Compliance Monitor's recommendation. Such Notice shall indicate the date, time and place at which the bidder may, if it so requests in writing, meet with the Contracting Officer and have an opportunity to present pertinent arguments and information relating to the recommendation by the Compliance Monitor regarding the bidder's compliance with this Provision. The Contracting Officer may request such further information from the bidder as it deems appropriate, and may rely upon any factual conclusion reported by the Compliance Monitor which is not contradicted by the bidder. The Contracting Officer may also conduct informal conferences, to which the bidder shall be invited, in which other parties invited by the Contracting Officer may offer information relevant to the issues on which its recommendation to the Board of County Commissioners will be based.

As soon as practicable, the Contracting Officer shall make a determination, in writing and setting forth the facts and reasons upon which it is based, whether the bid of such bidder complies with the requirements of this Provision or recommending to the Board that the Contract not be awarded to the bidder. A copy of such determination shall be sent to the bidder. Such determination shall not affect the power of the Board of County Commissioners to reject the bidder's proposal for any other reason or to take action on the recommendation of the Contracting Officer it deems appropriate.

c. Consideration of Other Bids.

If MDC deems it advisable in the interests of expediting the award of the Contract, the procedures set forth in this Section III.C. may be carried out with respect to the bids of one or more additional bidders at the same or different times with each such proceeding to be separately conducted.

d. Failure of bidder to Participate.

The bidder will be bound by proceedings under this Provision to which it has been given required notice without regard to its participation or lack of participation in them. Its lack of participation, upon receiving notices and requests pursuant to this Provision, shall not be grounds for reconsideration of any actions taken in the procedure.

8. Substitution of DBE Contractors for those Listed in the Schedule for Participation

A bidder may change information required by this provision from that provided in its Schedule of Participation of DBE Contractor only when directed to do so by the Contracting Officer. The Contracting Officer may make such a direction if it determines in the course of any proceeding conducted pursuant to Section III.C.3., that

- a. Although listed by a bidder in good faith, a Contractor appearing on the bidder's Schedule is not a DBE Contractor, is not qualified or is unavailable and that
- b. If the work scheduled to be performed by said Contractor or its equivalent is not performed by a DBE Contractor, the bidder will not achieve the level of participation listed on its Schedule.

Upon receiving such a direction, the bidder shall make every reasonable effort to replace a contractor listed in its Schedule with a qualified DBE Contractor to perform, for not less than the lesser of the same price or the price necessary to achieve the level of participation listed in its Schedule, the same work or other work not appearing on the Schedule included with its bid or proposal submission. For the purpose of determining the bidder's compliance with this Provision, the revised list of DBE Contractors shall be considered. However, a failure by a bidder to make the efforts required by the preceding paragraph prior to Contract award shall be grounds for a determination by the Board of County Commissioners that the contract not be awarded to the bidder. If a bidder is awarded the Contract and it fails to make such efforts upon notice by MDC, MDC shall subject the bidder to sanctions as provided in Section III.D.4.

#### D. REQUIREMENTS AND PROCEDURES SUBSEQUENT TO CONTRACT AWARD

##### 1. Proposal, Execution, and Compliance with Subcontracts

a. The successful bidder/contractor shall propose for MDC approval subcontracts corresponding in all respects to the proposed agreements listed on the contractor's Schedule for Participation by DBE Contractors included in its bid or proposal with substitutions authorized under this Provision. Upon approval by the Contracting Officer the contractor shall enter into each such approved subcontract and shall thereafter neither terminate any such subcontract nor reduce the scope of the work to be performed by, or decrease the price to be paid to, the DBE Contractor thereunder without in each instance the prior written approval of the Contracting Officer.

b. MDC retains the right to approve or disapprove any subcontract with a DBE Contractor proposed under this Provision for the same reasons and in the same manner that MDC may approve or disapprove any other subcontract proposed to it. If MDC disapproves a subcontract required to be proposed under this Provision for reasons relating to its form, the contractor shall propose for approval another subcontract with the same DBE Contractor, for the same work and at the same price, in a form acceptable to MDC. If MDC disapproves a subcontract required to be proposed under this Provision for any other reason, the contractor shall

be excused from proposing that subcontract and shall be subject to the provisions of Section III.D.2 below.

## 2. Substitution of Subcontractors

### a. Excuse from Entering Subcontracts.

If prior to execution of a subcontract required by this Provision, the contractor submits a written request to the Contracting Officer and demonstrates to the satisfaction of the Contracting Officer that, as a result of a change in circumstances beyond its control of which it was not aware and could not reasonably have been aware until subsequent to the date of award of the Contract, a DBE Contractor which is to enter into such subcontract has become not Qualified, or that the DBE Contractor has unreasonably refused to execute the subcontract, the contractor shall be excused from executing such subcontract.

### b. Rightful Termination of Subcontracts.

If, after execution of a subcontract required by this Provision, the contractor submits a written request to the Contracting Officer and demonstrates to the satisfaction of the Contracting Officer that, as a result of a change in circumstances beyond its control of which it was not aware and could not reasonably have been aware until subsequent to the date of execution of such subcontract, a DBE Contractor which entered into such subcontract has become not Qualified or has committed and failed to remedy a material breach of the subcontract, the contractor shall be entitled to exercise such rights as may be available to it to terminate the subcontract.

### c. Determination of Excuse of Rightful Termination.

If the contractor at any time submits a written request to the Contracting Officer under the provisions of either Section III.D.1. or Section III.D.2., the Contracting Officer, as soon as practicable, shall determine whether the contractor has made the requisite demonstration, and shall not determine that such a demonstration has not been made without first providing the contractor upon notice, an opportunity to present pertinent information and arguments.

### d. Alternative Subcontracts.

If the contractor is excused from proposing a subcontract under Section III.D.1. or from executing a subcontract under Section III.D.2.a., or rightfully terminates a subcontract under Section III.D.2.b. and without such subcontract the contractor will not achieve the stated level of DBE participation on which the contract was awarded, the contractor shall make every reasonable effort to propose and enter into an alternative subcontract or subcontracts for the same work to be performed by another Qualified DBE Contractor or Contractors for a contract price or prices totaling not less than the contract price under the excused or

terminated subcontract, less all amounts previously paid thereunder. The contractor shall be deemed to satisfy the requirements of this Section III.D.2.d. if:

- (1) It shall propose and enter each such alternative subcontract for the same work; or
- (2) It demonstrates to the satisfaction of the Contracting Officer that it has made every reasonable effort to contact and negotiate with DBE Contractors in an attempt to subcontract such work, but that it was unable to subcontract the work because DBE Contractors were
  - (a) Not Qualified;
  - (b) Unavailable; or
  - (c) Although Qualified and not Unavailable, unwilling or unable to propose a price for such work equal to or less than the greater of the price originally scheduled for such work (less all amounts previously paid therefor), or the price stated in another bona fide proposal, of which such DBE Contractors had knowledge, submitted by another contractor to which the contractor proposes to subcontract such work; or
- (3) It shall propose and enter into subcontracts with another qualified DBE Contractor or Contractors, for prices totaling the price originally scheduled for such work (less all amounts previously paid therefor) for the performance of other work not included in its Schedule as it may be modified according to this Provision.

In any situation covered by this Section III.D.2., the Compliance Monitor shall promptly meet with the contractor and provide it an opportunity to demonstrate compliance with these requirements. The Compliance Monitor shall, as promptly as practicable, recommend to the Contracting Officer whether the contractor should be determined to be in compliance with these requirements.

The Compliance Monitor may require the contractor to produce such information as the Compliance Monitor deems appropriate and may obtain whatever other and further information from whatever sources the Compliance Monitor deems appropriate. A copy of the Compliance Monitor's recommendation shall be promptly hand delivered or sent by registered mail to the contractor. The Compliance Monitor shall not make his recommendation under this paragraph without giving the contractor notice and an opportunity to present pertinent information and arguments. MDC will consider objections to the Compliance Monitor's recommendation only if such written objections are received by the Contracting Officer within five (5) calendar days from the contractor's

receipt of the Compliance Monitor's recommendation. The Contracting Officer with or without a hearing, as he in his discretion may determine, will reply to the contractor's written objection within ten (10) working days of receipt of these objections.

### 3. Continued Compliance

MDC shall monitor the compliance of the contractor with the requirements of this Provision during the course of the work to be performed under the Contract. The contractor shall permit MDC to have access to the job site and to necessary records, and to examine such information as appropriate for the purpose of investigating and determining compliance with this Provision, including, but not limited to, manning tables, records of expenditures, change orders, observations at the job site, and contracts between the contractor and other parties entered into during the life of the Contract.

### 4. Sanctions for Violations

If at any time MDC has reason to believe that the contractor is in violation of its obligations under this Provision, or has otherwise failed to comply with this Provision, MDC may, in addition to pursuing any other available legal remedy, commence proceedings to impose sanctions on the contractor. Such sanctions may include, but are not limited to, one or more of the following:

- a. The suspension of any payment or part thereof due the contractor until such time as the issues concerning the contractor's compliance are resolved;
- b. The termination or cancellation of the Contract in whole or in part unless the contractor is able to demonstrate within a reasonable time its compliance with the terms of this Provision; and
- c. The denial to the contractor of the right to participate in any further contracts awarded by MDC for a period of not longer than three (3) years. No such sanction shall be imposed by MDC upon the contractor except pursuant to a hearing conducted by the Contracting Officer.

### 5. Prime Contractor DBE Reporting Requirements.

The prime Contractor shall submit reports periodically on the participation by DBE firms in the project.

- a. Monthly reports from DBE subcontractors.

The prime contractor shall secure a report monthly from each DBE subcontractor working on the project, using the attached Monthly Progress Report form or a similar form. The reports from the DBE subcontractor shall specify the amounts of money that have been received by the DBE contractor from the prime contractor during the month the report covers. Authorized representatives of each DBE firm

shall sign the report(s), verifying the participation of the DBE firm in the contract work and receipt of the monies listed.

b Monthly report from the prime contractor.

The prime contractor shall report subcontracting and purchasing activities with DBE firms monthly using the attached Monthly Progress Report form or a similar form. The report forms signed by each DBE subcontractor firm shall be attached to the prime contractor's Monthly Report. The completed Report with attachments shall be submitted to the Contracting Officer on or before the tenth working day following the end of the month the report covers.

6. Prompt Payment.

MDT will pay small businesses, including DBEs, and prime contractors will pay subcontractors, including DBEs, for satisfactory performance of their contracts no later than 30 days after a proper invoice has been received. The prime contractor will return retainage payments to the subcontractor, including DBEs, within 30 days of the subcontractor's satisfactory completion of work. The prompt payment ordinance and MDT contracting procedures provide for appropriate penalties for failure to comply with the terms and conditions of MDT contracts. Any delay or postponement of payment among or between the parties may take place only for good cause and with MDT's prior written approval. (49 CFR 26; 13 CFR 121; Florida Law, Chapter 218, Part VII, Prompt Payment Act; Miami Dade County Prompt Payment Ordinance No. 94-40)
