Agenda Item No. 7(P)(1)(D)

---

TO: Honorable Chairperson Barbara Carey-Shuler, Ed.D.  
and Members, Board of County Commissioners

DATE: December 4, 2003

FROM:   
George M. Burgess  
County Manager

SUBJECT: Road Closing Petition P-744  
Section: 9-53-41  
NW 31 Court, NW 78 Street and a 10- foot  
Alleyway  
District 2

---

**RECOMMENDATION**

It is recommended that the Board of County Commissioners grant the subject petition. The property surrounding the subject right-of-ways is being replatted from its original lots and blocks design into a single Tract, for a rapid transit station as part of joint development requirements. The Tentative Plat of NORTHSIDE STATION (T-14155) is based on the Miami-Dade Transit Facility Site Plan dated 1981. The Transit Station has been operating since 1985. For the reasons stated, the Public Works Department (PWD) is recommending closing and vacating said right-of-ways. The Miami-Dade County Departments of Planning & Zoning, Fire Rescue, Water and Sewer, and Public Works have no objection to the subject right-of-ways closing, in accordance with the terms and conditions set forth in the Resolution.

**BACKGROUND**

The petitioner, Miami-Dade Transit (MDT), is requesting the proposed roadway closures as an integral part of the contiguous Northside Metrorail station site. The station concourse, bus driveway, pedestrian walkways, park and ride lot and landscaping are all part of the station complex and have been operational with some improvements since 1985.

The portions of street, avenue and parcels proposed for closure are internal and not affecting access to and from the site. Furthermore, the Rapid Transit Stations are designed having only one entrance to a parking facility for safety and security reasons. Within the sites there are pedestrian walkways that conform to all the applicable building codes. Therefore, no negative vehicular traffic impact will result when granting this request. The petitioner owns the entire property abutting the subject right-of-ways.

The petition includes a 50-foot wide by 428-feet long portion of NW 31<sup>st</sup> Court, a 50-foot wide by 236-foot long portion of NW 78<sup>th</sup> Street and the entire 10-foot wide by 286-foot long alleyways.

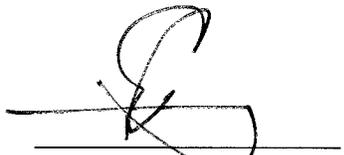

The subject right-of-ways were dedicated in 1925 by the ESTA-SU-CASE SUBDIVISION Plat, recorded in Plat Book 14, Page 41, of the Public Records of Miami-Dade County, Florida.

The Miami-Dade Water and Sewer Department (WASD) has facilities within some of the right-of-ways to be vacated. However, utility easements have been agreed to and will be granted by separate instrument (not plat) pursuant to an agreement between WASD and MDT.

Honorable Chairperson Barbara Carey-Shuler  
and Members, Board of County Commissioners  
Page Two

The subject right-of-ways are within zoning district Rapid Transit Zone (RTZ). This zoning designation for metrorail corridors supersedes all zoning districts.

The Property Appraiser's Office has assessed the value of the metrorail station properties as a lump-sum; however, MDT is tax exempt and this closing will not affect property taxes.
