Dear South Miami Resident

As you know, the City's automated garbage collection system has been working very well. We are working out the arrangements for the collection of the one-time charge for the required new garbage containers with Miami-Dade Water & Sewer Department. On the City's behalf, they will be adding this charge to one of your upcoming water and sewer bills in the very near future. Please keep in mind; it is the City of South Miami and not Miami-Dade County that is levying this charge, as approved by the City Commission last year. If you have any questions about it, please contact our Public Works Department at 305-663-6350.

Sincerely,

Marta V. Davis
City Manager
