County Attorney

Subject: Resolution authorizing the execution of a Settlement Agreement, Waiver, and Release between Zom South Beach, Ltd., Athen Karlton Sobe, LLC, The Waverly of South Beach Condominium Association, Inc. (collectively, the Entities) and Miami-Dade County

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) adopt the attached resolution authorizing the execution of a Settlement Agreement, Waiver, and Release between Zom South Beach, Ltd., Athen Karlton Sobe, LLC, The Waverly of South Beach Condominium Association, Inc. (collectively, the Entities) and Miami-Dade County. This resolution relates to water and sewer connection fees established in Miami-Dade County Ordinance No. 89-95. The Entities have agreed to pay the County \$175,000 in full satisfaction of the County's claim for payment. This settlement does not include the City of Miami Beach's responsibilities described below.

BACKGROUND

Miami-Dade County Ordinance No. 89-95 requires that all new buildings within the jurisdiction of a volume customer that are deemed to impact water and/or sewer facilities pay a connection charge to the Miami-Dade Water and Sewer Department (MDWASD). Volume customers are those municipalities that purchase water and/or sewer service from the County and then directly provide these services to retail customers within their jurisdiction. The City of Miami Beach is a volume customer of MDWASD's. Under Ordinance No. 89-95, the volume customer is prohibited from rendering water service, sewer service, or both until it has either collected the County's connection charge or it is presented with a receipt showing the County has received the money. In 2005, an audit conducted by the County's Audit and Management Services revealed that for a number of buildings built between 1989 and 2005 the City of Miami Beach had failed to either collect the connection charges or verify that the charges had been collected by the County. Contrary to the mandates of Ordinance No. 89-95, the City of Miami Beach provided water and/or sewer services to all those buildings.

As a result of an Audit and Management Services audit, MDWASD staff sought payment from all the buildings in the City of Miami Beach that were identified as not having paid the proper connection charges between 1989 and 2005. MDWASD initially sent letters to the building owners seeking full payment. In many instances, the owners paid, in others, the County instituted legal action. As a result of these collection efforts, from an initial amount of \$10,440,969 due in connection charges, MDWASD has collected \$5,715,252, the remaining balance of \$4,725,717 consists for the most part of monies owed by projects constructed more than 4 years ago. These projects which total \$3,255,900 depending on individual circumstances could be subject to Florida's 4 Year Statute of Limitations. MDWASD is proceeding on a case by case basis to collect these monies and expects to bring resolution to all outstanding connection charges by year-end.

Projects in the City of Miami Beach that owe MDWASD more than \$100,000 in connection charges are listed below. In the coming months, MDWASD will present settlement agreements to the Board for those projects subject to the statute of limitations. MDWASD's collection effort on these outstanding connection charges does not relieve the City of Miami Beach from its responsibility to either collect or pay the remainder of these delinquent fees. In fact, staff has and will continue to meet with City of Miami Beach officials, to inform them of the amounts we intend to settle.

Projects Developed in the City of Miami Beach

<u>Name of Project</u>	<u>Amount Owed</u>	<u>Actions Being Taken by MDWASD</u>
The Loews Hotel	\$899,047	While this is the amount on the books, our research has discovered that the amount may be significantly less. We will be completed with the Loews negotiations in the next two weeks.
The Waverly (subject of this recommendation)	\$526,347	Settlement Agreement attached for \$175,000. The remainder will be the responsibility of the City of Miami Beach.
Yacht Club at Portofino	\$513,758	Collection notices sent for the full amount due.
Portofino Tower	\$310,356	Collection notices sent for the full amount due.
The Royal Palm Hotel	\$286,129	Collection notices sent for the full amount due.
Cosmopolitan Towers	\$229,831	Collection notices sent for the full amount due.
The Ritz Carlton Hotel	\$145,218	Collection notices sent for the full amount due.
Ocean Blue Condominiums	\$138,961	Collection notices sent for the full amount due.
The Shores Club	\$118,585	Nearing agreement with developer for full amount to be paid in three equal installments with interest from the date of the settlement.
Collins Victory Plaza	\$106,255	Collection notices sent for the full amount due.

Regarding this Waverly fee, the entities have asserted various defenses to the County's claim; these defenses may prevent the County from recovering any of the claimed amounts. After initial negotiations, the original offer of settlement was \$35,000. After further negotiations, that amount has been increased to \$175,000. It should be noted that the building is now under control of the condominium association. The settlement will be paid by the developers. This settlement is fair and reasonable given the strength of the Entities' defenses, the risks of litigation and the costs of trying this case.

Members, Board of County Commissioners

Each of these major buildings reflects a different set of facts and a different probability of success in court. Board of County Commission approval of the settlement is the first phase of our effort to completely recover. The second phase will be a negotiation with the City of Miami Beach once the total recovery balance from all projects is known.

Based upon the complex legal issues, the risks of litigation and the potential for additional revenues from a final settlement with the City of Miami Beach your approval of the attached resolution and Settlement Agreement, Waiver and Release is respectfully requested.
