Date: January 25, 2007

To: Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

From: George M. Burgess

Subject: Fiscal impact of ordinance establishing the Workforce Housing Development Program

The proposed ordinance provides for the creation of a Workforce Housing Development Program through amendments to Chapter 33 of the Code of Miami-Dade County. The amendments include adopting land use regulations that encourage development of land available for residential use in a manner that emphasizes integration of new housing for individuals and families in the workforce target income group.

The Workforce Housing Development Program, which would be voluntary, allows applicants to obtain prescribed density and intensity development bonuses by providing workforce housing units, or in certain instances, by providing a monetary contribution to the Affordable Housing Trust Fund in lieu of construction of workforce housing units. The program also allows a monetary contribution from applicants seeking zoning approval for development of fewer than 20 dwelling units.

The Miami-Dade Department of Planning and Zoning will implement the land use and zoning regulations and the Building Department will implement the expedited permit review process with existing staff. The Miami-Dade Housing Agency (MDHA) will administer the Workforce Housing Development Program with existing staff. If additional staffing levels or resources are required once the Program is underway, the Board will be informed.

Contributions provided in lieu of construction of workforce housing units or development of fewer than 20 dwelling units will be transferred to the Affordable Housing Trust Fund. Trust fund proceeds will be used for expanding workforce housing opportunities.

ORDINANCE NO. 07-05

ORDINANCE ESTABLISHING WORKFORCE HOUSING DEVELOPMENT PROGRAM (“PROGRAM”); PROVIDING ZONING REGULATIONS, LEGISLATIVE INTENT, FINDINGS AND PURPOSE, DEFINITIONS, APPLICABILITY, PROGRAM REQUIREMENTS, INCENTIVES, PROGRAM ADMINISTRATION, AND BUILDING PERMIT PROCESS; PROVIDING PROCEDURES; REQUIRING FUTURE MUNICIPALITIES TO ADOPT WORKFORCE HOUSING DEVELOPMENT PROGRAM OR EQUIVALENT; PROVIDING SEVERABILITY, INCLUSION IN THE CODE, AND AN EFFECTIVE DATE

BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA:

Section 1. Chapter 33, Article XIIA of the Code of Miami-Dade County, Florida is hereby created to read as follows:

ARTICLE XIIA.

WORKFORCE HOUSING DEVELOPMENT PROGRAM

Sec. 33-193.3. Short title.

This article shall be known as the “Workforce Housing Development Program of Miami-Dade County, Florida.”

Sec. 33-193.4. Legislative intent, findings, and purpose.

A. Need for workforce housing in Miami-Dade County.

The health, safety, and welfare of the present and future residents of Miami-Dade County depend on the availability of a range of housing choices affordable to persons and families of all income levels in all areas of Miami-Dade County. Current patterns of development have resulted in a persistent shortage of housing for certain sectors of the community. Studies of market demand show that for the foreseeable future more than 50% of the new labor force in

Miami-Dade County will require moderately priced housing units. Currently, there exists in Miami-Dade County a shortage of housing affordable to individuals and families of moderate incomes, particularly those whose earnings range from 65% to 140% of the County's median income, the "workforce target income group." The workforce target income group includes many public employees and others employed in key occupations that support the local community. Increasingly, the high cost and short supply of housing affordable to persons and families of moderate income mean that many employees in the workforce target income group cannot afford to live in Miami-Dade County, while others can only afford to live in areas concentrated according to price and income level.

The uneven distribution of moderately-priced housing results in additional stratification of housing according to price and income level. It is in the best interests of the public health, safety, and welfare of the present and future residents of Miami-Dade County to reduce or eliminate such economic stratification by adopting land use regulations that encourage development of land available for residential use in Miami-Dade County in a manner that emphasizes integration of new housing for individuals and families in the workforce target income group into new, expanding, or redeveloping neighborhoods.

The uneven geographic distribution of housing affordable to the workforce target income group, as well as the distance between jobs and available housing, also increase traffic congestion and decrease economic productivity. Traffic and roadway congestion in turn adversely affect the environment and diminish air quality, increasing the burden on the public health care system and resulting in rising health care costs. The public health, safety, and welfare of the present and future residents of Miami-Dade County can best be protected by adopting land use policies to ensure that housing affordable to the workforce target income group is distributed throughout the county near workplaces, rather than being concentrated in enclaves separate from jobs and higher-priced housing.

The Florida Growth Management Act requires Miami-Dade County to adopt a comprehensive plan to guide future development and growth, including a housing element consisting of standards, plans, and principles to be followed

in the provision of housing for all current and anticipated future residents. Exercising the authority conferred by the Miami-Dade County Home Rule Charter, and in furtherance of the Growth Management Act, the Board of County Commissioners has adopted the Comprehensive Development Master Plan ("CDMP"), including a housing element which establishes goals, objectives, and policies to ensure the provision of all variations of affordable housing products to meet the spatial and economic necessities of all current and future residents regardless of household type or income.

B. Causes and consequences of lack of sufficient workforce housing supply.

In order to assess the extent of the housing shortage, identify the most severely affected sectors of the community, and ascertain the need for a workforce housing development program, the Board of County Commissioners established a task force consisting of county housing, zoning, and planning professionals, and representatives of the private, for-profit, development community. The mission of the task force was to analyze the current and anticipated future make-up of Miami-Dade County's workforce and population, the geographic distribution of moderately-priced housing, historical and current patterns of development applications and approvals, the distance between jobs and housing for the workforce target income group, the overall impact of the housing shortage on the economy of Miami-Dade County, and the adverse consequences failure to act would have on the health, safety, welfare, comfort, and convenience of the present and future residents of Miami-Dade County. The need for the workforce housing development program as identified by the task force is the result of a variety of factors, including, but not limited to, those noted below.

- (1) *Increasing population pressure.* Miami-Dade County, in both the incorporated and unincorporated areas, is experiencing a rapid increase in the numbers of residents in the workforce target income group, including persons with fixed or reduced incomes, young adults forming new households, minority households, single adults, and many public employees and others in key occupations serving the entire

community including teachers, police and public safety personnel, health care workers and mid-level management workers. Studies show that, as a result of this population increase, for the foreseeable future more than one-half of the new labor force in Miami-Dade County will require workforce housing.

- (2) *Cost burdens.* Households in Miami-Dade County suffer from a high and increasing housing cost burden. Households have traditionally been regarded as "cost burdened" if they spend more than 30% of their gross income on housing costs. In Miami-Dade County, nearly 51% of all renter households pay more than 30% of their income in gross rent. In owner-occupied units, more than 36% of all households pay more than 30% of their income on housing.
- (3) *Inadequate housing supply for the workforce target income group.* Current patterns of development, the costs of acquiring land suitable for residential development, and the disposition of remaining developable land have resulted in an abundance of higher-priced housing and a shortage of housing economically attainable by the workforce target income group. With the exception of housing developed with government subsidies, privately developed new residential housing being built in Miami-Dade County generally is not affordable to the workforce target income group. Experience indicates that state and federal funds for the construction of affordable housing will not address the housing needs of the workforce target income group.
- (4) *Overcrowding.* Overcrowding is a major problem in Miami-Dade County. The problem is acute in low to moderate income households and households in the workforce target income group. Analyses indicate nearly 20% of all housing units in Miami-Dade County are overcrowded.
- (5) *Concentration of housing based on economic status.* Demographic analyses indicate that development applications and approvals that reduce the supply of

land developable for residential use, and which result in a disproportionate amount of higher-priced housing, result in a reduced supply of housing for individuals and families in the workforce target income group, including young families, retired and elderly persons, single adults, female heads of houses, and minority households. Such development activity produces the undesirable and unacceptable effect of concentrating housing according to price, thus frustrating the policies and goals of the housing element of the CDMP, and increasing the threat to the public health, safety, welfare, comfort, and convenience of the present and future residents of Miami-Dade County.

- (6) *Need for involvement of private development community.* Existing efforts to encourage private, for-profit, developers to construct housing within the economic reach of the workforce target income group have met with very limited success. It is apparent that the need for housing for the workforce target income group can only be addressed if the responsibility for ensuring a diverse and adequate supply of housing is shared by Miami-Dade County, and the private, for-profit, development community.

- C. Authority to establish and administer a workforce housing development program.

The Miami-Dade County Home Rule Charter specifically authorizes the Board of County Commissioners to prepare and enforce comprehensive plans for the development of Miami-Dade County in the incorporated and unincorporated areas, to establish, coordinate, and enforce such zoning regulations as are necessary for the protection of the public, to exercise all powers and privileges granted to municipalities, counties and county officers by the Constitution and laws of the State, to exercise all powers not prohibited by the Constitution or by the Charter, and to perform any other acts consistent with law which are required by the Charter or which are in the common interest of the people of the County. The workforce housing development program of Miami-Dade County is declared to be a proper and necessary exercise of the powers conferred upon the Board of County Commissioners for the protection of the health, safety, welfare, comfort, and

convenience of the present and future residents of Miami-Dade County.

Consistent with the goals, objectives, and policies of the land use and housing elements of the CDMP, the objective of the workforce housing development program is to increase the supply of housing affordable to the workforce target income group, and to address many of the problems associated with the short supply of housing affordable to the workforce target income group and with the uneven, poor geographic distribution of such housing throughout Miami-Dade County. Through utilization of a combination of density bonuses, relaxation of intensity standards, flexible design criteria, and other incentives, the workforce housing program established herein will help alleviate the existing housing shortage by making it more feasible for the private, for-profit, development community to create and deliver a greater number of housing units affordable to the workforce target income group. Dispersal of workforce housing units throughout this community will avoid overconcentration of such housing.

- D. Joint effort of private development community, public sector, and not-for-profit sector.

It is the further intent of the Board of County Commissioners that the workforce housing development program established herein will foster and encourage the private, for-profit, development community to join with the public sector and the nonprofit sector to further the goal of meeting the housing needs of the workforce target income group.

- E. Adoption of legislative intent, findings and purpose.

The foregoing statements are declared to be the legislative intent, findings and purpose of the Board of County Commissioners and are hereby adopted and made a part hereof.

Sec. 33-193.5. Adoption of land use regulations and procedures for operation of Miami-Dade County's Workforce Housing Development Program.

The Board of County Commissioners hereby adopts land use regulations and procedures for the operation of the Miami-Dade County workforce housing development program. The workforce housing development program, including all land use regulations and operating procedures, is deemed to be essential to assure the protection of the public health, safety, welfare, comfort, and convenience of the present and future residents of Miami-Dade County. All land use regulations adopted in connection with the workforce housing development program shall be supplemental to existing zoning on affected properties and shall be construed to be consistent therewith.

The Board of County Commissioners shall adopt by resolution such administrative procedures as may be necessary or proper to further the purposes of this article and thereby protect the public health, safety, welfare, comfort, and convenience of the present and future residents of Miami-Dade County.

Sec. 33-193.8. Alternatives to on-site construction of WHUs; variances.

(A) Alternatives.

An applicant for a WHU application ("WHU applicant") may satisfy the requirement of on-site construction of all of the required WHUs or of a portion of required WHUs by one of the means described below upon demonstrating, after public hearing, that where, owing to special conditions, allowing the alternative will observe the spirit of this article, and that approving the alternative requested will further the development of housing for the workforce target income group in the unincorporated area of Miami-Dade County to an equal or greater extent than construction of the required WHUs on-site.

- (1) *Off-site construction of WHUs.* If an approval is obtained after public hearing in accordance with the standards in this section, a WHU applicant may comply with the requirements of this article by construction of 110% of the number of WHUs required by this article at one or more alternative sites within a 2 mile radius of the proposed location of the market rate units being proposed (the "Off-site WHUs"). The alternative site must contain both its market rate and workforce housing units and the Off-site WHUs. The alternative site shall be within the same Community Council jurisdiction as the market rate units being proposed and the construction of the Off-site WHUs on the alternative site shall occur concurrently with the market rate units on the primary site.
- (2) *Monetary contribution in lieu of construction of WHUs.* If an approval is obtained after public hearing in accordance with the standards in this section, or if permitted as of right pursuant to section 33-193.9, a WHU applicant may satisfy the requirements of this article by providing a monetary contribution to the affordable housing trust fund

established in Chapter 17, Article VIII of this code, in lieu of construction of the required on-site workforce housing units. Any monetary contributions received by the County shall not be commingled with any other funds deposited into the affordable housing trust fund that are not associated with the WHU program, but shall be deposited into a separate account. The amount of such required monetary contribution shall be as established in section 33-193.9.1. All monetary contributions shall be made prior to the issuance of the first building permit on the market rate units.

- (3) *Combination of off-site construction of WHUs and monetary contributions.* If an approval is obtained after public hearing in accordance with the standards in this section, a WHU applicant may comply with the requirements of this article employing a combination of the alternatives (1) and (2) above in accordance with the standards of this section.

(B) Variances.

The following provisions of this article may be varied after public hearing, only upon demonstration that a literal enforcement of the provision of this article will result in an unnecessary hardship, that allowing the variance will observe the spirit of this article, that the degree to which the variance is granted is the minimum needed to avoid the hardship, and that the objectives of this article to increase the supply of housing for the workforce housing target group within the Community Council area will continue to be met if the requested variance is granted:

- (1) the applicable density bonus provisions or intensity standards;
 - (2) the number of WHUs required for a WHU application.
 - (3) the amount of the monetary contribution in lieu pursuant to section 33-193.9.1.
- (C) If zoning approval is required, the application for such approval shall be filed together with the application for

approval of any off site WHUs and shall be considered and approved or denied at the same public hearing.

The provisions of this article shall apply to all WHU development subject to the provisions of Chapter 33, Article XIIA of the Code of Miami-Dade County

Sec. 17-142. Compliance procedures.

(A) Workforce Housing Declaration of Restrictive Covenants and Workforce housing agreement

(1) Every WHU established pursuant to Chapter 33, Article XIIA of the Code of Miami-Dade County shall be offered for sale or rental to a qualified household to be used for his or her own primary residence. The County, through the Director, shall publish a pricing schedule of rental and sales prices for WHUs in accordance with this article.

(2) Any developer or other property owner offering a WHU for initial sale or rental shall record in the public records one or more covenants or declarations of restrictions in a form approved by the County. Such covenants or declarations of restrictions shall include the WHU Agreement, and such further arrangements, restrictive covenants, and resale or rental restrictions as are necessary to carry out the purposes of this article. The developer or other property owner must execute and record a declaration of restrictive covenants assuring that:

(a) the restrictions of this article shall run with the land for the entire control period;

(b) the covenants will bind the applicant, any assignee, mortgagee, or buyer, and all other parties that receive title to or interest in the property. These covenants shall be senior to all instruments securing permanent financing.

(3) Each qualified household purchasing a WHU shall be required to record a mortgage in favor of Miami-Dade County. A promissory note shall be executed by each qualified household and secured by said mortgage. Said mortgage shall set forth the same

covenants, along with the refinancing and resale restrictions as those included in the restrictive covenants required by this section, and shall require acknowledgment of the County's right of first refusal as set forth in section 17-135 (B) and (C).

- (B) WHUs offered for sale during the initial or any control period shall not be offered for a price greater than the current maximum WHU sales price as determined by the Department at the time of sale.
- (C) A new twenty (20) year control period shall commence upon any resale and/or transfer to a new owner of such WHU within the initial 20-year control period. Any WHU that is owned for an entire 20 year control period by the same individual(s), shall be released from the sales price restrictions under the program. Upon the expiration of the control period the County shall record in the public records of Miami-Dade County an instrument or document releasing the WHU from the restrictive covenant required by this program.

A WHU may not be resold during the control period set forth herein for an amount that exceeds the WHU sales price set by administrative order. Prior to offering the dwelling unit for sale during the control period, the WHU owner shall obtain the Director's written approval of the WHU sales price.

The covenants recorded by each developer or other property owner of WHUs shall state in said covenant that the unit is subject to the following provisions:

1. The covenants shall be senior to all instruments securing permanent financing, and shall bind all assignees, mortgagees, purchasers and other successors in interest.
2. The total aggregate amount of principal and accrued interest for all financing secured by an individual upon his or her initial purchase of a WHU shall not exceed 105% of the loan-to-value. Any financing in excess of the lesser of (1) Department's maximum WHU sales price at the time of closing; or (2) the property's appraised value shall not be

secured by any interest in the applicable individual WHU.

No sale, transfer or foreclosure shall affect the validity of the covenants except as expressly set forth in the provisions of this article.

Sec. 17-143. Eligibility of households for workforce housing units.

Eligibility for rental or purchase of WHUs shall be determined pursuant to an administrative order approved by the Board of County Commissioners and shall be based on household size and income. An eligible household must receive a certificate of qualification from the Department to become a qualified household for a WHU, in accordance with the procedures prescribed by the administrative order.

Eligibility for continued ownership or rental of a WHU shall be contingent upon the qualified household's use of the WHU as its primary residence.

- (A) A qualified household that purchases a WHU and that discontinues occupancy of the unit as its primary residence shall be in default of the mortgage recorded against the WHU by the County.
- (B) A qualified household that leases a WHU and that discontinues occupancy of the unit as its primary residence shall be required to vacate said unit.

Sec. 17-144. Affordability controls.

- (A) Initial sale or rental.
 - (1) Every WHU established under this article and Chapter 33, Article XIIA of the Code of Miami-Dade County, shall be offered for sale or rental to an eligible household to be used for his or her own primary residence.
 - (2) Sixty (60) days prior to offering any new WHU for sale or rent, the developer or other property owner shall notify the Department of such offering. The notice shall set forth the number, size, price established by applicable administrative order, and location of the WHU offered and shall provide a

description of each WHU's finishes and availability. The Department may request additional information from the developer or other property owner as it deems necessary.

- (3) Upon notification from the developer or other property owner, the Department shall make such notice available to eligible households through its web site, a prominently located posting at the Department, and other locations designated by the County.
 - (4) If the Department determines an eligible household qualifies for the rental or owner-occupied WHUs, the Department will issue a certificate of qualification. In order to receive a certificate of qualification, an eligible household must provide an affidavit that the WHU will be its primary residence.
 - (5) A qualified household that has purchased a WHU shall not lease said WHU.
 - (6) Upon resale or re-rental of a WHU, each qualified household must first obtain a valid certificate of qualification from the prospective eligible household.
- (B) Right of first refusal.
- (1) *Initial Sale.* The developer or other property owner of a WHU shall agree to execute a document consistent with a model restriction prepared by the Department, granting to the County, among other things, the County's right of first refusal to purchase the WHU in the event that a qualified household does not execute a contract for purchase within six (6) months from the date the WHU is offered for sale. In the event that no qualified household purchases a WHU within six (6) months from the date the WHU is first offered by the developer or other property owner, the Director shall recommend to the County Manager whether the County should exercise its right of first refusal to purchase the WHU at the WHU sales price. If the County Manager concurs, the Director shall notify the

developer or other property owner of the County's decision. The County Manager is authorized to exercise the right of first refusal provided hereunder, with funds allocated from the Affordable Housing Trust Fund established pursuant to Section 17-129, et. seq., Code of Miami-Dade County or any other authorized source, for the direct and exclusive purpose of providing workforce housing for those households meeting the workforce housing eligibility requirements. Notwithstanding this authorization to purchase, the County Manager shall bring to the Board of County Commissioners a resolution seeking ratification of said purchase at the next available Board meeting following the purchase of the WHU.

- (2) *Resale.* Any qualified household that intends to sell its WHU prior to the expiration of the control period shall provide written notification to the Department pursuant to subsection (C) below. In the event the qualified household does not execute a contract for purchase within six (6) months from the date the WHU is first offered for resale, the County shall have a right of first refusal to purchase the WHU. The Director shall recommend to the County Manager whether the County should exercise its right of first refusal to purchase the WHU at the WHU sales price. If the County Manager concurs, the Director shall notify the qualified household of the County's decision. The County Manager is authorized to purchase the WHU, without prior approval from the Miami-Dade Board of County Commissioners, from the funds earmarked in the Affordable Housing Trust Fund, which has been established pursuant to Section 17-129 et seq., Code of Miami-Dade County, or any other authorized source, for the direct and exclusive purpose of providing workforce housing for those households meeting the workforce housing eligibility requirements. Notwithstanding this authorization to purchase, the County Manager shall bring to the Board of County Commissioners a resolution seeking ratification of said purchase at the next available Board meeting following the purchase of the WHU.

- (C) Control of resale prices
- (1) The maximum sales price, with the exception of sales under order of court, permitted on resale of a WHU shall be the lesser of:
 - (a) the maximum sales price for a WHU as set by the Department at the time of resale to an eligible household; or
 - (b) the market value of the unit for sale.
 - (2) The WHU may be resold to any eligible household. Any qualified household that has purchased a WHU shall notify the Department in writing of his or her intent to offer the WHU for resale. The qualified household shall not sell the WHU for an amount in excess of the allowable WHU sales price.
 - (3) Before closing a sale, the seller of the WHU shall submit to the Department for approval (which approval shall not be unreasonably withheld or delayed):
 - (a) a copy of the proposed sales contract;
 - (b) a signed copy of the buyer's certification of qualification (if not provided by the Department); and
 - (c) an affidavit signed by the seller and the buyer attesting to the accuracy of all documents and conditions of the sale.
 - (4) No resale of a WHU shall be considered to be in compliance with this article until all required documents and affidavits have been submitted to and approved by the Department.
 - (5) The Department shall either approve or disapprove all required documents and affidavits in writing no later than five (5) business days after they are submitted to the Department. The Department's failure to issue such approval or disapproval within the required time period shall result in such documents and affidavits being deemed approved. If the Department disapproves such documents or

affidavits then the Director shall provide the seller, in writing, with reasons for such disapproval and an opportunity to correct any deficiencies.

(D) Resale requirements during the control period.

The County Manager may adopt additional requirements for reselling WHUs consistent with this article, including without limitation a requirement that within forty-eight (48) hours prior to closing, a seller submit to the Department for approval:

- (1) a copy of the proposed sales contract, including a list and the price of any personal property included in the sale;
- (2) a signed copy of the settlement sheet; and

The defaulting qualified household shall be required to vacate the WHU as authorized by law. The County Manager is further authorized to purchase any WHU that is sold as a result of any suit, action or proceeding, including but not limited to foreclosure, bankruptcy, probate or any other suit, action or proceeding affecting the WHU.
