Background

BACKGROUND:

On January 26, 2007, four (4) engineering firms proffered bids for the referenced project. The lowest bidder's price received was from APAC and was 1% below the County's estimate. The second lowest bidder, Acosta Tractors, Inc., was 4.9% above the lowest bidder. The third lowest bidder, Community Asphalt, Inc., was 9.6% above the second lowest bidder.

On February 13, 2007, a publicly noticed meeting was held in order to negotiate unbalanced bid items. The meeting resulted in an overall total reduction of $18,480.000.

Therefore, PWD recommend that APAC, the lowest responsive, responsible bidder, be awarded the subject contract in the sum of $6,689,187.31.
