MIAMI-DADE COUNTY

**Date:** June 5, 2007

**To:** Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

Agenda Item No. 8(P)(1)(M)

**From:** George M. Burgess
County Manager

**Subject:** Project Award Recommendation in the Amount of $1,136,250.00 Between AGC Electric, Inc. and Miami-Dade County for the People's Transportation Plan (PTP) Project Entitled Traffic Signal Improvement Contract Countywide **(Project – CICC 7360-0/08 RPQ No. 20060402)**

---

**Recommendation**

The attached Project Award Recommendation for a Traffic Signal Improvement Contract Countywide (Project – CICC 7360-0/08 RPQ No. 20060402), in the amount of $1,136,250.00, between AGC Electric, Inc. and Miami-Dade County has been prepared by the Public Works Department (PWD) and is recommended for approval. Proceeds from the Charter County Transit System Sales Surtax (the Surtax) will be used to fund this project, therefore, approval by the Board of County Commissioners (BCC) and Citizens' Independent Transportation Trust (CITT) is required.

**Scope**

The work to be performed under the life of this contract includes traffic signal improvements at various locations in Miami-Dade County. Two (2) sites have been identified for this contract and are listed as follows: NW 80 Street and NW 79 Place; and Hialeah Gardens Blvd. and West 84 Street, located within Commission Districts 12 and 13. Additional sites may be added during the life of the contract.

**Fiscal Impact/Funding Source**

The fiscal impact will be approximately $1,136,250.00 and will be funded from the Surtax. The proposed improvements qualify under the allowable work categories included in the PTP Neighborhood Improvements Section. Specific funding for this project will be allocated from the respective Commission District PTP yearly allocations.

**Track Record/Monitor**

The Office of Capital Improvements (OCI) database lists a total of one (1) awarded contract for AGC Electric, Inc., from the General Services Administration Department (GSA). The referenced database lists no contractor performance evaluation since the contract maybe under construction or in the preliminary stages. Additionally, since this contractor is new to the Department, staff contacted GSA and confirmed that AGC Electric, Inc. is performing at a satisfactory level.

Following PWD's standard operating procedures, after award of this contract, a pre-construction meeting will be scheduled. Throughout all PTP projects, the responsible staff person in PWD will continue to be the PTP Coordinator, Mr. Frank Aira, P.E. Following completion of the award process, the project will be assigned to Mr. Oscar Rubio, Project Manager, for day to day responsibilities.

According to the Florida Department of State, Division of Corporations, AGC Electric, Inc., Company Principals are: Tomas V. Curbelo, Enrique I. Guzman and Pierrette De La Sierra and the Company's address is listed as: 2660 West 79th Street, Hialeah, Florida 33016.

**Background**

In an effort to accelerate the continued success of the PTP Neighborhood Improvements initiative, PWD is taking advantage of various contracting mechanisms, such as the subject Miscellaneous Construction Contracting (MCC) process available under OCI contract CICC 7360-0/08. Through this process, PWD forwards the Request for Price Quotation (RPQ), by way of facsimile transmission and US-mail, to a pool of firms that have registered with OCI for the subject trade. Additionally, PWD advertises the project in the Daily Business Review as well as providing courtesy notifications in the Diario De Las Americas, Miami Herald, Miami Times, Haiti en Marche, Le Floridien, and Kiskeya Herald. Interested contractors prepare their bids according to the Job Order Contracting (JOC) process, whereby the County establishes unit prices for the pay items in accordance with industry averages. The contractors submit their bid as an overall percentage factor of the pricing established by the County. The project award evaluation is based upon the lowest percentage submitted by the responsive, responsible bidder for the project.

PWD staff submitted the referenced project to the Department of Business Development's (DBD) Review Committee. The Review Committee met on January 10, 2007, reviewed RPQ 20060402 and recommended no contract measures for this project. Therefore, on January 11, 2007, PWD issued an RPQ for a Traffic Signal Improvement Contract and forwarded it to a list of eight (8) pre-registered firms from the OCI database as noted above. Two (2) firms purchased contract documents and both firms proffered a bid. As a result, on March 1, 2007, PWD issued a recommendation of award for RPQ 20060402 with a percentage factor of 1.22 to AGC Electric, Inc., with the stipulation that approval of this project must be obtained from the BCC and the CITT due to guidelines associated with the funding source.

The work to be accomplished for this project consists of, but is not limited to, furnishing all supervision, labor, required materials, equipment and tools to perform traffic signal improvements including any ancillary work at the specific locations as indicated in the work orders. The contractor shall furnish and install the controller assembly, grounding electrodes, conduits, pull boxes, foundations, pedestrian signal heads and buttons with signs, overhead signs (Internally Illuminated LED signs), mounting hardware, signal cable, power cable and power services. Additional work to be performed includes installing vehicle detection loops, traffic signal poles, signage, new sidewalks, new pavement markings, and removing existing signs, old pavement markings and trees in conflict with the proposed work.

The work to be performed under the life of this contract includes traffic signal improvements at various locations in Miami-Dade County. Two (2) sites have been identified for this contract and are listed as follows: NW 80 Street and NW 79 Place; and Hialeah Gardens Blvd. and West 84 Street, located within Commission Districts 12 and 13. Additional sites may be added during the life of the contract. The base contract amount is $1,000,000.00, but the total allocated amount is $1,136,250.00, which is inclusive of the contingency and dedicated allowances.
