MEMORANDUM

MIAMI-DADE COUNTY

Date: June 12, 2007

To: Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

GOE 2H
Agenda Item No.

From: George M. Burgess
County Manager

Subject: Resolution Approving Retroactive Change Order No. One and Final Resurfacing (Public Works Department) Contract Project No. 20040450

Recommendation

The attached **Retroactive Change Order No. One and Final** of a contract between **H & R Paving, Inc.** and Miami-Dade County has been prepared by the Public Works Department (PWD) and is recommended for approval. This Change Order ratifies a Production Incentive Agreement between the County and the contractor that addressed the delays on resurfacing work caused by the 2005 hurricane season and the resulting scarcity of asphalt components. This Change Order also reallocates contract funds to the contingency allowance to compensate the contractor for earned production incentives.

CHANGE ORDER NUMBER:	One and Final (Retroactive)

Scope

PROJECT NAME:	Resurfacing (Public Works Department) Contract
PROJECT NO:	20040450
CONTRACT NO:	20040450
PROJECT DESCRIPTION:	Work in this contract consists of furnishing all supervision, labor, materials, equipment and tools, and performing all operations necessary for resurfacing.
PROJECT LOCATION:	Countywide
PRIMARY COMMISSION DISTRICT:	Various Districts
APPROVAL PATH:	Board of County Commissioners
USING DEPARTMENT:	Public Works Department
MANAGING DEPARTMENT:	Public Works Department

Fiscal Impact / Funding Source

ORIGINAL FUNDING SOURCE:	This contract is funded by Local Option Gas Tax (LOGT).
CHANGE ORDER FUNDING SOURCE:	This Change Order does not increase the contract amount.
PTP FUNDING:	No
GOB FUNDING:	No

CHANGE ORDER DESCRIPTION:

Ratify the original Production Incentive Agreement (Exhibit "D") between Miami-Dade County and the contractor and transfer $102,277.01 from the base contract amount to the contingency allowance in order to compensate the contractor for earned production incentives. This Change Order does not require additional funding nor increase the overall contract amount.

MONETARY JUSTIFICATION:

Between August 25, 2005, and October 24, 2005, Miami-Dade County was stricken or otherwise affected by Hurricanes Katrina, Rita and Wilma. The impact of these storms resulted in a delay of approximately four (4) months in all ongoing resurfacing contracts that were underway at the time. In addition, in November, 2005, Port Everglades notified the contractors that AC-30 asphaltic bituminous liquid, which is one of the main ingredients in the production of asphalt, was no longer available at said port for an indefinite period of time. However, the contractor was able to purchase the liquid, when available, at other facilities such as Tampa, Jacksonville and Atlanta in limited quantities, at higher prices and incurring additional transportation costs. This shortage added approximately three (3) months to the already existing delay.

It is in the best interest of the County to complete pending infrastructure improvement projects before additional price increases occur, to complete the work delayed due to the 2005 hurricane season and address the unavailability of AC-30 liquid. To this end, the County and the contractor entered into a production incentive agreement (Exhibit "D") under which th contractor would receive additional compensation of $20.00 per ton o asphalt employed on a particular month, as long as the monthly production for that month exceeded the contractual monthly production rate for at least 25%. The additional compensation is governed by and subject to the provisions contained in said agreement between Miami-Dade County and the contractor.

The agreement applied to ten separate resurfacing contracts in effect at the time. Execution of the agreement significantly accelerated production and represented a total net savings to the County of $1,366,020.72, since the cost per ton of asphalt plus the production incentive was still lower than the prices received on later contracts throughout the end of 2006. Savings attributable to the contract subject of this Change Order totaled $111,644.66 (see Exhibit "E"). It is important to note that these totals do not include additional savings associated with shortened time delays and costs to rebid.

Approval of this Change Order will ratify the production incentive agreement and will allow the Public Works Department to utilize $102,277.01 in base contract funds to cover a contingency allowance overrun caused by the payment of the production incentive.

This Change Order is presented to the County Commission for approval at the end of the contract time in order to provide a definitive amount in contracts funds to be reallocated to the contingency allowance. This contract did not exceed the original contract amount.

TIME JUSTIFICATION:

No time extension is required.

CHANGE ORDER TO ORIGINAL CONTRACT

CHANGE ORDER NO: 1 **CONTRACT NO:** 20040450 **DATE:** 2/12/2007

PROJECT TITLE: Resurfacing

TO CONTRACTOR: H & R Paving, Inc. 1955 N.W. 110th Avenue

YOU ARE HEREBY REQUESTED TO MAKE THE FOLLOWING CHANGES IN THE PLANS AND SPECIFICATIONS FOR THIS PROJECT AND TO PERFORM THE WORK ACCORDINGLY, SUBJECT TO ALL CONTRACT STIPULATIONS AND COVENANTS.

Description of work authorized: Transfer $102,277.01 from the base contract amount to the contingency allowance in order to compensate the contractor for earned production incentives. This Change Order does not require additional funding nor increases the overall contract amount.

Monetary Justification: Between August 25, 2005, and October 24, 2005, Miami-Dade County was stricken or otherwise affected by hurricanes Katrina, Rita and Wilma. The impact of those storms resulted in a delay of approximately four months in all ongoing resurfacing contracts at the time. In addition, in November, 2005, Port Everglades notified the contractors that AC-30 asphaltic bituminous liquid, which is one of the main ingredients in the production of asphalt, was no longer available and would not be available at said port for an indefinite period of time. (Continued below)

Time Justification: No time extension is required.

This change order includes not only all direct costs of contractor such as labor, material, job overhead, and profit markup; but also includes any costs for modifications or changes in sequence of work to be performed, delays, rescheduling, disruption, extended direct overhead or general overhead, acceleration, material or other escalation which include wages and other impact costs.

Contractor hereby waives, fully releases, discharges and acquits Miami-Dade County of any and all liability for claims, additional costs, and any requests for additional time arising out of the fulfillment of the contract and this change order from the date of the contract award to and including execution of this change order.

. The contractors were able to purchase the liquid, when available, at other facilities such as Tampa, Jacksonville and Atlanta in limited quantities, at higher prices and incurring additional transportation costs. This shortage added approximately three months to the already existing delay.

It is in the best interest of the County to complete pending infrastructure improvement programs before additional price increases occur and to complete the work delayed by the 2005 hurricane season, as well as addressing the unavailability of AC-30 liquid. To this end, the County and the contractor entered into an agreement under which the contractor would receive additional compensation of $20.00 per ton of asphalt employed on a particular month, as long as the production for that month exceeded the contractual monthly production rate by a minimum of 25%. The additional compensation is governed by and subject to the provisions contained in said agreement between Miami-Dade County and the contractor.

Time Justification Declaration:

A time extension is provided for additional work performed outside the scope of the original Contract that affects the critical path schedule of the contracted work or previously approved changes. Should additional work be required which does not affect the critical path schedule, no time extension will be granted. Should one item of additional work run concurrent with another item of additional work, only time not duplicated can be provided.

MIAMI DADE COUNTY
PUBLIC WORKS DEPARTMENT

RESURFACING CONTRACTS No. 20040506, 20040507, 20040508, 20040509 and 20040450.

CONTRACTOR: H & R Paving Inc.
1955 NW 110 Ave
Miami, Fl 33172

On August 25, 2005 Miami Dade County was stricken by Hurricane Katrina. On September 19, 2005 Hurricane Rita made landfall in the South Florida area. October 24 2005 Miami Dade County was once again hit by Hurricane Wilma. The impact of the three storms resulted in a delay of approximately four months in all ongoing resurfacing contracts at the time. In addition, on November, 2005, Port Everglades notified the contractors that AC-30 liquid, which is one of the main ingredients in the production o asphalt, was no longer and would not be available at said port for an indefinite period o time. The contractors were able to purchase the liquid, when available, at other ports such as Tampa and Jacksonville in limited quantities, higher prices and additiona transportation costs. This crisis added approximately three more months to the already existing delay.

It is in the best interest of the County to complete the pending infrastructure improvement programs before additional price increases occur.

To complete the work delayed by the 2005 hurricane season and the unavailability o AC-30 liquid used for the production of asphalt, effective June 1, 2006, contractors tha exceed the contractual Monthly Production Rate of $80,000.00 by 25% or more will be compensated up to $20.00 per Ton of Asphalt, not to exceed a total per ton rate o $68.00, subject to the following provisions:

1-Compensation will be made only if the monthly production is equal to or exceeds $100,000.00. In the event that, due to circumstances beyond the contractor's control such as inclement weather conditions or unavailability of materials for more than four working days in the requisition period, production will be prorated accordingly.

2-For any period that the production rate falls below $100,000.00, unless clause No. applies, the contractor will be paid at the established contract prices.

3-Additional compensation will be made only on portions of the work accepted by th Engineer. Portions of work that fail inspection will not be considered as part of th monthly production rate until deficiencies have been corrected.

4-If, for the convenience of the County and at the discretion of the Department, th Contractor is asked to remain working in a specific work order, which affects th production rate in any other contract, the contractor will be compensated in all contract provided that the combined monthly production of the five contracts exceed $600,000.00

By accepting this offer the contractor agrees to work in an expeditious manner unt completion of the contract without any additional compensation other than the on stated herein.

* This corresponds to an 5-month period because resurfacing work under these contracts stopped for 90 days due to the unavailability of AC-30 bituminous liquid and delays due to the arrivals of the hurricanes.
