**071361 Resolution**

RESOLUTION ESTABLISHING THE AIRPORT REGIONAL TAXICAB SERVICE RULES AND REGULATIONS AND EXTENDING AIRPORT REGIONAL TAXICAB SERVICE TO INCLUDE ZONE C FOR TRIPS ORIGINATING AT THE MIAMI INTERNATIONAL AIRPORT (Consumer Services Department)

*Deferred to next committee meeting*

*Mover: Moss*

*Seconder: Jordan*

*Vote: 5-0*

**Report:** *Assistant County Attorney Cynthia Johnson-Stacks read the foregoing proposed resolution into the record.*

*Chairwoman Edmonson opened the public hearing and the following persons appeared before the Committee in connection with the foregoing proposed resolution:*

*Mr. Raymond Francois, representing New Vision Taxi Drivers' Association, 11970 NE 16 Avenue, informed the Committee of his concerns with the Zone C boundaries, no wheelchair accessibility for the Airport Regional Taxicab Services' (ARTS) Blue Cabs and the ARTS' hours of operations.*

*Ms. Angelica Cruz, 851 NW River Avenue, Miami Springs, Florida, discussed her experience as a Yellow Cab driver. She also requested the Committee to cease the Consumer Services Department's (CSD) Taxicab Advisory Group (TAG) due to non-representation for taxicab drivers.*

*Mr. Robert Fuente, a taxicab driver, discussed his experience in providing taxi services in the Miami International Airport (MIA) area. He stressed the high demand for short trips in the MIA area. Mr. Fuente suggested that all taxicab drivers be utilized to satisfy the needs for short trips.*

*Mr. Diego Feliciano, President, South Florida Taxicab Association and Vice Chairman, CSD TAG, noted the meetings held to discuss the foregoing proposed resolution. He thanked staff for their work and urged the Committee to support the current system in place.*

*Mr. Jean Lumor, a taxicab driver in the MIA area, summarized his experience in the subject area.*

*Mr. Lavener Alexis, a taxicab driver in the MIA area, informed the Committee he was not aware of the taxicab driver association represented by Mr.*

*Feliciano. He stated he welcomed the opportunity to meet with him to become informed of this association in order to fully participate and offer input.*

*Mr. Esau Mardy, 14911 NE 9 Court, addressed the need for changes in the taxi services provided in the MIA area and the liberty for all taxicabs to service this area.*

*Hearing no other person wishing to appear before the Committee on this matter, Chairwoman Edmonson closed the public hearing.*

*Responding to Commissioner Moss' inquiry regarding the status of the Blue taxicabs at MIA, Ms. Cathy Peel, Director, Consumer Services Department (CSD), noted the foregoing proposed resolution would address a need at MIA for taxi services for short trips. She further noted this program had been in effect since 1983, specifically to address short trip refusals and the difficulties between passengers and taxicab drivers when they received a short trip. Ms. Peel stated this resolution would increase the number of in-service ARTS vehicles to 25 in lieu of the current 18 taxicabs. She also stated this proposed resolution would address the comments regarding the lack of wheelchair accessible taxicabs by providing 10% of them as wheelchair accessible.*

*A discussion ensued between Commissioner Moss and Ms. Peel regarding the ARTS' current and future taxicab services; the flat fare for Zone C trips originating at the MIA; and the Yellow/Blue taxicab fares, including flat fare rates.*

*Responding to Commissioner Sorenson's comments regarding the attendance at the meetings held to discuss this proposed resolution, Ms. Peel noted several meetings were held to discuss the ARTS and the Blue taxicabs that would provide the taxicab services.*

*Following Commissioner Souto's comments pertaining to Yellow and Blue taxicabs, Ms. Peel noted this proposal would increase the number of in-service ARTS vehicles to 25. She stated these vehicles and the vehicles used for the underserved areas were the only exception, because these vehicles are not equipped with meters and painted a distinctive blue color. Ms. Peel proceeded to provide an overview of the original intent of the ARTS established in 1983.*

*Assistant County Manager Roger Carlton informed the Committee that dissension had always existed in the taxi industry because it was extremely competitive with many levels of service, including drivers versus owners. He noted efforts had been made in this regulatory environment to serve the customers, and to ensure the drivers, the public service companies, and others maintained a balance so that people could make a decent living.*

*Commissioner Souto stressed the need for the taxicab industry and the services they provide to this community.*

*Following further discussion on this matter, Chairwoman Edmonson requested the deferral of the foregoing proposed resolution to allow staff to meet with and obtain input from the taxicab drivers on this resolution.*

*Hearing no objection, the Committee deferred the foregoing proposed resolution to the next Committee meeting.*

*Assistant County Attorney Johnson-Stacks noted the foregoing public hearing for the foregoing proposed resolution would be re-advertised.*

**Report:** *Assistant County Attorney Cynthia Johnson-Stacks read the foregoing proposed resolution and Agenda Item 6D, a County Manager's report pertaining to the strategies for the production of affordable housing into the record simultaneously.*

*Chairwoman Edmonson noted the foregoing resolution was not a public hearing item, but she would allow the Committee to hear from those present who wished to speak.*

*The following persons appeared before the Committee in connection with the foregoing proposed resolution:*

*Ms. Erica Hoya, Blue Lake Mobile Home Park resident, informed the Committee that residents were being evicted from this mobile home park.*

*Ms. Ellie Wright, Director, South Florida Jobs for Justice, spoke in support of the foregoing proposed resolution. She noted it was critically important that the County was addressing this issue regarding the establishment of the County's Affordable Homeownership Program. She stressed that most mobile home trailer parks' residents owned their trailers, but not the land. Ms. Wright concluded by asking the County to support ways to incorporate and centralize mobile home ownership and local home residency as it pertained to affordable housing.*

*Ms. Regla Gonzalez, Blue Lake Mobile Home Park resident, informed the Committee that Blue Lake Mobile Home Park residents were being displaced*

and urged the Committee to address this concern.

Chairwoman Edmonson read Commissioner Sosa's memorandum into the record as follows: "During the public hearing on the adoption of the General Obligation Bond Program in 2004, I introduced the sanctions that address the relief for elderly affordable housing in the County. At the time, I introduced the language and I did not take the parochial position as to where the units were to be placed. However, in order to address the compelling countywide issue of the lack of elderly housing and affordable housing, I requested that the total pot allocated from the GOB be evenly split amongst the 13 commission districts, as to allow each commissioner the latitude on where these units were needed most. I am concerned with the impact of item 2B on today's Economic Development and Human Services Committee meeting (agenda?) that suggests that the County's Affordable Housing allocation be used for anything that was not originally included in the scope of the GOB voted upon by the residents of Miami-Dade. This item leaves it very vague as to how much money would be used for this effort. I would strongly suggest that if you chooses to go this route you would implement a stop gap of no more than one-third (1/3) of the available allocation for this effort. We must stay the course on the original intent of the projects that were listed in the GOB. Thank you for your immediate consideration of this most important matter."

Commissioner Jordan explained the intent of the foregoing proposed resolution.

Mr. Jose Cintron, Director, Office of Community and Economic Development, requested Commissioner Jordan, as sponsor of the foregoing proposed resolution, to allow the submittal of the required report to the Board within 90 days in lieu 60 days from the effective date of this Resolution.

Responding to concerns noted in Commissioner Sosa's memorandum regarding the Building Better Communities General Obligation Bond (GOB) Program and the elderly housing, Assistant County Attorney Gerald Heffernan informed the Committee that the GOB Program specifically addressed providing housing opportunities to the elderly and families. He noted this resolution did not distinguish who would be eligible to participate in the Affordable Homeownership Program and only indicated that the housing shall be provided to the very-low-to-moderate income

individuals. Mr. Heffernan pointed out this could include the elderly, who may qualify for housing.

Commissioner Jordan noted that when the Request for Proposals (RFP) came back to the Board for consideration it could address a certain percentage being set-aside for the elderly.

Senior Advisor Cynthia Curry noted staff shared the same concern as Commissioner Jordan and supported the foregoing proposed resolution to address affordable housing in Miami-Dade County.

Following further discussion among Ms. Curry, Mr. Cintron and Commissioner Jordan pertaining to the foregoing resolution, Commissioner Sorenson asked Senior Advisor Cynthia Curry to determine whether the County had the internal capability for construction development without creating another entity and if not, to explore the feasibility of the County creating an entity to develop mixed-income development(s) on County-owned land by constructing one-third for low income, one-third for workforce, and one-third for market rate within the same development.

Ms. Curry said she would explore the feasibility of the County creating an entity to develop affordable housing units for homeownership and submit the findings/recommendations for Committee review.

Discussion ensued in connection with the equity sharing, the selling criteria for the affordable housing units and ensuring the sale of the housing units only to individuals who met the affordability housing criteria.

Commissioner Sorenson asked Assistant County Attorney Cynthia Johnson-Stacks to determine whether the County could become involved in efforts to prevent private developers from closing mobile homes or assist people evicted from mobile home parks.

Ms. Johnson-Stacks stated she would follow-up on Commissioner Sorenson's questions as to whether the County was involved in any litigation regarding mobile homes and report back to Committee members later.

Mr. Deland, appeared before the Committee and informed that the Town of Davie and Broward County has recently imposed a moratorium on the

*selling of mobile home trailer parks. He suggested the County impose a similar moratorium.*

*Assistant County Manager Mae Bryant provided the Committee with an overview of the assistance, including financial, offered to those displaced mobile home residents.*

*Responding to Commissioner Souto's inquiry regarding the status of displaced Blue Lake Mobile Home Park residents, Ms. Curry informed the Committee of the referral of the displaced residents to the County's Department of Human Services for assistance.*

*Assistant County Manager Mae Bryant noted the refusal of service by some of the residents. She pointed out that residents who accepted DHS' offer for emergency assistance received emergency financial, housing, and relocation assistance.*

*Commissioner Souto noted two housing projects in his district (Dist. 10) that were not completed. He expressed his support of the United States Department of Housing and Urban Development (USHUD) investigating the state of the County's housing situations.*

*Following Commissioner Souto's comments, Ms. Curry informed the Committee that the two projects referenced by Commissioner Souto were projects granted for development by the Miami-Dade Housing Agency Development Corporation (MDHADC). Due to events involving the MDHADC, another developer had been identified to proceed with the housing project.*

*Responding to Commissioner Souto's comments regarding a reverter clause in deeds for the subject housing projects, Assistant County Attorney Johnson-Stacks stated she would review the deed/contract for the two projects and provide Commissioner Souto with a follow-up report on this matter.*

*Mr. Mitchell Friedman, a partner with the Pinnacle Housing Group, appeared before the Committee, and provided a brief overview of the status to commence the housing project subject to approval of gap financing by the Board.*

*Commissioner Moss asked Senior Advisor Cynthia Curry to explore the feasibility of the County securing affordable housing developments long-term to ensure that these developments were*

*maintained, solvent and that adequate services were provided. He asked staff to explore the feasibility of using GOB dollars to acquire substandard affordable housing units located within blighted, crime ridden areas and redeveloping those properties by building single-family affordable housing units or duplexes. Commissioner Moss suggested this development be constructed either by the County as proposed by Commissioner Sorenson, or by developers, but be managed by the County. He also asked that the Community Land Trust be considered as a possible developer in his district (Dist. 9).*

*Ms. Curry noted that the OCED and the Miami-Dade Housing Agency were working together on strategies for the production of affordable housing and addressing each County Commission member's needs for their respective commission district.*

*Mr. Cintron stressed the need for affordable housing and for assurance that the housing remained affordable in Miami-Dade County.*

*Ms. Kris Warren, Director, Miami-Dade Housing Agency, noted a comprehensive list existed containing bond rehabilitation properties and Section 8 properties with a 15-year expiration. She added staff was in the process of determining which of those properties should be rehab.*

*Concerning Commissioner Sosa's memorandum, Chairwoman Edmonson asked Senior Advisor Cynthia Curry to develop a formula for distributing the \$137 million identified in the GOB for affordable housing; to prioritize the need for affordable housing by Commission District; and to submit this information for consideration by the County Commission.*

*Commissioner Jordan suggested Commissioner Moss come back with an appropriate resolution providing for the County to access aging affordable housing units (properties) and consider using GOB dollars to purchase or to retain those properties. She also suggested the County start identifying other Community Development Corporations experiencing financial difficulties and unable to retain affordable housing units and other projects, to ensure that they do not sell to private entities.*

*Assistant County Attorney Gerald Heffernan clarified that the amendment for 90 days would*

apply to Sections 3, 4 and 5 in the foregoing proposed resolution which stated the County Manager shall prepare an inventory list of all real property to which the County holds title that was appropriate for affordable housing, a report that shall identify legally available County funds that may be used to assist individuals with mortgage financing, and the submittal of the Request for Proposals (RFP) for review and approval within 90 days from the effective date of this Resolution.

Hearing no objection, the Committee forwarded the foregoing proposed resolution as amended to allow the submittal of the required reports to the Board and the Request for Proposal (RFP) within 90 days in lieu 60 days from the effective date of this Resolution as requested by Mr. Jose Cintron, Director, Office of Community and Economic Development and the Assistant County Attorney Gerald Heffernan. In addition, the Committee received the report (Agenda Item 6D, Legislative File No. 071462).

**7 OPEN DISCUSSION**

**Report:** *Responding to Commissioner Moss' request for a status report on the United States Department of Housing and Urban Development (HUD) negotiations, Senior Advisor Cynthia Curry proceeded to provide the Committee with an oral report on the meetings and discussions that had taken place over the last several months with HUD regarding the governance of the Miami-Dade Housing Agency (MDHA). She noted staff had been working with the HUD attorneys along with the County Manager, County Mayor, County Attorney and Chairwoman Edmonson. Ms. Curry noted a meeting occurred with the HUD Secretary and staff members to discuss a proposal that would allow the County Commission to continue to play a limited role in MDHA. She highlighted the following points pertaining to the HUD proposal to gain oversight of the MDHA:*

- the County would relinquish its oversight authority over the MDHA which included compliance, legislative and policy related issues;*
- the County would create an oversight board for an 18-month period comprised of four members including a HUD representative that would report to the Recovery Administrator and the other members could be a member of County Commission, a housing resident and a housing expert from the community;*
- the Recovery Administrator would have veto authority similar to that of the County Mayor over all oversight decisions;*
- the County Commission would delegate its authority to the oversight board and the recovery administrator versus the County Mayor to oversee the day-to-day personnel related matters.*
- the oversight board would establish an appeals process for the occurrence of disagreements among the Recovery Administrator, the oversight board, and the County Mayor, including personnel matters.*
- the 18-month definitive time frame would place the County in a Receivership status;*
- an independent General Counsel would report directly to the Recovery Administrator or the oversight board; and*
- authority related issues would be reviewed further with the HUD Secretary.*

*In addition, Ms. Curry advised that the County submitted a request for an extension to respond to*

*a breach letter regarding the Declaration of Substantial Default – Annual Contributions Contracts for the County's Section 8 and Public Housing programs.*

*Assistant County Attorney Johnson-Stacks noted today, May 16th was the deadline given by HUD for the County to respond to the subject request. She further noted the County Attorney's Office filed a complaint for Mandamus and Injunctive Relief in the Southern District of Florida, which required and mandated governments to adhere to certain procedures. She stated the County Attorney sent a memorandum to individual County Commission members explaining the recent events that have taken place.*

*Responding to Commissioner Sorenson's inquiry regarding a potential court hearing date, Assistant County Attorney Johnson-Stacks stated she would research and provide follow-up information to the County Commission.*

*Ms. Curry stated, even though the County filed a lawsuit, the County had acted in good faith.*

*Responding to Ms. Curry's comments regarding the County's efforts to act in good faith, Commissioner Moss expressed his appreciation to Ms. Curry for her comments. He noted a Miami Herald newspaper article regarding HUD's position on the issue of taking over MDHA.*

*Ms. Warren noted that on May 15, 2007, an email was received from the Miami Herald with a letter from HUD dated Friday, May 11, 2007, attached regarding the Notice of Substantial Default referenced earlier by Ms. Curry.*

*Assistant County Attorney Johnson-Stacks also noted receipt of information from the Miami Herald regarding a communication from HUD that outlined a chart of proposed benchmarks as well as a revised Cooperative Endeavor Agreement.*

*Further discussion ensued between the Committee members and staff regarding correspondence dated May 11th, from the HUD, Office of the General Counsel, Deputy General Counsel Michael Flynn received on Monday, May 14th, as well as a second correspondence from Mr. Robert Couch, the Acting General Counsel, for HUD.*

*Commissioner Jordan discussed the possibility of*

having an outline of the meetings and the discussions held regarding the proposed HUD take over of MDHA and the outcome of those meetings in writing. She noted State Representative Kendrick Meek had been supportive of the County and encouraged the County to negotiate with HUD.

Responding to Commissioner Jordan's comments, Ms. Curry noted that the County Commission Chairman and the County Mayor provided a response in a correspondence dated today (May 16th) to clarify that the County was negotiating in good faith and welcomed further discussions with HUD.

A discussion ensued between Commissioner Sorenson and Ms. Curry regarding the involvement of the County lobbyist and the Office of Intergovernmental Affairs on this matter.

Commissioner Sorenson stressed the need for more information from the County lobbyist and the Office of Intergovernmental Affairs Director on this issue.

Chairwoman Edmonson stated that County staff, the County Mayor and she worked with the HUD Secretary's Office in good faith.

Commissioner Souto stressed his position to allow HUD to conduct the necessary investigations and take over MDHA.

Assistant County Attorney Johnson-Stacks concluded today's discussion by informing the Committee of the County's legal position on the MDHA issue. She noted staff had communicated to the HUD officials that the County believed there were procedural steps to follow, including the County's right to cure those alleged violations under the Section 8 Annual Contributions Contract (ACC), as well as the Federal law deemed by HUD. Ms. Johnson-Stacks pointed out staff had put on record that many of items noted in the letter regarding the default were inaccurate. Furthermore, the HUD take-over hinged upon there being a substantial default. Therefore, in the absence of that State law, the Home Rule Charter and all other provisions, including Federal regulations, governed how the County Commission administered its housing program.

Ms. Warren informed the Committee that 6 out of 10 of items outlined in the HUD letter regarding

*default of Section 8 ACC were inaccurate.*

**8 ADJOURNMENT**
