

Memorandum

Date: October 2, 2007

To: Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

From: George W. Burgess
County Manager

Subject: Resolution Authorizing Execution of a Joint Participation Agreement (JPA) between Miami-Dade County (MDC) and the Florida Department of Transportation (FDOT) to Provide Grant Funding in the Amount of \$1,400,000 for the Landscaping Improvements Along Various FDOT Maintained Roadways

Agenda Item No. 8(P)(1)(I)

Recommendation

It is recommended that the Board of County Commissioners (BCC) approve the attached resolution authorizing execution of a Joint Participation Agreement (JPA) between Miami-Dade County (MDC) and the Florida Department of Transportation (FDOT). The agreement establishes the terms and conditions for disbursement of FDOT grant monies in the amount of \$1,400,000 to reimburse MDC and various municipalities for the cost of design and installation of landscaping along various FDOT maintained roadways throughout Miami-Dade County.

Scope

The funding in the proposed agreement will be utilized to landscape state roadways throughout Miami-Dade County and is not limited to any region or commission district. The funding made available through this agreement allows for the County and municipalities to address targeted landscaping projects that are not in the FDOT work plan for improvements.

Fiscal Impact/Funding Source

This is a blanket agreement with FDOT to fund various projects on State roads throughout Miami-Dade County. The funds are utilized by the County as well as various municipalities. The fiscal impact to the County will be from semi-annual maintenance activities for tree installations. The cost of these maintenance activities total \$13.09 per tree, per year for every tree planted under this agreement. The funding for these maintenance activities comes from the existing budget of the Tree Health section of the Right of Way Aesthetic and Assets Management Division of the Miami-Dade County Public Works Department (PWD). County-sponsored Community Image Advisory Board (CIAB) gateway projects may have a fiscal impact to maintain the project, however, in the past, on-going project maintenance has been assumed by partnering agencies. There is no fiscal impact to the County from landscape projects completed under this agreement by municipalities.

Track Record/Monitor

FDOT and MDC have partnered in the past with similar agreements and each has been highly successful in providing for the beautification of state roadways throughout Miami-

Dade County. The agreement will be implemented and monitored by David Cardenas, Chief, PWD Right-of-Way Aesthetic and Assets Management Division.

Background

The FDOT supports the County's roadway beautification efforts and on December 3, 2001 provided a \$470,000 grant adopted by Resolution No. R-1196-01 to assist in funding those efforts. Subsequently, FDOT provided an additional \$700,000 on July 8, 2004 through Resolution No. R-748-04 and \$250,000 on June 28, 2005 through Resolution No. R-671-05 to the existing JPA. These funds were used to install landscaping along multiple FDOT maintained roadways Countywide.

The proposed agreement provides for the preparation of landscape design plans for mutually agreed upon sites and for FDOT review and approval of plans prior to the commencement of landscape installation. The County is responsible for obtaining all necessary permits and must execute a landscape maintenance agreement for each planting location. The attached agreement must be completed and all invoices provided to FDOT on or before June 30, 2009 in order for MDC to be properly reimbursed. If not completed within the time period, this agreement will expire unless an extension of the time period is requested and granted in writing by FDOT. Expiration of this agreement will be considered termination of the project.

Tree planting operations will be conducted by the County on State arterial roads throughout unincorporated Miami-Dade County. As noted above, this funding source may be accessed by the CIAB for gateway projects along FDOT roadways. Municipalities can also apply for funding under this agreement for the design and installation of landscape projects on State arterial roads within their respective municipal limits. Municipalities access the agreement by presenting project proposals to the Miami-Dade County Landscape Committee. Once the municipal project is approved by the Landscape Committee and the project is completed, a request for reimbursement is submitted to the County. The municipality is then reimbursed by the County. Subsequently, the County then submits a request for reimbursement to FDOT.

Recipients of federal funds (i.e. state, local government, or non-profit organizations as defined in OMB Circular A-133, as revised) are to have audits done annually using the following criteria:

1. In the event that the recipient expends \$500,000 or more in Federal awards in its fiscal year, the recipient must have a single or program-specific audit conducted in accordance with the provisions of OMB Circular A-133, as revised. EXHIBIT 1 to this agreement indicates Federal resources awarded through the Department by this agreement. In determining the Federal awards expended in its fiscal year, the recipient shall consider all sources of Federal awards, including Federal resources received from the Department. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by OMB Circular A-133, as revised. An audit of the recipient conducted by the Auditor General in accordance with the provisions OMB Circular A-133, as revised, will meet the requirements of this part.
2. In connection with the audit requirements addressed in Part I, paragraph 1., the recipient shall fulfill the requirements relative to auditee responsibilities as provided in Subpart C of OMB Circular A-133, as revised.
3. If the recipient expends less than \$500,000 in Federal awards in its fiscal year, an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, is not required. In the event that the recipient expends less than \$500,000 in Federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, the cost of the audit must be paid from non-Federal resources (i.e., the cost of such an audit must be paid from recipient resources obtained from other than Federal entities).
4. Federal awards are to be identified using the Catalog of Federal Domestic Assistance (CFDA) title and number, award number and year, and name of the awarding federal agency.

14

PART II: STATE FUNDED

Recipients of state funds (i.e. a nonstate entity as defined by Section 215.97(2)(1), Florida Statutes) are to have audits done annually using the following criteria:

1. In the event that the recipient expends a total amount of state financial assistance equal to or in excess of \$500,000 in any fiscal year of such recipient, the recipient must have a State single or project-specific audit for such fiscal year in accordance with Section 215.97, Florida Statutes; applicable rules of the Executive Office of the Governor and the CFO; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department, other state agencies, and other nonstate entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.
2. In connection with the audit requirements addressed in Part II, paragraph 1, the recipient shall ensure that the audit complies with the requirements of Section 215.97(7), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2)(d), Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.
3. If the recipient expends less than \$500,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. In the event that the recipient expends less than \$500,000 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the nonstate entity's resources (i.e., the cost of such an audit must be paid from the recipient's resources obtained from other than State entities).
4. State awards are to be identified using the Catalog of State Financial Assistance (CSFA) title and number, award number and year, and name of the state agency awarding it.

PART III: OTHER AUDIT REQUIREMENTS

The recipient shall follow up and take corrective action on audit findings. Preparation of a summary schedule of prior year audit findings, including corrective action and current status of the audit findings is required. Current year audit findings require corrective action and status of findings.

Records related to unresolved audit findings, appeals, or litigation shall be retained until the action is completed or the dispute is resolved.
