Memorandum

MIAMI-DADE COUNTY

Date:	November 6, 2007
To:	Honorable Chairman Bruno A. Barreiro and Members, Board of County Commissioners
From:	George M. Burgess County Manager
Subject:	Local Agency Program (LAP) Agreement between Miami-Dade County and the Florida Department of Transportation (FDOT) to Provide $2,199,415.65 in Safe Routes to Schools Program Funds in Fiscal Year 2007-2008

Agenda Item No. 8(P)(1)(C)

RECOMMENDATION

It is recommended that the Board of County Commissioners (BCC) approve the attached resolution authorizing the execution of a Local Agency Program (LAP) Agreement between Miami-Dade County and the Florida Department of Transportation (FDOT). The Agreement provides the County in Fiscal Year 2007-2008 with up to $2,199,415.65 in Safe Routes to Schools Program (SRTS) funds to be paid through the FDOT, for the construction of safety related infrastructure improvements at thirteen (13) schools located throughout Miami-Dade County (See Appendix A). The proposed improvements will include sidewalk/bike lanes, traffic calming, signs, signals, crosswalks, school zone signs, and pedestrian ramps. The SRTS does require that a local funding source provide up front funding for the projects which will be fully reimbursed. The Public Works Department (PWD) is proposing to provide the upfront funds from proceeds collected through the Charter County Transit System Sales Surtax (the Surtax). As such, approval by the Citizens' Independent Transportation Trust (CITT) is required prior to the execution of this LAP Agreement.

SCOPE

This SRTS will provide for projects at schools grades K through 8, located throughout Miami-Dade County. This LAP covers projects at thirteen (13) schools to be funded in Fiscal Year 2007-2008

FISCAL IMPACT/FUNDING SOURCE

The total costs, including design, construction, and contingencies, for the project are $2,199,415.65, for Fiscal Year 2007-2008. The full amount will be funded by the SRTS; however, because these funds will be provided on a reimbursable basis, the program requires that there be local funding source to provide up front funds for the projects. The proposed improvements qualify under the allowable work categories included in the People's Transportation Plan (PTP) Neighborhood Improvements Section. Specific funds for each of the projects at the thirteen (13) schools will be borrowed from funds currently budgeted for School Flashing Signals and Arterial Road Projects. At this time, PWD is progressing with the testing of new technologies for School Flashing Signals which may result in significant cost savings. Although work on new School Flashing Signals is still progressing under the current contracts, PWD is holding off initiating new School Flashing Signal contracts until said tests are completed. Since PTP funds are to be reimbursed as each project is completed, the proposed projects will have no adverse impact on the ability to deliver any other PTP projects.

TRACK RECORD/MONITOR

PWD will let, supervise and inspect all aspects of project construction and administration. Throughout the SRTS, PWD Project Management responsibilities have been assigned to Jeff Cohen, P.E., Assistant Chief, Traffic Engineering.

BACKGROUND

The SRTS was authorized in August 2005 by Section 1404 of the Federal Transportation Act, SAFETEA-LU (Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users). This program provides Federal-aid highway funds to State Departments of Transportation to make it safer and easier for children in grades K through 8 to walk or bicycle to and from school.

On May 31, 2007, the Miami-Dade County Public Schools (MDCPS) submitted applications for thirty-two (32) schools located in Miami-Dade County to the FDOT for consideration within the SRTS. The subject schools were identified with the assistance of FDOT, PWD, and the Metropolitan Planning Organization (MPO) based on proximity to traffic crashes involving juvenile pedestrians, potential for attracting new walk trips and geographic distribution. MDCPS has received SRTS allocations for thirteen (13) schools in FY 2007-2008, ten (10) schools in FY 2008-2009, and nine (9) schools in FY-2009-2010. FDOT has indicated that a LAP Agreement will be required to be executed for each fiscal year. MDCPS is not a LAP certified agency, meaning they cannot contract to administer federally-assisted transportation projects; however, PWD is a LAP Certified Agency and therefore, MDCPS has partnered with PWD in order to take advantage of the availability of these federal funds. Additionally, given budgeting time constraints, MDCPS was unable to budget funds for this upcoming fiscal year and has requested if PWD could assist in providing the required upfront funds for FY 2007-2008. PWD shall oversee the design, bid, award, and construction administration of the projects and shall, upon each project's completion, submit invoices to FDOT's District Six LAP Administrator for approval and reimbursement.

This Agreement will provide up to $2,199,415.65 reimbursement for the design and construction of safety related infrastructure improvements at the thirteen (13) schools in Miami-Dade County approved for FY 2007-2008.

PWD will implement a Public Involvement Plan (PIP) during the construction of the project to provide information to parents, teachers, property owners, tenants, and area residents of work to be performed in the area. The projects are anticipated to be completed by the end of June 2009.

THIS AGREEMENT, made and entered into this _____ day of _____, _____ by and between the STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION, an agency of the State of Florida, hereinafter called the Department, and Miami-Dade County Public Works Department hereinafter called the Agency.

W I T N E S S E T H:

WHEREAS, the Agency has the authority to enter into this Agreement and to undertake the project hereinafter described, and the Department has been granted the authority to function adequately in all areas of appropriate jurisdiction including the implementation of an integrated and balanced transportation system and is authorized under Section 339.12, Florida Statutes, to enter into this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants, promises and representations herein, the parties agree as follows:

1.00 Purpose of Agreement: The purpose of this Agreement is to provide for the Department's participation in Miami-Dade County Safe Routes to Schools Project and as further described in Exhibit "A" attached hereto and by this reference made a part hereof, hereinafter called the "project," and to provide Department financial assistance to the Agency and state the terms and conditions upon which such assistance will be provided and the understandings as to the manner in which the project will be undertaken and completed.

1.01 Attachments: Exhibit(s) "A" & "B" are attached and made a part hereof.

2.01 General Requirements: The Agency shall complete the project as described in Exhibit "A" with all practical dispatch, in a sound, economical, and efficient manner, and in accordance with the provisions herein, and all applicable laws. The project will be performed in accordance with all applicable Department procedures, guidelines, manuals, standards, and directives as described in the Department's Local Agency Program Manual, which by this reference is made a part hereof as if fully set forth herein. Time is of the essence as to each and every obligation under this Agreement.

A full time employee of the Agency, qualified to ensure that the work being pursued is complete, accurate, and consistent with the terms, conditions, and specifications of this Agreement shall be in charge of each project.

Removal of Any Unbilled Funds

If Agency fails to timely perform its obligations in submitting invoices and documents necessary for the close out of the project, and said failure results in a loss of the remaining unbilled funding either by Federal withdrawal of funds or loss of State appropriation authority (which may include both federal funds and state funds, if any state funds are on the project), Agency will be responsible for the remaining unbilled funds on the project. No other funds will be provided by the Department. Agency waives the right to contest such removal of funds by the Department, if said removal is directly related to Federal (FHWA) withdrawal of funds or loss of State appropriation authority due to Local Agency's failure or nonperformance. In addition to loss of funding, the Department will consider de-certification of said Agency for future LAP projects.

Removal of All Funds

If all funds are removed from the project, including amounts previously billed to the Department and reimbursed to the Agency, and the project is off the state highway system, then the department will have to request repayment for the previously billed amounts from the Local Agency. No state funds can be used on off-system projects.

2.02 Expiration of Agreement: The Agency agrees to complete the project on or before _____. If the Agency does not complete the project within this time period, this Agreement will expire on the last day of the scheduled completion as provided in this paragraph unless an extension of the time period is requested by the Agency and granted in writing by the Department prior to the expiration of this Agreement. Expiration of this Agreement will be considered termination of the project. The cost of any work performed after the expiration date of this Agreement will not be reimbursed by the Department.

2.03 Pursuant to Federal, State, and Local Laws: In the event that any election, referendum, approval, permit, notice or other proceeding or authorization is requisite under applicable law to enable the Agency to enter into this Agreement or to undertake the project hereunder or to observe, assume or carry out any of the provisions of the Agreement, the Agency will initiate and consummate, as provided by law, all actions necessary with respect to any such matters so requisite.

2.04 Agency Funds: The Agency shall initiate and prosecute to completion all proceedings necessary, including federal-aid requirements, to enable the Agency to provide the necessary funds for completion of the project.

2.05 Submission of Proceedings, Contracts, and Other Documents: The Agency shall submit to the Department such data, reports, records, contracts, and other documents relating to the project as the Department and the Federal Highway Administration (FHWA) may require.

3.00 Project Cost:

3.01 Total Cost: The total cost of the project is $ 2,199,415.65. This amount is based upon the schedule of funding in Exhibit "B." The Agency agrees to bear all expenses in excess of the total cost of the project and any deficits involved. The schedule of funding may be modified by mutual agreement as provided for in paragraph 4.00.

3.02 Department Participation: The Department agrees to participate, including contingencies, in the project cost to the extent provided in Exhibit "B." This amount includes federal-aid funds which are limited to the actual amount of federal-aid participation.

3.03 Limits on Department Funds: Project costs eligible for Department participation will be allowed only from the date of this Agreement. It is understood that Department participation in eligible project costs is subject to:

a) Legislative approval of the Department's appropriation request in the work program year that the project is scheduled to be committed;

b) Availability of funds as stated in paragraphs 3.04 and 3.05 of this Agreement;

c) Approval of all plans, specifications, contracts or other obligating documents and all other terms of this Agreement; and

d) Department approval of the project scope and budget at the time appropriation authority becomes available.

3.04 Appropriation of Funds: The Department's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. If the Department's funding for this project is in multiple fiscal years, funds approval from the Department's Comptroller must be received each fiscal year prior to costs being incurred. See Exhibit "B" for funding levels by fiscal year. Project costs utilizing these fiscal year funds are not eligible for reimbursement if incurred prior to funds approval being received. The Department will notify the Agency, in writing, when funds are available.

3.05 Multi-Year Commitment: In the event this Agreement is in excess of $25,000 and has a term for a period of more than one year, the provisions of Section 339.135(6)(a), Florida Statutes, are hereby incorporated:

"(a) The department, during any fiscal year, shall not expend money, incur any liability, or enter into any

contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years, and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of $25,000 and which have a term for a period of more than 1 year."

3.06 Notice-to-Proceed: No cost may be incurred under this Agreement until the Agency has received a written Notice-to-Proceed from the Department.

3.07 Limits on Federal Participation: Federal-aid funds shall not participate in any cost which is not incurred in conformity with applicable Federal and State laws, the regulations in 23 Code of Federal Regulations (C.F.R.) and 49 C.F.R., and policies and procedures prescribed by the Division Administrator of FHWA. Federal funds shall not be paid on account of any cost incurred prior to authorization by the FHWA to the Department to proceed with the project or part thereof involving such cost (23 C.F.R. 1.9 (a)). If FHWA or the Department determines that any amount claimed is not eligible, federal participation may be approved in the amount determined to be adequately supported and the Department shall notify the Agency in writing citing the reasons why items and amounts are not eligible for federal participation. Where correctable non-compliance with provisions of law or FHWA requirements exists, Federal funds may be withheld until compliance is obtained. Where non-compliance is not correctable, FHWA or the Department may deny participation in parcel or project costs in part or in total.

For any amounts determined to be ineligible for federal reimbursement for which the Department has advanced payment, the Agency shall promptly reimburse the Department for all such amounts within 90 days of written notice.

4.00 Project Estimate and Disbursement Schedule: Prior to the execution of this Agreement, a project schedule of funding shall be prepared by the Agency and approved by the Department. The Agency shall maintain said schedule of funding, carry out the project, and shall incur obligations against and make disbursements of project funds only in conformity with the latest approved schedule of funding for the project. The schedule of funding may be revised by mutual written agreement between the Department and the Agency. If revised, a copy of the revision should be forwarded to the Department's Comptroller and to the Department's Federal-aid Program Office. No increase or decrease shall be effective unless it complies with fund participation requirements of this Agreement and is approved by the Department's Comptroller.

5.00 Records:

5.01 Establishment and Maintenance of Accounting Records: Records of costs incurred under the terms of this Agreement shall be maintained and made available upon request to the Department at all times during the period of this Agreement and for 5 years after the final payment is made. Copies of these documents and records shall be furnished to the Department upon request. Records of costs incurred include the Agency's general accounting records and the project records, together with supporting documents and records of the Agency and all subcontractors performing work on the project and all other records of the Agency and subcontractors considered necessary by the Department for a proper audit of costs. If any litigation, claim or audit is started before the expiration of the 5-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved.

5.02 Costs Incurred for Project: The Agency shall charge to the project account all eligible costs of the project except costs agreed to be borne by the Agency or its contractors and subcontractors. Costs in excess of the programmed funding or attributable to actions which have not received the required approval of the Department shall not be considered eligible costs.

5.03 Documentation of Project Costs: All costs charged to the project, including any approved services contributed by the Agency or others, shall be supported by properly executed payrolls, time records, invoices, contracts or vouchers evidencing in proper detail the nature and propriety of the charges.

5.04 Audit Reports: Recipients of federal and state funds are to have audits done annually using the following criteria:

The administration of resources awarded by the Department to the Agency may be subject to audits and/or monitoring by the Department, as described in this section.

Monitoring: In addition to reviews of audits conducted in accordance with OMB Circular A-133 and Section 215.97, Florida Statutes, as revised (see "Audits" below), monitoring procedures may include, but not be limited to, on-site visits by Department staff, limited scope audits as defined by OMB Circular A-133, as revised, and/or other procedures. By entering into this Agreement, the recipient agrees to comply and cooperate fully with any monitoring procedures/processes deemed appropriate by the Department. In the event the Department determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by the Department staff to the Agency regarding such audit. The Agency further agrees to comply and cooperate with any inspections, reviews, investigations or audits deemed necessary by the FDOT's Office of Inspector General (OIG), and the Chief Financial Officer (CFO) or Auditor General.

Audits

Part I - Federally Funded: Recipients of federal funds (i.e., state, local government or non-profit organizations as defined in OMB Circular A-133, as revised) are to have audits done annually using the following criteria:

1. In the event that the recipient expends $500,000 or more in federal awards in its fiscal year, the recipient must have a single or program-specific audit conducted in accordance with the provisions of OMB Circular A-133, as revised. Exhibit "1" of this Agreement indicates federal resources awarded through the Department by this Agreement. In determining the federal awards expended in its fiscal year, the recipient shall consider all sources of federal awards, including federal resources received from the Department. The determination of amounts of federal awards expended should be in accordance with the guidelines established by OMB Circular A-133, as revised. An audit of the recipient conducted by the Auditor General in accordance with the provisions OMB Circular A-133, as revised, will meet the requirements of this part.

2. In connection with the audit requirements addressed in Part I, paragraph 1 the recipient shall fulfill the requirements relative to auditee responsibilities as provided in Subpart C of OMB Circular A-133, as revised.

3. If the recipient expends less than $500,000 in federal awards in its fiscal year, an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, is not required. However, if the recipient elects to have an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, the cost of the audit must be paid from non-federal resources (i.e., the cost of such an audit must be paid from recipient resources obtained from other than federal entities).

4. Federal awards are to be identified using the Catalog of Federal Domestic Assistance (CFDA) title and number, award number and year, and name of the awarding federal agency.

Part II - State Funded: Recipients of state funds (i.e., a non-state entity as defined by Section 215.97(2) (l), Florida Statutes) are to have audits done annually using the following criteria:

1. In the event that the recipient expends a total amount of state financial assistance equal to or in excess of $500,000 in any fiscal year of such recipient, the recipient must have a state single or project-specific audit for such fiscal year in accordance with Section 215.97, Florida Statutes, applicable rules of the Executive Office of the Governor and the CFO, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. Exhibit "1" to this Agreement indicates state financial assistance awarded through the Department by this Agreement. In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department, other state agencies, and other non-state entities. State financial assistance does not include federal direct or pass-through awards and resources received by a non-state entity for federal program matching requirements.

2. In connection with the audit requirements addressed in Part II, paragraph 1, the recipient shall ensure that the audit complies with the requirements of Section 215.97(7), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2) (d), Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.

3. If the recipient expends less than $500,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. However, if the recipient elects to have audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the recipient's resources obtained from other than State entities).

4. State awards are to be identified using the Catalog of State Financial Assistance (CSFA) title and number, award number and year, and name of the state agency awarding it.

Part III - Other Audit Requirements: The recipient shall follow up and take corrective action on audit findings. Preparation of a Summary Schedule of Prior Year Audit Findings, including corrective action and current status of the audit findings is required. Current year audit findings require corrective action and status of findings.

Records related to unresolved audit findings, appeals or litigation shall be retained until the action is completed or the dispute is resolved. Access to project records and audit work papers shall be given to the Department, the Department of Financial Services, and the Auditor General. This section does not limit the authority of the Department to conduct or arrange for the conduct of additional audits or evaluations of state financial assistance or limit the authority of any other state official.

Part IV - Report Submission:

1. Copies of financial reporting packages for audits conducted in accordance with OMB Circular A-133, as revised, and required by Part I of this Agreement shall be submitted, when required by Section .320 (d), OMB Circular A-133, as revised, by or on behalf of the recipient directly to each of the following:

2. In the event that a copy of the financial reporting package required by Part I of this Agreement and conducted in accordance with OMB Circular A-133, as revised, is not required to be submitted to the Department for reasons pursuant to Section .320 (e)(2), OMB Circular A-133, as revised, the recipient shall submit the required written notification pursuant to Section .320 (e)(2) and a copy of the recipient's audited Schedule of Expenditures of Federal Awards directly to each of the following:

   (Insert mailing address(es) of office(s) responsible for program oversight - District LAP Administrator or person designated by District.)

   In addition, pursuant to Section .320 (f), OMB Circular A-133, as revised, the recipient shall submit a copy of the financial reporting package described in Section .320 (c), OMB Circular A-133, as revised, and any Management Letters issued by the auditor, to the Department at each of the following addresses:
