EXPLANATION:

CONTRACTOR'S PERFORMANCE EVALUATION:

The contractor Fountain Engineering, Inc., has performed work for the Department of Environmental Resources Management (DERM) at a guarded level as reported in the Office of Capital Improvements (OCI) database. PWD reviewed the aforementioned database and found a total of two (2) awarded contracts. One (1) from DERM and one (1) from the Water & Sewer Department. The referenced database also list one (1) evaluation from DERM with a guarded overall performance rating. The remaining Department has not yet submitted an evaluation.

On January 16, 2007, PWD staff met with Fountain Engineering, Inc., in order to discuss certain issues of concern due to the aforementioned low rating from DERM. A copy of the evaluation report was reviewed with the contractor and the specific issues that caused the low ratings were addressed.

Mr. Fountain, Vice President of Fountain Engineering, Inc. gave assurances that these issues would not re-occur and all requirements of the contract would be met. Mr. Fountain was reminded of the liquidated damages associated with this contract and the performance bond which would be exercised if they fail to performed as required.

The project will be assigned to Mr. Leo Salgueiro, Project Manager, for day to day responsibilities.

Background

BACKGROUND:

This project was initiated and processed by DERM. However, during the project's award recommendation phase, this project was transferred to PWD as part of the Contracting and Construction Group.

Twenty-two (22) prospective bidders requested bid documents and twelve (12) proffered bids on October 11, 2006. Eleven (11) of the twelve (12) were declared responsive by the Department of Business Development, and those eleven bids where opened on October 13, 2006.

The contractor, Fountain Engineering, Inc., the lowest responsive and responsible bidder submitted a base bid amount of $897,638.88 or 15% below the revised base estimate of $1,028,097.52. The second lowest bidder, F & L Construction, Inc., was $982,515.95 or 5% below the revised base estimate. The third lowest bidder, Southeastern Engineering Contractors, Inc., was $1,029,960.75 or 1% over the revised base estimate. The revised estimate was the result of a segment of the project being shifted to another project, thus creating an estimated $137,000.00 reduction in cost for this project. The aforementioned segment is SW 56 Street (Miller Road) and SW 157 Avenue.

During the Award Recommendation process, owners of the properties abutting the project site filed suit against the County to stop the project. The lawsuit claims that the County abandoned the land on which this project is being built and requests that the entire 85-foot strip of land be conveyed to each individual homeowner. However, the County Attorney's Office obtained an injunction from the Court that allows the County to proceed with the project. The issue of the ownership of the land will be decided by the Courts at a later date.

Therefore, PWD recommends that Fountain Engineering, Inc., the lowest responsive, responsible bidder, be awarded the subject contract for a total amount of $999,418.18.

Subject: Contract Award Recommendation - GOB Project 1-70094; Contract #GOB05050

I have reviewed the contract award recommendation documents for the subject drainage project. The project was originally allocated $1,001,000 of Series 2005 bond revenue, however the Series 2005 allocation was reduced to $390,000 and re-allocated to other GOB accelerated projects. Considering that $1.110 million of additional GOB funds are scheduled to be sold and allocated in 2007-08 for the subject project in addition to this year's funding sufficient funds are available and/or committed in order to proceed with the contract award recommendation.

Memorandum

MIAMI-DADE COUNTY

Date: October 23, 2006

To: Carlos Espinosa Director
Department of Environmental Resources Management

From: Marsha E. Jackman, Director, Department of Business Development

Subject: CSBE Compliance Review
Project No. 1-70094 GOB05050
SW 157th Ave Drainage Improvement Project

The Department of Business Development (DBD) has completed its compliance review of the above-referenced project with the Community Small Business Enterprise (CSBE) Program. The contract measure applicable to this project is a 12% CSBE goal.

The Contracts and Specifications Division of Recovery and Mitigation Program (DORM) of the Department of Environmental Resources Management (DERM) submitted bid documents from Fountain Engineering, Inc. for compliance review.

Fountain Engineering, Inc. submitted the required Schedule of Intent Affidavit (DBD 400) committing to utilize Pilome Engineering, Inc., a certified CSBE firm, to perform drainage/canal work at 15%. Pilome Engineering, Inc. has signed the Schedule of Intent Affidavit confirming the information listed. Fountain Engineering, Inc. has met the contract measure requirement and is in compliance with the CSBE Participation Provisions.

Please note that DBD staff only reviewed and addressed compliance with the CSBE program. The Contracts and Specifications Division of the Department of Environmental Resources Management is responsible for any other issues that may exist.

Should you have any questions or need any additional information, please do not hesitate to call Caesar Suarez at (305) 375-3141.

Re: Request for Extension of Bid Prices and Bid Bond
S.W. 157th Avenue Drainage Improvement Project
Project No.: 1-70094 GOB05050

Dear Mrs. Fountain:

The Public Works Department is aggressively working to resolve the legal issues that arouse after the advertisement of the subject project. However, we require additional time to finalize our process. Therefore, we request that the responsive bidders, if wishing to remain in consideration for the award, concur to extend the bid prices an additional ninety (90) calendar days honoring the unit prices and other terms and conditions as originally submitted on October 13, 2006, for the referenced project.

Please acknowledge your concurrence by signing in the space provided below no later than the close of business day on Friday, June 1, 2007. Should your concurrence not be received by the stated deadline, it will be an affirmation that your firm does not wish to be considered beyond the June 11, 2007, expiration. Should you have any questions please contact me at 305-375-2930.

Sincerely,

Michael Moore
Manager, Contracts
Public Works Department

The firms listed below by committing their signature by their respective firm names hereby extend the unit prices an additional 90 calendar days from June 11, 2007, to September 10, 2007, and hereby commit to furnish a revised bid bond in 14 calendar days from the date this letter is returned.

Delivered to: **Public Works Department, Contracts and Specifications Section 15th Floor, or Facsimile (305) 375-2931,** followed by original document, Attn: **Michael Moore.**
