Subject: Resolution Authorizing Execution of a Supplemental Joint Participation Agreement (SJPA) with the Florida Department of Transportation (FDOT) to Provide Additional State Funding for the Operation of the South Miami-Dade Busway Transit Corridor Project in the amount of \$450,000

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) approve the execution of a Supplemental Joint Participation Agreement (SJPA), in substantially the form attached with the Florida Department of Transportation (FDOT) to provide additional State funding in the amount of \$450,000 for a State Transit Corridor project supporting bus routes operating on the South Miami-Dade Busway (Busway). It is further recommended that the Board authorize the receipt and expenditure of funds as specified in the agreement. No County match is required for this SJPA.

SCOPE

While the routes are physically located within Commission Districts 7, 8, and 9, the impact of this route benefits the riding public, and is therefore, countywide.

FISCAL IMPACT/FUNDING SOURCE

No local match is required for this SJPA. Under the State Transit Corridor Program, FDOT is providing Miami-Dade Transit (MDT) \$450,000 to support continued operation of the Coral Reef MAX, the Saga Bay MAX, the Busway Local, Route 1 and Busway MAX. FDOT has been providing financial assistance to Miami Dade Transit (MDT) in support of bus routes operating on the Busway since 1997 in conjunction with ongoing annual agreements supported by the Board. Since the inception of these routes, nearly \$9 million has been contributed by the State.

Current annual operating costs for all five routes is estimated at \$12.7 million. Although no local match is required to receive this funding, the balance of the operating costs for this route is provided through MDT's operating revenues, including general fund revenues as well as proceeds from the Charter County Transit Surtax (Surtax).

TRACK RECORD/MONITOR

MDT has entered into numerous funding agreements with FDOT over the course of more than 25 years. The Project Manager for this SJPA is Doug Greist, Manager, MDT Budget and Management Services.

BACKGROUND

Chapter 341 of the Florida Statutes provides State Transit Corridor funding to relieve traffic congestion and improve road capacity within identified transportation corridors.

The Busway, dedicated bus lanes running parallel to U.S. 1 from Dadeland South Metrorail Station to SW 344th Street, qualifies as a transit corridor. Revenue service on the original 8.2 mile stretch from Dadeland South to Cutler Bay began in February 1997. New routes added into the original service plan for the Busway included the Coral Reef MAX, the Saga Bay MAX, and the Busway Local. These routes, along with Route 1 and the Busway MAX, support operation of Busway service. The entire Busway corridor, which includes several other routes serving portions of the Busway, has experienced significant growth in ridership, rising from 8,000 average weekday boardings in 1997 to over 22,400 at present. The five FDOT funded routes alone average nearly 12,600 weekday boardings.

The most recent Board actions prior to this in support of funding agreements for the Busway routes were authorized by Resolution R-1338-05 (December 6, 2005) for \$450,000 and Resolution R-1288-06 (November 28, 2006) also for \$450,000 in State funds. The State has provided on-going funding in earlier years of a generally similar amount.
