MEMORANDUM

MIAMI-DADE COUNTY

Agenda Item No. 8(M)3b

Date: March 4, 2008

To: Honorable Chairman Bruno A. Barreiro,
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: Retroactive Change Order No. One (1) for Black Point Marina - Sewer Connection, Project No: GOB 29-70140; Contract No: 602201-01-002

Recommendation

The attached Retroactive Change Order No: One (1) on a contract between Metro Equipment Services, Inc. and Miami Dade County has been prepared by the Park and Recreation Department (PRD) and is recommended for approval.

CHANGE ORDER NUMBER: One (1)

Scope

PROJECT NAME: Black Point Marina - Sewer Connection

PROJECT NO: GOB 29-70140

CONTRACT NO: 602201-01-002

PROJECT DESCRIPTION: The complete construction of all sewage collection and transmission facilities indicated on the drawings and specifications; including, but not limited to, all clearing to construct approximately 2,677 linear feet of gravity sewer pipe, with manholes; approximately 3,742 linear feet of sewage force main (8" dia. and smaller); approximately 2,899 linear feet of 12" dia. sewage force main; removal of existing septic tank facilities; and restoration of all surfaces, landscaping and sodding impacted by the work.

PROJECT LOCATION: 24775 S. W. 87th Avenue, Miami, Fl 33032

PRIMARY COMMISSION DISTRICT: District 8 Katy Sorenson

APPROVAL PATH: Board of County Commissioners

USING DEPARTMENT: Park and Recreation Department

MANAGING DEPARTMENT: Park and Recreation Department

Fiscal Impact / Funding Source

CHANGE ORDER FUNDING SOURCE: This project is funded by an accelerated 2005 Building Better Communities General Obligation Bond, Capital Outlay Reserve Fund.

PTP FUNDING: No

GOB FUNDING: Yes

GOB PROJECT:

GOB PROJECT / DESCRIPTION	GOB ALLOCATION
29-GOB – Black Point Park and Marina	$1,150,095.75

CHANGE ORDER DESCRIPTION: Increase the contract amount by $253,947.01 from $1,122,220.00 to $1,376,167.01.

MONETARY JUSTIFICATION: The PRD recommends an increase of $253,947.01 to the contract amount for the items/reasons outlined below:

A. Department Requested Changes:
   1. Relocation of lift station due to conflicts with the location of a future restroom. The negotiated cost for this additional work is $29,880.00 and was paid out from the contingency allowance. Upon approval of this change order a departmental draw will be made to replenish the contingency.

B. Additional Work Requested by Regulatory Agencies:
   1. Increase size of sewer line (from 4" to 8") in compliance with Water and Sewer Department (WASD) request in order to better define the limits and ease of maintenance responsibility for WASD crews. The negotiated cost for this additional work amounted to $7,458.00 and was paid out from the contingency allowance. Upon approval of this change order a departmental draw will be made to replenish the contingency.

C. Unforeseen Conditions:
   1. An existing 8" PVC conduit under the canal bridge was specified as the intended conduit for a 4" DIP sewer line; however, the conduit was found to be obstructed and unusable. The method of installation had to be modified to a 4" flanged DIP with stainless steel straps attached along the south face of the bridge. The negotiated cost for this

additional work, including applicable credit is $30,249.69 of which $6,445.00 was paid from the remaining balance of the contingency allowance. Upon approval of this change order a departmental draw for the amount of $6,445.00 will be made to replenish the contingency.

2. An existing 4" PVC sewer line leaked when tested under pressure and was deemed unusable. The most cost effective solution to replace the compromised line consisted of a 4" flanged DIP line with stainless steel straps attached along the south face of the existing bridge running parallel with the 4" line mentioned above. The negotiated cost for this additional work amounted to $39,919.00.

3. The invert elevations in as-built drawings were in error for a portion of the system connecting the boat ramp restroom and the dry-storage building to manhole No.12. Approximately 365 LF of existing PVC gravity sewer line had to be removed and placed at the proper invert elevation. The negotiated cost for this additional work amounted to $50,922.49.

4. Pumping out, removal, and disposal of existing septic tank at the dock master building and replacement of 184 LF of 8" PVC gravity sewer line which was found in a deteriorated condition. The negotiated cost for this additional work amounted to $17,824.00.

5. Installation of grease traps and interior plumbing modifications to the Dock Master Building's restaurant kitchen. The additional work consists of installing two new grease traps underneath the existing asphalt driveway to isolate the restaurant wastewater from the rest of the system in order to meet Code requirements and eliminate costly maintenance. In order to complete this work, modifications to the existing waste distribution system within the kitchen area are also required. The cost for this additional work is $52,055.95.

D. Design Errors:

1. The design did not address the presence of monitoring wells within the proposed path for the gravity sewer line and force main. Since to shift the proposed lines would have required multiple tree relocations (a more expensive option), the seven (7) existing wells were relocated. The negotiated cost for this additional work amounted to $12,328.00 and was paid out from the contingency

allowance. Upon approval of this change order a

departmental draw will be made to replenish the contingency.

E. Design Omissions:

1. The design did not address disposing of an existing septic tank not previously identified on the plans which had to be removed at the Maintenance Building. The negotiated cost for the additional work associated with pump-out; excavation; removal and disposal of the septic tank amounted to $1,472.50.

2. As-built drawings identified an existing empty electrical conduit running from the main electrical panel at the maintenance building, crossing the bridge and terminating east of the bridge at a pull box that was found to be in use. The design firm failed to field verify that the conduits were empty and still available for the proposed use. The construction documents called for the use of the empty conduit to the pull box and the extension of new conduit to the new pump station. Once the contractor found that the conduit was already in use and that there was no available space within the conduit to run the new electrical wires it became necessary to install approximately 900 LF of 2" electrical conduit from the original point of connection east of the bridge to the existing maintenance building, and to replace the type of wire for the portion of the bridge crossing to meet Code requirements. The negotiated cost for this additional work amounted to $11,837.38.

TIME JUSTIFICATION:

No time extension requested.

Background

BACKGROUND:

This contract's Notice to Proceed was dated May 8th, 2007, with duration of 280 calendar days. The original contract expiration date is February 12, 2008. The objective of this contract is to remove individual septic tank systems and connect all existing private sewer system facilities within the park to the public sewer system in order to comply with regulatory mandates from the Department of Environmental Resources Management (DERM).

The subject Change Order No. One to this contract increased the original contract amount by $253,947.01 from $1,122,220.00 to $1,376,167.01 for:

- Department Requested Changes/Upgrades
- Additional Work Requested by Regulatory Agencies
- Unforeseen Conditions
- Design Errors/Omissions

CHANGE ORDER TO ORIGINAL CONTRACT

CHANGE ORDER NO: One (1) **CONTRACT NO:** 602201-01-002 **DATE:** 12/7/2007

PROJECT TITLE: Black Point Marina - Sewer Connection

TO CONTRACTOR: Metro Equipment Service, Inc. 9495 Sunset Drive, #225 Miami, Florida 33173

YOU ARE HEREBY REQUESTED TO MAKE THE FOLLOWING CHANGES IN THE PLANS AND SPECIFICATIONS FOR THIS PROJECT AND TO PERFORM THE WORK ACCORDINGLY, SUBJECT TO ALL CONTRACT STIPULATIONS AND COVENANTS.

Description of work authorized: Increase the contract amount by $253,947.01 from $1,122,220.00 to $1,376,167.01.

Monetary Justification: The PRD recommends an increase of $253,947.01 to the contract amount for the items/reasons outlined below:

A. Department Requested Changes:
1. Relocation of lift station due to conflicts with the location of a future restroom. The negotiated cost for this additional work is $29,880.00 and was paid out from the contingency allowance. Upon approval of this change order a departmental draw will be made to replenish the contingency. (Continued below)

Time Justification: No time extension requested.

Time contingency summary:

Beginning Balance: 28 Days
Total Amount Used to Date: 0 Days
Requested Replenishment: 0 Days
Ending Bal. after Change Order: 28 Days

This change order includes not only all direct costs of contractor such as labor, material, job overhead, and profit markup; but also includes any costs for modifications or changes in sequence of work to be performed, delays, rescheduling, disruption, extended direct overhead or general overhead, acceleration, material or other escalation which include wages and other impact costs.

Contractor hereby waives, fully releases, discharges and acquits Miami-Dade County of any and all liability for claims, additional costs, and any requests for additional time arising out of the fulfillment of the contract and this change order from the date of the contract award to and including execution of this change order.

SUMMARY OF CONTRACT AMOUNT / TIME

ORIGINAL CONTRACT AMOUNT	$1,240,614.21
COST OF CHANGES PREVIOUSLY ORDERED	$0.00
ADJUSTED CONTRACT AMOUNT PRIOR TO THIS CHANGE	$1,240,614.21
COST OF CHANGES WITH THIS DOCUMENT	$253,947.01
ADJUSTED CONTRACT AMOUNT INCLUDING THIS CHANGE	$1,494,561.22
PERCENT INCREASE WITH THIS CHANGE	20%
TOTAL PERCENT INCREASE TO DATE	20%
TIME: ORIGINAL CONTRACT / PREVIOUS CHANGES / THIS CHANGE	280 / 0 / 0
CONTINGENCY TIME: ORIGINAL CONTRACT / PREVIOUS CHANGES / THIS CHANGE	28 / 0 / 0
ADJUSTED DURATION INCLUDING THIS CHANGE	308

CERTIFYING STATEMENT: *I hereby certify that the changes and supporting cost data included is, in my considered opinion, necessary and accurate; that the prices quoted are fair and reasonable and in proper ratio to the cost of the original work contracted for under benefit of competitive bidding.*

Monetary Justification: (Continued)

B. Additional Work Requested by Regulatory Agencies:
1. The location of the ductile iron pipe (DIP) that is to be dedicated to Miami-Dade Water and Sewer Department (WASD) was shifted south to accommodate WASD's request, the sewer line had to be changed from 4" DIP, as specified in the design plans, to an 8" DIP line. The negotiated cost for this additional work amounted to $7,458.00 and was paid out from the contingency allowance. Upon approval of this change order a departmental draw will be made to replenish the contingency.

C. Unforeseen Conditions:
1. An existing 8" PVC conduit under the canal bridge was specified as the intended conduit for a 4" DIP sewer line; however, the conduit was found to be obstructed and unusable. The method of installation had to be modified to a 4" flanged DIP with stainless steel straps attached along the south face of the bridge. The negotiated cost for this additional work, including applicable credit is $30,249.69 of which $6,445.00 was paid from the remaining balance of the contingency allowance. Upon approval of this change order a departmental draw for the amount of $6,445.00 will be made to replenish the contingency.

2. An existing 4" PVC sewer line leaked when tested under pressure and was deemed unusable. The most cost effective solution to replace the compromised line consisted of a 4" flanged DIP line with stainless steel straps attached along the south face of the existing bridge running parallel with the 4" line mentioned above. The negotiated cost for this additional work amounted to $39,919.00.

3. The invert elevations in as-built drawings were in error for a portion of the system connecting the boat ramp restroom and the dry-storage building to manhole No.12. Approximately 365 LF of existing PVC gravity sewer line had to be removed and placed at the proper invert elevation. The negotiated cost for this additional work amounted to $50,922.49.

4. Pumping out, removal, and disposal of existing septic tank at the dock master building and replacement of 184 LF of 8" PVC gravity sewer line which was found in a deteriorated condition. The negotiated cost for this additional work amounted to $17,824.00.

5. Installation of grease traps and interior plumbing modifications to the Dock Master Building's restaurant kitchen. The additional work consists of installing two new grease traps underneath the existing asphalt driveway to isolate the restaurant wastewater from the rest of the system in order to meet Code requirements and eliminate costly maintenance. In order to complete this work, modifications to the existing waste distribution system within the kitchen area are also required. The cost for this additional work is $52,055.95.

D. Design Errors:
1. Relocation of seven (7) existing monitoring wells along the proposed path of a gravity sewer line and force main. The negotiated cost for this additional work amounted to $12,328.00 and was paid out from the contingency allowance. Upon approval of this change order a departmental draw will be made to replenish the contingency.

E. Design Omissions:

1. Pump-out, excavation, removal and disposal of an existing septic tank located at the Maintenance Building which was not identified on as-built drawings. The negotiated cost for this additional work amounted to $1,472.50.

2. The as-built drawings identified an existing empty electrical conduit running from the main electrical panel at the maintenance building, crossing the bridge and terminating east of the bridge at a pull box. The construction documents called for the use of the empty conduit to the pull box and the extension of new conduit to the new pump station. Once the contractor found that the conduit was already in use and that there was no available space within the conduit to run the new electrical wires it became necessary to install approximately 900 LF of 2" electrical conduit from the original point of connection east of the bridge to the existing maintenance building, and to replace the type of wire for the portion of the bridge crossing to meet Code requirements. The negotiated cost for this additional work amounted to $11,837.38.

WARNING: THIS POWER OF ATTORNEY IS INVALID WITHOUT THE RED BORDER

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of Farmington Casualty Company, Fidelity and Guaranty Insurance Company, Fidelity and Guaranty Insurance Underwriters, Inc., Seaboard Surety Company, St. Paul Fire and Marine Insurance Company, St. Paul Guardian Insurance Company, St. Paul Mercury Insurance Company, Travelers Casualty and Surety Company, Travelers Casualty and Surety Company of America, and United States Fidelity and Guaranty Company, which resolutions are now in full force and effect, reading as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

FURTHER RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any power of attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such power of attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, Kori M. Johanson, the undersigned, Assistant Secretary, of Farmington Casualty Company, Fidelity and Guaranty Insurance Company, Fidelity and Guaranty Insurance Underwriters, Inc., Seaboard Surety Company, St. Paul Fire and Marine Insurance Company, St. Paul Guardian Insurance Company, St. Paul Mercury Insurance Company, Travelers Casualty and Surety Company, Travelers Casualty and Surety Company of America, and United States Fidelity and Guaranty Company do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which is in full force and effect and has not been revoked.

WARNING
THIS POWER OF
ATTORNEY IS INVALID
WITHOUT THE RED
BORDER

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 10th day of December, 2007.

Kori M. Johanson, Assistant Secretary

Subject: Contract Award Recommendation for Black Point Marina - Sewer Connection - GOB 29-70140; Contract No: 602201-01-002

This Recommendation for Award of a Construction contract has been prepared by the Park and Recreation Department and is recommended for approval pursuant to the Expedite Ordinance No. 00-104 Sections 2-8.2.6 and 2-8.2.7 of the Code of Miami-Dade County.

PROJECT NAME:	Black Point Marina - Sewer Connection
PROJECT NO:	GOB 29-70140
CONTRACT NO:	602201-01-002
PROJECT DESCRIPTION:	The complete construction of all sewage collection and transmission facilities indicated on the drawings and specifications; including, but not limited to, all clearing to construct approximately 2,677 linear feet of gravity sewer pipe, with manholes; approximately 3,742 linear feet of sewage force main (8" dia. and smaller); approximately 2,899 linear feet of 12" dia. sewage force main; removal of existing septic tank facilities; and restoration of all surfaces, landscaping and sodding impacted by the work.

TOTAL DEDICATED ALLOWANCE:	$62,283.21			

TOTAL AMOUNT:	$1,240,614.21
EXPLANATION:	The bids were opened on 10/4/2006. The bids ranged from $1,122,220.00 to $1,786,719.56 with Metro Equipment Service, Inc (MES) having the low bid of $1,122,220.00. The Parks architectural consultant, Consulting Engineering & Science, Inc estimated that the construction would cost $1,294,044.54. After reviewing MCS's bid, it was concluded that this bid is competitve with the engineer's estimate and the other bids. (See attached Bid Tabulation). Per the DBD Firm History Report, MES has been awarded 23 other Miami-Dade County pump station and sewer projects totaling $28,425,877 over the past five years. The low bidder was able to comply with all applicable County Ordinances, and regulations. We then presented the required documents to the Department of Business Development (DBD) for compliance review. It was determined by DBD that all documents were in compliance with the CSBE Participation Provisions. See attachments 1 through 10. We recommend that the County Manager award this project to the low bidder, Metro Equipment Service, Inc and present the contract award to the Board for ratification at the next available meeting.

Contract Measures Recommendation

Measure	Program	Goal Percent
Goal	CSBE	15.72%

Reasons for Recommendation

An analysis of the factors contained in Section VI C of Administrative Order 3-22 indicates that a goal of 16% is appropriate in the trades of Concrete, Pavement Markings/Finishes (Painting & Wall Covering), Plumbing, Electrical, and Demolition.

This project is being resubmitted because the scope of work changed and the estimated cost increased from $911,250 to $1,494,796.

CWP Not Applicable: Not in DTA

Analysis for Recommendation of a Goal

Memorandum

MIAMI-DADE COUNTY

Date: October 16, 2006

To: Vivian Donnell-Rodriguez, Director
Park & Recreation Department

From: Marsha E. Jackman, Director
Department of Business Development

Subject: CSBE Compliance Review of Project No. 602201-01-002, Black Point Marina-Sewer Connection

---

The Department of Business Development (DBD) has completed its compliance review for the above-referenced project with the Community Small Business Enterprise (CSBE) Program. The contract measure applicable to this project is a 16% CSBE subcontractor goal.

The Planning & Development Division of the Park & Recreation Department has submitted bid documents from Metro Equipment Service, Inc. (Metro Equipment Service), Budget Construction Co., Inc. (Budget Construction), Fountain Engineering, Inc. (Fountain Engineering), and H.A. Contracting Corp. (H.A. Contracting) for compliance review.

Metro Equipment Service submitted the required Schedule of Intent (SOI) Affidavit committing to utilize Pabon Engineering, Inc., a certified CSBE firm, to perform pipe installation at 16%. Pabon Engineering Inc. signed the SOI Affidavit in agreement with the information listed. Metro Equipment Service has fulfilled the contract measure requirement and is in compliance with the CSBE Participation Provisions. Please note the Miami-Dade County Goal Deficit Make Up Report lists the firm with a goal deficit amount of $267,440.

Budget Construction submitted the required SOI Affidavit committing to utilize Two Brothers Paving & Drainage Engineering, a certified CSBE firm, to perform paving and sewer work at 16%. Two Brothers Paving & Drainage Engineering signed the SOI Affidavit in agreement with the information listed. Budget Construction has fulfilled the contract measure requirement and is in compliance with the CSBE Participation Provisions.

Fountain Engineering submitted the required SOI Affidavit committing to utilize Pilome Engineering Inc., a certified CSBE firm, to perform pipe installation at 16%. Pilome Engineering Inc. signed the SOI Affidavit in agreement with the information listed. Fountain Engineering has fulfilled the contract measure requirement and is in compliance with the CSBE Participation Provisions.

H.A. Contracting submitted the required SOI Affidavits committing to utilize certified CSBE firms Guarantee Fence Corp., to perform fencing at 1% and Governor Construction Inc., to perform pump station installation at 16%. Both firms signed their respective SOI Affidavit in agreement with the information listed. H.A. Contracting has fulfilled the contract measure requirement and is in compliance with the CSBE Participation Provisions.

DBD staff only reviewed and addressed compliance with the CSBE program. The Planning & Development Division of the Park & Recreation Department is responsible for any other issues that may exist.

Should you have any questions or need any additional information, please do not hesitate to call Cynthia France at (305) 375-3139.

BID ANALYSIS

Project Name Black Point Marina - Sewer Connection
P&R No. 602201-01-002

		Engineer's Estimate	Metro Equip.Services Estimate	% Difference	Explanation for Differences
Division	1	$115,287.50	$61,000.00	-47.09%	Engineer included Supervision, Signs/Toilet/Cleanup and MOT. Assume that Contractor did not include same tasks in this Division.
Division	2	$869,786.54	$0.00	-100.00%	Assume Contractor incorporated Division 2 into Division 13
Division	3	$91,365.34	$0.00	-100.00%	Assume Contractor incorporated Division 3 into Division 13
Division	4				
Division	5				
Division	6				
Division	7				
Division	8				
Division	9	$14,410.94	$0.00	-100.00%	Assume Contractor incorporated Division 9 into Division 13
Division	10				
Division	11				
Division	12				
Division	13	$0.00	$866,220.00	100.00%	Assume Contractor incorporated Divisions 2, 3 and 9 into Division 13. As such, Engineer Estimate would be $975,562.82 and Contractor difference would be -11.21%.
Division	14				
Division	15	$109,234.91	$120,000.00	9.85%	Assume Contractor included work in Division 15 that Engineer included elsewhere.
Division	16	$93,959.31	$75,000.00	-20.18%	Assume Contractor included work in Division 16 that Engineer included elsewhere.
Total		$1,294,044.54	$1,122,220.00	-13.28%	

"After performing the bid analysis, Consulting Engineering & Science, Inc. feels that the bid from Metro Equipment Service, Inc is competitive and we recommend the Miami-Dade Park and Recreation Department awarding the project."

Re: **Bid Evaluation** – Black Point Marina – Sewer Connection, P&R No. 602201-01-002

Dear Mr. Godoy,

The Miami-Dade Park and Recreation Department (PRD) is in the bid evaluation process, and has discovered that Metro Equipment Service, Inc (MES) is the apparent lowest responsive / responsible bidder but is in violation of Ordinance 97-52 "Community Small Business Enterprise". Per the Department of Business Development's (DBD) Goal Deficit Make-up Report dated 9/25/06, MES has an outstanding goal deficit of $ 267,440.00 on record from the Water and Sewer Department (WASD) for Project # S-412 R. MES has agreed and was approved by DBD to make up $260,000.00 of that deficit on WASD Project # S-769. Therefore, MES still has an outstanding goals deficit amount of $7,440.00 to be made up on an existing or future County project.

If this project is awarded to MES it would be contingent upon your company satisfying the goal deficit of $7,440 from WASD Project # S-412R plus this project's current 16% CSBE goal. If you have evidence that this goal deficit has already been met, please provide written documentation to Marsha Jackman, Director (DBD), copy Olga Valverde (Clerk of the Board) and Andrew Burgess (PRD). If the goals deficit is indeed valid, please sign in the designated area of this letter accepting this additional contract condition then return within the next three (3) business days to:

Andrew Burgess
Miami-Dade Park and Recreation Department
275 NW 2nd Street, Suite 550
Miami, Florida 33128

This request is pursuant to Division 00200 – Instruction to Bidders, Article 12 – Bid Evaluation within Volume 1 of the Project Manuals. Also, per Ordinance 98-106, "Cone of Silence" copies of all written communication regarding this project must be filed with the Clerk of the Board. You may fax these copies to the Clerk of the Board at (305) 375-2484 with the complete project name and number included in the letter.

Time is of the essence and this issue is affecting the project's critical path. If these items are not provided by the deadline, Miami-Dade County will take any necessary and appropriate action up to retaining the bid security as liquidated damages, and not as a penalty.

Thanking you in advance for your prompt attention to this matter.

GENERAL OBLIGATION BOND SITES

GOB Project Title: 29 -Black Point Park and Marina

GOB Project Desc: Area-wide park improvements include jetty development; and vehicle and pedestrian circulation.

Specific Site Locations: #70140 - 24775 SW 87 AVE 33032-Phase 1 Black Point Park & Marina - utility sewer

Specific Site Description: Phase 1 Black Point Park & Marina - utility sewer connection necessary for the construction of future restrooms in the Park Jetty Area and Marina.

Site Comments: 9/27/07 - Construction proceeding on schedule for a 2/2008 completion. Currently addressing plan re-permitting issues.
Construction in progress-proceeding on-schedule (8/08/07-RCutie from S.Shinde). Permitting issue with Zoning approval delayed the contractor selection phase. A second permitting sequence by SFWMD, WASD and Public Works delayed issuance of the NTP with construction. NTP issued 5/8/2007.

Site Physical Commission: District 8 Commission District Impacted: District 8

Community Council Dist: 15 Community Council Impacted: Council District 15

Memorandum

MIAMI-DADE COUNTY

Date: December 26, 2007

To: Jack Kardys, Director
Park and Recreation Department

From: Penelope Townsley, Director
Department of Small Business Development

Subject: Project No. 602201-01-002, Change Order No. 1

Black Point Sewer Connection

RECEIVED
JAN 2 ' 2008

The subject project was reviewed by the Department of Small Business Development (SBD) for compliance with the following sections of the Code of Miami-Dade County - the Community Small Business Enterprise (CSBE) Program and the Responsible Wage and Benefits Ordinances, §10-33.02 and 2-11.16. This retroactive change order increases the contract amount by $253,947 with the 16% CSBE goal applicable to this change order. The prime contractor, Metro Equipment Services, Inc. (Metro), is not in compliance with either the CSBE or wage requirements applicable to this project.

On August 30, 2007, Metro was issued a Notice of Violation for not utilizing Pabon Engineering, Inc. (Pabon), the CSBE scheduled to meet the 16% CSBE goal on this project, which resulted in a CSBE participation deficit of $179,555. Metro was advised that it would be required to make-up double the deficit amount on a current or future County project. This deficit along with prior goal deficits resulted in Metro having a CSBE make-up requirement of $626,550.41 on its record. With the approval of this change order Metro's deficit on this project will increase to $220,186 and the new make-up amount will increase to $707,812. On September 11, 2007, Metro submitted a request to utilize dollars paid to Pabon for work performed on Water & Sewer Project No. S-769 towards its required CSBE make-up which included the deficit on this project. Once the CSBE participation is confirmed and payments verified, Metro will have satisfied all of its CSBE make-up requirements.

Pursuant to the Responsible Wages and Benefits requirements, payroll records for the prime and all subcontractors must be submitted with every pay requisition. The payrolls are then forwarded to our department for review. Our records indicate receipt of payrolls that were submitted in August with Requisition No. 1. Please review your files and advise if any additional payrolls have been received and forward them for compliance review.

Please do not hesitate to contact me at 305-375-3134 if you need additional information.
