Subject: CSBE Compliance Review of Project Number 20070604, PTP Traffic Signal Installation Contract

---

Small Business Affairs/Department of Procurement Management (SBA/DPM) has completed its review of the above-referenced project for compliance with the Community Small Business Enterprise (CSBE) Program. The contract measure applicable to this project is a 9% CSBE subcontractor goal.

The Contracts & Specifications Section of the Public Works Department submitted bid documents from Under Power Corp. and Horsepower Electric for compliance review.

Under Power Corp. submitted the required Schedule of Intent (SOI) Affidavits committing to utilize Quality Construction Performance, Inc., a certified CSBE firm, to perform sidewalk and striping work at 5% and A & P Electrical Contractors, a certified CSBE firm, to perform electrical services, service wire, and illuminated signs work at 4%. Each subcontractor signed its respective SOI Affidavit in agreement with the information listed. As such, Under Power Corp. has fulfilled the contract measure requirement and is in compliance with the CSBE Participation Provisions.

Horsepower Electric submitted the required SOI Affidavits committing to utilize Comtech Engineering, a certified CSBE firm, to perform concrete work at 9%. Comtech Engineering signed the SOI Affidavit in agreement with the information listed. As such, Horsepower Electric has fulfilled the contract measure requirement and is in compliance with the CSBE Participation Provisions. Horsepower Electric has a goal deficit make-up in the amount of $39,583.38 from Project No. 671030A. Please note the aforementioned does not impact the firm's pre-award compliance on this project. However, please contact SBA/DPM prior to awarding a contract to this firm so that we can ensure that the make up requirements are met prior to award.

Please note that SBA/DPM staff only reviewed and addressed compliance with the CSBE program. The Contracts & Specifications Section of the Public Works Department is responsible for any other issues that may exist

Should you have any questions or need any additional information, please do not hesitate to call Kelly Duncombe at (305) 375-3136.

Reasons for Recommendation

An analysis of the factors contained in Section VI C of Administrative Order 3-22 indicate that a 9% CSBE goal is appropriate in the trades of pavement markings and signage (Painting and Wall Covering Contractors) and concrete.

This project was previously presented to the Review Committee on 04/25/07 under Project# CICC 7360-0/08 RPQ# 20070604. It is being resubmitted because the Public Works Department can not access the CICC 7360-0/08 Contract due to a lack of funds.
