**Date:** March 13, 2008

**To:** Honorable Dennis C. Moss, Chairman  
and Members, Health and Public Safety Committee

**HPSC  
Agenda Item No:  
7 (E)**

**From:** George M. Burgess  
County Manager

**Subject:** Departmental Budget Presentations

---

The budget packages before you reflect the initial submission presented by departments for the FY 2008-09 proposed resource allocation plan. Please keep in mind, as you are reviewing the attached, that these documents are still evolving. As you are aware, the Office of Strategic Business Management (OSBM) is currently in the process of meeting with departments to discuss their proposed submissions and budgetary issues. As the departmental resource allocation meetings continue to take place a more in depth analysis is performed by the OSBM. We are prepared, at the committee's request, to provide updated information for the April committee cycle. In addition, department directors are ready to make a two minute presentation on the packages before you today.

## Department-wide Issues

- 1 Revenue Shortfall- currently the department has prepared a course of action to address a revenue gap of \$898K for FY 07-08.
- 2 Fiscal Checks and Balances - although the department has established a series of protocols and standard operating procedures, the fiscal integrity of the collection process needs additional resources. The department will necessitate both a comprehensive cash management system (to include the reconciliation of license tags) as well as additional staff knowledgeable in this field.
- 3 Technology - Historically, the department has not had the advantage of having cutting edge technology for its business process, specifically as it relates to code enforcement. Currently, the department is seeking funding through the Clerk of the Court to obtain laptops, cash management system, and an enforcement database, all of which will significantly reduce error rates and increase compliance. The department has projected between \$400K-\$800K to address the aforementioned issues; final figure is pending report from General Information Center (GIC) to the Clerk of the Court.
- 4 Security
- 5 Microchips
- 6 Animal Services Foundation
- 7 Medical Equipment - Animal Services has a need to obtain equipment (i.e. anesthesia and monitoring equipment) to ensure that the best veterinary care is provided to our pets.

## Animal Care and Control Issues

- 1 Upgrade Animal Services Facility - As a cost effective alternative, Animal Services has identified a warehouse that will be retrofitted to suit its needs in lieu of constructing a new facility. To retrofit this alternative site, the total project cost is estimated at \$21,290,000 of which \$13 million has been identified (\$7 million GOB funds and \$6 million from the sale of the current facility). Other financing options are being researched as potential funding sources to to cover the balance.
- 2 Customer Service - Telephone Point of Contact. The department currently receives over 150,000 phone calls through 311, and another 150,000 are made directly to the department. ASD is seeking the establishment of two (2) Animal Service Representative 2s, at a cost of approx. \$87k, as a budget enhancement, to provide needed staff for this function.
- 3 Accountant 1: On October 1, 2005, Animal Services became a stand-alone department. Standard operating procedures impacting the collection of revenues, deposits, report of collection, and reconciliation of accounts payable have been established, as well as the hiring of staff to perform these functions have been accomplished. However, an area of concern is the reconciliation of Chameleon (the departmental database) against FAMIS and SEFA, as well as reconciliation of records. ASD is seeking approximately \$69K, through a budget enhancement, to create an Accountant 1 position to address deficiencies in current financial reconciliation process.
- 4 Customer Service - Point of Purchase: Three (3) Animal Service Representative 2s are needed to improve response time in handling adoptions and other shelter transactions.
- 5 Animal Service Foundation Administrator: In December 2003, the Humane Society of the United States provided a comprehensive review and evaluation of the Shelter's operations, services, and programs. It recommended that an advisory group be created to assist with fundraising and advocacy efforts on behalf of the County. An Administrative position to provide staff support to the Foundation, at a cost of \$68,000, is being requested as a budget enhancement.
- 6 Receiving Area: A persistent problem is the reassignment of front desk personnel from their customer service function to attend to the demands in the animal receiving office. ASD is seeking the establishment of an Animal Service Representative 2, at a cost of \$44K, as a budget enhancement.
- 7 Global Positioning System (GPS): Proposing the installation of a global positioning system (GPS) on ten Animal Control (10) remaining vehicles. Supervisors will not only be able to monitor vehicle/employee location, but route services in a more efficient and effective manner as emergency/priority calls are received. The total installation cost is estimated at \$12,000 for the remaining 10 vehicles and a recurring annual cost of \$4,800 (monitoring system). ASD is seeking \$16,800 budget enhancement for this program. The installation will enhance the safety, accountability of the department.

D) PERFORMANCE INFORMATION FOR THIS ACTIVITY (AT BASE LEVEL)

	FY 2002-03	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08	FY 2007-08	FY 2008-09	Desired Outcomes
Description	Actual	Actual	Actual	Actual	Actual	Budget	Projection	Base Budget Submission	
Number of licenses issued to pets in Miami-Dade County	Not available	Not available	150,961	166,796	162,374	150,000	162,914	180,000	PS5-2

**Comments/Justification:** Based on statistics, forecasting, and demographics by the Humane Society of the United States (HSUS), it is projected that nearly 50% of all pets in Miami-Dade County are currently unlicensed. Through a number of initiatives, including but not limited to community outreach, education, and enforcement of the newly revised Chapter 5 of the County Code, the department expects to increase compliance and licensing. Information will be disseminated through print advertisements, radio, and other promotions, to increase awareness regarding licensing requirements as delineated by Chapter 5 of the Code of Miami Dade County and the Florida Statutes.

Number of rabies vaccinations	13,151	8,033	8,103	17,437	23,695	24,000	26,000	28,000	PS5-2
-------------------------------	--------	-------	-------	--------	--------	--------	--------	--------	-------

**Comments/Justification:** The department seeks to increase the number of rabies vaccinations at the shelter and increase compliance with state and county regulation. This will be achieved through comprehensive community outreach to include educational materials, print advertisements, radio, and other promotions, to increase awareness regarding the importance of rabies inoculations. The level of inoculations will be complemented by inoculations completed by private veterinarians.

Enhance community volunteer programs specifically focusing efforts to increase the number of volunteers at the Animal Services Shelter	Not available	Not available	Not available	Not available	131	120	130	140	PS4-2
--	---------------	---------------	---------------	---------------	-----	-----	-----	-----	-------

**Comments/Justification:** The department will increase the number of volunteers by creating media releases and educating the public regarding volunteer opportunities via the Miami-Dade County website, brochures, and increasing pool of candidates at community outreach events. Furthermore, these efforts will allow community minded individuals to give back to the community.

Reduce the response time for the pick-up of dead animals from the public right of way.	Not Available	Not Available	Not Available	4.1 days	2.3 days	2.0 days	1.9 days	1.5	PS1-2
--	---------------	---------------	---------------	----------	----------	----------	----------	-----	-------

**Comments/Justification:** It is the intent and goal of Animal Services to effectively and continue to reduce the response time in the picking-up of carcasses and dead animals from the public right of way to less than 36 hours. The department has effectively reduced the response time through the use of technology, setting realistic expectations, minimum requirements and measureable objectives). In addition, the department believes that accountability and effective Supervision are two key parameters in the improvement of this service.

Increase the Save Rate of animals that enter the shelter	Not Available	22%	25%	27.7%	34.4%	34%	35%	36%	ES9-5
--	---------------	-----	-----	-------	-------	-----	-----	-----	-------

**Comments/Justification:** Historically, the department has had a relatively high level of euthanasia due to a number of issues, including but not limited to having an inadequate facility, low adoption levels, and a myriad of challenges affecting the overall performance of the department. Through aggressive community outreach, internal management, retraining of staff and the establishment of animal care protocols, the department seeks to increase adoption levels while decreasing the overall number of euthanasia.

Shelter intake	Not Available	Not Available	29,637	28,898	33,271	33,000	34,000	35,000	ED1-1
----------------	---------------	---------------	--------	--------	--------	--------	--------	--------	-------

**Comments/Justification:** Through a number of initiatives to sterilize dogs and cats and increase licensing requirements the department seeks to reduce the homeless pet population at the Animal Services Shelter. The initiatives include but are not limited to providing on-site pet id tags, microchipping, and enforcement Chapter 5 Section 7 and Section 8).

Reduce the response time to pick-up strays and dogs at large by Animal Control Officers.	Not Available	Not Available	Not Available	5.9	3.6	3.75	3.5	2	ED1-1
--	---------------	---------------	---------------	-----	-----	------	-----	---	-------

**Comments/Justification:** It is the goal of Animal Services to effectively reduce the response time to pick-up strays and dogs at large by Animal Control Officers. The department believes the drastic reduction can take place through several processes (i.e. use of technology, setting realistic expectations and measureable objectives), but absolutely crucial has been accountability and effective Supervision.

E) FY 2008-09 PROPOSED ENHANCEMENTS FOR THIS ACTIVITY (IN PRIORITY ORDER) (FROM BASE)

PRIORITY	DESC.	CW COST	UMSA COST	OTHER COST	TOTAL COST	SALARY	FRINGE	OTHER OPER.	CAPITAL	APPROVED?	CURRENT YR. APP. OVERAGE?	POSITION CHANGE	DESIRED OUTCOMES
1	Accountant 1	45514	0	0	45514	34388	9808	1318	0	No	No	1	ES8-3
<p>COMMENTS/JUSTIFICATION: On October 1, 2005, Animal Services became a stand-alone department. During this period, the department has undergone many changes to ensure the fiscal integrity of the department through the establishment of financial controls. Standard operating procedures impacting the collection of revenues, deposits, report of collection, and reconciliation of accounts payable have been established, as well as the hiring of staff to perform these functions have been accomplished. However, an area of concern is the reconciliation of Chameleon against FAMIS, as well as reconciliation of records. Chameleon is a shelter industry program utilized to record all shelter transactions. To that end, an Accountant 1 has been requested as an enhancement. The incumbent will be responsible for the reconciliation of receivables to the appropriate accounts and other accounting functions. Most importantly, the incumbent main function will be to reconcile ASD's Chameleon reports to FAMIS.</p>													
2	CUSTOMER SVC - POINT OF SALE THREE (3) ASR2S	130209	0	0	130209	92766	35289	2154	0	No	No	3	ED1-1
<p>COMMENTS/JUSTIFICATION: Three Animal Service Representative 2s are needed to provide expeditious handling of adoption transactions and related shelter services. Currently, the shelter adopts an average of 17 dogs/cats per day. On average during peak hours, the waiting time can easily reach over 2.5 hours.</p>													
3	Society towards the Prevention of Cruelty to Animals (SPCA Large (Horse and Farm) Animal Care	155407	0	150000	305407	40178	13484	101445	300	No	No	1	ED1-1
<p>COMMENTS/JUSTIFICATION: Per Florida Statute 528.21, it is mandated that the county "establishes and maintains .... suitable place(s) for the keeping of any livestock impounded" by the county. Florida Statutes 588.22 also mandates that county employ poundmasters, guards and other persons to protect, feed, and have custody of the impounded animals. Animal Services is not equipped to address this mandate. Funding will enable ASD to (1) hire one additional Animal Services Investigator, as well as the outsource the delivery of service (care and maintenance) of large animals to the SPCA.</p>													
4	Customer Service - Telephone Point of Contact	79960	0	0	79960	57164	21360	1436	0	No	No	2	NU2-2
<p>COMMENTS/JUSTIFICATION: The department currently receives over 150,000 phone calls through 311, and another 150,000 calls are made directly to the department. ASD currently has 1.5 Full Time Equivalent (FTE) Operators to answer this volume of calls (18-20 calls per hour at 7 minutes per call). Due to the high volume of calls and insufficient staff, an average of 1,000 calls are abandoned each month. The department is seeking to adequately staff and respond to the high volume of calls that currently go unanswered or lost. ASD is seeking the establishment of two (2) Animal Service Representative 2s.</p>													
5	Customer Service/Receiving Area	39980	0	0	39980	28582	10680	718	0	No	No	1	ED1-1
<p>COMMENTS/JUSTIFICATION: A persistent problem is the reassignment of front desk personnel from their customer service function to attend to the demands in the animal receiving office. This action has lowered our ability to respond timely to customers creating lines and delays. An additional Animal Service Representative 2 (ASR2) is needed to be assigned to the receiving office. The additional ASR2 will be responsible for preparing the required receiving documents, secure pertinent information, lessen customer waiting time, etc. ASD is seeking the establishment of an Animal Service Representative 2.</p>													
6	Global Positioning System	16800	0	0	16800	0	0	0	16800	No	No	0	ES7-1
<p>COMMENTS/JUSTIFICATION: Global Positioning System (GPS): Safety improvements also include the installation of a GPS on the remaining fleet. Supervisors will not only be able to monitor vehicle/employee location, but route services in a more efficient and effective manner as emergency/priority calls are received. This important safety feature will enable ASD to locate and respond quickly to employees should they be injured or involved in an accident. In November 2006, a GPS was installed in part of the animal services fleet assigned to the officers. As a result, productivity and accountability has increased. This has been accomplished through the effective deployment/routing of calls and monitoring of vehicles. However, ten (10) vehicles which are utilized for responding to pick up dead animals and investigations have yet to be modified to include a GPS. The installation of a GPS will facilitate the deployment of these services resulting in greater accountability and improved customer service. The total installation cost is estimated at \$12,000 for the remaining 10 vehicles and a reoccurring annual cost of \$4,800 (monitoring system).</p>													
7	Animal Service Foundation	64589	0	0	64589	37827	10444	16318	0	No	No	1	NU2-1
<p>COMMENTS/JUSTIFICATION: In December 2003, the Humane Society of the United States was asked by the Miami-Dade County Manager's Office and Office</p>													

of the Inspector General to provide a comprehensive review and evaluation of the Shelter's operations, services, and programs. As a result, it was recommended that an advisory group be created to assist with fundraising and advocacy efforts on behalf of the County. The group would have no authority over the day-to-day operations or any budget authority. They would serve purely in an advisory capacity. However, the foundation will be responsible for soliciting grants, initiating fundraising efforts, donation drives of goods and services, and advocate on behalf of the Pet Shelter at the state level. As a not-for-profit organization, the Foundation will be classified under Section 501(c)(3) of the Internal Revenue Code, enabling the pursuit of grants available to other animal groups, as well as initiate fundraising efforts. Furthermore, the Foundation will be to assist the department in meeting its mission through the establishment of partnerships with business and civic organizations. This request will fund an Administrative position to provide staff support, as well as operational activities in support of the foundation.

8	Temporary Help	25000	0	0	25000	0	0	25000	0	No	No	0	ES5-1
---	----------------	-------	---	---	-------	---	---	-------	---	----	----	---	-------

COMMENTS/JUSTIFICATION: ASD is currently budgeted \$20k for temporary help. Due to turnover, illness, vacation, etc., ASD is reliant on temporary help to assist with workload demands. The current budget of \$20,000 is not realistic. Historically, ASD spends approximately \$42k annually.

10	Messenger Service	10000	0	0	10000	0	0	10000	0	No	No	0	ES4-2
----	-------------------	-------	---	---	-------	---	---	-------	---	----	----	---	-------

COMMENTS/JUSTIFICATION: The position of Driver Messenger was eliminated as part of the FY 0708 process. Currently, Animal Control Officers or Investigators are routinely removed from enforcement duties to perform deliveries/pickup of mail. Various county departments have complained about our inability to respond to package pickups. The messenger service will provide the same level of service by the previous position, yet at a minimal cost of \$10k annually.

14	Enforcement Certification Training	4500	0	0	4500	0	0	4500	0	No	No	0	PS5-1
----	------------------------------------	------	---	---	------	---	---	------	---	----	----	---	-------

COMMENTS/JUSTIFICATION: State law requires that enforcement officers must undergo certification training to issue citations. Current budget is not sufficient to cover training and travel expenditures to ensure that new staff undergoes 40 hour training and current staff attend annual 4 hour refresher course.

Number of annual events organized during designated months to celebrate Women, Asian, Hispanic, and Black heritages	n/a	10	10	10	10	10	10	10	HH6-1
<b>Comments/Justification:</b> The department meets its business plan objective by implementing ten annual events designed among the eight advisory boards. Collectively, these events are designed to influence change towards a more united community and encourage interdependence of all communities.									
Deployment of Goodwill Ambassadors	5	12	8	9	0	6	6	4	HH6-1
<b>Comments/Justification:</b> Deployment of County Goodwill Ambassadors (GWAs) enhances the image of Miami-Dade County government with residents, tourists and visitors & improve community relations in Miami-Dade County.									
Number of Goodwill Ambassador Programs established in municipalities	n/a	n/a	n/a	n/a	0	5	5	5	HH6-1
<b>Comments/Justification:</b> SORTIE/FITNESS GOAL: OCA will contact the administrations of municipalities in the county to encourage their participation in the development of Goodwill Ambassador Programs among their employees in an effort to build a cadre of well trained Goodwill Ambassadors representative of the county's diverse communities. OCA will initially focus on the cities of Opa Locka, North Miami, Miami Gardens and the Homestead/Florida City Human Relations Board. Thereafter, OCA will approach municipalities in priority order, based on population size and crime levels. The Sortie Goal is to have at least five municipalities establish a Goodwill Ambassador Program by December 2008. The Goodwill Ambassador (GWA) Program enhances the image of Miami-Dade County with residents, tourists and visitors. GWA achieves the County's Strategic Plan desired outcome of "Improved community relations in Miami-Dade County" by delivering customer service and crowd management assistance as necessary to benefit the public and increase residents' sense of community in Miami-Dade County. GWAs are government employees who volunteer to assist the public at events and incidents involving large crowds.									
Number of trainings and consultations held with municipal community relations boards	n/a	n/a	n/a	16	16	15	7	15	NU6-1
<b>Comments/Justification:</b> The Office of Community Advocacy provides technical assistance to municipal advisory boards. Trainings and consultations with municipal community relations boards have resulted in a joint effort to reduce certain tense situations and strengthened relations between the County and municipal Community Relations Boards.

## Department-wide Issues

- 1 Budget & Overtime – Our challenge is to be fiscally responsible in managing our budget and overtime allocations while continuing to maintain safe and secure detention facilities, assisting police agencies with targeted community enforcement initiatives, repairing our facility infrastructure with minimal impact on inmate cell availability, transporting and securing inmates during outside medical facility visits and hospitalizations, managing our inmate population and providing other necessary services.
- 2 Facility Management and Future Planning - Most of our facilities are facing significant refurbishing, general maintenance, and restructuring issues.
- 3 Inmate Re-Entry – Inmate re-entry efforts are going to be taking a lead in the near future. The Mayor's actions, the Blue Ribbon Committee (BRC), and MDCR will need to conduct focused planning. The availability of resources necessary to implement recommendations of the BRC will impact the ability to develop programs to transition inmates successfully to the community.
- 4 Food Services MOU – The Food Services MOU that began in 2003, expired September 30, 2007, after a five year term. The bureau is operating under an agreed upon one year extension pending establishment of a new agreement.
- 5 Automation – There is a need to fund and implement automated management systems such as a data warehouse and jail management system, scheduling and staffing software, inventory control and purchasing software, inmate tracking system, maintenance service ticket tracking system, and pretrial case management software.
- 6 Officer Radios – MDCR developed a four year radio replacement plan, that called for replacing 25% of the Department's 2,550 radios during each of the four years. In FY 2007-08 funding for the replacement plan was reduced which required the plan to be extended an additional year.
- 7 Legislative Changes - There are expectations that the financial challenges faced by State government will result in the transfer of State activities to counties. If this occurs, one such change may involve the prison sentence threshold increasing from 12 months to 18 or 24 months.

Manage Inmate Meal Cost Rate - Average Cost per Meal		1.09	1.05	1.09	1.23	1.25	1.25	1.27	ES3-3

**Comments/Justification:** The cost per meal is based on the number of meals served divided into the expenses for the month. The cost per meal is adjusted at the annual closeout when credits (expenses that are the County's responsibility) are adjusted against the total cost per meal. That adjusted figure is compared to the "allowable cost per meal" to determine if there are "additional savings", break even, or a deficit.

Annual inmate meals served			8,324,831	8,579,116	8,907,414	8,778,469	8,778,469	9,312,110	ES3-3

## **Countywide Healthcare Planning**

REPORT 22: MARCH COMMITTEE REPORT (Revised)

Department: Countywide Healthcare Planning

(\$ in 000s)

Department-wide Issues

- 1 Personnel Issues - reinstating funding for Deputy Director and Administrative Officer positions to better support the mission of OCHP
- 2 With the pilot implementation -- LBIP will necessitate more staff time and expertise in FY08-09 and with the retirement of OCHP's Senior Associate for Healthcare Finance and Administration (March 08). OCHP will require additional senior level expertise on limited benefit health insurance products and healthcare financing. For this reason we propose an additional \$50,000 to continue the technical support provided under our current relationship with the Expert Health Insurance Collaborative.
- 3 In order to provide premium subsidies to upwards of 20,000 uninsured residents, a minimum of \$20 million in Low Income Pool (LIP) and other funding will be required. Current projections are that the County may only receive up to \$5 million in LIP funding and will need to source the remaining funds elsewhere. Additionally, in order to complete the means testing needed to allocate the subsidy funds, as well as provide application support, OCHP estimates that an additional \$100,000 will be needed from private and public grants.
- 4 Maximization of eMaps' Health Data Layers has been hindered by delays in ETSD's planned software updates. Additionally, technology limitations have prevented these planning resources from being fully utilized by the community and effectively tracked by OCHP without additional funding.
- 5 FY07-08 tax cuts resulted in a reduction of OCHP's operating budget of 40% from FY06-07 levels. Additionally, 3 FTEs were eliminated, however, the approved funding level only provided for 4 FTEs. To maintain 5 FTEs an additional \$150,000 had to be sourced from private grants. Additionally, one of the FTEs eliminated was OCHP's Administrative Officer and OCHP entered into a sharing relationship with IRP for 50% of our AO via a salary transfer. This however has not worked out for either office -- both have full time needs for the position. OCHP's workload is likely to double in FY08-09 with pilot implementation of LBIP. Based on this, we are requesting the re-establishment of the FTE and \$109,000 additional in salaries and benefits to cover the remainder of OCHP's reestablished Deputy Director position (half of which is covered by the salary from the retired Senior Associate for Health Finance) and the difference in returning the AO position to full time.

D) PERFORMANCE INFORMATION FOR THIS ACTIVITY (AT BASE LEVEL)

	FY 2002-03	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08	FY 2007-08	FY 2008-09	Desired Outcomes
Description	Actual	Actual	Actual	Actual	Actual	Budget	Projection	Base Budget Submission	
Cumulative number of GOB agreements (contracts) with federally qualified health centers for expansion of primary healthcare facilities, services and patients under the Primary Healthcare Facilities fund.	n/a	n/a	n/a	n/a	1	3	3	5	HH4-1
<b>Comments/Justification:</b> GOB agreements are formal commitments between the County and each FQHC describing the capital improvements with sourced leveraged funding, the project scope, and the final comprehensive plan. GOB agreements are contingent upon BCC allocation award for each FQHC. The goal is to leverage GOB funds with each FQHC to expand community-based primary care capacity.									
Number of health related data layers developed and updated for health data maps in MDC's e-Maps system.	n/a	n/a	n/a	n/a	25	35	35	30	HH4-1
<b>Comments/Justification:</b> The layers provide a consistent statistical basis for County (Intranet) and community-based (Internet) health planners and evaluators to design health initiatives. OCHP will continue to update and add health and health-related data layers as applicable. The 30 layers in FY 08-09 include an estimated 25 layers requiring an update and projects 5 new layers.									
Number of Technical Analysis, Products and Services provided -- As the lead health science and planning agency within MDC government, OCHP provides evidence-based, scientific information on key health issues in a variety of formats.			7	14	17	10	17	20	HH4-1
<b>Comments/Justification:</b> TA, products and services include those provided to the Mayor, BCC, the County Manager and the public on critical health issues including framing health issues, analyzing the situation, researching evidence-based approaches, adapting models, and providing leadership in planning solutions.									
Cumulative number of best practice models researched, collected, analyzed, or adapted for effective health delivery and prepared for public dissemination via OCHP's Healthcare Best Practice Model Clearinghouse.						10	14	18	HH4-1
<b>Comments/Justification:</b> The Clearinghouse will establish a resource tool providing Community Based Organizations and the County with best practices models for informed program design and implementation. The goal is to enhance the efficiency and effectiveness of the healthcare delivery system by building community capacity and/or increase use of tools (through training and consultation) and materials (such as workbooks, tools, research information, etc.) that enhance health outcome measures. Cumulative number reported reflects updates to a portion of existing best practices and four additional models in FY 08-09.									
Cumulative number of Planning Steps accomplished in developing for pilot implementation the Limited Benefit Insurance Product for the uninsured. Steps include: review existing BCBSF plans, analyze environmental & statistical data, add new components, develop means testing and eligibility criteria, review modeling, identify funding, conduct marketing, implement and monitor upon BCC approval.						28	28	31	HH4-1
<b>Comments/Justification:</b> OCHP will work with BCBSF to develop a plan for a limited benefit insurance product (LBIP) that reflects the unique perspectives of Miami-Dade County's diverse population and economy. The plan will provide individuals with access to comprehensive coverage with functional levels of expenditure limitations, and it will provide care for affordable premiums and low co-pays. Contingent upon funding availability, a premium subsidy will be provided for residents at or below 200% of the Federal Poverty Level. FY 08-09 adds ongoing marketing, pilot implementation, and evaluation/monitoring.									
Cumulative number of Stage I/Initial Plans and Stage II/Final Comprehensive Plans with federally qualified health centers (FQHCs) to identify facility enhancements by					3	9	9	12	HH4-1

added services, funding sources and additional square footage.

**Comments/Justification:** Comprehensive plans for facility enhancements consist of two stages. Stage I/Initial Plans for enhancements describe and quantify the additional services, patients, and visits; added facilities and/or square footage and projected funding sources, both capital and operational for each primary care service. Stage II/Final Comprehensive Plans, which include all of the above as agreed upon by OCHP and the FQHC, will be required to establish a GOB (contract) agreement with each FQHC.

Number of Health Data Snapshots produced annually by Commission District, depicting key community health indicators related to the issues and priorities of each district.

6 6 10 HH4-1

**Comments/Justification:** OCHP works with each Commission District representative to develop and update a Health Data Snapshot, through data analysis and GIS mapping, which correlates OCHP's initiatives to the issues and priorities facing each district. The goal is to have a Health Data Snapshot for every Commission District and update them.

HEALTH PROMOTION: Commit 2B Fit -- Pilot (Miami-Dade) will provide an experiential educational intervention/outreach model to our schools and community that will promote the overall health, wellness and well being of children, with a focus on childhood obesity. The Pilot will be offered to 4th graders at 13 Miami-Dade Commission District schools, representing approximately 7% of all 4th grade children in MDC schools.

2,000 2,000 2,000 HH4-1

**Comments/Justification:** In Miami-Dade, 17% of children and adolescents are at risk of becoming overweight. This Pilot initiative will seek to enable healthy behaviors and integrate a holistic community wide design to prevent children from developing health problems, such as obesity, later in life. This Pilot initiative will cover one school calendar year over two County FYs. The projected 2,000 children in the Pilot will be served over the current and next FYs.

E) FY 2008-09 PROPOSED ENHANCEMENTS FOR THIS ACTIVITY (IN PRIORITY ORDER) (FROM BASE)

PRIORITY	DESC.	CW COST	UMSA COST	OTHER COST	TOTAL COST	SALARY	FRINGE	OTHER OPER.	CAPITAL	APPROVED?	CURRENT YR. APP. OVERAGE?	POSITION CHANGE	DESIRED OUTCOMES
1	\$72,000 Salary and fringe needed to fully fund Assistant Director position.	72	0	0	72	53	19	0	0	No	Yes	0	HH4-1

COMMENTS/JUSTIFICATION: OCHP's Assistant Director position was partially funded with local foundation grants to offset budget cuts. Since then, OCHP's Senior Associate for Healthcare Finance & Administration will retire March 31, 2008. This enhancement reflects 50% FTE.

2	\$37,000 Salary and fringe needed to cover additional FTE that returns AO position to full time	37	0	0	37	25	12	0	0	No	No	1	HH4-1
---	---	----	---	---	----	----	----	---	---	----	----	---	-------

COMMENTS/JUSTIFICATION: OCHP's Administrative Officer and OCHP entered into a sharing relationship with IRB for 50% of our AO's via a salary transfer. This however has not worked out for either office - both have full time needs for the position. OCHP's workload is likely to double in FY08-09 with pilot implementation of LBIP. Based on this, we are requesting the re-establishment of the FTE and \$37,000 additional in salaries and benefits to cover returning the AO position to full time.

3	\$50,000 to continue the technical support previously under the Expert Health Insurance Consortium. As the result of the elimination of OCHP's SA for Health Finance -- OCHP will require this senior expertise on a consultant basis	50	0	0	50	0	0	50	0	No	No	0	HH4-1
---	---	----	---	---	----	---	---	----	---	----	----	---	-------

COMMENTS/JUSTIFICATION: With the retirement our OCHP's Senior Associate for Healthcare Finance and Administration (March 08), OCHP will require additional senior level expertise on health insurance products and healthcare financing.

Emergency Management Issues

- 1 The FY 2007-08 Department of Emergency Management and Homeland Security (EM) budget includes grant applications from not-for-profit agencies for nine FEMA Hazards Mitigation pass through grants with projected revenue of \$12,314,500. Actual funding of these applications is dependent upon a federal review process which, if approved, may designate other grant program sources that can issue awards directly to the applicants, thereby bypassing the County as the pass through agency. The pass through grant program requires the not-for-profit applicants to apply through the local Emergency Management office. One grant has been approved for \$483,000 through EM so far in FY 2007-08. A second grant for \$946,000 was awarded directly. The revenue, expense and carryover projections for FY 2007-08 herein include only the pass through grant actually awarded. This approach results in a noticeable reduction from the FY 2007-08 Budget amounts in FUND 720.

Number of general population shelter spaces available during emergency evacuations	N/A	N/A	72,000	73,000	0	75,000	73,000	75,000	PS1-5

**Comments/Justification:** Increase shelter space to at least 75,000 to address shelter deficit reduction strategy consistent with the statewide initiatives.

Number of Emergency Evacuation Assistance Program registrants in People with Special Needs database **	900	1,000	1,200	1,200	0	2,805	2,505	2,700	PS1-5
--	-----	-------	-------	-------	---	-------	-------	-------	-------

**Comments/Justification:** Increase number of registered clients with special needs requiring assistance with evacuating to transport and shelter more people in this dependent population segment.

Number of Community Emergency Response Team (CERT) members trained *	N/A	N/A	1436	1506	0	300	265	320	PS4-2
--	-----	-----	------	------	---	-----	-----	-----	-------

**Comments/Justification:** Increase number of residents trained in the CERT program to respond to emergencies in local neighborhoods; an agreement with Miami-Dade College to provide trainings has been established which could increase the number of residents trained.

Number of participants educated through community outreach programs	N/A	N/A	N/A	5,601	0	5,800	10,000	14,000	PS4-3
---	-----	-----	-----	-------	---	-------	--------	--------	-------

**Comments/Justification:** Outreach programs educate the public in preparedness measures they must take when basic public and private services are disrupted or threatened by emergencies caused by natural disasters or other causes. The significant increase in 07-08 projection over base is contributed to an increase in large scale events like the development of a department hosted Hurricane Expo.

Urban Area Security Initiative (UASI) Grant Expenditures					0	1,904,503	1,904,503	0	ES8-1
--	--	--	--	--	---	-----------	-----------	---	-------

**Comments/Justification:** Grants Bureau Child Scorecard - The UASI grant is awarded by the U.S. Office of Domestic Preparedness. The City of Miami is the funded core City for this grant. Funds are awarded to the County via a Memorandum of Understanding with the City of Miami. Funding is to be used to purchase approved equipment, training and supplies utilized in response to domestic acts of terrorism.

Minimum # of grant applications filed/percentage of applications funded	N/A	N/A	N/A	10/66%	0	22/65%	27/65%	0	ES8-2

**Comments/Justification:** Grants Management Child Scorecard

Number of County departments who have submitted Continuity of Operations Plans (COOP)		6	33	34	47	N/A	50	55	PS5-1
---	--	---	----	----	----	-----	----	----	-------

**Comments/Justification:** Represents the number of COOP plans submitted to DEM&HS; however, the number of plans fully compliant with federal guidelines is significantly lower (3 in 06-07). Departments are not committing the resources needed to complete complaint plans.

## **Fire Rescue**

Department: Fire Rescue

(\$ in 000s)

Department-wide Issues

- 1 Miami-Dade Fire Rescue needs alternative funding mechanisms to reduce reliance on property taxes

Support Services Issues

- 1 MDRF needs to reconstruct Stations 2, 10, 16 & 27, and needs to construct Palmetto Bay Station 62, Miami-Lakes West Station 64, Doral North Station 69, Coconut Palm Station 70, and phase II of Highland Oaks Station 63 for units currently in service

Suppression and Rescue Issues

- 1 Call volumes continue to increase; not deploying additional rescue and suppression units will lead to increased response times, particularly in under served areas; MDRF needs to reduce the number of single company stations
- 1 Air Rescue pilot retirements will require accelerated hiring to avoid excess overtime.
- 1 MDRF has acquired second Fire Boat, a 36 foot vessel; staffing is not budgeted

**Comments/Justification:** Communications Division Child Scorecard - With the implementation of the new CAD system in August 2005, dispatch times were expected to increase in the last quarter of FY04/05 and then decrease in FY05/06 due to system enhancements. Although dispatch times decreased as expected in FY06-07, the implementation of additional changes to the CAD system at the end of FY07-08 coupled with the increases in call volume, have increased to dispatch times slightly. There are a couple of senior dispatchers retiring in FY08-09. Dispatch times will increase if call volume increases without a commensurate increase in personnel. Dispatch time may rise slightly with the implementation of AVL in FY08-09.

**Comments/Justification:** Fire Prevention Child Scorecard - Ten vacancies of Fire Safety Specialist I (FSSI) through FY04/05 impeded completion of inspections. Five new FSSI commenced field inspections in 4th Qtr FY04/05, but 3 additional vacancies occurred in the same quarter. Turnover a constant issue, however with revised salary implemented in FY07-08 and 10 new hires, number of inspections should increase.

**Comments/Justification:** Fire Prevention Child Scorecard - Although the number of life safety inspections completed decreased in FY04/05 when compared to FY03/04, the number of inspections completed has increased from 1,088 to 1,134 per inspector, equating to an overall increase of 1,380 inspections. Inspections per Inspector are expected to increase since last class of 10 new inspectors will be fully implemented in FY07-08. New Inspectors initially accompany more seasoned inspectors for the first 3-6 months after training.

6	Hire ten Fire Safety Specialist I positions in Fire Prevention	0	0	885	885	366	115	124	280	No	No	10	PS1-4

COMMENTS/JUSTIFICATION: The Fire Prevention Division is requesting ten Fire Safety Specialist I positions needed to inspect almost 80,000 commercial occupancies. Last fiscal year, Fire Prevention inspected approximately 47,000 occupancies. Increase of 10 inspectors would increase inspections by 6,000 in the first year (only 600/inspector due to initial training needs). However, revenues will exceed operating and capital expenditures by 46% and will cover 78% of total cost including salary and fringes during the first fiscal year. During the second fiscal year, the number of inspections per inspector should average 1,300, resulting in almost 13,000 inspections. Revenues will also surpass expenditures by 197% in the second fiscal year.

7	Hire six Fire Safety Specialist II positions in Fire Prevention	0	0	586	586	266	78	74	168	No	No	6	PS1-4
---	---	---	---	-----	-----	-----	----	----	-----	----	----	---	-------

COMMENTS/JUSTIFICATION: The Fire Prevention Division is requesting six Fire Safety Specialist II positions to meet priority goals set in business plan for increasing fire safety inspections from 47,000 to 80,000 annually. Increase in inspections by Life Safety Inspector I has a direct correlation in the amount of cases referred for code compliance enforcement.

8	Hire one Lieutenant and two Fire Prevention Specialists positions in Fire Prevention	0	0	277	277	135	53	21	68	No	No	3	PS1-4
---	--	---	---	-----	-----	-----	----	----	----	----	----	---	-------

COMMENTS/JUSTIFICATION: The addition of these two positions will provide plans intake and minor review services on-site at municipalities. This integration of municipalities with Fire's plans review process will increase customer service and provide a true one stop permitting service.

9	Hire one Senior Systems Analyst/Programmer position in Fire Prevention	0	0	123	123	92	31	0	0	No	No	1	ES4-6
---	--	---	---	-----	-----	----	----	---	---	----	----	---	-------

COMMENTS/JUSTIFICATION: The Division currently spends \$80,000 for annual licensing fees for an outside proprietary inspection software application. The Division is currently developing the application in-house to eliminate annual licensing fees, reduce downtime, reduce maintenance cost, and reduce time for upgrade implementation.

10	Hire one Fire Safety Specialist I (FSS I) position in Fire Prevention	0	0	118	118	59	19	12	28	No	No	1	ES4-1
----	---	---	---	-----	-----	----	----	----	----	----	----	---	-------

COMMENTS/JUSTIFICATION: This FSS I position will be responsible 50% of the time for customer service in the front counter by providing assistance in code research and interpretation. This incumbent will also meet with customers on Design Professionals' Days and respond to emails. Also incumbent will be responsible the other 50% for the review of small plans, tents, N/A's, revisions, fast tracks and electronic zoning plans.

PRIORITY	DESC.	CW COST	UMSA COST	OTHER COST	TOTAL COST	SALARY	FRINGE	OTHER OPER.	CAPITAL	APPROVED?	CURRENT YR. APP. OVERAGE?	POSITION CHANGE	DESIRED OUTCOMES
1	Convert 21 Part-time positions to Full-time positions in The Logistics Division.	0	0	55	55	40	11	4	0	No	No	21	ES1-1

COMMENTS/JUSTIFICATION: To convert 1 Auto Parts Specialist I, 1 Auto Parts Specialist II, 1 Automotive Equipment Operator I, 1 Electronic Equipment Tech I, 5 Heavy Equipment Technicians, 1 Maintenance Mechanics, 1 Capital Inventory Clerk, 4 Inventory Clerks, 1 EMS Support Clerk and 5 Data Entry Specialists II from part-time to full-time. The Department's average overall growth has been 45.8% since 2002. The Logistics budget has grown to \$40 million due to increase of stations and units within Miami-Dade Rescue. The workload has increased in this area due to an increased fleet which, in turn, increases the number of repairs and preventative maintenance performed.

2	Hire One Heavy Equipment Technician position in Logistics Division	0	0	76	76	57	18	1	0	No	No	1	PS1-1
---	--	---	---	----	----	----	----	---	---	----	----	---	-------

COMMENTS/JUSTIFICATION: Establish an Additional Heavy Equipment Technician (HET) for the Fire Shop. Departmental and fleet growth has outpaced the resources available to provide maintenance and repairs to the heavy fleet. Maintenance delays also create increased out-of-service time, which increases overall response times in Operations. Additionally, newer fleet becomes more complex as manufacturers strive to meet EPA and other regulatory standards regarding emissions, fuel efficiency, and other Federal requirements. This enhancement provides an additional position to keep pace with required maintenance and attempt to maintain out-of-service time to a minimum.

3	Hire Two Inventory Clerks positions for the Logistics Division	0	0	100	100	71	21	0	0	No	No	2	ES1-1
---	--	---	---	-----	-----	----	----	---	---	----	----	---	-------

COMMENTS/JUSTIFICATION: Hire two Inventory Clerks. These two full-time positions are necessary to meet the needs of the stations for medical and station supplies. Since 2002 the Department's average overall growth has been 45.8% while Supply has only grown 13%. Due to the increase of alarms and stations and units put into service within Miami-Dade Fire Rescue, the additional medical supplies need to be delivered in a more timely manner. There is a need for personnel to receive, put away, pick and pack the over 2,500 items valued at over \$7.0 million processed each year through the Supply bureau.

4	Convert one temporary Construction Renovation Specialist and one temporary Construction Field Rep. to part-time position in Facilities & Construction Division	0	0	49	49	37	12	0	0	No	No	0	PS1-1
---	--	---	---	----	----	----	----	---	---	----	----	---	-------

COMMENTS/JUSTIFICATION: The additional work load of station maintenance, renovations and on-going capital projects, warrants the conversion of these temporary positions to part-time.

5	Hire one Office Support Specialist II position in Facilities & Construction Division	0	0	47	47	33	14	0	0	No	No	1	ES8-2
---	--	---	---	----	----	----	----	---	---	----	----	---	-------

COMMENTS/JUSTIFICATION: Office Support Specialist II position needs to be a full-time position. This position will be responsible for monitoring

expenditures to ensure compliance with budget numbers for both the Division's budget and all capital construction budgets.

29	Establish one Office Support Specialist II, one Buyer, one Clerk IV and one Chief Construction Manager position in Facilities & Construction Division	0	0	272	272	203	69	0	0	No	No	4	ES8-2
----	---	---	---	-----	-----	-----	----	---	---	----	----	---	-------

COMMENTS/JUSTIFICATION: These positions are needed to implement the in-house design and construction of future capital projects. They are also needed to monitor expenditures to comply with budget numbers for the Division's budget and capital construction budgets.

<b>Comments/Justification:</b> Fuel spills are major concern at all large airports. Airports similar in size to MIA usually experience more than 1,000 fuel spills per year, MIA is known throughout the aviation industry for having the most effective fuel monitoring program in the nation.

E) FY 2008-09 PROPOSED ENHANCEMENTS FOR THIS ACTIVITY (IN PRIORITY ORDER) (FROM BASE)

PRIORITY	DESC.	CW COST	UMSA COST	OTHER COST	TOTAL COST	SALARY	FRINGE	OTHER OPER.	CAPITAL	APPROVED?	CURRENT YR. APP. OVERAGE?	POSITION CHANGE	DESIRED OUTCOMES
12	Hire One Aircraft Avionics Technician Position in Air Rescue	75	0	0	75	60	15	0	0	No	No	1	PS1-1

COMMENTS/JUSTIFICATION: Currently the Bureau maintains 72 radios between four aircrafts as well as other electronic system installed in new aircrafts. The lack of a qualified technician who can repair this equipment forces the Bureau to contract the work out to a vendor at a premium labor rate. The in-house repair of this vital electronic equipment will reduce run-around time and repair costs significantly. Los Angeles County operates a fleet of 10 helicopters with a full-time staff of 20 technicians and two part-time technicians; a ratio of 2.2 technicians per aircraft. Currently, MDR has a staff of 5 technicians for 4 helicopters; a ratio of 1.25 technicians per aircraft. The hiring of this additional technician would improve Air Rescues ratio to 1.5 technicians per aircraft. Newly retrofitted aircraft have several highly sophisticated avionics systems which require greater maintenance needs and manpower. Additionally, subsystems maintenance and inspection requirements have increased substantially. An average of 5 major aircraft inspections are performed annually.

13	Convert Twelve Lifeguard 1 Part-time positions to Full-time in Ocean Rescue	38	0	0	38	28	10	0	0	No	No	12	PS1-1
----	---	----	---	---	----	----	----	---	---	----	----	----	-------

COMMENTS/JUSTIFICATION: Approximately 20 part-time lifeguards are currently working 30-40 hours per week and qualifying for fringes worth an average of \$17,000 per part-time employee annually. Twelve additional full-time positions will reduce the number of part-time currently working 30-40 hours per week from 20 to 12 (\$17,000 annually x 8 part-time lifeguards = \$136,000) while the cost differential between part-time and full-time lifeguards working 40 hours per week is equal to the value of the 13 paid County holidays (3,200 x 12 overage positions = \$38,400). Based on these estimates, the additional 12 lifeguard positions will save Ocean Rescue approximately \$97,600 (annual savings). Part-time lifeguards continue to gain necessary credentials only to be hired by other organizations taking with them the valuable training and experience provided by Ocean Rescue (nearly 50% of Miami Beach lifeguards come from Ocean Rescue) an additional 12 full-time lifeguard positions requested will increase the retention of knowledge, skills and experience.

14	Staffing of the second 36' Fireboat for Marine Operations Bureau	1829	0	0	1829	1295	534	0	0	No	No	18	PS1-1
----	--	------	---	---	------	------	-----	---	---	----	----	----	-------

COMMENTS/JUSTIFICATION: Provide full-time staffing for new 36' Fireboat inaugurated on November 29, 2007. Staffing the vessel like the 50' Fireboat would require one officer, one operator and two firefighter paramedics per 24-hour shift plus relief. This staffing level would allow for 24/7 coverage dedicated strictly to maritime response. The assigned crew would be able to properly maintain the vessel, provide training, and respond in a timely manner to emergency incidents. These activities will not be hampered by the land-based obligations such as school demonstrations, hydrant maintenance, move-ups for area coverage, and special assignments and alarms, thus ensuring availability for maritime response.

15	Hire Two CFO positions - (Operational Administrators) in Operations	0	0	425	425	234	66	34	91	No	No	2	PS1-1
----	---	---	---	-----	-----	-----	----	----	----	----	----	---	-------

COMMENTS/JUSTIFICATION: To provide necessary assistance and support for the mission of the 24 hour Division Chiefs; to represent the Division at community, departmental, and inter-agency meetings. Assume operational and administrative responsibilities within the Division. Provide cross shift and countywide continuity by acting as a liaison between the 24 Division Chiefs.

21	Hire One EMD Quality Assurance Specialist II position in EMS	0	0	76	76	55	18	0	3	No	No	1	ES9-4
----	--	---	---	----	----	----	----	---	---	----	----	---	-------

COMMENTS/JUSTIFICATION: Quality management is mandated by State Statute. Currently we have a full time Quality Management Administrator and one Quality Assurance Specialist. In order to improve effectiveness this office needs to be expanded by an additional Quality Management Specialist (Civilian Paramedic). The most critical factor for the successful implementation of the EMS Division Business Plan is to ensure the Quality Management Process is successful. This position will ensure that critical data is reviewed for Protocol Deviations and Focus Studies. This position will also assist Quality Assurance Committees with the Peer Review Process.

23	Purchase four supplemental vehicles; two 6x6 Mules and two 4x4 ATVs	45	0	0	45	0	0	0	45	No	No	0	PS1-1
----	---	----	---	---	----	---	---	---	----	----	----	---	-------

COMMENTS/JUSTIFICATION: Supplemental vehicles are needed to patrol beach areas and assist with quick response to areas that are not accessible by other Ocean Rescue and Fire Department vehicles. The 6x6 mules are also available to tow the Bureau's personal water craft (PWC), provide first aid and transport staff as necessary.

24	Purchase One Ocean Rescue Dory (include rowing boat, aluminum trailer, two sets of graphite oars, boat cover and shipping)	9	0	0	9	0	0	0	9	No	No	0	PS1-1
----	--	---	---	---	---	---	---	---	---	----	----	---	-------

COMMENTS/JUSTIFICATION: Miami-Dade Fire Rescue Department Ocean Rescue Bureau (Haulover) will use this vessel to perform offshore patrolling of local beach swimming areas, make assists and rescues as necessary, perform preventative actions, provide emergency response, assist with 'life safety' and special events, i.e. film productions, summer youth programming, triathlons, employee training, athletic events and aquatic functions.

25	Hire One SCUBA Instructor and One Clerk position in Special Operations	0	0	98	98	75	23	0	0	No	No	2	PS3-1
----	--	---	---	----	----	----	----	---	---	----	----	---	-------

COMMENTS/JUSTIFICATION: SCUBA and Rescue Skin Divers have grown from a total of 400 divers to 1,885 divers with the same staffing of three positions. The Training Division plan to have six recruit classes over the next two fiscal years which creates the need for Rescue Skin Diver Class of about 60 new recruits. The Civilian SCUBA Instructor and Clerk positions will provide Dive Rescue Bureau with the ability to meet its growing administrative and training needs.

27	Purchase of Service to perform safety overhaul of the 28' Whitewater	0	0	30	30	0	0	30	0	No	No	0	PS1-1
----	--	---	---	----	----	---	---	----	---	----	----	---	-------

COMMENTS/JUSTIFICATION: The 28' Whitewater is approximately 15 years old. Marine industry standards recommend a safety overhaul of the hull and associated equipment after 10 years. This overhaul is to include inspection and/or replacement of electrical wiring, stringers and keel support, fuel tank, and all gauges and valves. Since April 2006, the MOB has spent approximately \$15,000 on the repair of this vessel.

Department-wide Issues

- 1 No Issues
- 2 Update: In the lead editorial on December 25, 2007, the Miami Herald came "to praise something that works: the Miami-Dade Juvenile Services Department...a government agency that today is a model for others" with "the deliberate application of common sense". In partnership with the State Attorney and every Police Chief in Miami-Dade County, the county wide Civil Citation that began in April has kept over 1,000 juveniles from being arrested for misdemeanor crimes while still participating in assessments, diversion services, restitution and community service. Every arrest prevented saves an initial systemic cost of \$5,000, not counting police costs or services. Over 95% of juveniles in Civil Citation are minorities. The U.S. Justice Department is looking to use Miami-Dade County as the model to reduce the overrepresentation of minority juveniles nationwide. We expect that number to reach 4,000 this year. That would give Miami-Dade County the lowest juvenile arrest rate of any major urban area in the United States.
- 3 Update: Federal and State Grant funding has not been confirmed for FY 2008-09
- 4 Update: the Juvenile Services Department provides administrative oversight for the Guardian At Litem program.

## Medical Examiner

Department: Medical Examiner

(\$ in 000s)

Department-wide Issues

- 1 The department has a carryover of \$780K: Medical Examiner Special Services-\$174K and Special Risk Retirement (set-aside)-\$287K and \$319k for the Trust Fund. Special Risk Retirement is in progress.
- 2 Restoration of essential funds for training in order to maintain certification required for accreditation, training on new instrumentation in order to keep abreast of changes essential in toxicology and new methods in forensic imaging areas in order to provide revenue producing courses, to provide mass disaster preparedness, and to keep abreast of changes to HR laws. \$21
- 3 An additional photographer is needed to process pictures taken by Forensic Evidence Technicians (body removal service) and to continue providing services at the Sylvester Cancer Center. (Revenue earned is \$30K per year). (\$64K)
- 4 Provide an additional doctor to reduce heavy load per doctor and provide better supervision for staff doctors and fellows (\$310K).
- 5 Develop a comprehensive plan to transform existing Medical Examiner case files (1956 to present) to a state-certified, digital format. Acquire the additional staff, equipment and ETS services to convert files to digital format (\$609K).
- 6 Capital funds needed for instrumentation for the Forensic Toxicology Laboratory and equipment for the Forensic Imaging Bureau (photography) and the Computer Unit, and for continued renovation of twenty year old, deteriorating furnishings (\$868k).
- 7 Establish a department position of victim services coordinator to provide advocacy and care for victims of violent crime and domestic violence. Requested by the SAO for those crimes where a perpetrator has not been apprehended or prosecuted.. The department will assist the next of kin in other types of deaths as well. This department is the first contact that is able to respond immediately to needs of others in such circumstances. (\$67)

1	IN-HOUSE EVIDENCE COLLECTION SERVICE	1284	0	0	1284	751	380	147	6	No	No	16	ES1-3

COMMENTS/JUSTIFICATION: THIS SERVICE WAS APPROVED BY THE COUNTY MANAGER'S OFFICE IN FY 07/08 DUE TO THE LEGAL AND NON-PERFORMANCE ISSUES RELATING TO PREVIOUS BODY REMOVAL SERVICES AND THE INABILITY OF THE DEPARTMENT TO OBTAIN SERVICES THAT WOULD MEET NECESSARY COMMUNITY AND DEPARTMENT STANDARDS.

2	REPLACEMENT OF TWO ASSISTANT MEDICAL EXAMINERS WHO HAVE RESIGNED.	164	0	0	164	135	29	0	0	No	No	0	ES5-3
---	---	-----	---	---	-----	-----	----	---	---	----	----	---	-------

COMMENTS/JUSTIFICATION: SALARY INCREASES TO MATCH THOSE OF CURRENT ASSISTANT MEDICAL EXAMINERS TO ENABLE DEPARTMENT TO KEEP COMPETITIVE WITH OTHER AREAS AND ATTRACT AND RETAIN QUALITY STAFF.

3	TRAINING IN DISASTER PREPAREDNESS, TO MAINTAIN CERTIFICATIONS, AND TO KEEP ABREAST OF NEW TECHNOLOGY, USAGE OF NEW INSTRUMENTS, AND CHANGES TO HR LAWS.	21	0	0	21	0	0	21	0	No	No	0	ES1-1
---	---	----	---	---	----	---	---	----	---	----	----	---	-------

COMMENTS/JUSTIFICATION: RESTORATION OF CRITICAL TRAINING ESSENTIAL IN A DEPARTMENT THAT PROVIDES AN IMMEDIATE FRONT LINE RESPONSE TO DEATH RELATED DISASTERS, MUST MAINTAIN CERTIFICATIONS IN ORDER TO MAINTAIN ACCREDITATION AND MUST BE ABLE TO RELY UPON RAPIDLY CHANGING TECHNOLOGY IN ORDER TO PROVIDE DEATH INVESTIGATION AND REVENUE PRODUCING TRAINING COURSES TO PARTICIPANTS NATIONALLY AND INTERNATIONALLY.

4	5% INCREASES FOR CERTIFICATION IN THEIR RESPECTIVE FIELDS FOR 14 EMPLOYEES.	75	0	0	75	54	21	0	0	No	No	0	PS3-1
---	---	----	---	---	----	----	----	---	---	----	----	---	-------

COMMENTS/JUSTIFICATION: IMPROVE SKILLS AIMING TOWARDS DELIVERANCE OF EXCELLENCE IN PHOTOGRAPHY, TOXICOLOGY, SECRETARIAL AND PERSONNEL AREAS. THIS APPLIES TO THREE PHOTOGRAPHERS, EIGHT TOXICOLOGISTS, TWO SECRETARIES AND ONE DEPARTMENT PERSONNEL REPRESENTATIVE.

5	MEDICAL EXAMINER SOFTWARE DEVELOPMENT & STAFF (SYSTEMS ANALYST 1 & COMPUTER TECHNICIAN 2) TO CONTINUE DEVELOPMENT OF CME & LIMS SYSTEMS, & TO INTEGRATE THESE TWO SYSTEMS & THE FILES CONVERTED TO A DIGITIZED FORMAT. TO ASSIST USERS.	166	0	0	166	115	41	5	5	No	No	2	ES4-6
---	---	-----	---	---	-----	-----	----	---	---	----	----	---	-------

COMMENTS/JUSTIFICATION: CONTINUE DEVELOPMENT OF A LABORATORY INFORMATION MANAGEMENT SYSTEM (LIMS) AND THE CORONER MEDICAL EXAMINER (CME) DATABASE SOFTWARE BY VERTIQ® TO PROVIDE 24-HOUR, WEB-ENABLED ACCESS FOR LAW ENFORCEMENT CRIMINAL JUSTICE AND THE LEGAL COMMUNITIES. INTEGRATE THE DATABASES FOR BOTH THE CME AND THE LIMS SYSTEMS. PROVIDE THE

INTEGRATION OF THE FILES CONVERTED TO THE DIGITIZED FORMAT WITH THESE SYSTEMS.

6	ADDITION OF ONE FORENSIC PHOTOGRAPHER TO ENABLE BUREAU TO PROCESS INCREASE IN PHOTOGRAPHS RELATED TO NEW BODY REMOVAL SERVICE AND TO CONTINUE TO PROVIDE OTHER OUTSIDE SERVICES TO FEDERAL AND LOCAL LAW ENFORCEMENT AGENCIES AND TO SYSVESTER CANCER CENTER.	64	0	0	64	46	18	0	0	No	No	1	ES1-2
---	---	----	---	---	----	----	----	---	---	----	----	---	-------

COMMENTS/JUSTIFICATION: THIS WILL ENABLE DEPARTMENT TO SAVE REVENUE OF \$30K AND SERVICE THE NEW IN-HOUSE BODY REMOVAL SERVICE WHICH WILL BE GENERATING PHOTOGRAPHS AT SCENES.

7	INCREASE THE GRADE OF THE CHIEF MEDICAL EXAMINER, THE DEPUTY CHIEF MEDICAL EXAMINER AND ASSISTANT MEDICAL EXAMINERS	349	0	0	349	279	70	0	0	No	No	0	ES5-3
---	---	-----	---	---	-----	-----	----	---	---	----	----	---	-------

COMMENTS/JUSTIFICATION: TO KEEP COMPETITIVE WITH OTHER AREAS AND TO AND TO RETAIN QUALITY STAFF

8	ADDITION OF ONE ASSISTANT MEDICAL EXAMINER.	310	0	0	310	224	80	5	1	No	No	1	ES5-3
---	---	-----	---	---	-----	-----	----	---	---	----	----	---	-------

COMMENTS/JUSTIFICATION: CURRENTLY THERE ARE FIVE ASSISTANT MEDICAL EXAMINERS AND FOUR FELLOWS IN ADDITION TO THE CHIEF MEDICAL EXAMINER (DEPARTMENT DIRECTOR) AND THE DEPUTY CHIEF MEDICAL EXAMINER (THE DIRECTOR OF PATHOLOGY). WHEN THE DEPARTMENT IS FULLY STAFFED WITH DOCTORS, THE CHIEF MEDICAL EXAMINER SHOULD NOT BE CONDUCTING AUTOPSIES. THIS POSITION SHOULD BE ADMINISTERING THE DEPARTMENT. AT THE PRESENT TIME HE IS CONDUCTING AUTOPSIES AND WORKING ON RELATED CASES 20 HOURS A WEEK. THE DEPUTY CHIEF MEDICAL EXAMINER IS THE DIVISION DIRECTOR RESPONSIBLE FOR THE ENTIRE PATHOLOGY SECTION, SUPERVISING THE ASSISTANT MEDICAL EXAMINERS AND THE FELLOWSHIP PROGRAM. (THIS POSITION SHOULD ONLY BE CONDUCTING AUTOPSIES AND WORKING ON RELATED CASES 20 HOURS A WEEK AT THE MOST INSTEAD OF THE 70 PLUS HOURS A WEEK.) TO ENABLE THE INDIVIDUAL TO SUPERVISE THE OTHER DOCTORS AND THE FELLOWSHIP PROGRAM.

9	THE CONVERSION OF 50 YEARS WORTH OF DOCUMENTS TOTALING APPROXIMATELY TWELVE MILLION PAGES TO A DIGITAL FORMAT TO PRESERVE AND INTEGRATE DOCUMENTS WITH DATABASE PROGRAMS AND TO ENABLE RESEARCH.	609	0	0	609	334	145	7	123	No	No	10	ES4-6
---	--	-----	---	---	-----	-----	-----	---	-----	----	----	----	-------

COMMENTS/JUSTIFICATION: THE DEPARTMENT HAS BEEN WORKING WITH ETSO ON THIS PROPOSAL. THE PLAN IS TO BEGIN TO CONVERT 50 YEARS OF RECORDS TO A DIGITAL FORMAT. IT WILL BE NECESSARY TO HAVE A SUPPLEMENTAL PROGRAM THAT WILL MERGE THE RECORDS INTO THE TWO DATABASES WE HAVE & ARE CURRENTLY DEVELOPING THE CORONER/MEDICAL EXAMINER SOFTWARE PROGRAM (CME) AND THE LABORATORY INFORMATION MANAGEMENT PROGRAM (LIMS). THIS WILL ENABLE THE DEPARTMENT TO PRESERVE RECORDS AND UTILIZE THEM

FOR EXTENSIVE RESEARCH. WHILE THERE IS NO COST BENEFIT IN TERMS OF ACTUAL DOLLARS, THIS RESEARCH RESULTS IN LIVES SAVED AND ASSISTS MANY AGENCIES IN THEIR QUEST TO ACCOMPLISH THIS. THE PROJECT IS EXPECTED TO TAKE APPROXIMATELY ELEVEN YEARS IF THREE WORK STATIONS ARE ESTABLISHED (3 PEOPLE EACH) AND WILL NECESSITATE THE HIRING OF NINE FORENSIC RECORDS TECHNICIANS AND ONE CLERK 4 AS A SUPERVISOR. THE EQUIPMENT NEEDS AND THE TECHNICAL ASSISTANCE HAVE BEEN REVIEWED FOR ACCURACY AND FOR COST ANALYSIS BY ETSD AND INTERNALLY BY A COMMITTEE OF EMPLOYEES, EACH OF WHOM HAS A PARTICULAR AREA OF EXPERTISE RELATING TO THIS PROJECT.

10	CAPITAL FUNDS FOR LABORATORY INSTRUMENTATION, EQUIPMENT FOR THE PHOTOGRAPHY BUREAU AND THE COMPUTER UNIT AND REPLACEMENT OF 20 YEAR OLD FURNITURE	868	0	0	868	0	0	0	868	No	No	0	PS1-1
----	---	-----	---	---	-----	---	---	---	-----	----	----	---	-------

COMMENTS/JUSTIFICATION: CAPITAL ITEMS INCLUDE INSTRUMENTS FOR THE TOXICOLOGY LABORATORY, EQUIPMENT FOR THE MORGUE AND PHOTOGRAPHY BUREAUS AND REPLACEMENT OF 20 YEAR OLD DETERIORATING FURNITURE.

11	THIS POSITION WILL PROVIDE ADVOCACY AND CARE FOR VICTIMS OF VIOLENT CRIME AND DOMESTIC VIOLENCE.	67	0	0	67	43	18	5	1	No	No	1	ES4-6
----	--	----	---	---	----	----	----	---	---	----	----	---	-------

COMMENTS/JUSTIFICATION: THE MEDICAL EXAMINER DEPARTMENT IS REQUESTING THIS POSITION BECAUSE THIS DEPARTMENT IS THE FIRST CONTACT THAT AN INDIVIDUAL HAS FOLLOWING THE VIOLENT DEATH OF A FAMILY MEMBER. IT IS IMPORTANT TO PROVIDE IMMEDIATE SERVICES AT A TIME WHEN IT IS NEEDED THE MOST. THE DEPARTMENT WILL APPLY FOR A GRANT TO FUND THIS POSITION, BUT THE DEPARTMENT IS REQUESTING THIS SERVICE WHETHER OR NOT THE GRANT IS AWARDED. THIS WAS REQUESTED BY THE STATE ATTORNEY'S OFFICE AS THE ME DEPARTMENT CAN ASSIST A FAMILY AS SOON AS A VIOLENT CRIME OR ANY OTHER DEATH OCCURS AND PRIOR TO THE TIME A PERPETRATOR IS APPREHENDED OR PROSECUTED. THIS IS THE FIRST CONTACT THAT NEXT-OF-KIN HAVE WHEN A FAMILY MEMBER HAS DIED AND THE DEPARTMENT IS ABLE TO PROVIDE IMMEDIATE ASSISTANCE.

Department-wide Issues

- 1 The Cities of Miami Gardens and Doral elected to cease local police services with the Miami-Dade Police Department and to establish their own municipal police department in FY 07/08. MDPD personnel assigned to Miami Gardens (169 employees) and to the City of Doral (100 employees) will be absorbed into department's vacancies by year-end.
- 2 As the population of Miami-Dade County increases and shifts geographically proper staffing patterns must be developed to meet the demand for services. The department is currently reassessing staffing levels and deployment strategies of sworn personnel to optimize services provided to the community.

Operational Support Issues

- 1 The Training Bureau has developed a partnership with the United States Federal Bureau of Investigations (FBI) sharing resources to improve training for both agencies.

Illegal Dumping Issues

- 1 As part of an Agreement between Solid Waste Management Department (SWMD) and the Miami-Dade Police Department (MDPD), SWMD will provide full reimbursement for all expenses associated with Illegal Dumping Activities.

Municipalities Issues

- 1 MDPD continues to provide contractual police services to the Town of Miami Lakes, Village of Palmetto Bay and the Town of Cutler Bay.
- 2 FY 2008-09 will be the third year of a three-year plan to eliminate payments from contracted cities for specialized services.

Emergency 911 Issues

- 1 Response times and appropriate usage of 911 system

1	Mayor's Mortgage Task Force	318	369	0	687	309	100	30	248	No	No	7	PS5-1

COMMENTS/JUSTIFICATION: On October 1, 2007, Florida Legislators enacted the Mortgage Fraud law under State Statute 817.545, which provided law enforcement the ability to charge violators for a felony for committing said acts. To combat this crime, a Mortgage Fraud Task Force was established. Its mission is to reduce mortgage fraud and prevent victimization of individuals and businesses through effective education, legislation, regulation, law enforcement and prosecution. Due to the complex and labor intensive nature of mortgage fraud investigations, additional personnel consisting of 2 Police Sergeants and 5 Police Officers are essential to conduct specialized investigation on these issues (\$208,870). The Bureau sustains a compounding backlog of 1,000 cases per month. In addition, all reports received by the Bureau are entered into the Crime Analysis System (CAS) in order to maintain an investigative informational database. To this end, Clerical staff is backlogged by approximately 2,000 cases per month. Mortgage Fraud cases have increased from 2006 to 2007 by 38% (to 119 cases from 84 cases). Under the current trends, it is anticipated that these Mortgage Fraud related workloads will increase 162 cases. This backlog and increased demands caused by the Mortgage Fraud investigations, the Bureau will require additional overtime funding (\$200,000). Due to the increased workloads, an increase in investigative and operational related expenses (\$30,000) would also be required in order to subpoena bank records, mortgage, and real estate documents. ECB will also require additional computer and specialized equipment (\$247,800) in order to satisfy the additional personnel assigned to the Mortgage Fraud Task Force.

2	Miami-Dade Police Training Institute	44	108	0	152	152	112	40	0	No	No	1	PS3-1

COMMENTS/JUSTIFICATION: A partnership with the Miami-Dade Police Department, the Miami-Dade Corrections and Rehabilitation Department (MDCRD) and the United States Federal Bureau of Investigation in order to establish a Miami-Dade Public Safety Training Institute (MDPSI). To that end, MDPD is requesting that an additional Police Chief's position (\$152,000) be established in order to administer and oversee the overall operations of the (MDPSI).

---	--------------------------	-----	------	---	------	---	---	------	---	----	----	---	-------

COMMENTS/JUSTIFICATION: The Miami-Dade Police Department's Fleet Management Bureau (FMB) is responsible for the purchasing, assigning, exchanging, tracking, and replacement of all departmental vehicles. Law enforcement situations, which require rapid mobilization, arise frequently and unexpectedly; therefore, all vehicles must be capable of optimum performance. All vehicles are continually inspected and maintained in order to provide safe operation, consistent with assigned use. Due to the tax-roll back, FY 0708 overall Fleet related budget was reduced by \$6.9 million in fleet related expenses. Specifically, fleet policy charges were reduced by \$4 million. Due to the nature of MDPD's fleet usage, to provide 24-hour a day coverage, the department was scheduled to have staggered replacement of the said vehicles. However, due to the aforementioned reduction in fleet policy charges, unless the funding is increased, MDPD will not be able to replace 350 vehicles (\$3 million) that have already exceed their prescribed GSA replacement schedule. If these vehicles remain in service, MDPD's expense for repairs will increase and, due to a depleted fleet caused by repair time, staffing availability to respond to incident may be hindered.

---	------------------------------------	----	----	---	----	----	----	---	---	----	----	---	-------

COMMENTS/JUSTIFICATION: The Facilities Maintenance Unit (FMU) is assigned within the Intergovernmental Bureau. FMU is responsible for the maintenance, preventive maintenance, and repairs of all MDPD sites. The Unit performs preventive maintenance tasks, including simple and complex air-conditioning unit maintenance, on the physical plant, and responds to the individual and operational needs of MDPD employees and offices in the complex, such as requests for service, including air conditioning climate control concerns, lighting, electrical installations, and cubicle work station reconfiguration. Due to the large amount of expenditure associated with this task, FMU requires dedicated professional fiscal related support in order to manage their accounting and monitoring expenditures to ensure they are meeting their objectives within the fiscal constraints. It is essential that FMU receives an enhancement of an Accountant 2 (\$65,500) in order to meet these needs and other related administrative functions.

8	Property and Evidence Bureau Enhancement	76	186	0	262	262	190	72	0	No	No	6	PS1-7
---	--	----	-----	---	-----	-----	-----	----	---	----	----	---	-------

COMMENTS/JUSTIFICATION: The Property and Evidence Bureau (PEB) is responsible for the receiving, storing, and disposing of property and evidence impounded by MDPD, Miami-Dade Fire Rescue, Florida Highway Patrol, Florida State Marine Patrol, City of Miami Gardens, Village of Palmetto Bay, City of Doral, Town of Miami Lakes and the Miami Shores Police Department. There has been a steady increase over the past five years of items processed at PEB at a rate of 21%. This increase will continue in proportion with increasing crime trends and MDPD crime initiatives in order to combat these trends since a large portion of evidence is impounded as evidentiary value. In addition, due to technological advances, DNA evidence is also impounded with PEB which requires additional storage burdens on the bureau. As result, current staffing is not sufficient to process incoming property and dispose of property that has reached its statutory retention requirements in an efficient manner. In order to improve the bureau's response to this issue the following enhancements are required: 6 Property Evidence Specialist (\$262,000) positions are required.

10	Headquarters Armed Security Guards	126	309	0	435	0	0	435	0	No	No	0	PS1-5
----	------------------------------------	-----	-----	---	-----	---	---	-----	---	----	----	---	-------

COMMENTS/JUSTIFICATION: Recommendation is made for funding approval for the implementation of a security checkpoint at the Fred Taylor Headquarters Building, West perimeter (NW 92 Avenue) access road. Said checkpoint would be manned by a Level 3 Armed Security Guard (\$435,000). Establishing a security checkpoint with an armed security officer, on the West perimeter access road of the Fred Taylor Headquarters Building, would be a highly effective method to control and regulate all inbound traffic within the Headquarters Complex. This would minimize security threats to all Headquarters Complex buildings, structures and to its employee workforce around the clock. Facilities within, such as the Property and Evidence Bureau and the Vehicle Maintenance and refueling facilities located within the Complex need to be protected and any potential threat needs to be minimized by any available means. Vehicles such as outside vendors, suppliers and visitors would be properly screened prior to gaining access to the complex and their need to be granted access could be confirmed or denied. This security measures would also protect fleet vehicles stored within the Complex from theft and or vandalism as in recent occurrences. Potential threats such as inbound large fuel tankers may be intercepted. Their delivery schedule and driver's identity challenged in order to prevent the potential for said vehicle to be used as an explosive or incendiary device used in a terrorist attack against the main hub of our department. The Guard Quarters on 92 Avenue, or the Headquarters Entrance would be manned, and would offer a direct deterrence to potential criminal acts from civilians entering the complex for such things as Records Requests, Investigative interviews, etc. It would offer a Front line of Defense which currently does not exist due to departmental manpower concerns. Temporarily alleviate immediate operational strength concerns until additional manpower is provided to the HSU. Although the initial cost of security guards appears relatively substantial, the overall benefit would actually be a Cost Reduction to the department, as assigned sworn personnel could be utilized to patrol the outer perimeter of the complex, as well as act as a relief for

Desk Operation personnel. NOTE: This scenario will only occur if additional manpower is provided to HSU, as exterior patrols do not currently occur due to Desk Operations staffing concerns. The addition of Security Guards would definitely assist the HSU during CURRENT, ENHANCED, and HEIGHTENED SECURITY ALERTS, as depicted in a recent memorandum issued by the Intergovernmental Bureau, titled, "Headquarters Security Unit Personnel". These types of alerts are contingent upon Homeland Security notifications, as well as Command Level orders.

E) FY 2008-09 PROPOSED ENHANCEMENTS FOR THIS ACTIVITY (IN PRIORITY ORDER) (FROM BASE)

PRIORITY	DESC.	CW COST	UMSA COST	OTHER COST	TOTAL COST	SALARY	FRINGE	OTHER OPER.	CAPITAL	APPROVED?	CURRENT YR. APP. OVERAGE?	POSITION CHANGE	DESIRED OUTCOMES
3	Law Field Based Reporting System	689	499	0	1188	306	87	795	0	No	No	5	PS1-7

COMMENTS/JUSTIFICATION: The Systems Development Bureau (SDB) maintains and develops various departmental software applications such as the Crime Information Warehouse, the Mobile Computing programs, etc. Since 2005, SDB has assisted Motorola in the development of Law Records Management System (LMRS) with no deliverable products and an estimated schedule extension to 2011. Due to Motorola non-performance, it was determined that it is in the Department's best interest not to renew Motorola's contract for their further development of the LMRS. The LMRS is designed to provide electronic, real-time paperless access to departmental Offense Incident reports and related records. Due to the efficient manner in which it could be retrieved, benefits would be observed in the clerical areas (Crime Analysis Units) and operational areas (investigative). In order to continue the development of this system the following enhancements will be essential: SDB will require the use of outside technological specialists (\$795,000) in order to develop the LMRS initial infrastructure and development. Additionally, 1 Systems Analyst Programmer 1 (\$69,478), 3 Systems Analyst Programmer 2 (\$226,284), and 1 Senior Analyst Programmer (\$96,855) will be required in order to maintain and troubleshoot the system once online. It is estimated that the project would create a saving of approximately \$350,000 in overtime expenses for the Department's Central Records Bureau which currently manually scans all hard copied reports to the Electronic Document Management System (EDMS). Once online the system will be utilized to support electronic Offense Incident Reports, Florida Department of Law Enforcement Reporting, and replacing legacy systems like the Arrest and Habitual Offender Tracking system.

9	Police District Network Switch Replacement	197	143	0	340	0	0	0	340	No	No	0	PS1-7
---	--	-----	-----	---	-----	---	---	---	-----	----	----	---	-------

COMMENTS/JUSTIFICATION: The Information Systems Support Bureau (ISSB) is responsible for computer operator interaction, network installation and maintenance, hardware assignment and support, and Internet services and support. All police district network communication switches have reached their expected life cycle is over 7 years old and has reached its end of life cycle and others, due to age and usage, are irreparable thus making them obsolete. Failing to fund the replacement of network related equipment will result in extended outages across the entire MDPD network to include all Districts and all annexes and at some point complete failure to operate various components of the network operation. It is requested that additional funding be provided in order make these replacement (\$340,000).
