Subject: Resolution Requesting Authority to Exercise Option-to-Renew Periods Under Existing Competitively Bid Contracts that Would Bring the Cumulative Contract Value to More than \$1 Million

Recommendation

It is recommended that the Board of County Commissioners delegate to the County Mayor the authority to exercise, in his discretion, the Options-to-Renew (OTRs) set forth in this item when in the best interest of the Miami-Dade County. On October 2, 2007 the Board approved Ordinance #07-139, providing for Committee review exemption. **Contract amounts and department allocations represent the maximum spending authority based on estimated past usage. This action does not guarantee that the total contract amount/value will be expended by County departments and/or agencies.**

Scope

The impact of the items in the accompanying OTR package is countywide in nature.

Fiscal Impact/Funding Source

The accompanying OTR package states the allocation amount and funding source for each department utilizing a contract. **Funding will be expended only if departmental budgets can support the expenditures approved in their Resource Allocation Plan adopted annually by the Board.**

Track Record/Monitor

There are no known performance issues with the vendors recommended for award in the accompanying OTR package. Each department's contract manager is reflected in the accompanying agenda item.

Delegated Authority

If this item is approved, the County Mayor or his designee will have the authority to exercise, in his discretion, subsequent OTRs, in accordance with the terms and conditions of the contracts listed in the accompanying package. The Board is approving delegation to the County Mayor or his designee.

Background

The competitively bid contracts listed in this item require approval to exercise OTRs contained in each contract that would, if exercised, bring the cumulative value of the contract over \$1 million. Each of the contracts were awarded under the County Manager's delegated authority (\$1 million for competitive procurements) pursuant to Section 2-8.1(b) of the County Code and the Master Procurement Administrative Order, A.O. 3-38.

Prior to exercising any Options-to-Renew (OTR) periods market research is conducted to ensure continuing to purchase from the awarded vendors is in the best interest of the County. Market research includes competitive factors such as pricing, quality, product features, technology, and lead time. It may also include commercial factors such as environmental issues, other governmental entity practices, industry trends, support and capabilities. The OTRs for each contract in this package will be executed if determined to be in the best interest of the County.

Item 1: Parts, Units, Accessories and Certified Inspection and Repair Services for: Gas/Vapor, Pressure/Vacuum Relief and Control Valves, Prequalification of Vendors seeks authority to exercise OTRs for a contract for the purchase of units, parts, accessories, and services for valves with specialized water and wastewater treatment applications for the Water and Sewer Department. The total amount being requested for the option years is **\$1,230,000**.

Item 2: Polymeric Flocculants seeks authority to exercise OTRs for a contract for the purchase of polymeric flocculants for the Water and Sewer Department. The total amount being requested for the option years is **\$3,800,000**.
