Subject: FY 08-09 Request for Proposals for Park Programming and Capital Improvements for
Community-Based Organizations

Recommendation

It is recommended that the Board approve the attached Park Programming and Capital Improvements Request for Proposals (RFP) for FY 2008-2009 for Community-Based Organizations (CBOs).

Scope

The RFP provides program funding for park activities in both incorporated and unincorporated areas that will have a countywide impact.

Fiscal Impact/Funding Source

The funding to be allocated through this RFP includes \$90,950 for Park Programming and \$250,000 for Park Capital Improvements for a total allocation of \$340,950. The allocated funding amount is contingent on the adoption of the FY 08-09 Budget by the Board of County Commissioners at the 2008 Budget Hearing.

Track Record/Monitor

Upon award of the grants, the person responsible for contract monitoring is Patricia Eraso, CBO Grants Coordinator, Park and Recreation Department (MDPR).

Background

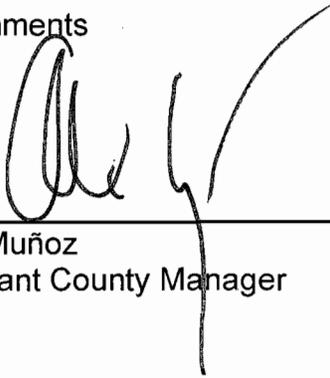

Since FY 1995-96, MDPR has used a formal RFP process for the allocation of grant funds to CBOs. The same process will be used for FY 2008-2009. Staff selection committees for each of the two funding categories, Park Programming and Park Capital Improvements, will provide funding recommendations to the Board from the applications received.

As in the past, the process will include an evaluation of programs and service priorities with a pre-determined set of standards and ranking methodology. The solicitation documents are divided into two parts, Exhibit I and Exhibit II. Exhibit I provides the instructions which include the priority focus areas, general completion guidelines and evaluation criteria. Exhibit II contains the application to be completed by all proposers.

Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

The RFP is scheduled for distribution beginning June 10, 2008; completed applications are due July 21, 2008. It is anticipated that the selection committees will review the applications and make funding recommendations by to mid to late August 2008, and forward the recommendations to the Board by September 2008.

INTRODUCTION AND GENERAL GUIDELINES

Miami-Dade County, (hereinafter referred to as the "County"), as represented by the Park and Recreation Department (referred to as "Department") is seeking proposals (referred to as "Application") from qualified community based organizations, (referred to as "proposers" or "applicants") to provide community-based services for recreational experiences in the areas of sports, recreation, cultural, environmental and related programming, primarily for youth; and capital improvements and purchases for County-owned park properties under the jurisdiction of the Department; or on non-County-owned land managed and used by the Department as a park facility under a formal agreement with the owner. The FY 2008-2009 Community Based Organization (CBO) Request for Proposals (RFP) is designed to establish a standard procedure to screen and evaluate proposals and allocate County funds to qualified community based organizations.

The funding available through this RFP is contingent on the adoption of the FY 08-09 Budget by the Board of County Commissioners at the Budget Hearing tentatively scheduled for September, 2008. The Board has the sole authority to increase, decrease or eliminate all funding.

Refer to pg. 2 of this "Instructions" document, "FUNDING CATEGORIES", for specific Category guidelines and restrictions.

Proposers must be legally incorporated as not-for-profit organizations, with a designated tax-exempt status determined by the United States Internal Revenue Service, *at the time of proposal submission*. Individual private or public schools, any school system, and governmental entities may not apply for funds under this Request for Proposals.

Each proposer is restricted to one (1) application per category under this Request for Proposals. For this purpose, branches, affiliates and franchisees of a parent organization or of any organization which receive a substantial part of their funding, financial management, know-how or administrative assistance from another organization, shall all be considered one (1) applicant, the definition to be at the County's reasonable discretion. In the event that more than one application is made by any such organization, the County, at its reasonable discretion, shall disqualify any or all such applicants which violate this restriction.

Grants may be awarded to more than one (1) individual proposer for activities or improvements at the same park or facility.

Project activities, purchases and services for which grants are awarded through this RFP, should be designed to occur within the County's fiscal year (October 1, 2008- September 30, 2009.) *Grant-related expenditures made before October 1, 2008 are not reimbursable.* A Community-Based Organization grant award carries no commitment for future County support beyond this time and scope of the project.

All activities supported through the grant must occur in Miami-Dade County and benefit Miami-Dade County residents.

No one-time events will be considered for funding (See "Definitions", pg. 5).

The purchase of computers and related hardware are not allowed for funding under this RFP; however, the purchase of computer software, with the intent of providing a recreational experience, may be funded.

Grant funds may *not* be used in furtherance of fundraising efforts, i.e., funds may not be spent for purchases or services specifically to raise funds.

Administrative costs (see Definitions, page 4) are allowed but may not exceed 10% of the total grant request; however, preference in scoring shall be given to applicants who request no administrative costs. *If an applicant is awarded funding in an amount less than the original requested amount, the grantee must reduce the administrative costs correspondingly to the award reduction, when completing the budget portion of the grant agreement.*

The *only exception* to the administrative cost restriction is that a proposer may request up to \$1,500 solely to help defray the expenses of coaching certifications and criminal background checks, if an organization has a current "Programming Partnership Permit" with the Department, is negotiating the Permit terms at the time of submission of a funding application under this RFP; or will conduct the grant activities on County-owned or operated Department park properties, even without a "Partnership " agreement. It is understood that an organization which was in the negotiation stage for a partnership agreement and receives funding for these purposes will not have access to the funding until the Permit has been executed.

GENERAL INFORMATION ABOUT FUNDING CATEGORIES

For the FY 08-09 RFP process, each grant application must be submitted under one (1) of two (2) categories. Priority focus areas have been established for the Park Categories detailed below: 1, Park Programming, and 2, Park Capital Improvements.

Proposers may submit only one (1) application *per category* under this Request for Proposals. If a proposer is applying under more than one category, the proposer must use a separate application for each category.

A potential proposer, which currently has a capital improvements grant, and which, through neither the fault of the County, nor circumstances beyond the control of the proposer, as determined by the County, has not commenced the actual project work by the Application submission date, e.g., construction is not ongoing, capital purchases have not been ordered, shall be prohibited from submitting an application under any category of this RFP.

FUNDING CATEGORIES

I. Park Programming (\$90,950 projected; individual grant awards up to \$7,500)

Activity Priority Focus Areas (not in priority order)

- Projects providing recreation activities, including sports, cultural, arts and crafts, scientific, environmental activities, or other recreational activities which emphasize direct involvement and participation by youth.
- Projects providing recreation activities, as described above, which emphasize direct involvement and participation exclusively by persons with disabilities of any age.

Preference in scoring shall be given to:

- Program activities occurring on properties/facilities owned and/or operated by public park systems in any municipality or the unincorporated area of Miami-Dade County.

Preference in scoring shall *not* be given to:

- Program activities open to the general public on non-park properties/facilities owned and/or operated by any local government in Miami-Dade County or the public school system in Miami-Dade County are eligible for funding, but shall not be given preference in scoring.

Category 2, Park Capital Improvements, is explained on the following page.

9

2. Park Capital Improvements (\$250,000 projected; individual grant awards up to \$75,000)

All capital improvements must occur on parks owned by the Miami-Dade County Park and Recreation Department or operated by the Department under a formal agreement with the owner. No proposer may request funding to provide capital improvements for currently-owned Miami-Dade County parks within the geographical boundaries of areas wherein the electors have voted to incorporate.

Activity Priority Focus Areas (not in priority)

- Repair/restore/renovate/rehabilitate or equip Miami-Dade County Park and Recreation lands and facilities.
- Provide new sports facilities or facility lighting.
- Complete currently *under-funded* CBO park capital improvement grant projects.
- Provide health, safety and welfare improvements (e.g., fencing, vehicular access control, walkways, security lighting, restrooms, water fountains, shelters, parking).
- Provide landscape improvements.

Pre-Submission Requirements for Capital Improvements Application

Before proposers in only the Capital Improvements category fully complete the application and attachments, they are required to request a “pre-submission” review of their projects. The overall purpose of this review is to advise potential proposers as to the feasibility of proposed improvements. Upon review, the RFP Contact Person will provide the reason(s) for denial of any element or modification of the proposed improvement(s). The proposer may then use this information to develop the full application.

Potential proposers of capital improvement projects must submit a written request to the RFP Contact Person for a pre-submission review through email, a fax, the U.S. Mail, or hand-delivered and received by the Contact Person’s Office (only) no later than Friday, June 27, 2008 at 5:00 PM. Proposers, however, are encouraged to submit the request as soon as possible. The written request must contain the following information: the organization name; name of the representative who submitted the request; the park facility and address where the improvement(s) will occur; the specific improvement location(s) at the park facility if there is construction involved; and a detailed description of the proposed improvement(s). The RFP Contact Person will respond, in writing, through the same communication method as was used to submit the pre-submission request and to the person who submitted the request. The following conditions will be verified with regard to the acceptability of the proposed improvement(s).

1. There are no other identified sources of public funding that could take the place of the funding made available through this RFP process, e.g., Impact Fees, Quality Neighborhood Improvements Program, Building Better Communities Bonds, etc., to accomplish the proposed work.

2. All improvements proposed through this RFP process are part of, or consistent with, the approved general plan for the facility (if a plan is applicable).

3. Required authorizations are in place that could otherwise substantially delay the start of the project or prohibit it altogether.

4. A technical review, if necessary, has been performed for certain improvements involving, but not limited to, electrical, plumbing, structural components, right of way issues, land use restrictions, environmental concerns, etc. (The review may involve site visits, meetings with Department staff, phone and email communication and/or any other means by which technical staff can fully understand the project scope, determine its feasibility, identify problem areas, and make suggestions to the proposer before the grant application is developed.).

The pre-submission request must be submitted to the RFP Contact Person regardless of any previous verbal and/or written comments, discussions, speculations, etc. by/with any Department staff. Proposers are cautioned to allow themselves adequate time to meet the submission deadline. It is the responsibility of the proposer to confirm that the RFP Contact Person received the pre-submission review request.

THE RFP CONTACT PERSON’S RESPONSE MUST BE INCLUDED IN THE FULL APPLICATION PACKAGE, TABBED AS “ATTACHMENT #15”. Every effort will be made by the contact person to provide the written response no later than July 11, 2008.

BUDGET - EXPLANATION OF TERMS AND INSTRUCTIONS: (Relating to Section "H. BUDGET INFORMATION" of the Application.)

Provide complete and accurate information **rounding all figures to the nearest ten dollars (\$10)**. Verify all totals. The following information will assist you in providing correct budget information. You must decide if projected expenses should be placed under Column A or B.

Personnel: Include personnel costs of *regular part-time and full-time employees of your organization*, if you are proposing the costs will be covered by the grant. Personnel costs will be considered "administrative" costs, unless the personnel is directly involved in the provision of the grant-related services. Information about providing a value for volunteer labor should be included under "Application Contribution Sources" below

Contracted services: Include items for which your organization must contract or pay another entity. Examples include architectural and engineering services, construction contractors, caterers, coaches, umpires, photographers.

Related Equipment: Include major items, e.g., athletic equipment, musical instruments, building materials, etc.

Related Supplies: Include incidental materials and small non-durable goods, e.g. office supplies directly related to the project, small recreational supplies, and arts and crafts materials.

Space Rental: Include fees to rent space for your program.

Transportation: Indicate expenses directly related to the project that occurs within Miami-Dade County. *Travel costs outside of Miami-Dade County are not chargeable to the grant.*

Other: Itemize any other costs which do not fit into the above categories.

Applicant Contribution Sources: In column "B", *itemize the financial resources or in-kind services which directly relate to the grant project that your organization will contribute from other sources outside of current or previous grant funding.* A one-to-one match is not required. Proposers will be held accountable for providing the contribution if the grant funding is approved for the project. *Be realistic and do not inflate your estimates!*

In-kind services/contributions may include volunteer labor/time (calculated at \$6.30 per hour, or the market wage rate for professional/technical services donated to the grant-related project; and non-cash donations, e.g., donated uniforms, and donated electrician services).

Cash contributions are actual funds (e.g., a donation; another grant; applicant's own funds, etc.) to be provided towards the grant project. Be realistic and specific when you compose your "Detailed Budget Justification" attachment as to *exactly how you calculated the in-kind and cash contributions.*

Secured: Place an "x" in Column C, "Is Contribution Secured", next to the appropriate line item from Column B, *if your organization has committed its own funding; has already obtained an actual donation, another grant or any firm dollar commitment that clearly relates to the grant project; or you are sure that you will receive the contribution, whether it's cash or in-kind.* Provide an explanation on the "Detailed Budget Justification" Attachment #9 for ALL contributions, secured or not, i.e., the funding source, whether or not the contribution is secured and if not secured, describe the method for obtaining the contribution. *In-kind and cash contributions which are necessary for completion of Park Capital Improvement projects, must be "Secured" at the time of the application submission.*

For Park Capital Improvements Projects only:

Proposers are advised that capital projects may include additional expenses beyond the actual purchase or improvement, including but not limited to: compliance with the American with Disabilities Act requirements (ADA); site survey costs; costs to upgrade electrical if necessary; special testing, e.g., soil borings; architectural and engineering plans; shipping, unloading and installation costs, etc. If these kinds of costs are necessary, then they must be incorporated into the proposal Budget. The Pre-submission review by Department staff can help to identify the kinds of items over and above the obvious project expenses which are required to properly complete the project. If any of these expenditures are required, proposers may choose to pay for them through cash or in-kind contributions (see below), but this information must be stated in Section H, Budget Information, page 8 of the Application.

kind contributions (see below), but this information must be stated in Section H, Budget Information, page 8 of the Application.

Contingency: In the *Park Capital Improvements* category *only*, you should budget 10% of total project costs as a **part of the grant funding requested** to cover unforeseen costs, e.g., permits; in-house Department charges for consulting, design; inspection, etc.

REQUIRED ATTACHMENTS FOR ALL APPLICATIONS

Applications must include the following Attachments, as appropriate, or the Application may be deemed non-responsive and may not be considered for a grant award.

1. IRS Letter of Tax Exempt Status or other IRS document, which clearly states tax exemption for your organization; document **MUST** be submitted regardless of past submissions in a grant process.

Lobbyists (anyone who serves as representative/advocate of the proposal and may speak to it) specifically include the principal, as well as any agent or officer (including volunteers), or employee of a principal, regardless of whether such lobbying activities fall within the normal scope of involvement of such agent, officer or employee. REVIEW/EVALUATION/RECOMMENDATION PROCESS

Staff will initially review all applications to determine if the application is *responsive* to the submission requirements outlined in the RFP. A responsive application is one that follows the requirements of the RFP; includes all documentation; is submitted in the format outlined in the RFP; is of timely submission; and has the appropriate signatures as required on each document. Failure to comply with any of these requirements may deem an application non-responsive.

Following the initial staff review, the applications will be forwarded to a *Selection Committee*, one (1) for each of the two (2) Categories of this RFP. The Committees will be comprised of staff members of the Park and Recreation Department and/or other County departments and agencies. Each Selection Committee will hold a *public meeting* to review and score the applications for qualitative and technical merit according to the criteria determined for each category as described on the following pages.

The *public meetings* will be noticed in the County's *News and Events Calendar*, and is available at www.miamidade.gov/comm/. After accessing the site, click on "Calendar" in the first box on the left. It is the responsibility of the proposers to review the Calendar for the meeting dates to be scheduled for late July to mid-August, 2008. The Calendar is updated daily. All County public libraries have computers with Internet access through which you can view the Calendar. Also, the CBO Contact Person will send a courtesy written notice to all applicants either by email or the regular U.S. Mail.

PROPOSERS/APPLICANTS ARE STRONGLY ENCOURAGED TO ATTEND THE APPROPRIATE PUBLIC MEETING!

Although proposer representatives are not allowed to make presentations at the public meetings, the *Selection Committee members or staff may request information from the representatives*. Committee members/staff often have questions that can only be answered by the proposer's representative(s). A proposer should be aware that if Committee members/staff request information regarding a particular application and the proposer has no representative present at the meeting to respond, the lack of information may affect scoring results.

At each of the two funding categories meetings, the final scores for all applications will be tallied, averaged and ranked. The committees then make their funding recommendations and approval. The recommendations will be forwarded to the Board of County Commissioners. The awards shall be made to the proposers whose proposals shall be deemed by the Board of County Commissioners (BCC) to be in the best interest of the County, after they have considered the Selection Committees' recommendations. The Board may, at its sole and absolute discretion, reject any and all, or parts of any and all proposals; reject any and/or all recommendations; re-advertise this RFP; adjust the amount of funding available under this RFP; postpone or cancel, at any time, this RFP process; or waive any irregularities in this RFP or in the proposals received as a result of this RFP. The Board has the authority to approve and conduct a new RFP process. The Board's decision of whether or not to make the awards and which proposals are in the best interest of the County shall be final. All proposers will be notified of the final decisions of the Board of County Commissioners.

ASSIGNMENT

Grantees shall not enter into any subcontracts, retain consultants, or assign, transfer, convey, sublet, or otherwise dispose of the ensuing contract, or any or all of its rights, title or interest herein, or its power to execute such contract to any person, company, or corporation without the prior written consent of the County. Consent of the County does not confer upon the subcontractor any direct right of action against the County, or action against the County through the grantee, or involve the County in any expense.

PUBLIC ENTITY CRIMES

Pursuant to Paragraph 2(a) of Section 287.133, Florida Statutes, a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a response for a contract to provide any goods or services to a public entity; may not submit a response on a contract with a public entity for the construction or repair of a public building or public work; may not submit responses on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and, may not transact business with any public entity in excess of the threshold amount provided in Section 287.017 for CATEGORY TWO **\$25,000** for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

Accordingly, Criminal Record Affidavit forms are available upon request at Department of Procurement Management/Vendor Assistance Unit at (305) 375-5773 for those individuals or firms requesting to disclose this information only.

SHANNON MELENDI ACT

Pursuant to Ordinance No. 08-07, codified in Article III of Chapter 26 of the Miami-Dade County Code and referred to as the "Shannon Melendi Act", Community Based Organizations ("CBO") will be required to conduct nationwide criminal background checks on all employees and volunteers whose duties with the CBO will require physical presence on park property owned or operated by Miami-Dade County. The Shannon Melendi Act also requires the background check on any prospective CBO employee or volunteer and persons with certain convictions are prohibited from working or volunteering on park property owned or operated by the County. A CBO that is awarded funding by the BCC for programming or capital improvements on park property owned or operated by the County will need to comply with the above, and all other, provisions of the Shannon Melendi Act and will be subject to the penalties associated therewith.

TERMINATION FOR CONVENIENCE

The County may at any time, at its sole discretion, without cause, terminate any contract with a grantee for its convenience by written notice to the grantee. The County will calculate the outstanding payments due the grantee, irrespective of the manner in which payments are to be made under the contract. If, after such calculations have been performed, the sum owed the grantee is less than amounts paid under the contract, the County will notify the grantee of the amount owed to the County, which must immediately be remitted to the County.

TERMINATION FOR CAUSE

A Grantee will be in default under the contract if it commits a breach of the contract deemed material by the County. Where such a default occurs, the County may terminate the contract and suspend the grantee for a period of one year.

PERIOD FOR CLAIM OF GRANT

In the event a grantee, which has been awarded funds under this RFP process in either the *Park Programming Category*, fails to submit a completed and signed contract to the designated County office for the disbursement of the grant by *January 31, 2009* and in the Park Capital Improvements category, fails to submit a completed and signed contract to the designated County office for the disbursement of the grant by *March 31, 2009*, the County may, in its sole discretion, forfeit the award to the grantee, upon written notice and at least a thirty (30) day cure period, which will expire on March 2, 2009 for the Park Programming Category and on April 30, 2009 for Park Capital Improvement grants. The grantee will have no further claim to the grant funds.

Additionally, it is understood that delays may occur in the execution of Park Capital Improvement projects, which may prohibit a project from being completed within FY 2008-2009. **Park Capital Improvements grantees must make every effort to complete their projects between October 1, 2008 and September 30, 2009. If, however, a project is not completed, including all required approvals and inspections by September 30, 2010, (two years from the date the grant became effective) the County may, at its sole discretion, forfeit the award to the grantee upon written notice and at least a thirty (30) day cure period.**

TERMS OF PAYMENT/REIMBURSEMENT

After the Contract is signed by the grantee and then executed by the County Manager, the County agrees to reimburse the grantee for services rendered under this Contract, based on a line item budget. The grantee agrees to submit payment requests to the appropriate Department accompanied by such documentation as requested by the Department. The County attempts to make reimbursements in a timely manner. It is anticipated that the grantee will be reimbursed within a four (4) week period from the receipt of a correct and accurate reimbursement request; however, it is the responsibility of the grantee to maintain sufficient cash flow pending receipt of reimbursement.
