**Subject:** CBO Allocation Process

---

As part of the FY 2004-05 Resource Allocation process, the Office of Strategic Business Management (OSBM) has reviewed the overall Community-based Organization (CBO) allocation process for the District Discretionary Reserve, Commission Office Funds, and the In-kind Reserve. In an effort to simplify these processes while ensuring comprehensive information for adequate review of requests, OSBM staff has developed the following alternative processes.

### **District Discretionary Reserve and Commission Office Funds Allocation Process**

The FY 2004-05 Proposed Budget includes funding in the amount of \$300,000 per district to continue the Commission District Discretionary Reserve. During this past year Commissioners, their staffs, and CBOs that have received allocations from one of the sources listed above have expressed frustration when attempting to comply with the administrative aspect of the allocation process. In order to simplify the process not only for the CBOs but also for departmental staff, we have developed simplified application processes that will aid in gathering the relevant information needed for an informed decision regarding allocations and expedited payments once allocations are made.

A one-page application agreement has been developed (attached). An organization requesting funding from either the District Discretionary Reserve or a Commissioner's Office funds will be required to submit a signed application agreement along with a completed W-9 form to Commission staff at the time of the allocation request. At the discretion of the Commissioner, these applications may be accepted on an annual, quarterly, or ongoing basis. Commission staff or a separate review committee will review the application agreement requests and present the respective Commissioner with a recommendation. Once the recommendation has been approved by the Commissioner and by the full Board via motion or resolution, the signed application agreement will be forwarded to the Office of Strategic Business Management to ensure the application agreement and completed W-9 form are processed and checks are issued in a timely manner.

By signing the application agreement, the applicant agrees that any funding allocated will be used for the services or activities indicated in the application. Also, the applicant agrees that use of the funding will be subject to random annual audits. This process also incorporates the ability, notwithstanding any provision of the County Code, resolution or administrative order to the contrary, for staff to waive affidavits of compliance with various polices or requirements applicable to not-for-profit entities receiving County funding or contracting or transacting business with the County.

This new process will not only reduce the burden on departmental staff, but will also ensure prompt payment to the recipient organization(s).

**In-Kind Reserve Process**

The FY 2004-05 Proposed Budget continues funding for an in-kind services reserve in the amount of \$500,000 to reimburse general fund departments for in-kind services provided on a two-thirds basis. The Board of County Commissioners (BCC) has expressed its desire to have staff provide a recommendation regarding approval of requests for in-kind services for events in Miami-Dade County in need of funding support. In an effort to provide the BCC with an adequate funding recommendation, I recommend the following changes to the Countywide and District-Specific In-kind Reserve process.

- **Application Review:** In addition to providing information regarding the services requested, each applicant will be required to submit a budget detailing all revenues and expenditures for the specific event for which in-kind support is requested. The Communications Department will be responsible for working with the appropriate County departments to ensure that adequate services are provided for the type of event planned. Once this process has been completed and accurate in-kind support projections are calculated, the review committee will carefully review each application and provide a recommendation, based on the information provided by the organization and taking into account other support that may have already been authorized by the County.
- **Recommendation:** OSBM staff will continue to provide historical funding information about the organization and/or event. Recommendations regarding the approval of the request will be communicated to the sponsoring Commissioner prior to the placement of a resolution on an agenda.
- **Reporting:** OSBM staff will continue to be responsible for providing a monthly report detailing all funding recommendations and in-kind services reserve fund balances.

These alternative processes have been designed to ensure that organizations participating in any of the above-mentioned allocation processes have the ability to engage County services at the most efficient and effective level possible.
