Report:

Assistant County Attorney Cynthia Johnson-Stacks read the foregoing proposed ordinance into the record.

Chairwoman Edmonson opened the public hearing. Hearing no one wishing to speak before the Committee, Chairwoman Edmonson closed the public hearing.

Commissioner Jordan questioned whether the enforcement of the Miami-Dade County Code provisions proposed in this proposed ordinance involved bicycle retailers.

Ms. Cathy Peel, Director, Miami-Dade County Consumer Services Department (CSD), advised Commissioner Jordan that enforcement involved the retailers and not the actual bicycle rider. She provided an overview of the penalties outlined in this proposed ordinance.

Commissioner Jordan questioned the County's ability to know whether the retailer sold a specific bicycle that violated the provisions of this proposed ordinance. She asked if CSD would obtain the appropriate records that would indicate whether at the time of purchase reflectors sold with the bicycle.

Responding to Commissioner Jordan's question regarding obtainment of sales records for bicycles, Ms. Peel informed the Committee copies of the sales records were not required to submit those records of bicycle sales to the department. She indicated staff would follow-up on complaints it received.

Commissioner Sorenson stated the proposed ordinance was well intended and she understood the importance of bicycle lights and reflectors. She

pointed out the variety of salespersons at large chain stores may not be aware of this Code provision. She questioned the responsibility and the ability of the County to enforce this provision without dedicating a lot of resources.

Chairwoman Edmonson questioned whether the statement the buyer would sign would be a legally binding document (Section 8A-9(2)).

Responding to Chairwoman Edmonson's inquiry, Assistant County Attorney Thomas Logue advised depending upon the content the statement potentially may be used in a legal context.

Chairwoman Edmonson questioned the additional cost to retailers to file these documents and to buyers for inspections by CSD staff, if necessary.

Ms. Peel noted staff did not have a cost estimate of how much this proposed provision would cost businesses. She explained CSD would try to help retailers, such as by developing a draft disclosure form they could use.

Chairwoman Edmonson questioned who would be responsible when a bicycle was sold at garage sales.

Responding to Chairwoman Edmonson's inquiry, Assistant County Attorney Logue stated this proposed ordinance focused on retailers in the business of selling bicycles. He noted the requirements and the penalties were for retailers who sold bicycles.

Chairwoman Edmonson stated the County was punishing the seller for what the buyer or owner of the bicycle failed to do.

Assistant County Attorney Logue explained that this proposed ordinance would say to retailers in the business of selling bicycles they could not sell bicycles unless they also sell other equipment, such as lights and reflectors, as part of the sale or obtain affidavits.

Responding to Chairwoman Edmonson's comments regarding the cost to the seller and the affect of this proposal on Mom and Pop stores, Assistant County Attorney Logue stated these provisions would apply to those stores as well.

Commissioner Sorenson suggested, in the absence of the sponsor Commissioner Souto, to forward

this proposed ordinance to the County Commission without recommendation.

The Committee proceeded to vote on this proposed ordinance as presented.

*Deferred to next committee meeting**Mover: Sorenson**Second: Moss**Vote: 4-0**Absent: Souto*

Report: *Assistant County Attorney Cynthia Johnson-Stacks read the foregoing proposed resolution into the record.*

Chairwoman Edmonson opened the public hearing.

Mr. Roy Hardemon, Board member, Model City Community Advisory Committee (CAC), appeared before the Committee, and informed the Committee that the Model City CAC had not reviewed the amendment to the FY 2008 Action Plan in this proposed resolution. He requested the Committee assist the Model City CAC evaluate community development in this community.

Chairwoman Edmonson questioned whether this proposed resolution was presented to the community advisory committees (CACs) to obtain citizen participation.

Responding to Chairwoman Edmonson's inquiry, Assistant County Attorney Shannon Summerset advised the Committee citizens participated in the general Community Development Block Grant (CDBG) Action Plan, but amendments to the Action Plan only required a public hearing.

Mr. Hardemon noted the United States Department of Housing and Urban Development (US HUD) required citizen participation and input regarding the CDBG Action Plan.

Ms. Marba Lightbourne, Concerned Citizens of Model City and Liberty City, appeared before the Committee, and spoke in support of Mr.

Hardemon's comments. She noted citizens did not have an opportunity to review or offer input on the foregoing proposed amendment to the CDBG Action Plan.

Hearing no one else wishing to speak before the Committee, Chairwoman Edmonson closed the public hearing.

Commissioner Moss expressed concern with the proposed recapture of the fiscal year (FY) 2006 CDBG funds for the Goulds Community Development Corporation, Inc., Storeporch Historic project which needed to be done. He asked that the funding not be recaptured and those funds are set-aside in an account. In addition, he asked that the Office of Community and Economic Development (OCED) put forth efforts to make those funds available in order to complete this project with the appropriate developer. Commissioner Moss recommended that the \$111,605.22 CDBG fund allocation for the Storeporch Historic project and the \$97,690.00 for the J L Brown Development Corporation, 112 Avenue Shops be set-aside and he would use Commission District 9 CDBG allocation funds to assist in the completion of these two projects.

Commissioner Moss expressed concern with the proposed recapture of FY 2007 CDBG funds in the amount of \$100,000 for the Naranja Princeton Community Development Corporation (CDC) Sunny Haven Water project. He noted the residents in this subject area still needed to have the ability to hook-up to the Miami-Dade County Water and Sewer system. He stated he intended to amend the FY 2008 Action Plan for the three projects mentioned and to have those dollars set-aside. Subsequently, he would allocate funding from Commission District 9 Discretionary or County Services Reserves until staff decided how to accomplish those projects.

Commissioner Jordan asked that the proposed recapture of \$40,851.00 of FY 2008 CDBG funds for the North Dade Community Development Federal Credit Union for its marketing activities be set-aside until all parties involved reached a resolution on how to satisfy the needs for that community.

Chairwoman Edmonson asked the Office of Community and Economic Development Director to meet with each Committee member to address their individual concerns regarding the FY 2008

Action Plan before the Committee next Committee meeting.

Mr. Cintron stated the J L Brown Development Corporation for its 112 Avenue Shops activity had been addressed and staff was prepared to recommend that the \$97,690.00 of FY 2005 CDBG funds should not be recaptured. He noted the other projects mentioned by Commissioners Moss and Jordan would be addressed before the next Committee meeting.

Hearing no objection, the Committee voted to defer this proposed resolution as requested by Chairwoman Edmonson to the next Committee meeting scheduled for April 16, 2008.

Commissioner Sorenson spoke in support of the Storeporch Historic project and noted if Goulds CDC could not complete the project the County should identify another entity to complete the project.

Mr. Cintron stressed the importance of expending CDBG funds before US HUD recaptured them.

Chairwoman Edmonson asked Mr. Hardemon and Ms. Lightbourne to meet with her to discuss their concerns regarding this proposed resolution.

Report: *Assistant County Attorney Cynthia Johnson-Stacks read the foregoing proposed resolution into the record.*

Commissioner Jordan asked the General Services Administration Director to provide her with an evaluation to lower the \$225,000 sale price, including the profit margin, for affordable infill housing developments based on today's real estate market. In addition, she asked the Director to conduct a six-month evaluation on the sales price based on the real estate market.

Commissioner Jordan expressed her concern with the apparent trend that even when the County provided land the starting sales price for housing units was \$225,000. She indicated she requested another review because of the decrease in the real estate market. Commissioner Jordan explained when the County set the \$225,000 price, housing prices were soaring, and \$225,000 was the average that made housing affordable for median income households. She pointed out that the real estate market has changed over the last eighteen months and the \$225,000 price was unrealistic when the County was providing the land to organizations. She indicated she would not like for this item to move forward with \$225,000. In addition, the County did not see that the quality of the affordable housing warranted \$225,000.

Ms. Wendi Norris, Director, General Services Administration, explained \$225,000 was the ceiling for affordable housing established by the Board for affordable housing and the Board had the discretion to lower that ceiling. Ms. Norris noted the Committee could amend this proposal.

Commissioner Jordan indicated she would not like to put an arbitrary number for the sales price. She pointed out the housing prices were overwhelmingly \$225,000 in the last report she received regarding the existing County infill housing provided to community-based organizations. She reiterated her request for staff to look at what was realistic based on today's market.

Ms. Norris informed Commissioner Jordan that Habitat for Humanity homes never closely approached \$225,000. She agreed with Commissioner Jordan that staff should be allowed to work with OCED to evaluate the market and evaluate the \$225,000 ceiling. She indicated sales prices were coming in lower, approximately \$200,000 and lower.

Commissioner Jordan suggested \$175,000 as the ceiling. She noted if staff desired to evaluate the selling price they could come back with a recommendation for a higher price.

Ms. Anne Manning, Executive Director, Habitat for Humanity of Greater Miami, Inc. (Habitat for Humanity), stated the homes were sold in the price range of \$110,000 to \$124,000, and the ceiling could be set at \$125,000.

Commissioner Jordan agreed with \$125,000 as the ceiling as suggested by Ms. Manning.

Ms. Norris noted staff would change the \$225,000 in the County Deed for the particular infill lots listed in this proposed resolution. Furthermore, staff would evaluate the \$225,000 in general and bring a recommendation back to the Committee in terms of sales price for future homes.

Commissioner Sorenson asked Habitat for Humanity to determine whether duplexes, triplexes or quadplexes should be built on these lots, subject to the approval by the County Mayor and the County Manager.

A discussion ensued between Commissioner Sorenson and Ms. Manning regarding Habitat for Humanity's current efforts to provide the type of housing and the feasibility of accomplishing the type of housing for these infill lots noted in this proposed resolution suggested by Commissioner Sorenson.

During discussion of this proposed resolution, Commissioner Souto asked for the status of a housing project in the Westchester Library area.

Responding to Commissioner Souto's inquiry, Mr. Jose Cintron, Director, Office of Community and Economic Development, stated the site referenced by Commissioner Souto was being proposed to be issued under the Request for Proposal (RFP) for the Multi-Family Housing Development Program utilizing Building Better Communities General Obligation Bond Program (GOB) funds.

Ms. Ladee Hines, appeared before the Committee, and questioned whether the infill lots listed in this proposed resolution were for for-profit or not-for-profit organizations.

Responding to Ms. Hines' inquiry, Commissioner Jordan noted these infill lots were for not-for-profit organizations.

A discussion ensued between Commissioner Sorenson and Ms. Manning regarding Green Building Standards and the Solar Hot Water Heating Program.

Assistant County Attorney Johnson-Stacks advised the Committee the infill lots that were the subject of this resolution were the infill lots that would be released and approved by the County Commission in Agenda Item 4B, Legislative File No. 080801 on today's (3/12) agenda. Therefore, any approval should be contingent upon approval of Agenda Item 4B.

Hearing no objection, the Committee heard Agenda Item 4B simultaneously with Agenda Item 3A.

Assistant County Attorney Johnson-Stacks read Agenda Item 4B into the record.

Ms. Cynthia Curry, Senior Advisor to the County Manager, noted Agenda Item 4B Supplement provided additional information on the proposed Transitional Agreement between Miami-Dade County and MDHA Development Corporation (MDHADC).

Commissioner Sorenson asked Assistant County Attorney Cynthia Johnson-Stacks to determine the status of all County loans made to the Belafonte-Tacolcy Center (Tacolcy) that were delinquent as well as the option(s) available to recover any

delinquent accounts and to submit this information for Committee review at the April 16, 2008 Committee meeting. If no options were available, Commissioner Sorenson asked that the County Manager work with the County Attorney's Office to prepare an appropriate ordinance, under her sponsorship, to prevent and/or recover future delinquent accounts.

Responding to Commissioner Sorenson's inquiry regarding the difference between the funds disbursed by the County and the total funds expended by MDHADC for the Ward Towers, Ms. Cathy Jackson, Director, Department of Audit and Management Services, explained the difference in the amounts represented the operating expenses for certain projects.

Responding to Commissioner Sorenson's comments regarding the \$225,000 sales price for infill housing, Assistant County Attorney Johnson-Stacks noted the County should meet with MDHADC to discuss whether MDHADC would agree with the lower ceiling on the sales price that would be reflected in a corrective deed.

Ms. Wendi Norris, Director, GSA stated some of the deeds already executed would need to be corrected to reflect the changes being recommended at today's (3/12) Committee meeting, if MDHADC agreed with the proposed changes.

Mr. Jose Cintron, Director, OCED, stated the Committee members need to use caution in the debate of the \$225,000 sales price for affordable housing on infill housing lots. He explained other factors that contributed to the cost for the sales prices, such as construction costs.

A discussion ensued between Commissioner Jordan, Mr. Cintron and Ms. Curry regarding the cost factor in determining the sales price for the infill housing lots, the need to review the deeds for the properties conveyed, and the contract between the MDHAC and the purchasers.

Assistant County Attorney Terrence Smith advised the Committee the following amendment should be made to change the language contained within Section 2 of the foregoing proposed resolution to read as follows: "The Mayor or his designee is authorized to execute this Transitional Agreement on behalf of Miami-Dade County subject to the completion of negotiations and final approval, and

the proper execution by the Miami-Dade Housing Agency Development Corporation (MDHADC) of the agreement pursuant to R-130-06."

Hearing no objection, the Committee forwarded Agenda Item 4B, Legislative File No. 080801, to the County Commission with a favorable recommendation, as amended.

Ms. Curry clarified for the Committee members under the section entitled, "MDHADC Structure" of the March 12, 2008, County Manager's memorandum entitled, "Recommended Execution of Transitional Agreement between Miami-Dade County and MDHA Development Corporation" the language regarding the legal obligations of the Contribution Agreement between the County and Ward Towers needed to be removed; and to clarify the individuals appointed to the MDHADC Board of Directors must be acceptable to the County.

Commissioner Moss acknowledged and recognized Moderator Alphonso Jackson, Seaboard Missionary Baptist Association, who was present at today's (3/12) Committee meeting.

In connection with Agenda Item 3A, Assistant County Attorney Johnson-Stacks advised the Committee of the following amendment to the proposed resolution as follows: to modify the attached deed to provide that the sales price per infill housing unit must not exceed \$125,000 and that each infill lot must be assessed by Habitat for Humanity of Greater Miami, Inc., to determine whether duplexes, triplexes or quadplexes should be built on these lots, subject to approval by the County Mayor and the County Manager.

Hearing no objection, the Committee forwarded the Agenda Item 3A Amended, Legislative File No. 080799, to the County Commission with a favorable recommendation, as amended.

In response to Ms. Curry's request for a waiver, Chairwoman Edmonson requested staff to prepare the appropriate memorandum to the Board County Commissioners (BCC) Chairman Bruno a. Barreiro requesting that the Board's Rules and Procedures be waived to hear the foregoing proposed resolution at the March 18, 2008, Board meeting.

RESOLUTION APPROVING THE MODEL PROCESS FOR THE SOLICITATION AND ALLOCATION OF FUNDING FOR COMMUNITY-BASED HUMAN SERVICES ORGANIZATIONS COMMENCING IN FY 2008-09 [SEE ORIGINAL ITEM UNDER FILE NO. 080670] (County Manager)

Report: *Assistant County Attorney Cynthia Johnson-Stacks read the foregoing proposed resolution into the record.*

Commissioner Jordan raised a concern with the creation of another organization to obtain community feedback and the responsibility of who would handle staffing for this entity. She noted the Department of Human Services (DHS) monitored contracts with Community-based organizations (CBOs). In addition, she stressed the difficulty for a County department to perform additional responsibilities without the proper resources. She suggested the County Manager identify a separate funding mechanism to support the recommended Model Process in this proposed resolution and that would not negatively impact DHS and the Community Action Agency.

Ms. Irene Taylor-Wooten, Special Assistant to the County Manager for Social Services, noted efforts to develop an entity that would cover the entire process and to fully fund the process. She stated staff would submit a recommendation that would include how to fund this entity.

Commissioner Moss expressed concern with social services funding in disadvantaged communities in Miami-Dade County. He stressed the County needed to address grass root organizations who served in this community.

Responding to Commissioner Sorenson's inquiry regarding how this process addressed the greatest need in the hardest to serve communities, Mr. David Raymond, Executive Director, Office of the Homeless Trust, reviewed the tasks on handwritten page 14, under Development of Competitive Application and Review Process.

Commissioner Sorenson concurred with Commissioner Moss regarding the use of these funds in the most critical areas in this community. She stressed the need to place priority on

educating youth in this community on sexually transmitted diseases.

Chairwoman Edmonson noted she had discussed her concerns with Ms. Taylor-Wooten and noted her concerns were in the following areas: (1) the reimbursement process, and (2) the evaluation/monitoring process. In addition, she noted her two concerns were addressed in the requested amendments to this process.

Responding to Chairwoman Edmonson's comments, Ms. Taylor-Wooten advised the Committee members an amendment would add "IV. Reimbursement Process" on Attachment 1 under the components of the process for the Model Process for Solicitation, Evaluation and Monitoring of Grant Proposals for Human Services.

Chairwoman Edmonson recommended People United Leading the Struggle for Equality (PULSE) be added as a member of the Alliance for Human Services (AHS). She indicated if Committee members did not support PULSE, she would be open for other recommendations.

Responding to Commissioner Sorenson's comments regarding the Human Services Coalition serving as a member of AHS, Ms. Taylor-Wooten noted the Committee could amend the list of organizations for Advisory Board membership. She also noted the Advisory Board membership should be amended to 21 members, which included an appointee by the County Mayor.

Mr. Raymond informed Committee members that the Human Services Coalition received funding through this Model Process for Solicitation, Evaluation and Monitoring of Grant Proposals for Human Services process; therefore, they could not serve as an AHS member.

A discussion ensued among the Committee members regarding the appointment of PULSE as a member of the Advisory Board by the Board that would provide oversight for the Model Process for Solicitation and Allocation of Funding for CBOs.

Following this discussion, the Committee agreed to add the National Association for the Advancement of Colored People (NAACP) as a member of the Alliance for Human Services.

Responding to Commissioner Jordan's inquiry

regarding the Greater Miami Religious Leaders Coalition, Mr. Raymond informed the Committee members this coalition was comprised of religious leaders throughout Miami-Dade County.

A discussion ensued between Commissioner Jordan and Ms. Taylor-Wooten regarding the composition of the Process Planning Team (PPT) who comprised of representatives from the Office of Strategic Business Management, the Department of Human Services, Office of Community and Economic Development, Mr. David Raymond, Executive Director, Miami-Dade County Homeless Trust and Ms. Deborah Margol, Deputy Director, Department of Cultural Affairs; the responsibility of PPT reporting to the Advisory Board; the development of the overall process for Solicitation, Evaluation and Monitoring of Grant Proposals for Human Services process ; and the recommendation for for the full-time permanent staffing.

Commissioner Sorenson supported Commissioner Moss' comments regarding the need to empower CBOs to continue to provide social services in this community.

Ms. Ladee Hines, a concerned citizen, appeared before the Committee, to urge the County to continue to provide funding support to CBOs.

Chairwoman Edmonson asked Ms. Hines to meet with each Committee member to discuss her concerns.

Mr. Nathaniel Wilcox, Executive Director, PULSE, appeared before the Committee, in response to Commissioner Sorenson's objection to PULSE serving as a member of the AHS, and informed Committee members PULSE did not discriminate.

Ms. Stephanie McIntosh, a South Dade public housing resident, appeared before the Committee, and spoke in connection to the public housing in Commission District 9 and the CBOs that provided social services to District 9 residents. She questioned the monitoring and accountability of CBOs to ensure they were providing services to the residents. She informed the Committee members of her experience as a public housing resident.

Chairwoman Edmonson suggested Ms. McIntosh meet with Mr. Donald LaVoy, the Oversight

Administrator for Miami-Dade Housing Agency (MDHA), United States Department of Housing and Urban Development (US HUD) to discuss and to address her concerns.

Responding to the comments made by Ms. McIntosh, Commissioner Moss stressed residents needed to be truthful with their issues and concerns before this Committee.

Ms. Winifred Campbell, 11497 SW 213 Street, President, Goulds Plaza Senior Citizens Disable Complex, appeared before the Committee, and asked the Committee to consider restructuring the public housing program to follow through on its mission. In addition, she noted the County needed to assist senior citizens in this community and to have the programs come to the people.

Ms. Diane Strozier Bryant (phonetic), 11302 SW 190 Street, President Overall Tenants Advisory Council, appeared before the Committee, to inform the Committee of the lack of funding for youth programs.

Commissioner Moss noted he was a strong advocate for Summer Youth Employment and that he would continue to address this issue.

Commissioner Jordan noted a number of complaints had been raised regarding US HUD and public housing in Miami-Dade County. She noted a library of all of the complaints/issues regarding the County's public housing programs since the US HUD take-over needed to be compiled. She asked Ms. Cynthia Curry, Senior Advisor to the County Manager, to inform the US HUD Secretary and Mr. LaVoy, MDHA-US HUD Oversight Administrator of the complaints/issues raised since the US HUD takeover. She noted she received a number of telephone calls regarding the escalation of evictions and the impact of not having due process for the evictions by the residents.

Responding to the comments made by Commissioner Moss regarding the Summer Youth Employment Program, Commissioner Jordan noted she worked with the South Florida Workforce Investment Board to have summer jobs, and as a result, \$4 million would be used for approximately 1,800 youth jobs this summer. She asked that the recruitment sites for the Summer Youth Employment Program be clearly identified in order to be representative of the entire

community.

Responding to Commissioner Jordan's comments regarding US HUD and the Summer Youth Employment Program, Commissioner Moss concurred with forwarding the complaints regarding the public housing programs to the US HUD Secretary. In addition, he noted the South Florida Workforce's initial recommendation for summer youth employment program was that the program had to provide funding for all of the costs upfront and then be reimbursed at the end of the program.

Hearing no objection, the Committee forwarded this proposed resolution as amended to add the National Association for the Advancement of Colored People (NAACP) as a member of the Alliance for Human Services, and to add a new category entitled "Reimbursement Process" on Attachment 1 under the components of the process for the Model Process for Solicitation, Evaluation and Monitoring of Grant Proposals for Human Services.

Chairwoman Edmonson asked the Office of Community and Economic Development Department Director to review the status of the Saint Agnes property land lease to determine if it was awarded to St. Agnes Community Development Corporation.

The following persons appeared before the Committee in connection with this proposed resolution:

Ms. Laday Lightbourne, a concerned citizen, spoke in connection to the Poinciana Industrial Center and noted the community desired to have this area developed for future businesses and create jobs for the community.

Mr. Steven Carroll, a concerned citizen, noted his concerns were as follows: (1) the current usage of the subject property by a fire department for training purposes, (2) the use of the current structure located on the subject property by homeless persons, and (3) the creation of a hazard

situation on this site. He informed the Committee manufacturing company was interested in using the subject site as a plant for developing affordable housing and rental units.

Ms. Lila Hines, a concerned citizen, informed the Committee she would provide each Committee member a pamphlet on the issues brought forth by the community.

Mr. Roy Hardemon, on behalf of the Model City Community Advisory Committee (CAC), informed the Committee the Poinciana Industrial Center needed to be developed. The Model City CAC should provide community participation on this project. He noted the Model City CAC had not considered the project outlined in this resolution.

Responding to Chairwoman Edmonson's inquiry regarding the County administering the CACs, Ms. Cynthia Curry, Senior Advisor to the County Manager, advised the Committee the Office of Community and Economic Development (OCED) CACs were part of the Community Development Block Grant (CDBG) Program process.

Assistant County Attorney Shannon Summerset concurred with Ms. Curry that CACs were, in general, part of the CDBG Program process and to the extent that any CDBG Program funds were placed into the Poinciana Industrial Center project those funds would go through the CAC process.

Ms. Curry explained the intent of this proposed resolution.

Chairwoman Edmonson asked Mr. Hardemon to meet with her to discuss the subject property outlined in this proposed resolution upon the completion of the return of the property to the County.

Commissioner Sorenson noted the need for a legitimate person or an entity with resources to develop the subject property. She asked if a parallel track could be done to move forward with the development of this property during the process to return this property to the County.

A discussion ensued among the Committee members, Assistant County Attorney Johnson-Stacks, and Ms. Curry regarding outstanding issues with the lease, the desire to have a concurrent process for developing the Poinciana

Industrial Center site, and the need to move cautiously on this discussion regarding the Poinciana Industrial Center until the property was in the County's possession.

Mr. Jose Cintron, Director, Office of Community and Economic Development, informed the Committee if the use of the subject property were outlined in the deed the use may be changed by the Committee, and subsequently, approved by the County Commission. He reminded the Committee the County must comply with the US HUD requirements for job creation for usage of CDBG Program funds on this site.

Hearing no objection, the Committee proceeded to vote on this proposed resolution as presented.

Chairwoman Edmonson requested staff to prepare the appropriate memorandum to the Board of County Commissioners (BCC) Chairman Bruno A. Barreiro requesting a waiver of the Board's Rules and Procedures to hear the foregoing proposed resolution at the March 18, 2008, Board meeting.
