EDHS
Agenda Item No. 3(C)

To: Honorable Chairman Bruno A. Barreiro and
Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: Affiliation Agreements with Local and National Institutions of Higher Learning
and the Department of Human Services for Student Internship Placements

RECOMMENDATION

It is recommended that the Board of County Commissioners (BCC) approve the attached Resolution authorizing the County Mayor or his designee to enter into an Affiliation Agreement, in substantially the same form as Attachment A, with local and national institutions of higher learning that request internships for students seeking a bachelor's, master's or doctoral level degree in social work, mental health, psychology, counseling or related fields with Miami-Dade County Department of Human Services (DHS). The Resolution would also authorize the County Mayor or his designee to enter into any other agreements required by the local and national higher educational institutions in order to place their students in these internships.

SCOPE

DHS has a wide range of programs that afford students opportunities for in-depth training and practical experience within the realm of social services. In turn, the students provide DHS with additional staffing, which is cost-effective for DHS. Additionally, DHS has established a selection criteria and process to screen student applicants according to their area of interest in order to ensure proper placement and supervision within DHS. Students are assigned to a specific staff member who assumes full responsibility for supervision, training and any paperwork requirements of the educational institution. Students who are seeking clinical experience are assigned to licensed staff certified to provide clinical supervision. Placements generally last three (3) months to a year depending upon the type of degree being sought and the requirements of the educational institution. Student schedules are developed in accordance with program hours of operation and in consideration of the respective student's class schedule if applicable. The majority of the placements are at no cost to the Department. The exceptions are the doctoral students accepted into DHS' Psychological Services Division, which is accredited by the American Psychological Association (APA) as a doctoral internship site. These students receive a stipend of \$16,000 for a one year internship.

FISCAL IMPACT/FUNDING SOURCE

The fiscal impact is \$80,000 per year which is included in the Department's general fund budget for FY 2007-08. The budgeted amount permits DHS to accept a maximum of five (5) doctoral students at a cost of \$16,000 per student, on an annual basis.

TRACK RECORD/MONITOR

DHS' Psychological Services Division is certified by the APA as a practicum site for its doctoral candidates and follows the training standards set forth by APA. The Division was re-accredited in June 2007 for another three (3) years. DHS as a Department is accredited through the Council on Accreditation. Contract compliance for internships for students seeking a bachelor's or master's degree is monitored by the assigned supervisor. The doctoral interns are overseen by the Division Director for DHS Psychological Services.

BACKGROUND

DHS offers a wide range of social services through experienced staff, which provides a rich learning environment for students seeking practical experience and in-depth training in a particular area of social services. Placements generally last from three (3) months to a year depending upon the type of degree being sought and the requirements of the educational institution. Students are closely supervised by staff. While students are not viewed as agents of the County, they are trained in County policy and procedures and held to the same standards, particularly as it relates to client confidentiality, HIPAA, etc. DHS has participated in hosting student interns in previous years and would like to formalize any affiliation agreements between the Department and institutions of higher learning with this Resolution.

UNIVERSITY may withdraw any Student based upon a perceived lack of competence, a student's failure to follow either party's rules and regulations or policies, or for any reason where UNIVERSITY reasonably believes it is not in the best interest of either party for the STUDENT to continue in the Program.
- c) The dates, time and other arrangements for the work experience of the STUDENTS shall be planned jointly by the faculty of the UNIVERSITY and a representative of the COUNTY. The schedule agreed upon shall be submitted to the COUNTY at least sixty (60) days prior to the beginning of such schedule.
