CHANGES TO TODAY'S COMMITTEE AGENDA

Commissioner Sosa invoked the three day rule on Agenda Item 2H.

In response to Vice-Chairman Gimenez's inquiry regarding when Agenda Item 2H would be considered by the County Commission, Assistant County Attorney Jess McCarty advised this Committee would need to vote to forward Agenda Item 2H to the County Commission before the Commission could consider it, notwithstanding two other Commission Committees having already voted to forward it.

Commissioner Sosa asked Special Assistant to the County Manager Jennifer Glazer-Moon to ensure the Beacon Council Chair was present when the Committee considered Agenda Item 2H, Legislative File No. 081432, on June 10, 2008.

Assistant County Attorney McCarty indicated that in addition to the County Manager's memorandum entitled, "Requested Changes to the Budget and Finance Committee Agenda," the following change was requested: that Agenda Item 4H be withdrawn.

It was moved by Commissioner Sorenson that the requests for changes to the day's agenda be approved. This motion was seconded by Commissioner Sosa, and upon being put to a vote, passed 4-0 (Commissioner Diaz and Chairman Martinez were absent).

Report: *Assistant County Attorney Jess McCarty read the foregoing proposed ordinance into the record.*

The public hearing was opened. It was closed after no one appeared in response to Vice-Chairman Gimenez's call for persons wishing to be heard.

Commissioner Sorenson suggested this proposed ordinance amending Rule 5.05(C) of Section 2-1 of the Code of Miami-Dade County be amended to include a one (1) year Sunset Provision.

Commissioner Sosa asked the Procurement Management Department Director to provide her with a report before the June 3, 2008, County Commission Meeting, regarding any delays this proposed ordinance would have on Procurement Items.

Hearing no other questions or comments, the Committee proceeded to vote on this proposed ordinance amending Rule 5.05(C) of Section 2-1 of the Code of Miami-Dade County, as amended, to include a one (1) year Sunset provision.

RESOLUTION DIRECTING THE MAYOR OR HIS
DESIGNEE TO EXPLORE USE OF ETHANOL IN
COUNTY GAS STATIONS AND PUBLIC/PRIVATE
PARTNERSHIPS FOR UTILIZATION OF ETHANOL

*Forwarded to BCC with a favorable
recommendation*

Mover: Sosa

Seconder: Sorenson

Vote: 4-0

Absent: Martinez, Diaz

Report: *Assistant County Attorney Jess McCarty read the
foregoing proposed resolution into the record.*

*Commissioner Sorenson requested the County
Administration provide a status report of the fleet
inventory and the conversion to E85 fuel at County
service stations pursuant to Resolution No. R-327-
07.*

*Ms. Wendi Norris, Director, General Services
Administration (GSA), noted the County would not
need to make any infrastructure changes to use
E10 fuel. She pointed out E10 currently cost four
cents more than regular unleaded fuel, and
explained the County would need separate
underground tanks for E85 fuel, which was
currently 50 cents more than regular unleaded.
Ms. Norris recommended one pump at the Miami-
Dade Police Department headquarters be
converted to E85 fuel. She noted only flex vehicles
could use E85 fuel; however, the majority of the
County vehicle fleet could use E10 fuel. She
pointed out the County had 940 vehicles that could
use E85.*

*In response to Commissioner Sorenson's question
concerning whether the County had already
upgraded the fueling equipment at two stations to
accommodate E85 fuel, Ms. Norris noted the two
stations were capable of converting, but the
County Administration had not ordered E85 fuel
for them.*

*Commissioner Souto noted food was being used as
biofuels, which had resulted in a greater increase
in food costs. He cautioned against the County
moving hastily to implement the use of ethanol fuel
sources. He asked the General Services
Administration Director to include in the
requested report information on whether the
ethanol source being used could be consumed by
humans or animals. He explained he was more
concerned with humans being fed than the use of*

ethanol fuel sources. Commissioner Souto noted alternative methods of transportation existed, while alternative food sources did not exist.

Commissioner Sosa pointed out the intent of this proposed resolution was to find alternative, environmentally friendly fuel sources. She suggested this proposed resolution be amended to delete Sections 1 and 2 of this proposed resolution and to add language to Section 3 that directed the County Mayor or his designee to explore the possibilities of the use of ethanol by the County fleet and present recommendations to the County Commission, as well as to provide additional time to provide a report to the County Commission. Commissioner Sosa noted her proposed amendments would provide time for the controversy over ethanol and food to end.

Following further discussion regarding the 30 day deadline in Section 3 of this proposed resolution, Ms. Norris noted she could provide the report within the deadline.

Vice-Chairman Gimenez expressed concern regarding the County's use and acquisition of ethanol, and the impact of ethanol on food prices. He noted electricity was the best option for powering vehicles. He suggested the County put the infrastructure in place to allow buses run on electricity. Vice-Chairman Gimenez pointed out electrically operated vehicles did not emit harmful gases. He suggested some tracts of land in South Miami-Dade County that were no longer economically viable with the crops previously grown on them could become economically viable by growing a crop that produced ethanol.

Hearing no other questions or comments, the Committee proceeded to vote on this proposed resolution, as presented.

Report: *Assistant County Attorney Jess McCarty read the foregoing proposed ordinance into the record.*

The public hearing was opened. It was closed after no one appeared in response to Vice-Chairman Gimenez's call for persons wishing to be heard.

Commissioner Sorenson questioned whether the County could use the Consumer Price Index or provide the Small Business Development Department Director authority to revise the average annual gross revenue limits for the Community Business Enterprise Program for Architectural, Landscape Architectural, Engineering, and Surveying and Mapping Professional Services (CBE-A/E), thus providing a mechanism so the County Commission would not have to continually revisit this issue.

In response to Commissioner Sorenson's question, Ms. Penelope Townsley, Director, Small Business Development Department, noted the County Administration would like the ability to assess the affects of inflation every five years and revise the average annual gross revenue limits for the CBE-A/E.

Hearing no other questions or comments, the Committee proceeded to vote on this proposed

ordinance, as amended to authorize the Small Business Department Director to assess and to revise the average annual gross revenue limits for the Community Business Enterprise Program for Architectural, Landscape Architectural, Engineering, and Surveying and Mapping Professional Services (CBE-A/E) every five years, based on the index to inflation as defined by the Consumer Price Index.

081420 Resolution

RESOLUTION ADOPTING NEW PROCEDURE
ESTABLISHING A MORE EQUITABLE DISTRIBUTION
OF COUNTY SURPLUS TANGIBLE PROPERTY TO
ELIGIBLE COMMUNITY BASED ORGANIZATIONS
(General Services Administration Department)

*Forwarded to BCC without a
recommendation*

Mover: Sosa

Seconder: Sorenson

Vote: 4-0

Absent: Martinez, Diaz

Report: *Assistant County Attorney Jess McCarty read the
foregoing proposed resolution into the record.*

*Commissioner Sosa spoke in opposition to the
current first come first serve method for
distributing tangible surplus County property. She
expressed concern regarding the lottery in the
proposed process outlined on handwritten page
two of this proposed resolution. She spoke in
support of the proposal to eliminate the waiting
list and distributing property to the Commission
Districts that had not received tangible property
until the distribution was balanced. She noted
tangible surplus County property should be
distributed equally.*

*Ms. Wendi Norris, Director, General Services
Administration (GSA), explained the intent of a
lottery was to randomly establish the order of
distribution. She noted she was open to any
suggestions. She clarified a new lottery would be
done to establish a new order after all 13
Commission Districts received a van.*

*Vice-Chairman Gimenez expressed concern
regarding the complexity of this proposed process
for distributing tangible surplus County property.
He pointed out it appeared some Commission
Districts had a greater need.*

*Responding to Vice-Chairman Gimenez's question
whether GSA ever denied a request for a van, Ms.
Norris explained when vans were not available at
the time of request the request was placed on a
waiting list, and GSA filled the request when a van
became available.*

*Commissioner Sosa suggested the County consider
the Commission Districts that had not received
any vans as a priority, and to consider the
Commission Districts that received vans that did
not work as a priority.*

Vice-Chairman Gimenez noted the Districts that

received and/or requested the lowest number of vans should move to the top of the waiting list until the County achieved an equal distribution of tangible property.

Ms. Norris pointed out some of the pending requests for vans were place holders on the list for entities yet to be determined by commissioners.

Commissioner Sosa spoke in opposition to place holders. She noted all requests should include the name of the institution that would receive the tangible property, the functions of that institution, and the part of the community the institution served. She suggested an institution should not receive more than one piece of tangible County property.

Vice-Chairman Gimenez also spoke in opposition to place holders and to a Community Based Organization receiving multiple pieces of tangible property.

Commissioner Sorenson spoke in opposition to placeholders. She suggested the County draw straws to establish an order and follow that order; if a Commission District did not have a request when property became available then the next District in line would receive the vehicle.

Commissioner Sosa noted commissioners should update their requests and provide the proper documentation, and then start with those Districts that had received the least tangible County property. She noted equitable distribution of surplus County property should apply to all types of surplus property.

In response to Commissioner Souto's inquiry regarding the due diligence GSA conducted on surplus property requests, Ms. Norris explained GSA worked with the County Attorney to determine the institution that would receive the surplus property was a 501(c)3 non-profit organization. She noted GSA did not evaluate the institution's need for the surplus County property.

Discussion ensued between Commissioner Souto and Ms. Norris regarding his position that a mechanism should be in place that provided for GSA or another County entity to investigate the legitimacy of requests for surplus County property.

Ms. Norris explained the County would auction the surplus vehicles if no Commissioner had

requested them.

*Hearing no other questions or comments, the
Committee proceeded to vote.*

Report: *Assistant County Attorney Jess McCarty read the foregoing proposed resolution into the record.*

It was moved by Commissioner Sosa that this proposed resolution be forwarded to the County Commission with a favorable recommendation. This motion was seconded by Commissioner Sorenson, for discussion.

Commissioner Sosa expressed concern regarding the amount of this proposed contract for pest management services, and regarding three vendors from Broward County being recommended for award, while two vendors from Miami-Dade County were not being recommended for award.

In response to Commissioner Sosa's inquiry related to the impact of applying local preference on the recommended vendors for the award, Ms. Miriam Singer, Director, Procurement Management Department, noted local preference would begin with the individual work order proposal competitions. She clarified the amount of this proposed resolution was the result of three contracts being consolidated into one contract.

Hearing no other questions or comments, the Committee proceeded to vote.

Report: *Commissioner Souto asked Special Assistant to the County Manager Jennifer Glazer-Moon to explore the possibility of using solar panels to provide energy to the Stephen P. Clark Center (SPCC) and to provide him with a report of her findings.*

Commissioner Sosa asked Special Assistant to the County Manager Jennifer Glazer-Moon to explore the possibilities of adding signage to the SPCC at no cost to the County to clearly identify the building and increase employee morale, and also to explore the feasibility of using solar panels as signs.

Special Assistant to the County Manager Jennifer Glazer-Moon noted the County Administration had previously prepared information regarding signage and special lighting for the SPCC. She noted she would update that information and provide it to the commissioners.

Commissioner Sosa emphasized her intent was to provide signage at no cost and identify the SPCC to the public.

Commissioner Souto explained the SPCC surroundings were beautiful and could be improved to host events for the Councilor Core and Ambassadors.
