To: Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

Agenda Item No. 8(A)(1)(G)

From: George M. Burgess
County Manager

Subject: Ratification of Acceptance and Execution of Agreement with the Federal Aviation Administration (FAA) for Grant amounting to \$4,000,000.
AIP No. 3-12-0049-056-2008

RECOMMENDATION

It is recommended that the Board adopt the attached resolution ratifying the acceptance and execution, pursuant to provisions of the Aviation Department's Expedite Ordinance No. 95-64 codified as Section 2-285(6) of the Miami-Dade County Code, of the most recent grant offer and associated grant agreement from the Federal Aviation Administration (FAA) in regard to AIP Number 3-12-0049-056-2008 in the amount of \$4,000,000, relating to the new Northside Runway Project at Miami International Airport (MIA). This grant offer and agreement represents the ninth installment from the FAA of the anticipated eleven grant installments for the funding of the costs of the already-constructed runway pursuant to the FAA's previously approved Letter of Intent (LOI) with Miami-Dade County.

SCOPE

This project associated with this Airport Improvement Program (AIP) is located within District Six of Commissioner Rebeca Sosa. However, the impact of this project is Countywide in nature as Miami International Airport is a regional asset.

FISCAL IMPACT

This Airport Improvement Program (AIP) Grant represents an additional \$4,000,000 in FAA funding for the subject project.

PROJECT MONITOR

The grant monitor is Norma Mata, Acting Chief of Grants, Planning Division, Miami-Dade Aviation Department (MDAD).

BACKGROUND

On April 3, 2000, MDAD submitted its application for federal assistance for the construction of the new Northside Runway at MIA. Thereafter, the FAA issued an LOI under which the FAA indicated its intent to provide grants to the County in a maximum amount of \$101,040,000 towards the cost of the runway project. Under the LOI, the FAA provides grant funds periodically through grant offers that are reflected in individual grant agreements.

The grant funds that are actually made available are from two sources of funds: Discretionary Funds which, as the name suggests, are discretionary with the FAA; and Entitlement Funds, which MIA is entitled to as a matter of law.

On July 15, 2000, the Board, by Resolution No. R-783-00, authorized the acceptance of \$12 million as a first installment of the FAA's total commitment of \$101,040,000 under the LOI to help offset the cost of the construction of the new runway. On March 11, 2004, the LOI was amended to reflect an additional \$3 Million towards the project, bringing the total potential FAA participation in the runway project to \$104,040,000.

The following is the schedule of LOI Grant payments paid to date and to be paid in the future as they relate to the runway project:
