Memorandum

MIAMI-DADE COUNTY

Date: September 16, 2008

Agenda Item No. 8(P)(1)(B)

To: Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: Contract Award Recommendation in the Amount of $795,542.00 Between Under Power Corp. and Miami-Dade County for the People's Transportation Plan (PTP) Project Entitled Street Lighting Installation Contract Countywide **(Project – CICC 7360-0/08 RPQ No. 20070601)**

Recommendation

The attached Contract Award Recommendation for the Street Lighting Installation Contract Countywide (Project – CICC 7360-0/08 RPQ No. 20070601), in the amount of $795,542.00, between Under Power Corp. and Miami-Dade County has been prepared by the Public Works Department (PWD) and is recommended for approval. Proceeds from the Charter County Transit System Sales Surtax (the Surtax) will be used to fund this project, therefore, approval by the Board of County Commissioners (BCC) and Citizens' Independent Transportation Trust (CITT) is required.

Scope

The work to be performed under the life of this contract includes Street Lighting Installation at various locations within Miami-Dade County.

Fiscal Impact/Funding Source

The fiscal impact will be approximately $795,542.00 and will be funded from the Surtax. The proposed improvements qualify under the allowable work categories included in the PTP Neighborhood Improvements Section. Specific funding for this project will be allocated from the respective Commission District PTP yearly allocations. The base contract amount is $710,947.27, but the total allocated amount is $795,542.00, which is inclusive of the contingency and dedicated allowances.

Delegation of Authority

No additional authority is being requested within the body of this contract.

Track Record/Monitor

The Office of Capital Improvement (OCI) database lists 36 awarded construction contracts all from PWD. The referenced database also lists a total of 42 contractor performance evaluations, (several contracts having two (2) evaluations on file, an interim and a project closeout) with an overall performance rating of satisfactory (3.2) out of a possible superior performance (4) rating. Evaluations for the remaining projects have not been submitted at this time since the projects have not yet been completed. In addition, the Department of Small Business Development's (SBD) History of Violation's report lists no violations for this contractor.

Following PWD's standard operating procedures, after award of this contract, a pre-construction meeting will be scheduled. Throughout all PTP projects, the responsible staff person in PWD will be the PTP Coordinator, Mr. Frank Aira, P.E. Following completion of the award process, the project will be assigned to Mr. Garfield Perry, Project Manager, for day to day responsibilities.

According to the Florida Department of State, Division of Corporations, Under Power Corp., Company Principals are: Rafael Nin and Alexander Tirse and the Company's address is listed as: 7900 NW 60 Street, Miami, Florida 33166.

Background

In an effort to accelerate the continued success of the PTP Neighborhood Improvements initiative, PWD is taking advantage of various contracting mechanisms, such as the subject Miscellaneous Construction Contracting (MCC) process available under OCI contract CICC 7360-0/08. Through this process, PWD forwards the Request for Price Quotation (RPQ), by way of facsimile transmission and US-mail, to a pool of firms that have registered with OCI for the subject trade. Additionally, PWD advertises the project in the Daily Business Review and all solicitations are available on-line through the Miami-Dade County portal under the "Procurement Solicitations" link. Interested contractors prepare their bids according to the Job Order Contracting (JOC) process, whereby the County establishes unit prices for the pay items in accordance with industry averages. The contractors submit their bid as an overall percentage factor of the pricing established by the County. The project award evaluation is based upon the lowest percentage submitted by the responsive, responsible bidder for the project.

PWD staff submitted the referenced project to the SBD Review Committee. The Review Committee met on April 2, 2008, reviewed RPQ 20070601 and recommended no contract measures for this project. Therefore, on May 8, 2008, PWD issued an RPQ for a Street Lighting Installation Contract Countywide and forwarded it to a list of 44 pre-registered firms from the OCI database as noted above. Seven (7) firms purchased contract documents and five (5) firms proffered a bid. Under Power Corp. the lowest responsive, responsible bidder proffered a bid of 0.68 percentage factor, 32% below the County's cost estimate. The second lowest bidder, Gancedo Technologies, proffered a bid of 0.87 percentage factor, 19% over the lowest bidder. The third lowest bidder, R & D Electric, Inc., proffered a bid of 0.89 percentage factor, 2% over the second lowest bidder. In reviewing bids from this project and others, Contractors continue to provide competitive prices in order to secure work with the County. For this reason, the bidders participating on this contract provided lower prices as compared to the engineer's estimate. As a result, on June 19, 2008, PWD issued a recommendation of award for RPQ 20070601 with a percentage factor of 0.68 to Under Power Corp., with the stipulation that approval of this project must be obtained from the BCC and the CITT due to guidelines associated with the funding source.

The work to be accomplished for this project consists of, but is not limited to, furnishing all supervision, labor, required materials, equipment and tools to perform all operations necessary for the installation of the new street lighting system. The work shall consists of the installation of light poles, conductors, conduits, pull boxes, load center and the removal of any existing lighting system in conflict with the proposed scope of work and all ancillary work necessary to complete the project.

Re: **Recommendation for Award**
Request for Price Quotation (RPQ)
No.: 20070601 - CICC 7360-0/08
People's Transportation Plan (PTP)
Street Lighting Installation Contract Countywide

Dear Mr. Tirse:

This letter will serve as your notification that you have been recommended for award for the above referenced RPQ based on your Price Quotation submitted on Wednesday, June 11, 2008. The total RPQ amount is seven hundred ninety-five thousand five hundred forty-two dollars and zero cents ($795,542.00). This includes a base contract amount of seven hundred ten thousand nine hundred forty-seven dollars and twenty-seven cents ($710,947.27), a contingency amount of seventy-one thousand ninety-four dollars and seventy-three cents ($71,094.73), and dedicated allowances totaling thirteen thousand five hundred dollars and zero cents ($13,500.00). The contract duration is established as **365-calendar days**. However, the award is contingent upon the submission of the required items listed below:

1. Performance and Payment Bond as required in Contract No. CICC 7360-0/08, Section 2.0 Special Conditions, Page 16, Article 2.11, **PERFORMANCE AND PAYMENT BOND**. (The **original attached documents** must be used).
2. Letter from Bonding Agent granting Miami-Dade County authorization to date the Performance Bond.
3. Copies of current insurance certificates.
4. Copies of required license(s).

The preceding documents are required as outlined within Contract CICC-7360-0/08 and to be submitted within 10 business days. Failure to submit the document(s) within the specified time, or any extension granted, will result in the award being rescinded.

Subsequent to the review and approval of the aforementioned documents, you are required to obtain the required permits in the time stipulated in the RPQ. Upon obtaining the permit(s), a copy(s) must be submitted to the Project Manager prior to commencement of work. No work is to be performed without a permit unless the Project Manager issues a written directive to proceed without permit(s).

After receipt of the permits the Project Manager will schedule a Pre-Construction Conference and issue a Notice to Proceed authorizing the performance of the work. This letter will also serve as a reminder that all work must be performed according to the scope of work and contract's terms and conditions, all permits and inspections and in accordance with all applicable Federal, State and local laws, codes and regulations.

Further, it shall be understood that since proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to pay for all or some part of the cost of this contract, no award of this contract shall be effective and thereby give rise to a contractual relationship with the County unless and until the following have occurred: 1) the County Commission awards the contract, and such award becomes final (either by expiration of 10 days after such award without veto by the Mayor, or by Commission override of a veto); and 2) either i) the Citizens' Independent Transportation Trust (CITT) has approved same, or ii) in response to the CITT's disapproval, the County Commission re-affirms its award by two-thirds (2/3) vote of the Commission's membership and such reaffirmation becomes final.

Please contact Ms. Lillian Garcia, OCI office, at (305) 375-3515 to insure that your file is complete for award consideration.

Should you have any questions please contact me at (305) 375-2930.
