Memorandum

To: Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

Agenda Item No. 9(A)(5)

From: George M. Burgess
County Manager

Subject: Cooperative Agreement Accepting Urban Search and Rescue Federal Grant Funds

Recommendation

It is recommended that the Board approve the attached resolution ratifying the County Mayor or County Mayor's designee action in applying for the Federal Emergency Management Agency (FEMA) Urban Search & Rescue (US&R) Cooperative Agreement for \$1,054,179.00 to support the US&R Program at the Miami-Dade Fire Rescue Department (MDFR). The resolution additionally authorizes the County Mayor or County Mayor's designee to receive, expend and execute contracts, agreements and necessary amendments to the Cooperative Agreement. The grant period covers from May 1, 2008 through August 31, 2009. This grant does not require matching local funds.

Scope

Since 1992, MDFR has had an active Memo of Agreement (MOA) to provide domestic Urban Search & Rescue services for FEMA. This MOA is tied directly to federal funds that are appropriated for FEMA to sustain the day to day operations of 28 national US&R task forces. Funds are awarded to US&R for activation readiness and task force training.

Fiscal Impact/Funding Sources

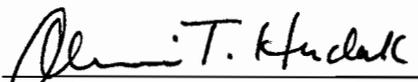

This Cooperative Agreement is completely funded by FEMA, requiring no matching dollars from the County. Costs associated with these services are reimbursed to MDFR from Cooperative Agreement Funds.

Track Record/Monitor

All fiscal management and contract compliance will be conducted by Miami-Dade Fire Rescue's Office of the Chief Financial Officer, Grants Management Bureau.

Background

FEMA extends Cooperative Agreements that overlap fiscal years; therefore two Cooperative Agreements can be active during one fiscal year. Because the award dates cannot be anticipated, resolutions for FEMA's Cooperative Agreements are created to cover multiple funding years. The 2006-2008 FEMA US&R Cooperative Agreement (Resolution R-1015-06) expires on September 30, 2008. This new Resolution covers the performance period of this award, and will cover the next award that will be received during this same fiscal year. The Cooperative Agreement funding will be used to provide salary and fringe benefits to the Program Administrative Support (one full-time Task Force Program Manager, one Readiness Coordinator, one Training Coordinator, one Logistic Coordinator, one Financial Administrator, and one Clerk 4) and FEMA approved training and training equipment (classroom materials and books). Training expenditures also include personnel costs (straight time, overtime and backfill as needed), equipment cache preparedness and appropriate storage and maintenance, including the storage site upgrade/costs for rental of a site to store the cache of equipment. This agreement was delayed because Miami-Dade Fire Rescue did not receive it until mid-June from the funding agency.

Dear Allie Grande:

Congratulations. Your grant application submitted to the Grant Programs Directorate (FEMA/DHS) for the FY2008 Urban Search and Rescue Response System Program has been approved. The approved project costs amount to \$1,054,179.00 and this grant is 100% Federal funding. The Catalogue of Federal Domestic Assistance (CFDA) number assigned to this grant is 97.025.

As part of your award package, you will find terms and conditions (Agreement Articles). Please make sure you read and understand the Articles as they outline the terms and conditions of your grant award. Maintain a copy of these documents for your official file. You establish acceptance of the Grant and the grant Agreement Articles by signing the award document FF 40-21, or when you request and receive any of the Federal funds awarded to you.

Four copies of the award document (FF40-21) are enclosed for your signature. Please sign and return three (3) copies of the award document to the address below, as soon as possible:

The Period of Performance is May 01, 2008 thru August 31, 2009, as stated in your Agreement Articles. This is the period of time your Task Force has to accomplish the scope of work, including completing services, ordering and receiving equipment/ supplies. There is a closeout period of 90 days after the period of performance to pay any final invoices and complete the closeout documents for the grant.

The Grantee shall follow prior approval requirements found in 44 CFR Part 13.30, for non-construction grants, regarding the transfer of funds between total direct cost categories and program categories in the approved budget. The Grantee shall receive the prior approval of FEMA when such cumulative transfers among those direct cost categories exceed ten percent of the total approved

budget. The Grantee shall obtain prior written approval for any budget revision that would result in the need for additional funds. Any changes to the budget and/or categories shall be stated in the Performance Reports and Closeout Documents.

No actual construction is allowed in this Cooperative Agreement, only minor modifications are allowed as approved in your grant award. Also as a reminder, the Single Audit requirements threshold is \$500,000 of Federal funds spent within your fiscal year which means that every Task Force will probably be subject to an audit.

As part of the on going monitoring process and to make certain our records and yours are inline, please provide a list of your Cooperative Agreements. The list should include any that are open, any that the period of performance has expired and you are preparing the closeout documents, and any that you have submitted the closeout documents but have not received the final closeout letter. Please include the Cooperative Agreement number, award amount, balance, and period of performance. Also note if you are in the process of preparing the closeout documents and when we can expect to receive them, or note if the closeout documents have been submitted and you are waiting on the final closeout letter from FEMA.
