Date: **November 4, 2008**

To: Honorable Chairman Bruno A. Barreiro  
and Members, Board of County Commissioners

**B & F**

Agenda Item No. \_\_\_\_\_

**3F**

From: George M. Burgess  
County Manager

Subject: Resolution Authorizing Award of Competitive Contracts

## Recommendation

It is recommended that the Board of County Commissioners approve the attached award of competitive contracts, with authority to exercise options-to-renew and contract modifications. **Contract amounts and department allocations represent the maximum spending authority based on past utilization. This action does not guarantee that the total contract amount/value will be expended by County departments and/or agencies.**

## Scope

The impact of the items in the accompanying Award of Competitive Contracts Package is countywide in nature.

## Fiscal Impact/Funding Source

The accompanying Award of Competitive Contracts Package states the allocation amount and funding source for each department utilizing a contract. **Funding will be expended only if departmental budgets can support the expenditures approved in their Resource Allocation Plan adopted annually by the Board.**

## Track Record/Monitor

There are past performance issues involving Hydraulic Technician, Inc. in Item 1.2, Portable Generators – Purchase, Parts, Repairs and Maintenance, Pre-qualification of Vendors are noted in the item. Each department's contract manager is reflected in the accompanying Award of Competitive Contracts Package.

## Delegated Authority

If this item is approved, the County Mayor or County Mayor's designee will have the authority to exercise in their discretion subsequent options-to-renew and extend contracts for purchase of goods and services in accordance with the terms and conditions of the contracts listed in the accompanying Award of Competitive Contracts Package.

## Background

### **Section 1 AWARD OF COMPETITIVE BIDS**

The contracts listed in this section, are being recommended for award to the lowest priced, responsive, responsible bidder who met the bid specifications in accordance with established policies and procedures.

**Item 1.1: Continuous Pinfeed Forms Printing Services, Pre-qualification of Vendors** is to award a contract to establish a pool of pre-qualified vendors for pinfeed forms printing services for various County departments. The amount being requested is **\$1,729,000**.

**Item 1.2: Portable Generators – Purchase, Parts, Repairs and Maintenance, Pre-qualification of Vendors** is to award a contract to establish a pool of pre-qualified vendors for generators, parts, repairs and maintenance for various County departments. The amount being requested is **\$13,580,926**.

**Item 1.3: Lease – Banking Facility** is to award a contract for the lease and operation of a banking facility at the Stephen P. Clark Government Center. **This is a revenue producing contract. The total estimated revenue will be \$693,550 for the initial 10-year term.**

## **Section 2 REJECTED BIDS**

A bid may be rejected when adverse conditions exist such as the proposal not conforming to the specifications and/or solicitation documents, insufficient financial resources, technical ability, physical capacity and/or skill of the vendor, unfair and unreasonable pricing, insufficient competition and for any other cause in the best interest of the County.

There are no items listed in this section.

## **Section 3 COMPETITIVE CONTRACT MODIFICATIONS**

A competitive contract modification is an award of a supplemental allocation for goods or services within the scope of the original contract award.

**Item 3.1: Passenger Loading Bridges, Pre-qualification of Vendors** is to modify this contract for additional spending authority to allow the Seaport Department to purchase four new passenger loading bridges for the Port of Miami. The additional amount being requested is **\$9,300,000**.

**Item 3.2: Hydraulic Parts, Supplies and Repairs, Pre-qualification of Vendors** is to modify this contract for additional spending authority to allow Miami-Dade Transit to repair existing pumps. The additional amount being requested is **\$141,000**.

**Item 3.3: Transit Operator Performance Audit Services** is to modify this contract for additional spending authority and time to allow Miami-Dade Transit to continue to obtain audit services for transit operator performance. The additional amount being requested is **\$50,000**.

**Item 3.4: Janitorial Services** is to modify this contract for additional spending authority to ensure continuity of janitorial services to Miami-Dade Transit facilities and Metromover stations. The additional amount being requested is **\$1,535,325**.

**Item 3.5: 800 Megahertz (MHz) Trunked Radio System** is to modify this contract for additional time only to support the County's 800MHz trunked radio system managed by the Enterprise Technology Services Department. **No additional funding is requested.**

**Section 4 PURCHASES MADE UNDER COMPETITIVELY AWARDED CONTRACTS  
OF OTHER GOVERNMENTAL ENTITIES**

The County occasionally accesses contracts competed and awarded by federal, state and local governments, and by not-for-profit organizations, when it is legally permissible and, it is determined to be in the best interest of the County, and the item is not available through an existing County contract.

There are no items listed in this section.

PERFORMANCE DATA: There are no performance issues with the six recommended firms.

COMPLIANCE DATA: There are no compliance issues with the six recommended firms.

CONTRACT MANAGER(S): Martha Perez-Garviso, Department of Procurement Management

This contract includes allocations for 15 departments. Each department has appointed a Contract Manager to administer its allocation.

ESTIMATED BID ISSUE DATE: Upon approval by the Board and expiration of the Mayoral veto period.

**BACKGROUND**

The purpose of this contract is to pre-qualify potential bidders for future bidding through the submission of documents and forms which verify to the County that the bidder meets or exceeds minimum requirements specified in the solicitation. Approved bidders will be placed on a "Pre-qualified Bidders List" on a "per group" basis which will be accessed by the various County departments to obtain spot market quotations. The contract also allows for the addition of qualified vendors throughout the term of the contract.

It is the intent of this contract to identify qualified suppliers of, parts and services for portable generators. The generator types include diesel, electric, propane and gasoline fueled generators. All new parts supplied must be obtained from an Original Equipment Manufacturer (OEM) distributor as recognized by the product's manufacturer. All reconditioned parts must be identified as such and have approval of the manufacturer. All parts used in the reconditioning process must be of OEM origin as recognized by the manufacturer. A significant amount of the repair/maintenance work will consist of the complete overhaul of portable generators. However, additional repair work may be required above and beyond the scope of an overhaul.

The departmental allocations are based on the actual requirements to ensure continuity of everyday operations and on an estimated amount needed in an event of a natural disaster. The allocations are projected to cover daily utilization and unpredicted emergency situations caused by severe weather conditions.

  
Assistant County Manager

Hydraulic Technician, Inc. was issued a Notice of Violation on August 4, 2005, for failure to pay the appropriate rate to one employee in the amount of \$236.88, on Contract No. 0924-2/04-2. This contract is no longer in effect. This violation has been resolved and closed.

**User Access Program:** This contract includes the User Access Program provision. The 2% program discount is being collected on all purchases.

**Contract Managers:** Marcelo Cam, Department of Procurement Management  
Gyselle Saner, Seaport Department

**Contract Effective Date:** Upon approval by the Board and expiration of the mayoral veto period.

**REASON FOR CHANGE**

Authorization is requested for additional spending authority to allow the Seaport Department to purchase four passenger loading bridges for Terminals A, B, C and D for the Port of Miami.

The new passenger loading bridges will accommodate a new class of vessels that Norwegian Cruise Lines and Carnival Cruise Lines will deploy in late fall of 2010. The current bridges do not have the capacity to service this new class of ships. Failure to replace the current obsolete swing board bridges would create difficult operating conditions and may result in a potential decrease of cruise passengers and a loss of revenues.

18

**Contract Effective Date:** Upon approval by the Board and expiration of the mayoral veto period.

**REASON FOR CHANGE**

Authorization is requested for additional time and spending authority for ongoing audit services of bus operator performance and compliance with Americans with Disabilities Act (ADA) regulations while a replacement contract is advertised, evaluated and awarded.

This modification will provide continuity of services to Miami-Dade Transit (MDT) until a replacement contract is in place. A replacement contract was expected to be presented to the Board for approval in November 2008. However, a recommendation was made to reject all proposals received because all proposals were either non-responsive, or the bidders were deemed unqualified to provide the required services. A new solicitation is being processed and a new contract is expected to be in place by September 1, 2009.

The FY2008 3<sup>rd</sup> Quarter Bus Operator Performance Evaluation Report indicated that MDT achieved an overall 83 percent compliance with the ADA Bus Stop Announcements provision. This is a seven point increase from the previous reporting period. The top performing garages were the Central garage and the Northeast garage, where the Bus Operators evaluated, performed and completed 89 percent of the required bus stop announcements.

**Contract Managers:** Janice Walters, Department of Procurement Management

Steve Chayt, Miami-Dade Transit

**Contract Effective Date:** Upon approval by the Board and expiration of the mayoral veto period.

**REASON FOR CHANGE**

Authorization is requested for additional spending authority to accommodate additional locations and provide continuity of janitorial services at Miami-Dade Transit facilities and Metromover stations. This action is necessary because the previous contracted providers of janitorial services at these locations discontinued their services due to performance issues. Puryear, Inc. voluntarily terminated its contractual obligations with the County, and Banks Enviro Cleaning, Inc. defaulted on its contractual obligations with the County.

**REASON FOR CHANGE**

Authorization is requested for additional time to extend the term of this contract for six months, with one additional six month option-to-extend, to support the County's 800MHz Trunk Radio System managed by the Enterprise Technology Services Department. This contract was approved by the Board of County Commissioners on June 15, 1993 under Resolution R-701-93.

The County has one of the nation's largest 800 MHz radio telecommunication systems, supporting approximately 27,000 radio users, with over 8 million monthly transmissions. Multiple County departments depend on this system to perform their core functions. Numerous other municipal, state and federal agencies depend on this system for day-to-day communications among "first-responders," joint immediate response to natural disasters, and special events requiring the formation of task forces with participation by multiple jurisdictions.

Pursuant to a Federal Communication Commission (FCC) mandate, the County is currently negotiating a frequency reconfiguration agreement with Sprint/Nextel that will affect the 800 MHz Trunk Radio System. Over the past few years, public safety and other radio systems occupying the 800 MHz band have been experiencing interference as a result of the growth in adjacent commercial bands. In order to minimize interference to public safety radio communications systems operating in the band, on August 6, 2004 the FCC issued a Report and Order modifying its rules governing the 800 MHz band. Users of this band, including Miami-Dade County, were ordered to reconfigure/re-band their operations by engaging in a frequency "swap" with Sprint/Nextel to eliminate the interference. Through this Order, the FCC also charged Nextel with fully funding the reconfiguration costs of affected licensees (such as the County). There will be no fiscal impact to the County.

Approval of this extension will ensure continuity while a long-term successor contract is established to include provisions to support the current radio system and the future configuration following the completion of the re-banding project.
