

# Memorandum

**Date:** December 2, 2008

**To:** Honorable Chairman Bruno A. Barreiro  
and Members, Board of County Commissioners

**From:** George M. Burgess  
County Manager

**Subject:** Resolution Authorizing Execution of a Federally Funded Sub-grant Agreement between Miami-Dade County and the State of Florida, Division of Emergency Management to Wind Retrofit the Miami-Dade County, Public Works Department Road, Bridge and Canal Maintenance Division Emergency Stand-by Generator's Protective Structure in the Amount of \$20,713

Agenda Item No. 8(P)(1)(D)

## Recommendation

It is recommended that the Board of County Commissioners (BCC) approve the attached resolution authorizing execution of a Federally Funded Sub-grant Agreement between Miami-Dade County (MDC) and the State of Florida, Division of Emergency Management (DEM). The agreement establishes the terms and conditions for disbursement of DEM monies in the amount of \$20,713 to MDC Public Works Department (PWD), Road, Bridge and Canal Maintenance Division (RBCM) for the cost of retrofitting and bringing up to Code the emergency stand-by generator's protective structure in accordance with the 2001 Florida Building Code for high velocity hurricane zone criteria.

## Scope

This agreement will benefit Countywide due to the fact that if during power failure this stand-by generator is rendered inoperable, Miami-Dade County debris-clearing activities would be severely hindered. Therefore, the upgrade of protective walls and roof for the PWD, RBCM stand-by generator located at 9301 NW 58 Street, Miami, Florida 33178 are necessary.

## Fiscal Impact/Funding Source

This is a cost-reimbursement agreement. The federal share is 75%, \$20,175 and PWD, RBCM budget share is 25%, \$6,725 for the total cost of construction of \$26,900; however, DEM has also granted MDC an additional \$538 for administrative costs for a total federal participation of \$20,713.

## Delegation of Authority

The resolution authorizes the County Mayor or the County Mayor's designee to execute the agreement and to exercise its modification and cancellation provisions.

## Track Record/Monitor

In the past, MDC, DEM, and Federal Emergency Management Agency (FEMA), have been successful in hurricane mitigation reimbursement projects and completing repairs and improvements. Mr. Manuel Garcia, Chief, MDC, PWD, RBCM, will monitor this agreement and construction.

## Background

The RBCM main office (emergency operation center for the PWD) is located at 9301 NW 58th Street. Currently, the stand-by generator is exposed to elements; such as, storm generated wind borne debris, and is therefore vulnerable to weather-related damage. During Florida Power & Light (FPL) outage should this generator be rendered inoperable, MDC debris-clearing activities would be severely hindered. Hence, upgrade of protective walls and roof for the PWD, RBCM stand-by generator located at 9301 NW 58 Street, Miami, Florida 33178 are necessary and will be funded through this agreement.

Nothing herein shall be construed as consent by a state agency or subdivision of the State of Florida to be sued by third parties in any matter arising out of any contract.

(10) DEFAULT

If any of the following events occur ("Events of Default"), all obligations on the part of the Division to make further payment of funds shall, if the Division elects, terminate and the Division has the option to exercise any of its remedies set forth in Paragraph (11). However, the Division may make payments or partial payments after any Events of Default without waiving the right to exercise such remedies, and without becoming liable to make any further payment:

(a) If any warranty or representation made by the Recipient in this Agreement or any previous agreement with the Division is or becomes false or misleading in any respect, or if the Recipient fails to keep or

perform any of the obligations, terms or covenants in this Agreement or any previous agreement with the Division and has not cured them in timely fashion, or is unable or unwilling to meet its obligations under this Agreement;

(b) If material adverse changes occur in the financial condition of the Recipient at any time during the term of this Agreement, and the Recipient fails to cure this adverse change within thirty days from the date written notice is sent by the Division.

(c) If any reports required by this Agreement have not been submitted to the Division or have been submitted with incorrect, incomplete or insufficient information;

(d) If the Recipient has failed to perform and complete on time any of its obligations under this Agreement.

(11) REMEDIES

If an Event of Default occurs, then the Division may, after thirty calendar days written notice to the Recipient and upon the Recipient's failure to cure within those thirty days, exercise any one or more of the following remedies, either concurrently or consecutively:

(a) Terminate this Agreement, provided that the Recipient is given at least thirty days prior written notice of the termination. 4. require the Recipient to reimburse the Division for the amount of costs incurred for any items determined to be ineligible;

(f) Exercise any other rights or remedies which may be available under law.

(g) Pursuing any of the above remedies will not stop the Division from pursuing any other remedies in this Agreement or provided at law or in equity. If the Division waives any right or remedy in this Agreement or fails to insist on strict performance by the Recipient, it will not affect, extend or waive any other right or remedy of the Division, or affect the later exercise of the same right or remedy by the Division for any other default by the Recipient.

(12) TERMINATION

(a) The Division may terminate this Agreement for cause after thirty days written notice. Cause can include misuse of funds, fraud, lack of compliance with applicable rules, laws and regulations, failure to perform on time, and refusal by the Recipient to permit public access to any document, paper, letter, or other material subject to disclosure under Chapter 119, Fla. Stat., as amended.

(b) The Division may terminate this Agreement for convenience or when it determines, in its sole discretion, that continuing the Agreement would not produce beneficial results in line with the further expenditure of funds, by providing the Recipient with thirty calendar days prior written notice.

(c) The parties may agree to terminate this Agreement for their mutual convenience through a written amendment of this Agreement. The amendment will state the effective date of the termination and the procedures for proper closeout of the Agreement.

(d) In the event that this Agreement is terminated, the Recipient will not incur new obligations for the terminated portion of the Agreement after the Recipient has received the notification of termination. The Recipient will cancel as many outstanding obligations as possible. Costs incurred after receipt of the termination notice will be disallowed. The Recipient shall not be relieved of liability to the Division because of any breach of Agreement by the Recipient. The Division may, to the extent authorized by law, withhold payments to the Recipient for the purpose of set-off until the exact amount of damages due the Division from the Recipient is determined.

**Standard Conditions**

1. Any change to the approved scope of work will require re-evaluation for compliance with NEPA and other Laws and Executive Orders.
2. This review does not address all federal, state and local requirements. Acceptance of federal funding requires recipient to comply with all federal, state and local laws. Failure to obtain all appropriate federal, state and local environmental permits and clearances may jeopardize federal funding.
3. If ground disturbing activities occur during construction, applicant will monitor ground disturbance and if any potential archeological resources are discovered, will immediately cease construction in that area and notify the State and FEMA.

**Comment:**

This wind retro-fit project, described as upgrading the protective enclosure for the generator that supplies power to the Bridges, & Canal Maintenance Building when normal power supply is disrupted, is categorically excluded from preparation of an Environmental Assessment per 44CFR Part 10.8(d)(2)(xv) contingent on compliance with noted conditions. Construction date 1967.

Any changes to the approved mitigation measure or scope of work will require resubmission through the State to FEMA, and will require reevaluation for compliance with the National Environmental Policy Act (NEPA) and Sec. 106 of the National Historic Preservation Act (NHPA) prior to initiation of any work. Non-compliance with these requirements may jeopardize FEMA's ability to fund this project.

Archaeological and Historical Data Act of 1966 (16 U.S.C. 469a-1, et seq.) by:

- (1) Consulting with the State Historic Preservation Office to identify properties listed in or eligible for inclusion in the National Register of Historic Places that are subject to adverse effects (see 36 CFR Section 800.8) by the proposed activity; and
- (2) Complying with all requirements established by the State to avoid or mitigate adverse effects upon such properties.
- (3) Abiding by the terms and conditions of the "**Programmatic Agreement Among the Federal Emergency Management Agency, the Florida State Historic Preservation Office, the Florida Division of Emergency Management and the Advisory Council on Historic Preservation, (PA)**" which addresses roles and responsibilities of Federal and State entities in implementing Section 106 of the National Historic Preservation Act

(NHPA), 16 U.S.C. 470f, and implementing regulations in 36 CFR part 800.

(4) When any of Recipient's projects funded under this Agreement may affect a historic property, as defined in 36 CFR 800. (2)(e), the Federal Emergency Management Agency (FEMA) may require Recipient to review the eligible scope of work in consultation with the State Historic Preservation Office (SHPO) and suggest methods of repair or construction that will conform with the recommended approaches set out in the **Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings 1992 (Standards)**, the **Secretary of the Interior's Guidelines for Archeological Documentation (Guidelines)** (48 Federal Register 44734-37), or any other applicable Secretary of Interior standards. If FEMA determines that the eligible scope of work will not conform with the **Standards**, Recipient agrees to participate in consultations to develop, and, after execution by all parties, to abide by, a written agreement that establishes mitigation and recondition measures, including but not limited to, impacts to archeological sites, and the salvage, storage, and reuse of any significant architectural features that may otherwise be demolished.

(5) Recipient agrees to notify FEMA and the Division if any project funded under this Agreement will involve ground disturbing activities, including, but not limited to: subsurface disturbance; removal of trees; excavation for footings and foundations; and installation of utilities (such as water, sewer, storm drains, electrical, gas, leach lines and septic tanks) except where these activities are restricted solely to areas previously disturbed by the installation, replacement or maintenance of such utilities. FEMA will request the SHPO's opinion on the potential that archeological properties may be present and be affected by such activities. The SHPO will advise Recipient on any feasible steps to be accomplished to avoid any National Register eligible archeological property or will make recommendations for the development of a treatment plan for the recovery of archeological data from the property.

If Recipient is unable to avoid the archeological property, develop, in consultation with the SHPO, a treatment plan consistent with the **Guidelines** and take into account the Advisory Council on Historic Preservation (Council) publication "Treatment of Archeological Properties". Recipient shall forward information regarding the treatment plan to FEMA, the SHPO and the Council for review. If the SHPO and the Council do not object within 15 calendar days of receipt of the treatment plan, FEMA may direct Recipient to implement the treatment plan. If either the Council or the SHPO object, Recipient shall not proceed with the project until the objection is resolved.

(6) Recipient shall notify the Division and FEMA as soon as practicable: (a) of any changes in the approved scope of work for a National Register eligible or listed property; (b) of all changes to a project that may result in a supplemental DSR or modify an HMGP project for a National Register eligible or listed property; (c) if it appears that a project funded under this Agreement will affect a previously unidentified property that may be eligible for inclusion in the National Register or affect a known historic property in an unanticipated manner. Recipient acknowledges that FEMA may require Recipient to stop construction in the vicinity of the discovery of a previously unidentified property that may be eligible for inclusion in the National Register or upon learning that construction may affect a known historic property in an unanticipated manner. Recipient further acknowledges that FEMA may require Recipient to take all reasonable measures to avoid or minimize harm to such property until FEMA concludes consultation with the SHPO. Recipient also acknowledges that FEMA will require, and Recipient shall comply with, modifications to the project scope of work necessary to implement recommendations to address the project and the property.

(7) Recipient acknowledges that, unless FEMA specifically stipulates otherwise, it shall not

receive funding for projects when, with intent to avoid the requirements of the PA or the NHPA, Recipient intentionally and significantly adversely affects a historic property, or having the legal power to prevent it, allowed such significant adverse affect to occur.
