Agenda Item No. 12(B)1

---

At the December 8, 2008 Health and Public Safety Committee, the Committee approved a motion made by Commissioner Sally Heyman to create a resolution expressing the Board of County Commissioners' intent as to whether the Mayor should further proceed with those steps necessary to levy an option of partially funding fire services with special assessments within the Miami-Dade Fire Rescue District for 2009-2010 and subsequent budget years. Also at that meeting, the consultant contract referenced in this report was not accepted. Instead, the Committee directed that staff negotiate a contract at a lower cost.
