To: Honorable Chairman Dennis C. Moss
and Members, Board of County Commissioners

Agenda Item No. 8(P)(1)(C)

From: George M. Burgess
County Manager

Subject: Joint Participation Agreement Between Miami-Dade County and the Florida Department of Transportation in the Amount of \$133,321 to Fund Construction of a portion of the North Line Canal adjacent to S.R. 826 and S.R. 836 Interchange

RECOMMENDATION

It is recommended that the Board of County Commissioners (BCC) approve the attached resolution authorizing execution of a Joint Participation Agreement (JPA) between Miami-Dade County and the Florida Department of Transportation (FDOT) for the construction of a portion of the new alignment of the North Line Canal adjacent to the S.R. 826 and S.R. 836 Interchange.

SCOPE

This project is located within Unincorporated Miami-Dade County, in Commission District 6. The construction of this project will allow for the uninterrupted operation of the County's Midway Stormwater Pump Station during the realignment of the highway interchange. The Midway Stormwater Pump Station, which is expected to start construction in March 2009, will provide flood relief to the area bounded by NW 10 Street to NW 7 Street between NW 78 Avenue to NW 84 Avenue.

FISCAL IMPACT/FUNDING SOURCE

There is no fiscal impact to the County associated with this project as FDOT will reimburse the County for the total construction costs of the improvements which were requested by FDOT. Said improvements are estimated at \$133,321.

DELEGATION OF AUTHORITY

No additional authority is being requested within the body of this contract.

TRACK RECORD/MONITOR

FDOT will utilize the resources of the County to contract, construct and administer these improvements on a reimbursable basis. Disbursement of FDOT funds to the County shall be based upon County invoices with certified copies of paid contractor estimates. The project will be assigned to Mr. Bassam Moubayed, CFM, Chief, Construction Division, who will oversee inspections conducted by Miami-Dade County Public Works Department (PWD).

BACKGROUND

An existing portion of the North Line Canal must be relocated as part of the construction of the realignment of S.R. 826 and S.R. 836 Interchange by FDOT. FDOT has drafted design plans for the aforementioned improvements and has provided these to the County.

Honorable Chairman Dennis C. Moss
and Members, Board of County Commissioners
Page 2

The relocation of the North Line Canal will be constructed concurrently with the Midway Stormwater Pump Station PWD, Project No. 20080069, to avoid any interruptions to the Pump Station's operations during FDOT's future construction. Said Pump Station will be owned and maintained by the County.

This JPA provides for the construction of a portion of the new alignment of the North Line Canal by the County on behalf of FDOT for an amount of \$133,321.
