

Memorandum

Date: March 3, 2009

To: Honorable Chairman Dennis C. Moss
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: *Building Better Communities*/General Obligation Bond (BBC/GOB) Program –
Execution of BBC/GOB Grant Agreement with the Miami Art Museum (MAM),
BBC/GOB Project #296

Agenda Item No. 12(A)(1)

This item, listed as Agenda Item No. 5A on the February 9, 2009 Recreation, Culture & Tourism Committee agenda, was amended by the Committee as follow:

A sentence was added to Section 15(d)(4) of the Grant Agreement that reads, "In the event that the Grantee fails to execute the Master Development Agreement and the Environmental Remediation Agreement with the City of Miami within the time specified in the Grantee's lease agreement with the City of Miami, then either party shall have the right to terminate this Agreement by giving written notice of termination to the other party. In the event this Agreement is terminated pursuant to this Section 15(d)(4), the Grantee shall return to the County any funds that have been advanced to the Grantee but not yet spent, and the County shall have no further obligations to Grantee under this Agreement." (page 10 of the Grant Agreement)

Recommendation

It is recommended that the Board of County Commissioners (Board) adopt the attached resolution granting the County Mayor or County Mayor's designee the authority to execute the second *Building Better Communities*/General Obligation Bond (BBC/GOB) grant agreement with the Miami Art Museum of Dade County Association, Inc., (MAM), a Florida not-for-profit, BBC/GOB Project #296, in the amount of \$8.4 million (Exhibit A) to fund pre-design, planning, preliminary engineering and related costs associated with the development of the Museum at Museum Park (aka Bicentennial Park). The resolution also waives the requirement in the BBC/GOB Administrative Rules that grantees demonstrate site control as a pre-condition to receiving BBC/GOB funds. The BBC/GOB funding will come from bond series 2008 B that totals \$350 million of which the first tranche of \$146 million was issued in December 2008. Receiving the next installment of BBC/GOB funding is critical at this time in order to keep the project moving forward.

Scope

Although MAM will be located in County Commission District 3, the project will have a countywide impact.

Fiscal Impact/Funding Source

The BBC/GOB Program has an allocation of \$100 million for MAM. The Museum will be responsible for any cost overruns associated with the project.

Track Record/Monitor

MAM is a not-for-profit in good standing with Miami-Dade County. They will be responsible for the implementation of their project with oversight provided by the Miami-Dade County Department of Cultural Affairs. The County's Office of Capital Improvements (OCI) will be the monitoring agency to ensure compliance with the BBC/GOB requirements.

Background

The funds from the first grant agreement approved by the Board last year were specifically used for design costs and have been spent. In addition, the Board and the City of Miami Commission approved a Memorandum of Understanding (MOU) which addresses the contractual relationships necessary for developing the Museum Park project between the City of Miami, MAM, the Miami Science MAM/Historical Museum of Southern Florida (MSM/HMSF) and the County. At that time, the Board was told that further BBC/GOB funding allocations beyond the initial installment amount would not be committed until MAM demonstrated site control of the property.

On December 11, 2008, the City of Miami Commission approved lease agreements with the Miami Art Museum and Miami Science Museum for their respective four acre parcels in Museum Park. The lease agreements provide the museums with 99 year terms for their buildings' sites. Although the leases have been approved, they are conditioned upon successful negotiation and approval of the Master Development Agreement and the Environmental Remediation Agreement, so at this time the leases do not meet the site control requirements of the BBC/GOB Administrative Rules. The City and the Museums report that significant progress already has been made on negotiating these agreements and expect to have the Master Development Agreement finalized by the end of February 2009 and the Environmental Remediation Agreement finalized by July 2009. Given the action of the City Commission approving the leases and the progress made on these subsequent agreements, we feel confident enough regarding the City's commitment to the Museums' projects to recommend releasing the next installment of BBC/GOB funding to MAM.

Payments to MAM under this agreement will be made on a reimbursement basis in accordance with the BBC/GOB Administrative Rules. Allocation of the balance of the BBC/GOB funds will be authorized through the execution of subsequent grant agreements as the work progresses subject to the museum demonstrating site control.

The first GOB grant agreement to MAM was for \$235,000 (less than ¼ of 1% of their total GOB allocation). These funds have been expended for eligible project costs. In addition, MAM has

received \$14,880,000 from the private sector's multi-year pledges, all of which has been expended on project costs to date. It is essential to provide the next allocation of GOB funds necessary to sustain work on the completion of the planning and design phase of the new building and to maintain this project's tight timetable.

Project Description and Funding

On November 2, 2004 voters approved eight ballot questions authorizing the issuance of general obligation bonds to fund more than 300 capital improvements throughout the County over the next 15 to 18 years. BBC/GOB Project #296 included a total allocation of \$100 million to fund the development of a new MAM to be built on City-owned Bicentennial Park. In 2005, the City of Miami contracted with Cooper, Robertson & Partners to work with MAM, the Miami Science Museum/Historical Museum of Southern Florida (MSM/HMSF) and the County to develop a master plan for the redevelopment of Bicentennial Park. A product of this work is a site plan for the approximately 29-acre Bicentennial Park that features specific locations for developing new art and science museums on a total of eight acres (4 acres for each Museum) and a 21-acre park design.

MAM presently occupies approximately 33,000 square feet in the Miami-Dade Cultural Center, a County-owned facility adjacent to the Stephen P. Clark Center in downtown Miami. MAM has long outgrown its present facilities. In 2008, MAM had total attendance of 62,000 visitors. Annual attendance is estimated by MAM to be 190,000 at the new museum where MAM will present exhibitions, expand its art collections and offer educational programs for the benefit, enjoyment and education of the public. Currently, the County's contribution totals approximately 35% of MAM's operational budget. The operating budget for the new facility is estimated at \$12.9 million. Over the next two years, we will work with MAM to present revised budget proposals reflective of the museum's increased operational costs to the Board for consideration. Such proposals will factor in, to the extent possible, expected private operating endowment support, administrative revenues, and grant funds.

MAM ownership of the facility is expected to facilitate their on-going fundraising efforts and makes MAM totally responsible for any cost overruns. At this time, MAM is continuing its fundraising campaign and is making significant progress. The \$45 million in private sector pledges secured to date are earmarked for the construction, commissioning and operational needs of the new building (including operating endowments for the new building). With the approved GOB funding, the museum has already sufficient funds committed to cover the design and construction costs of the building and is currently raising funds for its own internal development costs and an operating endowment.

BBC/GOB Project #296 was approved by the Board on July 20, 2004. MAM will occupy approximately four acres of City-owned land at Bicentennial Park. The design for the MAM Project provides approximately 200,000 square feet of interior and exterior program space. As called for by the functional building program, the 120,000 square foot interior spaces are programmed for galleries, back of house, mechanical and amenities on four levels and the 80,000 square foot covered exterior spaces are programmed for exhibiting large-scale works of

art, video and film projections, educational events, special events and a restaurant. The design also allows for an additional 30,000 square feet of interior program space in the future. Free of charge outdoor art components are also planned.

The design also includes under-building parking of approximately 78,000 square feet which will be contiguous with the parking for the Miami Science Museum (MSM). The total number of parking spaces beneath the two museums is estimated at approximately 480.

The current overall project budget for the new museum is \$220 million (\$131 million for the building, \$70 million for an operating endowment and \$19 million for transitional expenses). The \$100 million from the BBC/GOB will be used for the design and construction of the building.

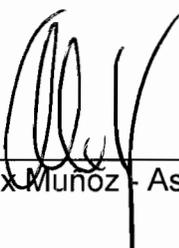

Selection of the Design Team

In September 2006, MAM selected the firm of Herzog & de Meuron as its design architect. The design architect will be involved primarily in conceptual and preliminary design while the executive architect, Handel Architects, will develop the detailed construction and permit plans. On June 6, 2006, the Board approved Ordinance 06-88 amending Section 2-8.2.10 of the Code of Miami-Dade County which allows municipalities and not-for-profits implementing BBC/GOB-funded projects to use their own procurement procedures. As a result, County procurement procedures do not apply. Nevertheless, MAM has followed the County process and on April 11, 2007, went before the County's Small Business Department's Review Committee for the recommendation of Community Business Enterprise (CBE) goals for six relevant design professions. Although not required by the BBC/GOB Administrative Rules, MAM has committed to assign approximately 15% of that design work to CBEs.

Project Schedule

MAM has done considerable programming and conceptual design work having started their Concept Design in October 2007. MAM has completed the Concept Design and Schematic Design Phases, as well as 75% of the Design Development Phase. MAM expects that: Design Development will be completed by July 1, 2009; environmental remediation (if needed) will commence in fall 2009 and lead directly into the Construction Phase in late 2009/early 2010 with the opening in 2012.

I have previously informed this Board that the primary oversight responsibility on behalf of the County rests with the Miami-Dade Department of Cultural Affairs. My office will be directly involved in overseeing these efforts.

GOB Project Number 296-70428 / New Miami Art Museum Facility

This Agreement (the "Agreement") by and between Miami-Dade County, a political subdivision of the State of Florida (the "County"), through its governing body, the Board of County Commissioners of Miami-Dade County, Florida (the "Board") and The Miami Art Museum of Dade County Association, Inc., a Florida nonprofit corporation (the "Grantee") is entered into this ____ day of _____, 2009.

WITNESSETH:

WHEREAS, on July 20, 2004, the Board adopted Resolution Nos. R-912-04, R-913-04, R-914-04, R-915-04, R-916-04, R-917-04, R-918-04 and R-919-04 authorizing the issuance of \$2.926 billion in general obligation bonds for capital projects and on November 2, 2004, a majority of those voting approved the bond program (the "BBC GOB Program"); and

WHEREAS, the aforementioned Resolutions include specific projects such as but not limited to development, improvement, rehabilitation, restoration or acquisition of real property; and

WHEREAS, the Grantee is undertaking the construction of a new art museum for presenting exhibitions, expanding its art collections and offering educational programs and a sculpture garden as part of the Museum Park Project (the "Project") which was specifically approved as part of the BBC GOB Program or is eligible for funding from one of the programs to be funded under the BBC GOB Program and is described more specifically in Exhibit 1 to this Grant Agreement; and

WHEREAS, the New Miami Art Museum (MAM) Facility is estimated to cost \$131,000,000 (the "Total Project Cost") and will be funded from the sources listed in Exhibit 1; and

WHEREAS, the New Miami Art Museum Facility / GOB Project Number 296-70428 is eligible for funding from the BBC GOB Program in a total amount not to exceed \$100,000,000 (the "Funding Allocation"); and

WHEREAS, pursuant to the terms of this Agreement the County has agreed to allocate \$8,400,000 from the Series 2008 B Bonds for the Project (the "Funding Cycle Allocation"); and

WHEREAS, the Project physically improves an area, facility, resource or site to increase its ability or capacity to serve the public; and

for each Funding Cycle Allocation describing their respective roles in the funding for the Project costs with respect to such Funding Cycle Allocation,

NOW THEREFORE, pursuant to Resolution No. R-595-05, which specifically authorizes the County Manager to execute such agreements and other required contracts and documents, to expend Building Better Communities bond funds received for the purpose described in the approved funding allocation, and in consideration of the mutual promises and covenants contained herein and the mutual benefits to be derived from this Agreement, the parties hereto agree as follows:

Section 1. Parties, Effective Date and Term: The parties to this Agreement are the Grantee and the County. The County has delegated the responsibility of administering this grant to the County Manager, or his designee, who shall be referred to herein as the "County Manager."

This Agreement shall take effect upon execution and shall terminate upon the completion of the Project, including the completion of all final closeout documentation.

Section 2. Amount of Funding Cycle Allocation and Payment Schedule: A Project funding plan identifying the Funding Allocation to be funded by the County solely from BBC GOB Program proceeds and the costs to be funded by the Grantee through written project funding commitments from third parties is attached as Exhibit 1. Included shall be a projected timetable for each Funding Cycle Allocation and the amount funded to date, if any. The County agrees to provide solely from the BBC GOB Program proceeds for the Funding Cycle Allocation an amount equal to \$8,400,000. This amount represents a portion of the amount necessary to complete the Project. By making this grant, Miami-Dade County assumes no obligation to provide financial support of any type whatever in excess of the Funding Allocation. Cost overruns are the sole responsibility of the Grantee. The Funding Cycle Allocation shall be provided in accordance with the Administrative Rules which are attached as Attachment 1 ("Administrative Rules") and incorporated in this Agreement by this reference. In the event that the Funding Cycle Allocation is not expended on schedule, additional allocations may be delayed for one calendar year or more depending on the bond schedule, in accordance with the Administrative Rules and Section 22 of this Agreement.

Payment(s) of Funding Cycle Allocation funds will be made to the Grantee pursuant to the reimbursement provisions in the Administrative Rules and its Exhibits.

Miami-Dade County shall only be obligated to reimburse the Grantee provided the Grantee is not in breach of this Agreement and the Grantee has demonstrated that it has adequate funds to complete the Project. The County shall administer, in accordance with the appropriate regulations, the funds available from the BBC GOB Program as authorized by Board Resolutions. Any and all reimbursement obligations of the County shall be fully subject to and contingent upon the availability of funding solely from the BBC GOB Program funds. The Grantee shall be solely responsible for submitting all documentation, as required by this Agreement and by the Administrative Rules, to the County Manager.

Section 3. **Project Description:** The Grantee may only use the Funding Cycle Allocation for the purpose of purchasing, building, renovating and/or equipping facilities for the Project as specifically described in Exhibit 1. Further, it is expressly understood and agreed, that the Grantee's Project which is supported by Funding Cycle Allocation must be open and accessible to the public, provide public exposure and benefit the public unless otherwise noted under Section 25 of this Agreement.

If the Grantee wishes to revise the Project for the purpose of completing the Project and such revisions substantially alter the original Project, the Grantee must request in writing that the County Manager review and approve such revisions. Grantee's request must be given at least fourteen (14) days prior to implementation of revisions. The County Manager will make the final determination on revisions within fourteen (14) business days of the date of receipt of the request in the County Manager's offices.

Section 4. **Project Budget:** The Grantee agrees to demonstrate fiscal stability and the ability to administer the Funding Cycle Allocation responsibly and in accordance with standard accounting practices by developing and adhering to a Project budget that is based upon reasonable revenue development and expenditures projected to complete the Project within the Total Project Cost. This Project budget is attached as Exhibit 1. Further, Grantee agrees that all expenditures will be subject to the terms of this Agreement. If Grantee wishes to revise the budget for the purpose of completing the Project, including line item changes, and such revisions substantially alter the original Project, the Grantee must request in writing that the County Manager review and approve such revisions. Grantee's request must be given at least fourteen (14) days prior to implementation of the revisions. The County Manager will make the final determination on revisions within fourteen (14) business days of the date of receipt of the request in the County Manager's offices.

Section 5. **Expenditure Deadline:** The Grantee shall spend or commit all of the Funding Cycle Allocation and matching funds on or before January 22, 2012 (the "Expenditure Deadline"). Any Funding Cycle Allocation funds not spent or committed by the Expenditure Deadline or for which a Project extension has not been requested shall revert to the County and this Agreement shall be terminated in accordance with the provisions of this Agreement. A Project extension may be requested in writing from the County Manager at least thirty (30) business days prior to the Expenditure Deadline. The County Manager, at his discretion, may grant an extension of up to one (1) year from the Expenditure Deadline so long as such extension will not significantly alter the Project including its quality, impact, or benefit to the organization, the County or its citizens. Additional extensions may be authorized by the County Manager if the Grantee can document in a written request sufficient Project progress and cause for such an extension to be warranted.

Section 6. **Report Deadline:** To demonstrate that the Funding Cycle Allocation has been used in accordance with the Project Description and Project budget information as outlined in Exhibit 1 and that Grantee has met and fulfilled all requirements as outlined in this Agreement, exhibits, and/or other substantive materials as may be attached or included as a condition to this Funding Cycle Allocation award, the Grantee must submit to the County Manager, a written report documenting that the Grantee is meeting or has fulfilled all Project and financial requirements. This report is

to be received by the County Manager monthly. The Grantee shall also submit a written report to the County Manager on or prior to September 30th of each year from the time of the execution of this Agreement through the termination of this Agreement demonstrating that the Grantee is fulfilling, or has fulfilled, its purpose, and has complied with all applicable municipal, Miami-Dade County, state and federal requirements. The County Manager may also request that a compilation statement or independent financial audit and accounting for the expenditure of Funding Cycle Allocation funds be prepared by an independent certified public accountant at the expense of the Grantee.

In the event that the Grantee fails to submit the required reports as required above, the County Manager may terminate this Agreement in accordance with Section 15. Further, the County Manager must approve these reports for the Grantee to be deemed to have met all conditions of the grant award.

Section 7. Program Monitoring and Evaluation: The County Manager may monitor and conduct an evaluation of the Grantee's operations and the Project, which may include visits by County representatives to: observe the Project or Grantee's programs, procedures, and operations; discuss the Grantee's programs with the Grantee's personnel; and/or evaluate the public impact of the Project. Upon request, the Grantee shall provide the County Manager with notice of all meetings of its Board of Directors or governing board, general activities and Project-related events. In the event the County Manager concludes, as a result of such monitoring and/or evaluation, that the Grantee is not in compliance with the terms of this Agreement or the Administrative Rules or for other reasons which significantly impact on the Grantee's ability to fulfill the conditions of this Funding Cycle Allocation award, then the County Manager must provide in writing to the Grantee, within thirty (30) days of the date of said monitoring/evaluation, notice of the inadequacy or deficiencies noted which may significantly impact on the Grantee's ability to complete the Project or fulfill the terms of this Agreement within a reasonable time frame. If Grantee refuses or is unable to address the areas of concern within thirty (30) days of receipt of such notice from the County Manager, then the County Manager, at his discretion, may take other actions which may include reduction or rescission of the Funding Cycle Allocation award, or withholding Funding Cycle Allocation funds until such time as the Grantee can demonstrate that such issues have been corrected. Further, in the event that the Grantee does not expend the Funding Cycle Allocation for the Project or uses any portion of the Funding Cycle Allocation for costs not associated with the Project and the Grantee refuses or is unable to address the areas of concern, then the County Manager may request the return of the full or partial Funding Cycle Allocation award. The County Manager may also institute a moratorium on applications from the Grantee to County grants programs for a period of up to one (1) year or until the deficient areas have been addressed to the satisfaction of the County Manager, whichever occurs first.

If the Project involves construction work, the Grantee shall: notify the County Manager of any applicable federal labor compliance requirements regarding procurement and pre-award procedures prior to scheduling pre-construction conferences; submit to the County Manager all plans and specifications and receive the approval of the County Manager prior to issuance and implementation; and comply with all applicable provisions of municipal, state, federal and County laws, regulations and rules.

Section 8. **Bank Accounts and Bonding:** Monies received pursuant to this Agreement shall be kept in accounts in established Florida banks, credit unions or savings and loan associations whose identity shall be disclosed in writing, with the identity and title of individuals whom the Grantee authorizes to withdraw or write checks on Funding Cycle Allocation funds from the banking institution identified on the "Bank Account Disclosure" form submitted by the Grantee. These accounts must be segregated from other accounts maintained by the Grantee. All persons authorized to withdraw funds from the Funding Cycle Allocation account must be bonded by a reputable licensed firm.

Section 9. **Accounting and Financial Review:** The Grantee must keep accurate and complete books and records for all receipts and expenditures of this Funding Cycle Allocation award and any matching funds required in conformance with reasonable general accounting standards. These books and records, as well as all documents pertaining to payments received and made in conjunction with the Funding Cycle Allocation, such as vouchers, bills, invoices, receipts and canceled checks, shall be retained in Miami-Dade County in a secure place and in an orderly fashion by the Grantee for at least three (3) years after the later of: the Expenditure Deadline specified in Section 5; the extended Expenditure Deadline, as approved by the County Manager, if any; the completion of a County requested or mandated audit or compliance review; or the conclusion of a legal action involving the Funding Cycle Allocation award, the Grantee and/or Project or activities related to the Funding Cycle Allocation award.

The County Manager may examine these books, records and documents at the Grantee's offices or other approved site under the direct control and supervision of the Grantee during regular business hours and upon reasonable notice. Furthermore, the County Manager may, upon reasonable notice and at the County's expense, audit or have audited all financial records of the Grantee, whether or not purported to be related to this grant.

Pursuant to Section 2-1076 of the Miami-Dade County Code the County shall have the right to engage the services of an independent private-sector inspector general ("IPSIG") to monitor and investigate compliance with the terms of this Agreement. The Office of the **MIAMI-DADE COUNTY INSPECTOR GENERAL (IG)** shall have the authority and power to review past, present and proposed County programs, accounts, records, contracts and transactions, and contracts such as this Agreement for improvements some cost of which is funded with County funds.

As such, the IG may, on a random basis, perform audits on this Agreement throughout the duration of said Agreement (hereinafter "random audits"). This random audit is separate and distinct from any other audit by the County.

The IG shall have the power to retain and coordinate the services of an **IPSIG** who may be engaged to perform said random audits, as well as audit, investigate, monitor, oversee, inspect, and review the operations, activities and performance and procurement process including, but not limited to, project design, establishment of bid specifications, bid submittals, activities of the Grantee and contractor and their respective officers, agents and employees, lobbyists, subcontractors, materialmen, staff and elected officials in order to ensure compliance with contract specifications and detect corruption and fraud. The IG shall have the power to subpoena witnesses,

administer oaths and require the production of records. Upon ten (10) days written notice to the Grantee (and any affected contractor and materialman) from IG, the Grantee (and any affected contractor and materialman) shall make all requested records and documents available to the IG for inspection and copying.

The IG shall have the power to report and/or recommend to the Board whether a particular project, program, contract or transaction is or was necessary and, if deemed necessary, whether the method used for implementing the project or program is or was efficient both financially and operationally. Monitoring of an existing project or program may include reporting whether the project is on time, within budget and in conformity with plans, specifications, and applicable law. The IG shall have the power to analyze the need for, and reasonableness of, proposed change orders.

The IG is authorized to investigate any alleged violation by a contractor of its Code of Business Ethics, pursuant Miami-Dade County Code Section 2-8.1.

The provisions in this section shall apply to the Grantee, its contractors and their respective officers, agents and employees. The Grantee shall incorporate the provisions in this section in all contracts and all other agreements executed by its contractors in connection with the performance of this Agreement. Any rights that the County has under this Section shall not be the basis for any liability to accrue to the County from the Grantee, its contractors or third parties for such monitoring or investigation or for the failure to have conducted such monitoring or investigation and the County shall have no obligation to exercise any of its rights for the benefit of the Grantee.

Section 10. **Publicity and Credits:** The Grantee must include the following credit line in all promotional marketing materials related to this funding including web sites, news and press releases, public service announcements, broadcast media, programs, and publications: "THIS PROJECT IS SUPPORTED BY THE BUILDING BETTER COMMUNITIES BOND PROGRAM AND THE MAYOR AND BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY."

Section 11. **Naming Rights and Advertisements:** In the event that any naming rights or advertisement space is offered on a facility constructed or improved with BBC GOB Program funds, then Miami-Dade County's name, logo, and slogan shall appear on the facility at least once. Lettering used for Miami-Dade County will be no less than 75% of the size of the largest lettering used for any sponsor or advertiser.

Section 12. **Liability and Indemnification:** It is expressly understood and intended that the Grantee, as the recipient of BBC GOB Program funds, is not an officer, employee or agent of Miami-Dade County, its Board of County Commissioners, its Mayor, nor the Miami-Dade County Department administering the Funding Cycle Allocation award. Further, for purposes of this Agreement, the Project or activity, the parties hereto agree that the Grantee, its officers, agents and employees are independent contractors and solely responsible for the Project.

The Grantee shall take all actions as may be necessary to ensure that its officers, agents, employees, assignees and/or subcontractors shall not act as nor give the appearance of that of an agent, servant, joint venturer, collaborator or partner of the Department administering this Grant, the Miami-Dade County Mayor, the Miami-Dade County Board of County Commissioners, or its employees. No party or its officers,

elected or appointed officials, employees, agents, independent contractors or consultants shall be considered employees or agents of any other party, nor to have been authorized to incur any expense on behalf of any other party, nor to act for or to bind any other party, nor shall an employee claim any right in or entitlement to any pension, workers' compensation benefit, unemployment compensation, civil service or other employee rights or privileges granted by operation of law or otherwise, except through and against the entity by whom they are employed.

The Grantee agrees to be responsible for all work performed and all expenses incurred in connection with the Project. The Grantee may subcontract as necessary to complete the Project, including entering into subcontracts with vendors for services and commodities, provided that it is understood by the Grantee that the County shall not be liable to the subcontractor for any expenses or liabilities incurred under the subcontract and that the Grantee shall be solely liable to the subcontractor for all expenses and liabilities incurred under the subcontract.

The Grantee shall indemnify and hold harmless the County and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the County or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting from the performance of this Agreement by the Grantee or its employees, agents, servants, partners, principals, subconsultants or subcontractors. Grantee shall pay all claims and losses in connection therewith and shall investigate and defend all claims, suits, or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorneys' fees which may issue thereon. Grantee expressly understands and agrees that any insurance protection required by this Agreement or otherwise provided by the Grantee shall in no way limit the responsibility to indemnify, keep and save harmless and defend the County or its officers, employees, agents and instrumentalities as herein provided.

Section 13. **Assignment:** The Grantee is not permitted to assign this Agreement or any portion thereof. Any purported assignment will render this Agreement null and void and subject to immediate rescission of the full amount of the Funding Cycle Allocation award and reimbursement by the Grantee of its full value to the County.

Section 14. **Compliance with Laws:** It shall be a contractual obligation of the Grantee hereunder and the Grantee agrees to abide by and be governed by all Applicable Laws necessary for the development and completion of the Project. "Applicable Law" means any applicable law (including, without limitation, any environmental law), enactment, statute, code, ordinance, administrative order, charter, tariff, resolution, order, rule, regulation, guideline, judgment, decree, writ, injunction, franchise, permit, certificate, license, authorization, or other direction or requirement of any governmental authority, political subdivision, or any division or department thereof, now existing or hereinafter enacted, adopted, promulgated, entered, or issued. Notwithstanding the foregoing, "Applicable Laws" and "applicable laws" shall expressly include, without limitation, all applicable zoning, land use, DRI and Florida Building Code requirements and regulations, all applicable impact fee requirements, all requirements of Florida Statutes, specifically including, but not limited to, Section 255.05

Project Narrative/Description

Construct a new art museum for presenting exhibitions, expanding art collections, offer educational programs and will include a sculpture garden as part of the Museum Park project. The design for the MAM Project provides approximately 196,000 square feet of interior and exterior program space. As called for by the functional building program, the 118,000 square foot interior spaces are programmed for galleries, back of house, mechanical and amenities on four levels and the 78,000 square foot covered exterior spaces are programmed for exhibiting large-scale works of art, video and film projections, educational events, special events and a restaurant. The design also allows for an additional 25,000 square feet of interior program space in the future. Free of charge outdoor art components are also planned.

The design also includes under-building parking of approximately 78,000 square feet which will be contiguous with the parking for the Miami Science Museum (MSM). The total number of parking spaces beneath the two museums is estimated at approximately 480. The current overall project budget for the new museum is \$220 million (\$131 million for the building, \$70 million for an operating endowment and \$19 million for transitional expenses).

The \$100 million from the BBC/GOB will be used for the design and construction of the building

GOB Total Funding Allocation Narrative/Description

\$100 million of the \$131 million capital project budget is from GOB funds.

GOB 2008-09 Funding Allocation Narrative/Description

The first GOB grant agreement to MAM was for \$235,000 (less than 1% of their total GOB allocation). These funds have been expended for eligible project costs. The 2008-2009 GOB funding allocation will be utilized for expenses in Pre-design, Planning, including preliminary engineering and Project management. In addition, MAM has spent \$10,000,000 in privately raised funds on the development of the project to date. It is essential to provide the next allocation of GOB funds necessary to sustain work on the completion of the planning and design phase of the new building and to maintain this project's tight timetable.
