Agenda Item No. 8(P)(1)(G)

RECOMMENDATION

It is recommended that the Board of County Commissioners (BCC) approve the attached resolution authorizing execution of a Joint Participation Agreement (JPA) between Miami-Dade County and the Town of Cutler Bay (Town) for the design and construction of the People's Transportation Plan (PTP) road improvement project along Old Cutler Road, from SW 97 Avenue to SW 87 Avenue. The project includes the reconstruction of the existing two (2) lanes, with continuous storm drainage, curb and gutters, street lighting, traffic signalization, landscaping, and enhancements to the existing shared use path. In addition, two (2) traffic circles will be included with the project, one at SW 87 Avenue and Old Cutler Road, replacing the current signalized intersection, and the other at SW 97 Avenue and Old Cutler Road. The JPA provides funding through the Charter County Transit System Sales Surtax (the Surtax); therefore, approval by the Citizens' Independent Transportation Trust (CITT) is required.

SCOPE

This project is located within the Town of Cutler Bay, in Commission District 8.

FISCAL IMPACT/FUNDING SOURCE

The total construction cost, including contingencies, for the project is \$7,524,319. The full amount will be funded by the PTP.

TRACK RECORD/MONITOR

The County will utilize the resources of the Town to design, contract, and construct the project on a reimbursable basis. Disbursement of County funds to the Town shall be based upon Town invoices with certified copies of paid contractor invoices. The project will be assigned to Mr. Bassam Moubayed, CFM, Chief, Construction Division, Miami-Dade County Public Works Department (PWD), who will oversee inspections conducted by PWD staff before release of funds is recommended.

As part of this agreement, the Town agrees to comply with applicable County regulations including, but not limited to, the Community Small Business Enterprise (CSBE) Program, Community Business Enterprise (CBE) Program, the Community Workforce Program (CWP), and the Responsible Wages and Benefits Ordinance (Ordinance No. 90-143).

BACKGROUND

This project is listed in Exhibit 1 of the PTP Ordinance, under the Board Requested Projects in Commission District 8. In addition, two (2) traffic circles will be included with the project, one at SW 87 Avenue and Old Cutler Road, replacing the current signalized intersection, and the other at SW 97 Avenue and Old Cutler Road.

The Town will implement a Public Involvement Plan (PIP) during the construction of the project to provide information to property owners, tenants, and area residents for major work to be performed in the area. Final design is anticipated to be submitted in April 2010, with construction completed by July 2011.

**JOINT PARTICIPATION AGREEMENT
BETWEEN MIAMI-DADE COUNTY AND THE TOWN OF CUTLER BAY
OLD CUTLER ROAD FROM SW 97 AVENUE TO SW 87 AVENUE**

This AGREEMENT, made and entered into this _____ day of _____, 2009, by and between the TOWN OF CUTLER BAY, FLORIDA, a municipal corporation of the STATE OF FLORIDA, hereinafter referred to as the "Town", and MIAMI-DADE COUNTY, a political subdivision of the STATE OF FLORIDA, hereinafter referred to as the "County".

WITNESSETH

WHEREAS, both parties herein wish to facilitate the construction of a road improvement project in MIAMI-DADE COUNTY, hereinafter referred to as the "Project" described as follows:

The design and construction of a roadway improvement project along Old Cutler Road from SW 97 Avenue to SW 87 Avenue, which includes the reconstruction of the existing two (2) lanes, with curb and gutter, enhancements to the existing shared use path, continuous storm drainage system, street lighting, traffic signalization, and landscaping. In addition, the construction of two (2) traffic circles will be included with the project, one at SW 87 Avenue and Old Cutler Road, replacing the current signalized intersection, and the other at SW 97 Avenue and Old Cutler Road; and

WHEREAS, the County wishes to utilize the resources of the Town to design, contract, construct, and administer the Project, subject to the terms and conditions of this Agreement;

NOW, THEREFORE, in consideration of the promises and covenants contained herein, the parties agree:

1. RESPONSIBILITIES OF TOWN:

1.1. **Design:** The Town will secure engineering design and consulting services from qualified firms to develop the construction plans, technical specifications, special provisions, pay items and cost estimates for the Project in accordance with standard Florida Department of Transportation, County, and/or Town, as applicable, design criteria, to the satisfaction of the County's Public Works Director or their designee. The Town's design consultant shall be made available to County to review shop drawings and perform required post-design services, limited to project design. The County agrees that the selection, retention and discharge of the design consultant shall be the responsibility of the Town in accordance with applicable laws and Town procedures. Notwithstanding any provision to the contrary, the Town shall comply with all applicable County contract compliance and oversight measures relating to the expenditure of County funds, in accordance with Section 6 of this Agreement. Prior to the advertisement to solicit design

services from qualified firms, the Town will contact the County's Public Works Contracts and Specifications Section to ensure this compliance.

- 1.2. **Permits and Approvals:** During the course of the design, the Town shall obtain all necessary permits, and utility adjustments; and coordinate the review of construction documents by utilities and permitting agencies. The Town shall make all necessary adjustments as required for approval and/or permitting by those agencies. The Town shall obtain all necessary permits, and utility adjustments for the Project in accordance with applicable state, federal and local laws and ordinances. The Town shall not pay for any permits required by the Miami-Dade County Public Works Department.

Since Old Cutler Road is designated as a State Historic Highway, these approvals must include a written consent from the State of Florida Division of Archives, History and Records Management of the Department of State.

- 1.3. **Public Information and Involvement:** The Town will implement a Public Involvement Plan (PIP) during the design and construction of the Project to provide information to property owners, tenants, and area residents, including but not limited to: public meetings, project documentation and flyers, business signs, directional parking signs, and schedules for major work to be performed in the area. Appropriate investigation of the project stakeholders will be used to develop the goals and objectives to implement the PIP. The Town shall submit a copy of the PIP to the County Public Works Director for review and concurrence prior to the Notice to Proceed for construction.

- 1.4. **Accounting**: The Town shall at all times maintain separate accounting for the costs of the Project so those costs may be independently verified and audited by the County, at the request and cost of the County. The Town agrees to permit the County auditors to inspect the books, records and accounts of the Project for three years after completion of the Project. These records shall be made available to the County for inspection within five (5) business days upon written receipt of a written request from the County.
- 1.5. **Construction**: The Town shall procure the services of a licensed contractor holding an engineering contractor's license to construct the Project. The Town may award the contract through any available lawful means which, in the Town's discretion, affords the most competitive price for construction of the Project and which may include, but is not limited to, bid solicitation, request for proposals, the award of a change order on existing Town contract(s), or the extension of unit-prices provided in connection with prior competitive bid awards. Notwithstanding any provision to the contrary, the Town shall comply with all applicable County contract compliance and oversight measures relating to the expenditure of County funds, in accordance with Section 6 of this Agreement. Prior to the advertisement to solicit a licensed contractor to construct the Project, the Town will contact the County's Public Works Contracts and Specifications Section to ensure this compliance.

The construction contract shall also contain a requirement that the contractor(s) provide a payment and performance bond at least in the amount

and form required by state law naming the County and Town as joint obligees or joint contracting public entities. The construction contract shall contain a contingency amount to address unforeseen conditions and owner required changes which shall not exceed ten percent (10%) of the base amount of the contract, unless otherwise approved by designated representatives of the County and Town. The commitment for the expenditures of any contingency funds shall not be made by the Town without the prior written approval of the County Public Works Director. The County shall respond, in writing, within thirty (30) business days of receiving written requests from the Town to approve the commitment of contingency funds.

Subsequent to the evaluation of bids or proposals by the Town and the Town's determination of the most advantageous bid or proposal, the Town shall provide said evaluation to the County Public Works Director for review and approval. Final commitment of County funds for the Project shall occur upon approval of the contract award recommendation by the County Public Works Director. The County agrees that the selection, retention and discharge of such contractor shall be the responsibility of the Town.

- 1.6. **Claims and Change Orders**: The Town shall notify the County Public Works Director in writing when claims or change orders arise. The Town shall also invite the County to participate in negotiations of these claims and change orders. The County shall review and make a determination or approval of all change orders or supplemental agreements, permits, modifications of plans, or other requests for approvals submitted by the Town.

1.7. **Construction Administration and Inspection:** The Town shall exercise all responsibilities of the owner under the construction contract, including construction administration and inspections. The Town may delegate this function to an authorized agent or Construction Engineering Inspection consultant. The County's inspector shall have an oversight role in the routine daily inspections. In the case of a disagreement over the interpretation of the plans, the County Public Works Director, or their representative, shall have final authority subsequent to an independent final inspection by the County. The Town's designated representative and the County's designated representative shall jointly perform the inspection of the Project which immediately precedes substantial completion. The Town shall certify upon completion that the Project has been constructed pursuant to the design plans, specifications and approved change orders. Final payment to the Town and obligation of maintenance responsibility to the parties shall be subject to the final acceptance of the Project by the County Public Works Director or designee.

2. **RESPONSIBILITIES OF COUNTY:**

2.1. **Funding Amount, Reimbursement of Project Costs:** The County agrees to provide funds up to \$7,524,319 (this amount includes 10% contingency) for eligible costs, as defined herein, incurred by the Town for the design and construction of the Project. The County shall disburse to the Town funds for the Project in the manner set forth in this Section. The County shall incur no liability for any costs in excess of said funding amount unless there has been

a duly authorized increase approved by the Board of County Commissioners and the Citizens' Independent Transportation Trust (CITT).

2.2. County Payments of Project Costs: The County funds provided for eligible costs as defined herein, incurred for the design and construction of the Project are specified below:

<u>Funding Amount</u>	<u>Funding Source</u>	<u>County Fiscal Year of Commitment</u>
\$ 450,000	PTP	2009-2010
\$ 4,200,000	PTP	2010-2011
\$ 2,874,319	PTP	2011-2012

2.3. Project Cost Adjustments: The amount contributed by the County is based on the current estimated costs of the Project. The parties recognize that adjustments to the above-referenced costs may be required in the future and that at the option of the parties, amendments may be entered into to revise the funds available for the Project. Provided that there is no increase in the amount of County funds required as stated in Section 2.1, amendments may be executed by the Town Manager and the County Mayor or County Mayor's designee without the need for approval by the Town Council and County Commission. Otherwise, further funding commitments shall be subject to the approvals of the parties' respective governing boards.

3. ELIGIBLE COSTS: The parties agree that only the below identified costs that may be incurred by the Town that are directly related to the Project are eligible for reimbursement, provided adequate documentation accompanies the reimbursement request in the form of approved invoices, verified payment requests, documented journal entries, and/or check vouchers. For purposes of this Agreement, eligible

costs are further defined as those pertaining to the design and construction of Project elements that are the standard items normally provided for by the County in County roadway construction projects, and not the enhancement of standard items, or the incorporation of items which are in addition to those standard items. The County shall not be assumed to be liable to provide reimbursement for the design, construction or maintenance of such items that do not conform to this section of the Agreement. If enhancements to standard items are constructed in this Project, the Town may request County reimbursement only to a maximum amount corresponding to that which would be expended in providing the normal standard version of that item for a project of the same scope. The parties further agree that eligible costs will not include fees for construction management, construction inspections, and project management.

4. **SCHEDULE AND MANNER OF REIMBURSEMENTS:** Upon execution, the Town shall furnish the County with a copy of the estimated budget for the Project, and will similarly furnish the County with any and all revisions thereto. At the time of contract award for this Project, the Town shall submit the Estimated Quarterly Construction Payout Schedule for the Project to the County Public Works Director. Quarterly disbursement of County funds to the Town shall be based upon Town invoices with certified copies of paid contractor estimates attached and shall not include any other charges. The quarterly submittal for invoice shall also include a certified copy of payment to Sub-Contracted firms.
5. **COMPLIANCE WITH LAWS:** The parties shall comply with applicable federal, state and local laws, codes, ordinances, rules and regulations in performing their

respective duties, responsibilities, and obligations pursuant to this Agreement and with all applicable laws relating to the Project. The parties shall not unlawfully discriminate in the performance of their respective duties under this Agreement.

6. **BUSINESS PROGRAM COMPLIANCE AND OVERSIGHT:** Whenever County funds are used, the Town agrees to comply with applicable County regulations including but not limited to the Community Small Business Enterprise (CSBE) Program, Community Business Enterprise (CBE) Program, the Community Workforce Program (CWP), and the Responsible Wages and Benefits Ordinance (Ordinance No. 90-143). Specifically, the Town agrees to abide by the applicable contract measure recommendation(s) established by the Department of Business Development Project Worksheet for the participation of specified business entities and/or trades, and for CWP requirements, as administered by the County's Department of Small Business Development (SBD). SBD shall have the right to oversee and perform compliance monitoring, including but not limited to, the right to audit and to require reports and documentation related to the Code.

7. **CITIZENS' INDEPENDENT TRANSPORTATION TRUST APPROVAL:** Unless waived by action of the County, this Agreement shall only become effective upon approval by the Board of County Commissioners and the Citizens' Independent Transportation Trust (CITT) or, if not approved by the CITT, by the Board of County Commissioners reaffirmance of the award by 2/3 vote of its membership, all pursuant to the applicable ordinance. In the event the Agreement is not approved, the Agreement shall be null and void and be of no force or effect.

8. **PEOPLE'S TRANSPORTATION PLAN PROJECT SIGNAGE:** The County shall furnish and install a Project sign in each direction of traffic indicating that this Project is being funded by the People's Transportation Plan, in coordination with the Town, in proximity to the start/end of the Project limits. Should Maintenance of Traffic (MOT) signage be required as part of the work, the Project sign shall be placed an appropriate distance before the MOT signage range. The Project signs shall remain in place for the duration of the work or as directed by the Project engineer.

9. **INDEMNIFICATION:** To the extent authorized by Florida law, the Town hereby agrees to indemnify, defend, save and hold harmless the County to the extent of all the limitations included with Section §768.28, Florida Statutes, from all claims, demands, liabilities and suits of any nature whatsoever arising out of, because of or due to the breach of this Agreement by the Town, its agents or employees. It is specifically understood and agreed that this indemnification clause does not cover or indemnify the Town for its sole negligence or breach of contract.

In the event of breach or non-performance by the persons selected by the Town to perform the work, the Town shall, upon written request by the County,

assign to the County any and all of its rights under the affected contract for purposes of the County's prosecution of claims, actions or causes of action resulting from such breach or non-performance unless the Town pursues such claims, actions or causes of action through arbitration, administrative proceeding or lawsuit. The Town agrees to cooperate fully with the County in the prosecution of any such claim or action. Any damage recovered by the County which is attributable to an expenditure by the Town shall be returned to the Town by the County, within sixty (60) business days of receipt.
