**Subject:** Ordinance amending Section 32-8.2 of the Code relating to the permanent landscape irrigation restrictions

---

The ordinance relating to permanent landscape irrigation restrictions is not expected to have a fiscal impact to Miami-Dade County. The permanent landscape irrigation restrictions are a continuation of the watering restriction imposed by the South Florida Water Management District for more than two years. In the long term, it is expected that water conservation measures such as this are more cost effective in meeting our future water demands in lieu of constructing and operating new water supply facilities.

There may be a fiscal or operational impact to commercial properties and governmental agencies whose facilities would have a Saturday watering assignment. However, this impact cannot be easily quantified.
