

# Memorandum

**Date:** June 30, 2009

**To:** Honorable Chairman Dennis C. Moss  
and Members, Board of County Commissioners

**From:** George M. Burgess  
County Manager

**Subject:** Exceltrans application for one wheelchair vehicle (NE Control No. 45015)

Agenda Item No. 8(C)(1)(H)

## **RECOMMENDATION**

It is recommended that the Board approve the application of Exceltrans, Inc. for one Certificate of Public Convenience and Necessity to operate one wheelchair vehicle.

## **SCOPE**

This Certificate of Public Convenience and Necessity is countywide, allowing the certificate holder to operate in unincorporated and incorporated areas of Miami-Dade County.

## **FISCAL IMPACT/FUNDING SOURCE**

There is no fiscal impact to the County.

## **TRACK RECORD/MONITOR**

Applicant is a new permit holder. However, the principal of the corporation, Mr. Fritz St-Louis, has been a licensed taxicab driver since 2001. There is no enforcement history. The Consumer Services Department (CSD) will be responsible for monitoring this company.

## **BACKGROUND**

On December 18, 1980, the Board of County Commissioners adopted Ordinance 80-145, later codified in Chapter 4, Article III of the Code of Miami-Dade County, providing for the regulation of non-emergency medical transportation. Section 4-44 of the County Code provides the procedures to be followed by the County in processing certificate applications. Based upon those requirements, the Board may issue or refuse to issue the certificate as applied for, or may issue the certificate with modifications or upon such terms and conditions as in its judgment the public interest may require. In reaching a determination, the Board shall consider the application, the County Manager's recommendation, all matters presented during the public hearing held at the June 9, 2009 Government Operations Committee (GO) meeting, and among others, the following criteria:

- (1) The ability of the applicant to provide the proposed service;
- (2) The adequacy of the management plan of the applicant; and
- (3) The benefits that will accrue to the public interest from the proposed service.

Each resolution approving an application shall specify that a certificate to operate a single non-emergency vehicle has been authorized thereby.

Exceltrans, Inc., located at 12145 NW 7<sup>th</sup> Avenue, Miami, Florida 33168, seeks to obtain a Certificate of Public Convenience and Necessity to provide wheelchair non-emergency medical transportation service to individuals requiring this type of transportation. This is one of three Certificates requested by the applicant.

The applicant seeks to transport patients to and from various medical facilities throughout Miami-Dade seven days a week, 24 hours a day. Non-emergency transportation rates are not regulated by Miami-Dade County; however, under the Code the Certificate Holder must file their rates with CSD and post them within the passenger compartment section of each vehicle. The proposed rates are \$10.00 per person one-way, and \$3.00 per mile. The vehicle operated under this certificate will be required to meet the requirements of Section 4-49 of the Code establishing vehicle inspection frequencies.

The management plan submitted by Mr. Fritz St-Louis, President of Exceltrans, Inc., includes maintenance, communication, and record keeping systems and meets the requirements of the Code. All required financial statements and credit references have been submitted. The proposed service standards meet all requirements of the Code and adequately meet transportation and comfort needs. A background investigation reveals no criminal record within the last five years for the officer(s) of the corporation.

The proposed services to be provided under this certificate will increase the availability of licensed non-emergency medical transportation in Miami-Dade County thus providing increased competition and high service standards to the public.

**ARTICLE III. NONEMERGENCY MEDICAL TRANSPORTATION\***

**Sec. 4-41. Short title.**

This article shall be known as the "Nonemergency Medical Transportation Ordinance."

(Ord. No. 80-145, § 1, 12-18-80)

**Sec. 4-42. Legislative findings and intent.**

(a) During the 1979 State legislative session, authority for regulation of nonemergency medical transportation was transferred from the Public Service Commission to the Department of Health and Rehabilitative Services (Chapter 401, Florida Statutes). It mandated the elimination of economic regulations at the State level and required each County to establish local control of the industry. A prior condition for obtaining a State license and permit is a County certificate of public convenience and necessity.

(b) The purpose of this article is to ensure the health and safety of those citizens who must use nonemergency transportation. Regulation of the nonemergency medical transportation industry is susceptible to and can most effectively be carried out under a uniform plan of regulation to [of] the County as a whole.

(c) Artificial restrictions upon the nonemergency medical transportation industry based solely upon economic regulations, that limit competition and impose unreasonable standards on the industry, are not in the best interest of the health, welfare, safety and convenience of the handicapped and disabled residents of the County who rely on this form of transportation. The riding public should not be required to bear the effects of governmentally imposed restrictions upon the industry which are artificial or unnecessary.

(Ord. No. 80-145, § 2, 12-18-80)

\*Editor's note—Pursuant to § 15 of Ord. No. 80-145, directing its inclusion in the Code, the editor has designated §§ 1-13 of said ordinance as Art. III, §§ 4-41-4-53.

The definition of nonemergency medical transportation service or nonemergency service shall also include service provided by any vehicle operating under a Dade County certificate of public convenience and necessity received under this article which is designed to accommodate no more than eight (8) passengers, exclusive of the driver and which is equipped to transport passengers confined to a wheelchair, where such vehicle is provided by Dade County to an oper-
