Agenda Item No. 8(B)(1)(A)

Subject: The Final Renewal Option In The Existing Contracts Between Miami-Dade County And Selected Delegate Agencies For The Provision Of Head Start/Early Head Start Services For The 2009-10 Program Year

Recommendation

The Miami-Dade Community Action Agency (CAA) Board (the CAA Board) is recommending that the Board of County Commissioners (BCC) renew the existing Head Start and Early Head Start contracts in substantially the same form as **Attachment A and Attachment B, respectively**, which are attached hereto and incorporated herein, with the fourteen (14) delegate agencies listed below for the provision of Head Start and Early Head Start services for the 2009-10 Program Year. The renewals shall represent the second and final option to renew provision provided in the contracts of the delegate agencies selected in 2007 through a series of competitive bid processes.

Allapattah
Catholic Charities
Centro Mater
Family Christian Association of America (FCAA)
Haitian Youth
KIDCO
Landow Yeshiva
LeJardin
O'Farrill Learning Center
Our Little Ones
Paradise Christian School
St. Alban's Child Enrichment Center
Sunflower Academy
United Way of Miami

Scope

The CAA Board recommends renewal of contracts with the fourteen (14) delegate agencies selected through competitive processes for the continued provision of Head Start services for the 2009-2010 Program Year. The recommended number of slots and the costs for services for each delegate agency are provided in **Attachment C**. Combined, the delegate agencies will serve a total of 4,090 children; 3,942 for Head Start and 148 for Early Head Start.

All of the centers will provide child care in conjunction with health, education, nutrition, and social services determined to be necessary for the welfare of children and their families as stipulated by the United States Department of Health and Human Services (HHS). All of the proposed recommendations were reviewed and approved by the Head Start Policy Council and the CAA Board at their meetings in May 2009, as required. Upon approval of this item, the County Mayor or Mayor's designee will have the authority to exercise the second and final renewal option provided for in the existing delegate agency contracts.

Fiscal Impact/Funding Source

There is no fiscal impact to the County. Funding for the delegate agencies will be provided from the funding awarded to the Head Start Program by the HHS for the 2009-2010 Program Year, as authorized by Resolution No. R-811-06. Pursuant to federal mandates, the selected providers are required to provide a 25% match to the federal funds awarded.

Track Record/Monitor

Utilizing the Federal Office of Head Start's Protocol, staff conducted detailed programmatic and fiscal reviews of each of the delegate agencies as well as the County operated sites. The intent of the reviews is to ensure the operation of programs in accordance with the more than 1,700 Federal regulations, standards and procedures defined in the Protocol for Head Start/Early Head Start Programs. CAA proactively monitored records, observed interactions with children and compared findings with each one of the required protocols for the various program disciplines, such as mental health, disabilities, education, administration, nutrition, etc.

Written reports produced for each of the site reviews outlining the findings are shared with the appropriate program staff for each delegate. Findings are categorized as either issues of non-compliance or deficiencies. As appropriate, corrective action plans are developed with specific timeframes for resolution of the noted findings. Subsequent visits are conducted after the initial review period to ensure implementation of corrective action plans, and to address any noted compliance issues. All of the delegate agencies recommended for contract renewal are performing at a satisfactory level based on the defined HHS standards and procedures.

The number of delegate agencies recommended for renewal for the 2009-2010 Program Year excludes Barry University and the James E. Scott Association (JESCA), two (2) agencies that were approved for renewal in 2008-2009. Barry University notified CAA of its intent to discontinue providing Head Start services at the beginning of the 2008-2009 Program Year. As a result, the County temporarily assumed the administration of sixty (60) Head Start slots and sixteen (16) Early Head Start slots funded by the Children's Trust.

In November 2008, JESCA submitted notice of termination of their agreement to provide Head Start services. This notice coincided with the directives of the CAA Board to terminate the contract due to the agency's inability to maintain fiscal operations.

Federal Monitoring

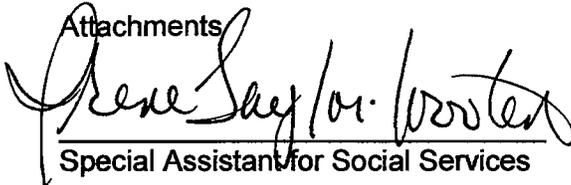

The County's Head Start/Early Head Start Program did not receive any findings of deficiency resulting from the Federal monitoring conducted in May 2008. The Program was cited with nineteen (19) non-compliances. All of these items were addressed with HHS during a follow-up visit and staff is awaiting a final report.

Manager's Background

The Miami-Dade Community Action Agency has been providing comprehensive child development services through the Head Start Program since 1965, and the Early Head Start Program since 1990. In combination, the Head Start/Early Head Start Program is funded to serve 6,210 preschool and 394 infant and toddler children and their families. All of the preschool slots are funded by the Department of Health and Human Services. The Early Head Start slots are funded by the Department of Health and Human Services (318 slots) and The Children's Trust (76 slots). (Please note that the final decision for the grant award for funding of these 76 slots is pending). Services are currently provided countywide. The County, along with fourteen (14) delegate agencies, operates a total of eighty-nine (89) centers countywide.

All of the current delegate agencies were selected through a competitive process that commenced in 2007 with the issuance of a Request for Proposals (RFP). The intent of the RFP was to afford community-based early child care and education providers the opportunity to become a Head Start/Early Head Start delegate agency and to expand center-based services to areas of the County that have been determined as high need and/or underserved. A total of fourteen (14) delegate agencies were initially recommended for funding, as a result of the RFP. The remaining two (2) agencies were selected through a follow-up competitive process. In total the selected delegate agencies will serve a total of 3,942 Head Start slots and 148 Early Head Start slots. While the contractual amount for seven (7) of these agencies will exceed \$1 million therefore requiring BCC approval, all of the contract renewals are being brought to the BCC for approval, pursuant to Resolution No. R-794-07.
