

# Memorandum

**Date:** January 21, 2010

**To:** Honorable Chairman Dennis C. Moss  
and Members, Board of County Commissioners

**From:** George M. Burgess  
County Manager 

**Subject:** Resolution Authorizing the Reimbursement in the Amount of \$80,646.90 to Florida Power and Light Company for the Removal of the Temporary Facilities and the Resetting of the Distribution Lines Required for the People's Transportation Plan (PTP) Project Entitled Roadway Improvements along SW 127 Avenue, Project No. 20060289

Agenda Item No. 8(P)(1)(D)

## **RECOMMENDATION**

It is recommended that the Board of County Commissioners (BCC) approve the attached resolution authorizing the reimbursement to Florida Power and Light Company (FP&L) in the amount of \$80,646.90 for the removal of the temporary facilities required for the roadway construction of SW 127 Avenue from SW 120 Street to SW 88 Street, Miami-Dade County Project No. 20060289. Proceeds from the Charter County Transit Surtax (the Surtax) will be used to fund the project; therefore, approval by the Citizen's Independent Transportation Trust (CITT) is required.

## **SCOPE**

The project is located within Commission Districts 8 and 10.

## **FISCAL IMPACT/FUNDING SOURCE**

The fiscal impact to the Charter County Surtax is the one time reimbursement cost of \$80,646.90 for the removal of temporary FP&L facilities. Please note that the cost submitted by FP&L, invoice attached herewith, was obtained by FP&L through a competitive bidding process. The aforementioned project is listed in the People's Transportation Plan (PTP) Ordinance under Board requested projects in Commission Districts 8 and 10. This removal cost qualifies for reimbursement since FP&L facilities were within an easement and their temporary relocation was necessary for the SW 127 Avenue, Project No. 20060289.

## **DELEGATION OF AUTHORITY**

No additional authority is being requested within the body of this contract.

## **TRACK RECORD/MONITOR**

FP&L has completed the removal of their facilities in a satisfactory manner and Miami-Dade County Public Works Department's Project Manager, Mr. Octavio Marin, P.E. has verified this work.

**BACKGROUND**

In order to complete the proposed roadway widening of SW 127 Avenue from SW 120 Street to SW 88 Street, the County requested that FP&L relocate their existing Distribution facilities along SW 127 Avenue in the area from SW 108 Street to SW 88 Street. The total cost of the required work was estimated by FP&L in the amount of \$826,172.46. The work consisted of relocating facilities along SW 127 Avenue, including the temporary relocation of the power lines crossing the C-100 Canal in order to allow the construction of the planned bridge. Resolution R-57-09 had authorized payment in the amount of \$669,462.29 to FPL for the initial relocation of the power lines that allowed the project to commence.

This proposed payment authorization, which was not included in the above-referenced Resolution, is for the last of the planned relocation activities, specifically the removal of the temporary facilities and the resetting of the Distribution lines across the C-100 canal upon the completion of the construction of the new bridge. This work has been completed and reimbursement to FP&L in the amount of \$80,646.90 is recommended. The required work by FP&L has been completed at a total cost of \$750,109.19; \$76,063 less than originally estimated.
