

Memorandum

Date: December 15, 2009

To: Honorable Chairman Dennis C. Moss
and Members, Board of County Commissioners

From: George M. Burgess
County Manager 

Subject: Resolution Requesting Authority to Exercise Option-to-Renew Periods Under Existing Competitively Bid Contracts that Would Bring the Cumulative Contract Value to More than \$1 Million

Agenda Item No. 8(O)(1)(A)

Recommendation

It is recommended that the Board of County Commissioners delegate to the County Mayor or County Mayor's designee the authority to exercise, in his discretion, the Options-to-Renew (OTRs) set forth in this item. Ordinance #07-139 provides for committee review exemption. ***Contract amounts and department allocations represent the maximum spending authority based on estimated past usage. This action does not guarantee that the total contract amount/value will be expended by County departments and/or agencies.***

Scope

The impact of the item in the accompanying OTR package is countywide in nature.

Fiscal Impact/Funding Source

Funding will be expended only if departmental budgets can support the expenditures approved in their Resource Allocation Plan adopted annually by the Board.

Track Record/Monitor

There are no known performance issues with the vendor recommended for award in the accompanying agenda item. The departments' contract manager is reflected in the accompanying agenda item.

Delegated Authority

If this item is approved, the County Mayor or County Mayor's designee will have the authority to exercise OTRs in accordance with the terms and conditions of the contract listed in the accompanying package.

Background

The competitively bid contract listed in this item requires approval to exercise OTRs contained in the contract that would, if exercised, bring the cumulative value of the contract over \$1 million. This contract was awarded under the County Mayor or County Mayor's designee's delegated authority (\$1 million for competitive procurements) pursuant to Section 2-8.1(b) of the County Code and the Master Procurement Administrative Order, A.O. 3-38.

On August 11, 2008, the Board was informed that, prospectively, Board approval would be sought when awarding contracts exceeding \$1 million in value if the OTRs are exercised. The Board authorized OTRs for contracts 1 and 5 per Resolution No. R-1032-08 adopted on

October 7, 2008. Contracts 2, 3, and 4 in this package were awarded prior to that date.

Prior to exercising any Options-to-Renew (OTR) periods, market research is conducted to ensure that continuing to purchase from the awarded vendor is in the best interest of the County. Market research includes competitive factors such as pricing, quality, product features, technology, and lead time. It may also include commercial factors such as environmental issues, other governmental entity practices, industry trends, support and capabilities. The OTRs for each contract in this package will be executed if determined to be in the best interest of the County.

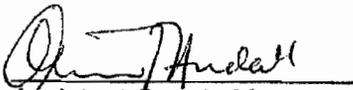

Item No. 1: Executive Search and Consulting Services Pool seeks authority to exercise the second OTR period for executive search and consulting services for the Human Resources Department. The amount being requested for the second option term is **\$150,000**.

Item No. 2: Park & Recreation Business Management Software seeks authority to exercise the first OTR period for maintenance and support services for Business Management Software for the Miami-Dade Park & Recreation Department. The amount being requested for the first option term is **\$78,000**.

Item No. 3: Bell Helicopter Replacement Parts seeks authority to exercise the third OTR period for purchase of original equipment manufacturer (OEM) and non-OEM Bell helicopter replacement parts for the Miami-Dade Fire Rescue Department. The amount being requested for the third option term is **\$200,000**.

Item No. 4: Liquid Level Control System-Prequalification seeks authority to exercise the third OTR period for purchase of units, parts, service and installation of liquid level control systems for the Miami-Dade Water and Sewer Department. The amount being requested for the third option term is **\$454,000**.

Contract Managers: Pearl P. Bethel, Department of Procurement Management
Mary Lou Rizzo, Human Resources Department

JUSTIFICATION

This pool of pre-qualified vendors was established through an open competitive Request for Qualifications process. The awarded firms have experience in identifying, recruiting and placing high-level managerial and executive personnel. At the County's discretion, qualified vendors may be added to this pool.

These services may be needed at any time. However, before accessing this pool, the Human Resources Department will evaluate the feasibility of conducting the executive search in-house which may include publicizing the position via print media, websites, and professional associations as well as contacting possible candidates. If it appears that these measures would not produce a viable applicant pool, the County has the option to utilize the pool to conduct a nationwide search to increase available candidates. Members of the pool are able to streamline the recruitment process, and identify candidates that are best suited for unique and hard to fill positions. Accordingly, it is in the best interest of the County to exercise the second option-to-renew.
