BACKGROUND

The current broker services contract, and insurance program will expire on July 1, 2010. Arthur J. Gallagher Risk Management Services, Inc. is the provider on the current contract. The renewal contract must be in place well before the insurance inception date to allow time for optimal preparation of submissions, to insurance carriers, and to perform effective marketing of the program. This will ensure that the County obtains the best program and value.

It is important that the County's broker understands the issues specific to public entities, and has experience with placing large public entity property programs in Florida and more importantly, the South Florida area. Arthur J. Gallagher Risk Management Services, Inc. was the highest ranked proposer. This broker has experience in placing multi-layer property programs, combined with an understanding of the unique issues involving public entities and the South Florida Market place. This experience will provide a competitive edge in the insurance marketplace to obtain the most economical program that best meets the County's needs. Contract negotiations with the broker resulted in a 12.5% reduction to the proposed broker fee.

In lieu of the traditional broker fee arrangement where an annual fee is paid to the broker by the County, the broker will pursue compensation from the insurance carriers involved in the placement of the program. Compensation shall only be pursued after the program is in place, therefore, not affecting the County's insurance premium. The broker's compensation will be capped at \$35,000 annually for the initial five-year contract term. The broker will provide a detailed listing of compensation from each carrier on the program, and a notarized annual report of all compensation received on this program.

The County may, at its sole discretion in any year of the contract, choose to utilize the traditional broker fee arrangement and pay the annual fee to the broker. However, the alternate compensation arrangement proposed by the broker could potentially provide a savings to the County of up to \$35,000 annually (\$175,000 for the initial contract period) without increasing the premium costs.

The estimated annual premium is \$1,600,000. The Board will be provided with a report of actual costs on an annual basis.

Any such dispute shall be brought, if at all, before the County Manager within 10 days of the occurrence, event or act out of which the dispute arises.
