

Memorandum

Date: March 2, 2010

To: Honorable Chairman Dennis C. Moss
and Members, Board of County Commissioners

Agenda Item No. 8(P)(1)(G)

From: George M. Burgess
County Manager

Subject: Resolution Authorizing the Reduction in Square Footage of the Designated Property Known as Parcel 12 for Right-of-Way Needed for the People's Transportation Plan (PTP) Project Entitled Roadway Expansion, Beautification and Improvements to SW 27 Avenue, from US 1 to South Bayshore Drive, to be a Public Necessity and Authorizing the Use of Charter County Transit Surtax Funds

Recommendation

It is recommended that the Board of County Commissioners (BCC) rescind the previously adopted Resolution R-1192-08 dated November 20, 2008 authorizing the acquisition of Parcel 12 needed for roadway expansion, beautification and improvements along SW 27 Avenue from US 1 to South Bayshore Drive, declaring the acquisition to be a public necessity and authorizing the County Mayor or County Mayor's designee and County Attorney to employ appraisers, expert witnesses, obtain environmental audits, and to take any and all appropriate actions to acquire the subject property in fee simple by donation, purchase or by eminent domain proceedings, including a declaration of taking as necessary for and on behalf of the County. Approval of the attached resolution authorizes the acquisition of said parcel in the aforementioned manner, but reduces the square footage of Parcel 12 by 193 square feet as a result of this project being subjected to value engineering and cost effectiveness.

Scope

The subject property is located within Commission District 7 and the City of Miami.

Fiscal Impact/Funding Source

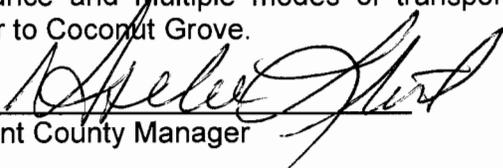

Funding for the right-of-way acquisition and construction of this project will be provided by the Charter County Transit Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County. This project was specifically listed in the People's Transportation Plan (PTP) as one of the Board requested improvement projects for Commission District 7.

Track Record/Monitor

Not Applicable

Background

In an effort to curtail costs, the SW 27 Avenue Project was scrutinized for cost effectiveness and subjected to value engineering. These efforts resulted in the redesign of a segment of the project, yielding cost savings, minimizing the amount of right-of-way to be acquired, maintaining the integrity of the project, while adhering to the goals of the BCC. This resolution authorizes the reduction in square footage of Parcel 12 for right-of-way needed by PWD for roadway expansion the area to be acquired is legally described in Exhibit "A" and illustrated in the parcel location map in Exhibit "B," attached. These improvements will increase vehicular capacity, improve traffic mobility, provide ADA compliance and multiple modes of transportation, as well as serve as a beautification entrance corridor to Coconut Grove.
