

Memorandum

Date: April 13, 2010

To: Honorable Katy Sorenson, Chairperson
and Members, Budget Planning, and Sustainability
Committee

BPS

Agenda Item No. 7A

From: George M. Burgess
County Manager

A handwritten signature in black ink, appearing to read "G. Burgess", written over a horizontal line.

Subject: Departmental Budget Information

Attached is departmental budget information. These packages include preliminary information from initial submissions. Base budget information will continue to be adjusted throughout the resource allocation process and any subsidies indicated should not be considered as final. We will continue to provide updated information throughout the resource allocation process.

A handwritten signature in black ink, appearing to read "Jennifer Glazer-Moon", written over a horizontal line.

Jennifer Glazer-Moon, Special Assistant/Director
Office of Strategic Business Management

Agenda Coordination

COMMITTEE REPORT
Department: Agenda Coordination
(\$ in 000s)

Department Budget Summary

FY 2009-10 Execution of Commitments

Highlight

- Reduction of printing costs (\$47,000)
- Elimination of four positions and overtime costs (\$400,000)
- Promote the availability of agenda items and agendas on-line and continue to enhance availability and amount of information pertaining to County Commission meetings on the County's website
- The Mid-Year target reduction reduces operating expenditures (\$10,000)

Status

- The department has eliminated all printed Committee and Commission agenda kits for the Administration
- Duties have been absorbed by remaining staff by implementing efficiency measures
- For FY 2010-11, the department estimates that about 800,000 agenda items will be viewed on-line; this will equate to approximately 60,000 visits to the Legistar Information Center site on the Office of Agenda Coordination website
- These reductions reduce resources for technical assistance, training, and workshops

Comments/Justification: Measure number of issues or errors that occur during the agenda process on a yearly basis

Audit and Management

COMMITTEE REPORT
Department: Audit and Management Services
(S in 000s)

Department Budget Summary

FY 2009-10 Execution of Commitments

Highlight

- Conduct audits aimed at operational efficiency and effectiveness in County departments and agencies; produce constructive recommendations that are high-impact, yield dollar savings, foster process improvements, or result in cost avoidance

- Conduct planned audits and follow-up resolutions to assure key audit findings are appropriately and timely addressed; assure timely communication of audit results

- Retain existing staff and enhance staff development through on-going professional training

Status

- The Department has completed 15 of 40 planned audits as of February 28, 2010. Assessments totaling \$4 million have been collected from prior year audits. Due to the loss of seven staff positions, fewer audits will be completed than originally planned, increasing the County's exposure to lost revenue, abusive practices, and inefficiencies, among other risks. Completed audits resulted in revenue recoveries, improved processes and controls, as well as enhanced auditee compliance. Adequate resources to perform internal and external examinations are critical to the County achieving its mission of maintaining a strong internal control environment and properly stewarding public funds.

- To date, the Department has issued 50% of the audit reports within 90 days of fieldwork completion; one of the five planned follow-up audits is underway.

- The Department will conduct training in the fourth quarter of 2010 to further enhance staff's operational auditing and information technology skills.

Commission Auditor

COMMITTEE REPORT
Department: Office of Commission Auditor
(\$ in 000s)

Department Budget Summary

FY 2009-10 Execution of Commitments

Highlight

- Perform legislative analysis of agenda items for Board of County Commission and Committee agendas
- Review departmental budgets during the development of the resource allocation plan
- Perform audit project review in accordance to the adopted work plan

Status

- The OCA performed approximately 96 BCC agenda and committee agenda legislative reviews during FY 2008-09
- During FY 2008-09 OCA analyzed and reviewed all departmental budget submission and attended all Office of Strategic Business Management department resource allocation meetings
- During FY 2008-09 OCA completed 77 percent of the audits described in the adopted work plan; for FY 2009-10 and FY 2010-11 OCA expects to complete 100 percent of the audit projects; in addition it anticipates increasing emphasis on budget-oriented projects

Environmental Resources Management

COMMITTEE REPORT

Department: Environmental Resources Management

(\$ in 000s)

Department Budget Summary

FY 2009-10 Execution of Commitments

Highlight

Status

- Maintain and improve beaches which will enhance quality of life and increase tourism through the Miami-Dade County Beach Erosion and Renourishment Program (\$18.6 million), funded from carryover (\$609,000), the Building Better Communities (BBC) Bond Program (\$6.2 million), Army Corps of Engineers (\$3.5 million), and State Beach Erosion Control Funds (\$8.291 million)

- The department is projecting to spend \$16.850 million in FY 2009-10 and \$5.720 million in FY 10-11 in beach renourishment projects

- Ensure that environmentally endangered lands are protected and continue to thrive as native habitats through the Environmentally Endangered Lands (EEL) Program by purchasing land (\$10.183 million), planning and designing native habitats (\$1.5 million), and managing land within the EEL Program (\$3.25 million); funding will be provided through carryover (\$14.933 million)

- In FY 2009-10, the department projects acquiring 1,301 acres, which is above the goal of 468 acres; the department projects expenditures of \$2.361 million for acquisitions, \$1.058 million for planning and design, and \$3.5 million for land management; funding of \$1.361 million will be provided from the Building Better Community (BBC), \$2 million from departmental trust funds, \$1 million from EEL interest earnings, \$2.458 million from prior year carryover, and \$100,000 from grants

---	---	---	---	------	------	------	------	------	-------

Comments/Justification: Measure transferred to DERM from Sustainability

Activity: Environmental Education and Communication (NU) Environmental Education and Communication (030)

Environmental educational events coordinated by the department	100	63	63	111	114	120	120	120	NU3
--	-----	----	----	-----	-----	-----	-----	-----	-----

Comments/Justification:

Baynanza volunteers	6,511	6,500	6,513	7,613	7,749	7,000	7,000	7,000	NU3
---------------------	-------	-------	-------	-------	-------	-------	-------	-------	-----

Comments/Justification: Variance in target verses actual due to walk-on volunteers that do not pre-register for the event.

Activity: Information Technology and Records Management (NU) Information Technology and Records Management (030)

Significant computer system outages	0	0	0	0	0	1	0	1	ES4-2
-------------------------------------	---	---	---	---	---	---	---	---	-------

Comments/Justification:

Percentage of service calls resolved at first contact by computer help desk				73%	75%	73%	73%	73%	ES4-2
---	--	--	--	-----	-----	-----	-----	-----	-------

Comments/Justification: Actual exceeds ICMA FY 08 mean of 43%.

Activity: Natural Resources Regulation and Restoration (NU) Natural Resources Regulation and Restoration (030)

Percentage of Resource Protection Permit applications reviewed on time (Class I - VI Permits)				83%	98%	95%	98%	95%	NU3
---	--	--	--	-----	-----	-----	-----	-----	-----

Comments/Justification:

Percentage of wetland acres reviewed for unauthorized impacts				80%	90%	100%	50%	50%	NU3-3
---	--	--	--	-----	-----	------	-----	-----	-------

Comments/Justification: FY 09-10 projection is lower due to vacancies and countywide hiring freeze. FY 10-11 target reduced to reasonably address the work generated through unauthorized impacts.

Acres of Environmentally Endangered Lands acquired*	148	315	792	167	1,425	975	1,301	100	NU3-3
---	-----	-----	-----	-----	-------	-----	-------	-----	-------

Comments/Justification: Note: FY 08-09 acquisitions exceeded the target due to the real estate downturn. The FY 09-10 projection is higher than the target due to a large mitigation donation. The FY 10-11 base budget target is low 1)based on the assumption that EEL Trust Fund interest earnings will remain low and 2) the program is not due any GOB funding (the next allotment is expected FY 2014-2015). The possibility of moving up the GOB allocation is less likely due to high funding demand limited by a smaller bond offering due to budget constraints and low interest rates. We will continue to seek other funding sources to augment the program.

Community Rating System score (1=Best, 9=Worst)	5	5	5	5	5	5	5	5		NU6-1
Comments/Justification: In 2009, the rating of 5, translated to \$23 million in flood insurance savings for residents.										
Square miles of terrain modeling updated			2,400	2,450	3,025	2,400	2,400	2,400		NU6-1
Comments/Justification: In FY 08-09, the target was exceeded due to additional NPDES and CRS audit requirements.										

Finance

COMMITTEE REPORT
Department: Finance
(\$ in 000s)

Department Budget Summary

FY 2009-10 Execution of Commitments

Highlight

- Close down South Dade Public Service Office and eliminate eight positions in the Tax Collector (\$610,000)
- Monitor the County's portfolio composition on a daily basis
- Expedite payment invoices 45 days at 90 percent and 30 days at 70 percent
- Develop Department Succession Planning Program to retain future knowledge and skills while developing a skill set to assume a leadership positions
- Implement a data warehouse for the Controller's Division to facilitate the reporting and data management of financial information
- The Finance Department will provide a transfer to the Capital Outlay Reserve to support County department capital projects
- Implement mid-year targeted reductions

Status

- This reduction impacts services for South Dade residents and these services are available via the internet or a local auto tag branch agency; the office was closed as of October 2, 2010
- During FY 2008-09, the average rate of return on County funds was 1.6%, for FY 2009-10 it is projected at 1.5%, and for FY 2010-11 it is estimated at 1.0%
- For FY 2009-10, 90% percent of invoices are expected to be paid within 45 days of receipt; in addition, the department is now tracking the percentage of invoices paid within 30 days and in FY 2009-10, 75% of invoices are expected to be complete within this time frame
- The Department has been proactively managing the succession plan for critical positions such as division directors or other positions with specialized skill sets; the Department continues to cross-train and provide designee programs for employee growth and future planning
- The department is expanding the data warehouse countywide to facilitate the reporting and data management of financial systems
- A transfer of \$14.948 million will occur at the end of the fiscal year
- Delay the implementation of the AP Workflow project as part of the FY 2009-10 expenditure reductions; this will delay the centralization of AP functions countywide (\$1 million)

	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08	FY 2008-09	FY 2009-10	FY 2009-10	FY 2010-11	Desired Outcomes
Description	Actual	Actual	Actual	Actual	Actual	Target	Projection	Target	
Percent complete of initiative to increase customer awareness of Tax Collector services	N/A	N/A	75%	75%	80%	95%	85%	90%	ES8-5
Comments/Justification: Includes the following activities: create overall rating of objective based activities, improve design of tax bills, continue to improve design of auto tag courtesy mail renewal notice, expand outreach and availability of information, enhance on-line tax payment services, develop tangible personal property website (now complete), implement acceptance of tax payments by credit and debit card.									

Percent complete of initiative to improve payments processing systems	N/A	N/A	65%	65%	65%	80%	70%	80%	ES8-5
Comments/Justification: Includes the following activities: achieve Check 21 compliance, procure and implement a new tax collection system, and investigate point-of-sale technology; purchase and implement new payment processing hardware and software to enable all payment processing (including that performed by lockbox) to be completed in-house thereby reducing costs, improving efficiency and raising levels of customer satisfaction by more timely payment processing.									
Percent complete of initiative to refine the Tax Collector's organizational alignment	N/A	N/A	70%	70%	70%	90%	80%	90%	ES8-5
Comments/Justification: Includes the following activities: review lockbox function, review management information systems, and conduct a comprehensive review of the Exception and Enforcement Units									
Transient Lodging Taxes collected (in millions)	\$50.408	\$58.725	\$90.421	\$93.6	\$81.3	\$68.0	\$77.4	\$70.6	ES8-5
Comments/Justification: This is the total of all "bed" taxes including TDT, CDT, and Sports Tax									
Certificates sold	N/A	N/A	68,500	55,500	62,300	62,000	62,614	61,400	ES8-4
Comments/Justification: Tax Certificates sold by means of an online auction held annually commencing on or before June 1st each year.									
Online vehicle/vessel registration renewals	N/A	N/A	350,000	351,000	407,000	370,000	410,000	436,000	ES8-4
Comments/Justification: Online vehicle, vessel and mobile home registrations are performed on the DMV website by Miami-Dade customers. The renewal file is transmitted to the Fast Payment Processing Unit where registrations and decals are printed and mailed to customers the next day. E Commerce (as it is named) is the quickest means available to renew and receive vehicle, vessel and mobile home registration and decal									
Percentage of real estate payments processed as exceptions	N/A	N/A	40%	10%	4.6%	5%	10%	5%	ES8-4
Comments/Justification: These are the Ad Valorem payments received at the Tax Collector's Office that cannot be processed within the Fast Payments Processing Unit and are referred to the Exceptions Processing Unit for further research or investigation									
Convention Development Tax (CDT) collected (in millions)	N/A	N/A	\$44.6	\$47.2	\$40.7	\$41.7	\$38.9	\$35.4	ES8-4
Comments/Justification: The three percent (3%) Convention Development Tax (CDT) is collected throughout Miami-Dade County, with the exception of the cities of Surfside and Bal Harbour. CDT receipts are distributed to Miami-Dade County, 1/3 of which must be used in the most populous city of the County.									
Homeless and Domestic Violence Tax collected (in millions)	N/A	N/A	\$14.0	\$14.4	\$14.8	\$13.9	\$14.5	\$14.5	ES8-4
Comments/Justification: one percent (1%) Homeless and Domestic Violence Tax is collected on all food and beverage sales by establishments that are licensed by the State of Florida to sell alcoholic beverages for consumption on the premises, except for hotels and motels. Only businesses that make over \$400,000 in gross receipts annually are obligated to collect this tax. The Homeless and Domestic Violence Tax is collected throughout Miami-Dade County with the exception of facilities in the cities of Miami Beach, Surfside and Bal Harbour. Eighty-five percent (85%) of the tax receipts goes to the Miami-Dade County Homeless Trust, and fifteen percent (15%) goes to Miami-Dade County for domestic violence centers.									

Professional Sports Tax Revenues (PST) collected (in millions)	N/A	N/A	\$8.6	\$8.8	\$7.1	\$7.1	\$6.6	\$5.6	ES8-4
Comments/Justification: One percent (1%) Professional Sports Facilities Franchise Tax is collected throughout Miami-Dade County, with the exception of the cities of Surfside, Bal Harbour and Miami Beach. This one percent (1%) tax is used only for debt service payments on county debt for professional sports facilities.									
Tourist Development Room Tax Revenues (TDT) collected (in millions)	N/A	N/A	\$17.3	\$17.7	\$14.3	\$14.3	\$13.1	\$11.3	ES8-4
Comments/Justification: The two percent (2%) Tourist Development Tax (TDT) is collected throughout Miami-Dade County, with the exception of the cities of Surfside, Bal Harbour and Miami Beach. Sixty percent (60%) of the TDT is distributed to the Greater Miami Convention and Visitors Bureau, twenty percent (20%) to the Miami-Dade County Department of Cultural Affairs, and twenty percent (20%) to the City of Miami.									
Tourist Development Surtax collected (in millions)	N/A	N/A	\$5.6	\$5.7	\$4.6	\$4.6	\$4.3	\$3.8	ES8-4
Comments/Justification: The TDS is collected throughout Miami-Dade County with the exceptions of facilities in the cities of Surfside, Bal Harbour or Miami Beach. TDS receipts are distributed to the Greater Miami Convention and Visitors Bureau.									

Office of Intergovernmental Affairs

COMMITTEE REPORT
Department: Office of Intergovernmental Affairs
(\$ in 000s)

Department Budget Summary

FY 2009-10 Execution of Commitments

Highlight

- Monitor all state and federal legislative items
- Monitor federal and state contracts

Status

- OIA aggressively monitored a total of hundreds of legislative items on the County's behalf during the federal and state legislative sessions
- In FY 2008-09, OIA monitored a total of five federal contracts and seven state contracts

Office of the Property Appraiser

COMMITTEE REPORT
Department: Office of the Property Appraiser
(S in 000s)

Department Budget Summary

FY 2009-10 Execution of Commitments

Highlight

- Continue to provide exemption process by receiving, verifying, and approving or disapproving applications for statutory exemptions by July 1, meeting the DOR standards for a certified tax roll
- Continue real estate and condominium appraisal process at current level
- Continue personal property appraisal process at current level
- Continue to provide information services
- Due to the unprecedented increase in the number of Value Adjustment Board (VAB) appeals, the Office of the Property Appraiser is unable to complete the hearings timely.

Status

- The Office of the Property Appraiser will process 100 percent of on-time original applications; 100 percent of timely senior exemption renewals, and 11,000 homestead renewal investigations by June 1
- The Office of the Property Appraiser continues to meet the Department of Revenue (DOR) standards for a certified tax roll
- The Office of Property Appraiser continues to meet the deadline set to complete 84,000 field inspections by February 15; complete assessment of on-time returns by June 15; complete late returns by September 15
- The Office of Property Appraiser continues to process and verify all data changes within two days of data entry; scan, validate, and verify all Value Adjustment Board (VAB) submissions within one hour of receipt; address all public service requests within 72 hours
- For the 2009 tax roll, the number of properties being appealed is 40% more than for 2008. It is anticipated that the 2008 appeals will be finalized by the end of March 2010, leaving time for only a few 2009 appeals to be heard before the June 1, 2010 tax certificate sale. Pursuant to Section, 197.323(2), Florida Statutes, tax certificates shall not be issued for delinquent taxes when a petition has been filed without final action by the VAB. In 2009, delinquent taxes from the 2008 roll totaled \$238 million countywide on 22,000 pending appeals, resulting in a delay in remittance of taxes owed to the School Board and other taxing authorities; the significant increase in 2009 VAB appeals is expected to further reduce tax collections and distributions related to the sale of tax certificates

Comments/Justification: Total number of properties heard on appeal before the Value Adjustment Board. On the ASE Scorecard, the Office measures the number of legal and value hearings completed.

Planning and Zoning

COMMITTEE REPORT
Department: Planning and Zoning
(S in 000s)

Department Budget Summary

FY 2009-10 Execution of Commitments

Highlight

- Improve comprehensive planning processes to better address policy issues of countywide concern

- Continue the management of General Obligation Bond - Historic Preservation funding to restore the Richmond Naval Airbase Military Museum, the Hubbard-Alvarez Bungalow, and Redland Farm Life School (\$2.75 million)

- Create the Historic Preservation layer in the Geographic Information System (GIS) and improve public access to historic and archaeological sites and districts.

Status

- The Countywide planning effort has been advanced by the department through a number of initiatives. The major initiatives are: 1) The department has been instrumental in implementing the Open Space Master Plan through a series of CDMP amendments, 2) the Community Planning staff has been engaged with the Florida Department of Transportation and the local municipalities in the planning of the Florida East Coast Railway Study, 3) the department senior staff has been working with a coalition of elected officials of Cities in South Dade (South Miami, Pinecrest, Palmetto Bay and Cutler Bay) to develop a coordinated transportation, land use and economic development plan for the US1 corridor in South Dade 4) Planning department staff participates in monthly co-ordination meetings with Planners Technical Committee, represented by all the municipalities, on issues of future land use, population projections, and other countywide legislations. Furthermore, the Planning staff is an integral contribution to the County's sustainability effort.
- The Richmond Naval Air Station Building 25 has undergone lead and asbestos abatement, structural stabilization, and preparation for its upcoming relocation (\$1.6 million). The building will be relocated (\$400,000) from Federal property in late March 2010, and once sited at its new location near the Gold Coast Railroad Museum, it will then undergo a complete rehabilitation into the new Military Museum.
- Completed phase one which included the creation of a GIS Historical Designation Sites layer and web application. The application will display historical designations to include historical sites and districts, archaeological zones and sites, along with GIS layers such as properties, Commission Districts, Municipalities, and other essential layers.

- Miami-Dade Blue (MDB) – OCHP continues outreach and education to additional County Departments, Commission Functions and Business groups. From Charge Memo (\$127,000)
- Continue to provide detailed analyses on local economic conditions, trends and economic policy options.
- FY 2009-10 Reductions
- Implement targeted mid-year service reductions
- At the seven month mark, OCHP has worked with Blue Cross Blue Shield of Florida to reach enrollment of nearly 2,000 residents (compared to 900 for Cover FL); outreach to more than 3,500.
- Economic Development Coordination prepares monthly reports on current economic conditions that are distributed to the Mayor and BCC through the County Manager's Office, and disseminated to the general public through the OEDC website. OEDC also provides economic statistical profiles covering longer term trends and specific topic areas such as international trade.
- Eliminated 29 positions. Reductions of Planning positions has reduced the department's ability to effectively provide for improved area, long range and economic planning, and related rezoning efforts resulting from reduced funding for charrettes. Elimination of the zoning positions has resulted in increased processing time for Certificates of Use, commercial and residential plans, and zoning improvement permits; reductions in administration have resulted in increased processing time for the digitization of documents, delays in legal reviews, and a loss in dedicated oversight of the preservation programs and archaeological monitoring.
- The department will eliminate two vacant planning positions

PERFORMANCE INFORMATION BY SUB-ACTIVITY

Department: Planning and Zoning

(\$ in 000s)

Activity: Agenda Coordination/Community Zoning Appeals Board (NU) Agenda Coordination/Community Zoning Appeals Board (030)

	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08	FY 2008-09	FY 2009-10	FY 2009-10	FY 2010-11	Desired Outcomes
Description	Actual	Actual	Actual	Actual	Actual	Target	Projection	Target	
Number of CZAB meetings held monthly compared with number of meetings scheduled			79	84	73	110		110	ED1-1

Comments/Justification:

Activity: Countywide Healthcare Planning (HH) Health Strategies (030)

Residents enrolled in the Miami-Dade Blue Health plan	N/A	N/A	N/A	N/A	845	3,000	3,500	6,000	HH1-1
---	-----	-----	-----	-----	-----	-------	-------	-------	-------

Comments/Justification: Miami-Dade Blue health plan was jointly designed by MDC (via OCHP) and Blue Cross Blue Shield of Florida (BCBSF) to be a low cost, comprehensive insurance product for uninsured MDC residents. OCHP and BCBSF are also partnering in the marketing & evaluation. This private sector insurance product builds capacity and sustainability of safety net providers (hospitals & FQHCs) and is designed to increase the number of insured residents living in MDC. Coverage began (effective date is) July 1, 2009. Pilot is for three years. At the seven month mark, OCHP has worked with BCBSF to reach enrollment of nearly 2,000 residents compared to 900 for Cover FL; OCHP coordinated outreach to more than 3,500 in conjunction with BCBSF efforts.

Technical assistance sessions provided to community-based organizations and County agencies	N/A	N/A	17	17	39	30	39	42	HH4-1
---	-----	-----	----	----	----	----	----	----	-------

Comments/Justification: Technical analysis, products, and services provided to the Mayor, BCC, the County Manager, and the public on critical health issues including framing health issues, analyzing the situation, adapting evidence-based approaches and models, and providing leadership in planning solutions

Visits to Health e-Maps online	N/A	N/A	N/A	284	284	315	320	350	HH4-1
--------------------------------	-----	-----	-----	-----	-----	-----	-----	-----	-------

Comments/Justification: Health Data e-Maps is a Geographic Information System (GIS) that allows community-based organizations, healthcare providers, County employees and officials, as well as, the public, to locate area health services such as hospitals, health clinics, and emergency rooms. The e-Maps system also adds health statistics such as uninsured rates, mortality rates, and Medicaid rates within each zip code. These elements can then be illustrated together. Each year OCHP adds and updates the data layers that make up the Health and Human Services and the Health Statistics elements of the County's eMaps Online Tool.

Activity: Economic Development (ED) (030)

Economic reports produced				10	11	16	16	0	ED1-1
---------------------------	--	--	--	----	----	----	----	---	-------

Comments/Justification: The reports shown here include monthly economic indicators (MEI), regular periodic reports such as economic profiles, and detailed summaries and analysis of recently released annual economic data. Evaluations of QTI/TJIF incentive applications are not included here.

Average User Quality Rating (1 to 5 scale)				N/A	0	3.5	N/A	0	ED1-1
--	--	--	--	-----	---	-----	-----	---	-------

Comments/Justification:

Website visits (hits)				NA	2400	2600	2750		ED1-1
-----------------------	--	--	--	----	------	------	------	--	-------

Comments/Justification: Provide a cost- effective resource to disseminate valuable information on current economic conditions, and economic development resources.

Activity: Planning (NU) Planning (030)

Final Area Plan reports completed	N/A	N/A	6	4	6	3	2	2	NU1-1
-----------------------------------	-----	-----	---	---	---	---	---	---	-------

Comments/Justification:

Comments/Justification:

Procurement Management

COMMITTEE REPORT
Department: Procurement Management
(S in 000s)

Department Budget Summary

FY 2009-10 Execution of Commitments

Highlight

- Continue to improve Request for Proposal (RFP) and Invitation to Bid (ITB) processing times through the implementation of business process improvements and advance acquisition planning

- In FY 2009-10, nine employees were transferred to the Department to consolidate vendor services; this consolidation calls for the re-alignment, streamlining and automation of countywide vendor services to include outreach, registration, enrollment, training classes, small and disadvantaged business certification, prequalification of architects and engineers, qualification of vendors for miscellaneous construction contracts and the affirmative action planning process

- Eliminated the Deputy Director position in the Director's Office and two positions in Administration and Fiscal Management

Status

- In FY 2008-09, the Department met processing cycle times of 213 calendar days for RFP contracts valued over \$1 million and 79 calendar days for RFP and ITB processing cycle times for contracts valued under \$1 million

- Efforts are underway to improve upon the ease of doing business with the county, improve the quality of service to the vendor community, enhance competition, and offer a seamless, unified vendor service function; an on-line vendor portal to incorporate all consolidated functions and countywide information on upcoming and available projects for competition for goods and services, design and construction; a scope of services has been developed for automation and streamlining of the distinct technology application and funding has been requested through the Capital Outlay Reserve for FY 2010-11

- Eliminated three positions as required by the Adopted Budget; some of the impacts of the reductions are impacting quality control and additional management on the Director and affecting the efficient administration of overall operations of countywide purchasing; additionally, outreach efforts to non-county agencies eligible to utilize county contracts and share in the collection of User Access Program (UAP) revenue and a Shared Services arrangement with Human Resources was completed for Departmental Personnel Representative (DPR) services

PERFORMANCE INFORMATION BY SUB-ACTIVITY

Department: Procurement Management

(\$ in 000s)

Activity: Purchasing (ES) (050)

	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08	FY 2008-09	FY 2009-10	FY 2009-10	FY 2010-11	Desired Outcomes
Description	Actual	Actual	Actual	Actual	Actual	Target	Projection	Target	
Contracts awarded			1,062	896	849	1,031	807	766	ES3-1

Comments/Justification: Numbers include Options to Renew (OTRs)

Average calendar days to process RFPs valued under \$1 million			113	104	75	110	110	110	ES3-1
--	--	--	-----	-----	----	-----	-----	-----	-------

Comments/Justification: To achieve the Countys strategic plan goal and the departments objective for a streamlined and responsive procurement process, programs and initiatives will give emphasis to reducing procurement cycle times. Procurement cycle time is measured from the date the requisition was posted, the scope of work was received or the first action that starts the process (whichever is earlier), to the date of contract award. Targets for processing times assume full staffing levels, implementation of proposed legislative changes to decrease cycle times and implementation of pending process improvement and IT initiatives. Several procurements are complex, very involved and are multi-year procurements. When awarded, these will significantly skew average processing times.

Average calendar days to process RFPs valued over \$1 million			172	252	213	236	236	236	ES3-1
---	--	--	-----	-----	-----	-----	-----	-----	-------

Comments/Justification: To achieve the Countys strategic plan goal and the departments objective for a streamlined and responsive procurement process, programs and initiatives will give emphasis to reducing procurement cycle times. Procurement cycle time is measured from the date the requisition was posted, the scope of work was received or the first action that starts the process (whichever is earlier), to the date of contract award. Targets for processing times assume full staffing levels, implementation of proposed legislative changes to decrease cycle times and implementation of pending process improvement and IT initiatives. Several procurements are complex, very involved and are multi-year procurements. When awarded, these will significantly skew average processing times.

Average calendar days to process bids valued under \$1 million			105	94	79	110	110	110	ES3-1
--	--	--	-----	----	----	-----	-----	-----	-------

Comments/Justification: To achieve the Countys strategic plan goal and the departments objective for a streamlined and responsive procurement process, programs and initiatives will give emphasis to reducing procurement cycle times. Procurement cycle time is measured from the date the requisition was posted, the scope of work was received or the first action that starts the process (whichever is earlier), to the date of contract award. Targets for processing times assume full staffing levels, implementation of proposed legislative changes to decrease cycle times and implementation of pending process improvement and IT initiatives. Several procurements are complex, very involved and are multi-year procurements. When awarded, these will significantly skew average processing times.

Average calendar days to process bids valued over \$1 million			253	327	247	236	236	236	ES3-1
---	--	--	-----	-----	-----	-----	-----	-----	-------

Comments/Justification: To achieve the Countys strategic plan goal and the departments objective for a streamlined and responsive procurement process, programs and initiatives will give emphasis to reducing procurement cycle times. Procurement cycle time is measured from the date the requisition was posted, the scope of work was received or the first action that starts the process (whichever is earlier), to the date of contract award. Targets for processing times assume full staffing levels, implementation of proposed legislative changes to decrease cycle times and implementation of pending process improvement and IT initiatives. Several procurements are complex, very involved and are multi-year procurements. When awarded, these will significantly skew average processing times.

Percentage of contracts that are bid waiver or sole source	20%	17%	15%	14%	14%	14%	14%	14%	ES3-2
--	-----	-----	-----	-----	-----	-----	-----	-----	-------

Comments/Justification: DPM works with client departments to reduce the number of non-competitive actions. There are typically significant delay in receiving specifications from departments for the purchase of items that were previously awarded through non-competitive actions and where the market now indicates there is competition. These delays in development of specifications require the use of temporary bid waivers or contract modifications to avoid disrupting County operations.

Number of Active Contracts			1,257	1,212	1,204	1,390	1,144	1,087	ES3-1
----------------------------	--	--	-------	-------	-------	-------	-------	-------	-------

Comments/Justification: Active contracts managed by DPM staff include contracts awarded through the ITB, RFP and RFQ processes. Post award activities required to maintain active contracts include coordinating with client departments vendor performance issues; handling internal and public records requests and inquiries; coordinating insurance gap issues; adding vendors to pool contracts, where relevant, assisting other agencies in accessing County established contracts; ensuring the proper collection of UAP fees; issuing supplemental agreements; and issuing contract addendum.

Activity: Technical Services and Information Systems (ES) (050)

Average calendar days to process IT related RFPs valued over \$1 million			N/A	168	377	236	236	236	ES3-1
--	--	--	-----	-----	-----	-----	-----	-----	-------

Comments/Justification: The FY 2008-09 Actual is higher than target as a result of delays associated with cost-saving contract negotiations; the measure does not include time associated with extraordinary circumstances or delays beyond Department control. In addition, to achieve the Countys strategic plan goal and the departments objective for a streamlined and responsive procurement process, programs and initiatives will give emphasis to reducing procurement cycle times. Procurement cycle time is measured from the date the requisition was posted, the scope of work was received or the first action that starts the process (whichever is earlier), to the date of contract award. Targets for processing times assume full staffing levels, implementation of proposed legislative changes to decrease cycle times and implementation of pending process improvement and IT initiatives. Several procurements are complex, very involved and are multi-year procurements. When awarded, these will significantly skew average processing times.

Average calendar days to process IT related RFPs valued under \$1 million			N/A	138	317	110	110	110	ES3-1
---	--	--	-----	-----	-----	-----	-----	-----	-------

Comments/Justification: The FY 2008-09 Actual is higher than target as a result of delays associated with cost-saving contract negotiations; the measure does not include time associated with extraordinary circumstances or delays beyond Department control. In addition, to achieve the Countys strategic plan goal and the departments objective for a streamlined and responsive procurement process, programs and initiatives will give emphasis to reducing procurement cycle times. Procurement cycle time is measured from the date the requisition was posted, the scope of work was received or the first action that starts the process (whichever is earlier), to the date of contract award. Targets for processing times assume full staffing levels, implementation of proposed legislative changes to decrease cycle times and implementation of pending process improvement and IT initiatives. Several procurements are complex, very involved and are multi-year procurements. When awarded, these will significantly skew average processing times.

IT Contracts awarded			140	139	155	157	147	140	ES3-1
Comments/Justification: Numbers include Option to Renew (OTRs)									
Active IT contracts			178	219	250	248	238	226	ES3-1
Comments/Justification: Active contracts managed by DPM staff include contracts awarded through the ITB, RFP and RFQ processes. Post award activities required to maintain active contracts include coordinating with client departments vendor performance issues; handling internal and public records requests and inquiries; coordinating insurance gap issues; adding vendors to pool contracts, where relevant, assisting other agencies in accessing County established contracts; ensuring the proper collection of UAP fees; issuing supplemental agreements; and issuing contract addendum.									
Average calendar days to process bids valued under \$1 million			N/A	92	110	110	110	110	ES3-1
Comments/Justification: To achieve the Countys strategic plan goal and the departments objective for a streamlined and responsive procurement process, programs and initiatives will give emphasis to reducing procurement cycle times. Procurement cycle time is measured from the date the requisition was posted, the scope of work was received or the first action that starts the process (whichever is earlier), to the date of contract award. Targets for processing times assume full staffing levels, implementation of proposed legislative changes to decrease cycle times and implementation of pending process improvement and IT initiatives. Several procurements are complex, very involved and are multi-year procurements. When awarded, these will significantly skew average processing times.									
Average calendar days to process bids valued over \$1 million			N/A	N/A	665	236	236	236	ES3-1
Comments/Justification: In FY 2008-09, an extraordinary amount of time was needed to develop technical specifications and scope of services for bids measured. In addition, to achieve the Countys strategic plan goal and the departments objective for a streamlined and responsive procurement process, programs and initiatives will give emphasis to reducing procurement cycle times. Procurement cycle time is measured from the date the requisition was posted, the scope of work was received or the first action that starts the process (whichever is earlier), to the date of contract award. Targets for processing times assume full staffing levels, implementation of proposed legislative changes to decrease cycle times and implementation of pending process improvement and IT initiatives. Small Business Development

COMMITTEE REPORT
Department: Small Business Development
(S in 000s)

Department Budget Summary

FY 2009-10 Execution of Commitments

Highlight

- Eliminate one position in Project Review and Analysis, four positions in Contract Monitoring and Compliance, and one position in Business Support Services

- Transfer six positions to Department of Procurement Management from Business Support Services

- Provide small businesses with management and technical, bonding and financial assistance through collaborative partnerships with banking and financial institutions supplemented with workshops, seminars, and various training opportunities

- Analyze procurement, architectural and engineering, and construction contracts to apply CSBE, CBE, and SBE, program measures

- Develop training opportunities and workshops to increase employee proficiencies

Status

- Eliminated six positions as required by the Adopted Budget; some of the impacts of the cuts are being assimilated by remaining employees; however, elimination may result in an increase in the turnaround time for economic stimulus expedite projects; extended work hours of job basis employees; delayed staff support to Advisory Boards; reduced the ability of the department to monitor over 100 projects each month; and reduced the level and amount of assistance the department can provide to small businesses in areas of needs assessments, trainings, prompt payment assistance, and performance issues

- The transfer of these positions has resulted in DPM providing certification services for businesses as part of the County's effort to consolidate vendor services

- Through new and existing resource partnerships, SBD continues to facilitate the provision of business development assistance and information regarding certification, small business programs, County-wide contracting opportunities and initiatives

- During FY 2008-09, SBD reviewed 348 projects valued at over \$98 million for A&E; \$707 million for construction; and \$1.2 million for goods and services; recommended small business goals for 9.6% for CBEs, 12.1% for CSBEs, and 2.7% SBEs

- SBD's objective is to ensure that all staff receive at least one professional development training per year. During the first quarter of the current fiscal year, staff has scheduled 3 training classes, ranging in topics from leadership to safety practices, resulting in 50 total participants

PERFORMANCE INFORMATION BY SUB-ACTIVITY

Department: Small Business Development

(\$ in 000s)

Activity: Administration and Fiscal Management (ED) (120)

	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08	FY 2008-09	FY 2009-10	FY 2009-10	FY 2010-11	Desired Outcomes
Description	Actual	Actual	Actual	Actual	Actual	Target	Projection	Target	
Provide employee professional development training opportunities	25	25	39	39	25	25	20	20	ES5-4

Comments/Justification: Development of employee skill level and knowledge base, leading to increased morale, efficiency, productivity and improved customer service.

Activity: Business Support Services (ED) Profess. Support Servs +Certification (120)

Certified Businesses provided bonding assistance			82	192	144	115	175	175	ED1-9
--	--	--	----	-----	-----	-----	-----	-----	-------

Comments/Justification: During the first quarter of FY09-10, 49 firms were provided referral resources and/or assistance in the review, analysis and/or ultimate submission of financial and bonding documentation. First quarter numbers are in direct correlation to the County contract activity and small business enterprise contracting opportunities during the quarter. Projection (175) for FY09-10 EOY is based on the targeted focus on small business training in this area and a gradual tapering off of Countywide contracting opportunities.

Certified Businesses assisted with small business loan applications			55	69	29	60	60	60	ED1-9
---	--	--	----	----	----	----	----	----	-------

Comments/Justification: During the first quarter of FY09-10, sixteen (16) firms were provided referral resources and/or assistance in the review, analysis and/or submission of applications to lending entities. The current lending environment has negatively impacted small businesses' ability to obtain loans, and decreased the number of firms requesting financial assistance. Projection of 60 for FY09-10 EOY is based on the easing of restrictions and increased lending activity as the local economy recovers.

Certified Businesses obtaining small business loans			2	7	8	10	10	10	ED1-9
Comments/Justification: The overall lending activity has been difficult for all businesses and especially difficult for small businesses. There were no loans approved during the first quarter of FY09-10. The EOY projection is based on recent economic reports of a projected gradual increase in the number of financial entities providing access to loans and SBD's targeted focus on small business trainings in this area allowing firms to be better equipped to qualify for and ultimately obtain loans.									
Certified Businesses obtaining bonding			15	39	48	20	40	45	ED1-9
Comments/Justification: During the first quarter of FY09-10, Eleven (11) firms (all first time) obtained bonding with a total of 40 firms projected for EOY. Based on prior actuals as well as an improved economy, 45 firms are projected in the FY10-11 Base Budget Submission.									
Certified small businesses*				792	1,417	1,600	1,600	1,800	ED4-2
Comments/Justification: 1,342 firms were certified as local small business enterprises at the end of the first quarter of FY09-10. This number does not include pending new and recertifying firm applications that require review/approval. It is projected that an increase in the number of outreach activities focusing on contracting areas with little or no small business availability scheduled for FY09-10 will result in an increase in the total number of new and recertified firms. *Note: Disadvantaged Small Business Enterprises (DBEs) numbers not included in the local small business enterprise program count.									
Number of partnerships developed					1	3	3	3	ED4-2
Comments/Justification: In the last quarter of FY08-09, a Strategic Alliance Memorandum agreement was co-signed by the Mayor and the Small Business Administration to coordinate resource assistance to small business enterprises for implementation in second quarter of FY09-10. Partnerships are being pursued with MDCC, South Florida Workforce (MOU in place currently), Department of Treasury (IRS) Taxpayer Education and Communication, Miami-Dade Blue (targeting certified small businesses), LEED Training provider) with others to be identified and targeted.									
Number of contract/payment assistance activities				227	97	95	95	90	ED4-2
Comments/Justification: During the first quarter FY09-10, the number of contract/payment assistance activities was 23. EOY projection assumes the same level of activity with a slight increase due to the projected increase in the number of certified small business enterprises participating on contracts. It is anticipated that staff's proactive firm/user department interactions will gradually reduce the number of contract and payment issues by FY10-11.									
Number of firms assisted with accounting reimbursement program			19	27	48	50	25	25	ED1-9
Comments/Justification: During the first quarter FY09-10, 4 firms were provided accounting reimbursement assistance which is a seasonal average. The projection assumes a reduction in funding for FY 2009-10 and FY 2010-11. Seven (7) applications were received in the first quarter of FY08-09 and 41 in the subsequent quarters. The goal is for all certified firms to began and continually utilize the services of a CPA for proper tax/financial statement preparations. EOY projection is based on increased targeted outreach efforts/ financial training activities and information disseminated to firms that have never had access to CPA-assisted services.									
Number of applications approved for accounting reimbursements			19	27	36	45	45	50	ED1-9
Comments/Justification: During the first quarter of FY09-10, 3 of the 4 applications received were approved (one was pending approval in last quarter FY08-09). During FY08-09, of 48 firms assisted, 5 were denied approval. Projection for EOY and FY10-11 are based on the prior year's activity and an increase in the number of firms assisted and subsequently approved applications.									

Number of firms provided training opportunities					16	16	24	ED4-2
---	--	--	--	--	----	----	----	-------

Comments/Justification: A Quick Small Business Profile Survey implemented in the last quarter of FY08-09 provided feedback on areas of assistance desired by new and recertifying firms. Based on the number of firms requesting specific services and the areas of priority, trainings will be scheduled. Sixteen (16) bi-monthly trainings are projected for FY09-10 beginning February 2010 with twenty-four (24) projected in the FY10-11 Budget submission. Firms that are in low priority areas will be assisted one-on-one or referred to partnerships for resources/training. Prior FY trainings were not formally tracked.

Activity: Contract Monitoring and Compliance (ED) Contract Rev & Compliance (120)

Value of underpaid wages recovered on county contracts (in thousands)				\$432	\$536	\$194	\$401	\$401	ED2-4
---	--	--	--	-------	-------	-------	-------	-------	-------

Comments/Justification: The Countys Responsible and Living Wage Ordinances are Miami-Dade County's commitment to ensure that local workers on construction and service contracts earn sufficient wages to support themselves and their families. The goal is to recover 50% of all underpaid wages identified in any fiscal year including 50% of projected underpayments resulting from ongoing investigations. NOTE: Wages recovered in one fiscal year may not have been identified in the same fiscal year.

Percentage of monitored projects in compliance with small business goals				79%	96%	100%	100%	100%	ED2-4
--	--	--	--	-----	-----	------	------	------	-------

Comments/Justification: The Department is striving to educate firms on program requirements to increase compliance with applicable legislation. This measure tracks the percent of those projects monitored that are in compliance with small business goals.

Percentage of monitored projects in compliance with living and responsible wages				85%	96%	100%	100%	100%	ED2-4
--	--	--	--	-----	-----	------	------	------	-------

Comments/Justification: The Department is striving to educate firms on program requirements to increase compliance with applicable legislation. This measure tracks the percent of those projects monitored that are in compliance with living and responsible wage requirements.

Value of underpaid wages identified on County contracts (in thousands)				\$422	\$456	\$0	\$356	\$356	ED2-4
--	--	--	--	-------	-------	-----	-------	-------	-------

Comments/Justification: The Countys Responsible and Living Wage Ordinances are Miami-Dade County's commitment to the local workers that provide services on its construction and service contracts to ensure that they earn sufficient wages to support themselves and their families. Due to a 22% reduction in compliance staff, the FY 09/10 projection is 22% lower than the FY 08/09 actual. NOTE: Wages recovered in one fiscal year may not have been identified in the same fiscal year.

Pre-Work Conference Meetings				105	122	105	105	116	ED4-2
------------------------------	--	--	--	-----	-----	-----	-----	-----	-------

Comments/Justification: Information pertaining to applicable small business, wage and workforce requirements is provided to firms to pre-work meetings held by the contracting departments prior to the commencement of a contract. It is SBD's goal to attend all scheduled pre-work meeting. The Division usually projects to do 10% more than the previous year. Due to a 22% reduction in compliance staff, the FY 2009-10 projection is a 22% reduction of FY 08/09 actual plus 10%. FY 10/11, Base is an increase of 10% over our FY09/10 projection.

Number of Business provided Compliance Training				23	194	167	166	183	ED4-2
---	--	--	--	----	-----	-----	-----	-----	-------

Comments/Justification: Training on compliance with small business, wage and workforce requirements is available to any firm upon request. Training is offered to all firms found in non-compliance with governing legislation on active County Contracts and to newly certified small business. However, due to a 22% reduction in compliance staffing levels, FY 09/10 projection is 22% of FY 08/09 actual plus 10%. FY 10/11, Base is an increase of 10% over our FY09/10 projection.

Activity: Project Review and Analysis (ED) Pre-Award/Compliance Review (120)

Percentage of County contract expenditures with small business goals				10%	14%	10%	16%	15%	ED1-1
--	--	--	--	-----	-----	-----	-----	-----	-------

Comments/Justification: SBD anticipates that 57% (\$1.71B) of FY 09/10 identified capital projects meet the criteria for review with opportunities for small business measures. A 6% increase is projected over the FY 09/10 target goal resulting in \$274M in small business participation.

Value of assigned goals (in millions)*				\$237	\$280	\$237	\$274	\$246	ED1-1
--	--	--	--	-------	-------	-------	-------	-------	-------

Comments/Justification: A 4% reduction in FY 09/10 awarded projects eligible for small business measures is anticipated for FY 10/11, totaling \$1.64B. A slightly lower goal of 15% (\$246M) is projected due to the anticipation of projects smaller in scope, resulting in fewer subcontracting opportunities in FY 10/11.

Strategic Business Management

COMMITTEE REPORT
Department: Strategic Business Management
(S in 000s)

Department Budget Summary

FY 2009-10 Execution of Commitments

Highlight

- Elimination of two positions in the Management Planning and Performance Analysis Division
- Eliminate three positions in the Management and Budget Division and transfer two positions from the Office of Capital Improvements (OCI)
- Eliminate two administrative positions
- Implement department sustainable initiatives
- Implement targeted mid-year service reductions

Status

- Elimination of these positions will result in less staff available to perform performance analysis and assessment; therefore, only higher priority projects will be completed
- The reduction has increased the average number of departments assigned to each analyst and will impact the department's ability to monitor departmental budgets and respond to budget related requests; the transfer of positions from OCI will allow OSBM to monitor the Building Better Communities Bond program and overall capital projects management
- The inability to fill these positions will impact the department's ability to provide appropriate administrative support; operating reductions will affect the number of hard copy budget books available; however, as part of the department's sustainability strategy we will encourage on-line viewing of budget related material
- During FY 2009-10, the Department eliminated 16 printers and reduced the number of budget books printed as the budget is available on-line
- Eliminate one program coordinator and operating expenditures as part of the FY 2009-10 expenditure reductions (\$189,000); duties will be absorbed by existing staff

Sustainability

COMMITTEE REPORT
Department: Sustainability
(S in 000s)

Department Budget Summary

FY 2009-10 Execution of Commitments

Highlight

- Implement Energy Efficiency and Conservation Block Grant (EECBG) projects

- Develop “GreenPrint” – the Community’s Sustainability Plan

- Facilitate the Implementation of Climate Change Advisory Task Force 34 Initial Recommendations to the Board

- Ensure that CCX contractual obligations are met

- Conduct Water & Energy Audits at County facilities, both owned and leased

Status

- The EECBG program is implemented and administered by the Office of Sustainability (OOS); the 14 EECBG projects, managed by eight county departments, are in different stages of pre-award preparation mode or ready for award; specifically, projects managers performed market research, have completed scopes for Requests for Proposals (RFPs), issued RFPs; accounting systems, administrative procedures and internal project controls are in place; all Recovery Act and Department of Energy reporting requirements have been met; four jobs have been created by the EECBG program.

- The five-milestone planning process for GreenPrint is underway and on-track. The assessment milestone has been completed, and we are currently in the goal setting milestone.

- Currently, 20 initial recommendations are under review or are being addressed; all 34 recommendations will be addressed over the next two years.

- Preparing for the 2009 County fuel use report and associated greenhouse gas (GHG) emissions data, due March 2010

- Currently, 39 audits have been performed; OOS and GSA are working together to implement recommendations from the audits performed in 2008; OOS continues to coordinate audits on the remaining County facilities, which are prioritized based on resource consumption data.
