---

Recommendation

The attached Contract Award Recommendation for the PTP Internally Illuminated Street Name Sign (Project – CICC 7040-0/07 RPQ No. 20090363), in the amount of $308,096.80, between Brailly Electric Corp. and Miami-Dade County has been prepared by the Public Works Department (PWD) and is recommended for approval. Proceeds from the Charter County Transit System Sales Surtax (the Surtax) will be used to fund this project, therefore, approval by the Board of County Commissioners (BCC) and Citizens' Independent Transportation Trust (CITT) is required.

Scope

The work to be performed under the life of this contract includes illuminated street name signs installation at various locations within Miami-Dade County.

Fiscal Impact/Funding Source

The fiscal impact will be approximately $308,096.80 and will be funded from the Surtax. The proposed improvements qualify under the allowable work categories included in the PTP Neighborhood Improvements Section. Specific funding for traffic signs is included under Traffic Signals and Signs Operations in the PTP Countywide Neighborhood Improvements. The base contract amount is $268,390.00, but the total allocated amount is $308,096.80, which is inclusive of the contingency and dedicated allowances.

Delegation of Authority

No additional authority is being requested within the body of this contract.

Track Record/Monitor

Brailly Electric Corp. is currently performing work for PWD at a superior level as reported by the Project Manager. PWD has reviewed the Office of Capital Improvements (OCI) database and found four (4) awarded construction contracts one (1) contract from each of the following Departments: Housing, Parks and Recreation, Seaport and PWD. The referenced database also lists a total of three (3) contractor performance evaluation with an overall performance rating of superior performance (4.0); this being the highest possible rating. The Department of Small Business Development's (SBD) History of Violation's report lists no violations for this contractor.

Following PWD's standard operating procedures, after award of this contract, a pre-construction meeting will be scheduled. Throughout all PTP projects, the responsible staff person in PWD will be the PTP Coordinator, Mr. Frank Aira, P.E. Following completion of the award process, the project will be assigned to Mr. Oscar Rubio, Project Manager, for day to day responsibilities.

According to the Florida Department of State, Division of Corporations, Brailly Electric Corp., Company Principal is: Hector N. Brailly and the Company's address is listed as: 10000 East Calusa Club Drive, Miami, Florida 33186.

Background

In an effort to carry on the success of the PTP Neighborhood Improvements initiative, PWD continues to take advantage of various contracting mechanisms such as the subject Miscellaneous Construction Contracting (MCC) process available under OCI contract CICC 7040-0/07. Through this process, PWD forwards the Request for Price Quotation (RPQ), by way of facsimile transmission, to a pool of pre-qualified Community Small Business Enterprise (CSBE) contractors for the subject trade. Additionally, PWD advertises the project in the Daily Business Review and all solicitations are available on-line through the Miami-Dade County portal under the "Procurement Solicitations" link. The project award evaluation is based upon the lowest sum bid submitted by the responsive, responsible bidder for the project.

PWD staff determined that the scope of work for this project qualified for a CSBE set-aside (Levels I, II, and III) designation. Therefore, on December 17, 2009, PWD forwarded an RPQ for the PTP Internally Illuminated Street Name Sign Installation Contract, utilizing the OCI contract CICC 7040-0/07, to a list of 44 pre-qualified firms. A total of nine (9) firms purchased contract documents and five (5) firms proffered a bid. On February 1, 2010, Brailly Electric Corp. proffered the lowest responsive, responsible base bid of $268,390.00, 24% below the County's cost estimate; the second lowest bidder, R & D Electric, Inc., proffered a base bid of $276,892.00, 3% over the lowest bidder; the third lowest bidder, Statewide Electrical Services, Inc., proffered a base bid of $277,475.00, 3% over the second lowest bidder. As a result, on February 10, 2010, PWD issued a recommendation of award for RPQ No. 20090363 to Brailly Electric Corp., with the stipulation that approval of this project must be obtained from the BCC and the CITT due to guidelines associated with the funding source.

The work to be accomplished for this project consists of, but is not limited to, furnishing all supervision, labor, required materials, tools and equipments required to provide the installation of internally illuminated street name signs at various intersections in Miami-Dade County. The work includes the removal of existing overhead signs, relocation of existing signal heads and tree trimming in conflict with the proposed scope of work as directed by the Engineer. The Contractor shall keep the Engineer informed at all times of his work schedule, in order for the project to be inspected during all phases of installation, including wire splicing, installation of conductors and any work involving the electrical connections at the controller cabinet.

Dear Mr. Brailly:

This letter will serve as your notification that you have been recommended for award for the above referenced RPQ based on your Price Quotation submitted on Monday, February 1, 2010. The contract duration is established as **120-calendar days**. However, the recommendation of award is contingent upon the submission of the required items listed below:

1. Performance and Payment Bond as required in Contract No. CICC 7040-0/07, Section 2.0 Special Conditions, Page 16, Article 2.11, PERFORMANCE AND PAYMENT BOND. (The **original attached documents** must be used and three (3) copies must be provided).

Upon obtaining the permit(s), a copy(s) must be submitted to the Project Manager prior to commencement of work.

No work is to be performed without a permit unless the Project Manager issues a written directive to proceed without permit(s). After receipt of the permits the Project Manager will schedule a Pre-Construction Conference and issue a Notice to Proceed authorizing the performance of the work.

This letter will also serve as a reminder that all work must be performed according to the scope of work and contract's terms and conditions, all permits and inspections and in accordance with all applicable Federal, State and local laws, codes and regulations.

Further, it shall be understood that since proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to pay for all or some part of the cost of this contract, no award of this contract shall be effective and thereby give rise to a contractual relationship with the County unless and until the following have occurred: 1) the County Commission awards the contract, and such award becomes final (either by expiration of 10 days after such award without veto by the Mayor, or by Commission override of a veto); and 2) either i) the Citizens' Independent Transportation Trust (CITT) has approved same, or ii) in response to the CITT's disapproval, the County Commission re-affirms its award by two-thirds (2/3) vote of the Commission's membership and such reaffirmation becomes final.
