

Memorandum

DATE: April 20, 2010

TO: Honorable Chairman Dennis C. Moss
and Members, Board of County Commissioners

FROM: George M. Burgess
County Manager

SUBJECT: Local Mitigation Strategy For Hazard Mitigation

Agenda Item No. 14(A)(5)

Recommendation

It is recommended that the Board approve the attached resolution adopting the Local Mitigation Strategy (LMS) that was developed pursuant to the State of Florida Department of Community Affairs and/or Florida Division of Emergency Management agreement approved by the Board on March 31, 1998 by Resolution No. R-362-98. The Department of Emergency Management is asking for expedited approval because the State of Florida has advised there is more than \$7 million in approved funding for Miami Dade mitigation projects pending Board adoption of the plan. Of the \$7 million in approved funding the list of projects and funding amounts are as follows:

- Jackson Health System, Ryder Trauma Center \$5.7 million
- Mount Sinai Medical Center, Ascher Building, Wind Retrofit \$674,449
- City of Miami Beach, 11 Municipal City Buildings, Wind Retrofit \$671,587
- Miami-Dade College, North Campus Hialeah Center Classroom Bldg, Wind Retrofit \$179,893
- Miami-Dade College, Medical Center Campus Building 2000, Wind Retrofit \$184,158

Scope

The LMS and mitigation projects are countywide in nature and can impact one or more Commission districts.

Fiscal Impact/Funding Source

The LMS program is funded entirely by the Federal and State Hazard Mitigation Grant Program (HMGP), Pre-Disaster Mitigation (PDM) Grants Program, and Flood Mitigation Assistance program funds. No general fund money is used to support or operate the program. The contract with the Florida Department of Community Affairs and/or Florida Division of Emergency Management requires that the document be submitted to the Board for formal adoption following acceptance by the State. All other obligations of the contract have been completed and the State accepted the LMS in February 2010.

Track Record/Monitor

The LMS will be monitored by the Department of Emergency Management.

Background

In 1998, the State of Florida funded an initiative to help communities develop local mitigation strategies to mitigate effects of natural disasters and to identify sources of funds to address those needs. On March 31, 1998, the Board adopted Resolution No. R-362-98 which approved the execution of a Hazardous Mitigation Strategy agreement with the Florida Department of Community Affairs (FDCA), Division of Emergency Management. This action allowed the County, through the Department of Emergency Management (DEM), to establish a working group to oversee the development of an LMS. The established LMS working group includes County departments, all municipalities in Miami-Dade County, state and federal agencies, colleges and universities, hospitals and not-for-profits. The State

requires all LMS programs be approved every five years by the governing board of the agency submitting the plan.

On June 6, 2000, the Board adopted Resolution R-572-00 and then again on June 7, 2005 via Resolution No. R-710-05, which established Miami-Dade County's LMS. The LMS promotes a countywide approach to projects and programs that provide mitigation against the effects of natural and man-made disasters. FEMA, which provides the majority of mitigation funding, and FDCA require that projects be listed in the County's LMS in order to be eligible and considered for funding.

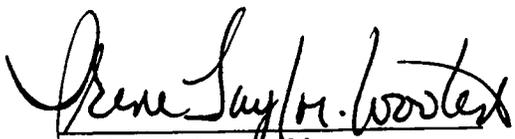

As projects on the LMS receive funding and completed they are removed and new projects are added to the list. A copy of all the current LMS projects is attached for your review (see Attachment A). The pre-mitigation countywide initiatives and projects have been prioritized in deference to the State contract requirements. Each submitting jurisdiction or organization maintains a full, detailed project description as well as a detailed project budget. Once funding becomes available, the State of Florida and the Federal Emergency Management Agency (FEMA) thru a cost benefit analysis determine priority funding for the projects requested.

DEM has been updating the LMS document since 2009 to meet the requirements and criteria of the FEMA 5-year update process. The LMS document is always under constant review and changes are periodically made in order to adjust to appropriate changes in governing documents, current affairs, and partner contributions. For the 5-year update, FEMA and the State of Florida requested specific information for inclusion in the document. While these changes are noteworthy, they are not significant by any measure. Two of the noteworthy changes are:

- Updating the Hazard Identification & Vulnerability Assessment section (Part 1) to provide consistency in the definition of hazards throughout the document.
- Adding an updated Repetitive Loss table in the Appendices section of the document.

Attachment B of the document reflects all of the changes that meet the criteria set by FEMA and recommended by the State for plan approval.

Since the inception of the LMS the program has completed more than 130 projects and as of the year 2009 nearly \$260 million in hazard mitigation money has been awarded to Miami-Dade County. In the last year, the program has secured more than \$25 million.

Assistant County Manager

MEMORANDUM

(Revised)

TO: Honorable Chairman Dennis C. Moss **DATE:** April 20, 2010
and Members, Board of County Commissioners

FROM: R. A. Cuevas, Jr.
County Attorney

SUBJECT: Agenda Item No. 14(A) (5)

Please note any items checked.

- "3-Day Rule" for committees applicable if raised
- 6 weeks required between first reading and public hearing
- 4 weeks notification to municipal officials required prior to public hearing
- Decreases revenues or increases expenditures without balancing budget
- Budget required
- Statement of fiscal impact required
- Ordinance creating a new board requires detailed County Manager's report for public hearing
- No committee review
- Applicable legislation requires more than a majority vote (i.e., 2/3's ____, 3/5's ____, unanimous ____) to approve
- Current information regarding funding source, index code and available balance, and available capacity (if debt is contemplated) required

Approved _____ Mayor
Veto _____

Agenda Item No. 14(A)(5)
4-20-10

RESOLUTION NO. _____

RESOLUTION ADOPTING THE LOCAL MITIGATION STRATEGY IDENTIFYING AND PRIORITIZING HAZARDS MITIGATION GRANT PROGRAM PROJECTS TO BECOME A PART OF THE STATEWIDE HAZARD MITIGATION STRATEGY

WHEREAS, the Board adopted Resolution No. R-362-98 on March 31, 1998 which approved the initial execution of a Hazards Mitigation Strategy agreement with the Florida Department of Community Affairs (FDCA); and

WHEREAS, the State requires all Local Mitigation Strategy (LMS) programs be approved every five years by the governing board of the agency submitting the plan and Miami-Dade County's first LMS plan was approved in the middle of the 1995-2000 five year cycle; and

WHEREAS, on June 6, 2000 Resolution No. R-572-00 was adopted by the Board and then again on June 7, 2005 via Resolution No. R-710-05 and the year 2010 marks the completion of the last 5 year cycle; and

WHEREAS, the Federal Emergency Management Agency funded a national initiative to help communities develop local mitigation strategies that identify projects to mitigate the effects of natural disasters and to identify sources of funds to address those problems; and

WHEREAS, the State of Florida Department of Community Affairs and/or Florida Division of Emergency Management enters into agreements with Miami-Dade County to provide the funding for the County and municipalities to jointly develop a Local Mitigation Strategy to become a component of the Statewide Mitigation Strategy; and

WHEREAS, the County entered into agreements with local municipalities to establish a unified process for developing the Local Mitigation Strategy and convey funds for participation in the plan development; and

WHEREAS, the Local Mitigation Strategy meets the State agreement requirements and was accomplished with the participation of local governments, the School Board of Miami-Dade

County, and a broad range of private not-for-profit agencies, businesses and universities coordinated by the Department of Emergency Management; and

WHEREAS, this Board desires to accomplish the purposes outlined in the accompanying memorandum, a copy of which is incorporated herein by reference,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that this Board adopts the Local Mitigation Strategy in substantially the form attached hereto and made a part hereof, an original of which is on file with the Clerk of the Board.

The foregoing resolution was offered by Commissioner _____, who moved its adoption. The motion was seconded by Commissioner _____ and upon being put to a vote, the vote was as follows:

Dennis C. Moss, Chairman	
Jose "Pepe" Diaz, Vice-Chairman	
Bruno A. Barreiro	Audrey M. Edmonson
Carlos A. Gimenez	Sally A. Heyman
Barbara J. Jordan	Joe A. Martinez
Dorin D. Rolle	Natacha Seijas
Katy Sorenson	Rebeca Sosa
Sen. Javier D. Souto	

The Chairperson thereupon declared the resolution duly passed and adopted this 20th day of April, 2010. This resolution shall become effective ten (10) days after the date of its adoption unless vetoed by the Mayor, and if vetoed, shall become effective only upon an override by this Board.

MIAMI-DADE COUNTY, FLORIDA
BY ITS BOARD OF
COUNTY COMMISSIONERS

HARVEY RUVIN, CLERK

By: _____
Deputy Clerk

Approved by County Attorney as
to form and legal sufficiency.

Eric A. Rodriguez

The Projects

Potential Mitigation Initiatives for Metropolitan Miami-Dade County

Part II of the Miami-Dade Local Mitigation Strategy – The Projects – is a compilation of county-wide initiatives and projects. Each initiative or project is included herein with a reasonable cost estimate where available. The idea of the project list is to let the world know that we thought of this before a disaster occurred. Each submitting jurisdiction or organization will also maintain a full, detailed project description as well as a detailed project budget, which may be required for a grant application.

Countywide Initiatives

In the course of developing the Local Mitigation Strategy, it became apparent that certain mitigation measures had a countywide scope while others were on a smaller scale and best dealt on the departmental, municipal or private sector level. The countywide measures are referred to in this document as “initiatives” while the departmental, municipal and private measures are referred to as “projects.” The countywide initiatives can be employed by any entity that participates in the Miami-Dade Local Mitigation Strategy. The LMS Working Group has been reluctant to prioritize these initiatives because each is of vital importance to all entities taking part in the development of the Local Mitigation Strategy. However, in deference to the State Division of Emergency Management, all projects and initiatives have been prioritized using methods discussed earlier in this document. The county, municipalities and all other members of the LMS Working Group reserve the right to, at any time, add to, delete from and in other ways change the order of priorities presented here. All entities participating in this program have agreed to undertake these initiatives, as necessary.

- Initiative 1: Shuttering and Windstorm Protection
- Initiative 2: Flood Control and Reduction
- Initiative 3: Sheltering and Evacuation
- Initiative 4: Counter-Terrorism
- Initiative 5: Debris Clearance
- Initiative 6: Canals and Waterways
- Initiative 7: Tree Trimming
- Initiative 8: Transportation Systems
- Initiative 9: Mechanical Maintenance of Critical Facilities
- Initiative 10: Public Information & Education
- Initiative 11: Hazardous Materials Response
- Initiative 12: Controlled or Prescribed Burns
- Initiative 13: Beach & Dune Restoration and Maintenance

Miami-Dade County Departments

The various departments of the Miami-Dade County government make up a part of the LMS Working Group that represents the Unincorporated Municipal Service Area (UMSA), which is the unincorporated portion of the county, and those county provided services and facilities that operate within the municipal boundaries of the cities and towns such as the libraries, public transportation, roads, water and sewer and fire stations (in all but five of the cities) and many others. These projects supplement or are in addition to the countywide initiatives discussed in the previous section. The LMS Working Group has a committee that consists of the appointed representatives of the participating Miami-Dade County departments and is advised by the

LMS Steering Committee. This departmental committee has formulated the county projects by department and each department is responsible to formally prioritize its own projects. Costs for each project listed are estimates.

Miami-Dade Aviation Department

- Project 1: Remote Employee Parking Lot Flood Attenuation: \$300,000.
- Project 2: Mid-field Runway Tunnel Flood Control: \$130,000.
- Project 3: Install Overflow Roof Drains: \$1,960,000
- Project 4: Repair Exterior Waterproofing: \$1,100,000
- Project 5: Dredge Stormwater Outfalls: \$3.0 Million
- Project 6: Storm Shutter Replacement: \$600,000.

Miami-Dade Community Action Agency

Project: Residential Shuttering Program: Estimated cost is an average of \$1,600 per house protected.

Miami-Dade Cooperative Extension Service

- Project 1: Assessment and Hardening of Agricultural Center: TBA
- Project 2: Mitigation of Street Tree Related Damage
- Project 3: Develop Structural Improvements; \$42,000

Miami-Dade Elections Department

Project: Harden Elections Building; \$2,910,000

Miami-Dade Emergency Management

- Project 1: Prepare and Print a Hurricane Preparedness Guide; \$50,000.
- Project 2: Hazardous Materials Emergency Planning & Response; \$210,000
- Project 3: Guide to Personal Mitigation Projects; \$50,000.
- Project 4: Develop and Construct CERT City; \$3,000,000
- Project 5: Storm Surge Protection Barrier; \$8,000,000
- Project 6: Terrorism Prevention and Preparedness Outreach Program; \$500,000
- Project 7: EOC Vulnerability Hardening; \$700,000
- Project 8: Preparedness and Mitigation Website; \$90,000.
- Project 9: Elevate Herrick Residence; \$220,500
- Project 10: Elevate Diaz Residence; \$95,000

Miami-Dade Employee Relations Department

- Project 1: Protect Employee Records
- Project 2: Reduce Loss Risk
- Project 3: Emergency Payroll Processing
- Project 4: Install Time Collection System

Miami-Dade Department of Environmental Resources Management

- Project 1: Forest Management; TBD
- Project 2: Hazardous Waste; TBD
- Project 3: Drainage Improvements in Belen Jesuit School Area; \$7,645,000
- Project 4: Drainage Improvements to the Seaboard Acres Ditch; \$2,000,000
- Project 5: Dredge of Portions of Florida City and North Canals; \$500,000
- Project 6: Pre-Disaster Removal of Hazardous Materials; \$100,00

- Project 7: Caribbean Boulevard Bridge Enhancement; \$2,800,000
- Project 8: Midway Drainage Improvement Project SOW; \$7,000,000
- Project 10: SW 157th Avenue: SW 64th Street to SW 42nd Street Project SOW; \$4,500,000
- Project 11: SW 122nd Ave Secondary Canal Enhancement Project SOW; \$4,500,000
- Project 12: Mitigation of Tree Related Damage to Infrastructure; TBD
- Project 13: Improvements throughout the County's Secondary Canals; \$4,000,000
- Project 14: Removal of Obstructions to Evacuation Route; TBD
- Project 15: Flood Control Measure for Sub-Basin C1N-E-3; \$1,699,432
- Project 16: Replacement of Culverts in C1-N Canal; \$2,000,000
- Project 17: Addition of Conveyance Pipe to French Drains in C1S5 Sub-Basin; \$626,000
- Project 18: Flap Gates on Existing Overflow Structures in C-1 Canal; \$20,000
- Project 19: Conveyance Pipe to Connect Two French Drain Systems; \$146,000
- Project 20: Beach and Dune Restoration and Maintenance; \$3,200,000
- Project 21: 32nd Street Breakwater Rehabilitation and Stabilization; \$800,000
- Project 22: 55th Street Erosion Control Breakwater; \$1,700,000
- Project 23: Remleys Drainage Improvement Project; \$357,000

Miami-Dade Finance Department

- Project 1: Remote Systems Backup Technology; \$100,000
- Project 2: implementing 26th floor Emergency Power Circuits; \$40,000
- Project 3: laptop computers with docking stations; \$115,000

Miami-Dade Fire Rescue Department

- Project 1: Replace Overhead Doors; \$420,000
- Project 2: Station Rehabilitation for Air Rescue South; Estimated cost \$1,000,000.
- Project 3: Fire Station Roof Rehabilitation; \$600,000
- Project 4: Roof Rehabilitation for Miami-Dade Fire Rescue Headquarters; \$1,000,000
- Project 5: Drainage Improvements; \$500,000

Miami-Dade General Services Administration

- Project 1: Address Flooding Problems of Caleb Center Parking Lot; \$2,000,000
- Project 2: Flood prevention for the Central Support Facility Building; \$200,000
- Project 3: Install shutters at the DPCC facility; \$450,000
- Project 4: Shutters at the Medical Examiner complex; \$274,000
- Project 5: Install Flood Barriers for the Richard E. Gerstein Justice Building; \$150,000
- Project 6: Hardening of the Windows at Metro Flagler building; \$680,000
- Project 7: Hardening of the Windows at Richard E. Gerstein Justice Building; \$4,700,000
- Project 8: Hardening of the Windows at Court House Center; \$450,000
- Project 9: Hardening of the Windows at North Dade Justice Building; \$300,000
- Project 10: Flood Barriers for the Miami-Dade Cultural Center Basement; \$60,000
- Project 11: Flood Prevention of the Elevator Shaft in the Historical Museum; \$80,000
- Project 12: Hardening of the Perimeter at the DPCC Building; \$250,000
- Project 13: Purchase of Portable Emergency Power Generators; \$300,000
- Project 14: Purchase of Trailer Mounted Portable Chiller and Associated Cooling Tower; \$2,400,000
- Project 15: Extending Runtime of Emergency Power Generators; \$1,200,000
- Project 16: Purchase of Portable Lighting "Towers" of Various Wattages; \$15,000
- Project 17: Adding Redundancy to Security Operations Center; \$25,000
- Project 18: Provide Satellite Cellular Phones for Emergency Service; \$85,000

ATTACHMENT A

- Project 19: Re-starting the DGC Central Power and Cooling Plant; \$11,000,000
- Project 20: Adding Redundancy to System Central Control Office; \$50,000
- Project 21: Retrofit Generator Technician's Vehicles to Drive in Flooded Areas; \$25,000
- Project 22: Enhanced Security for the Medical Examiner's Facility; \$70,000
- Project 23: Enhanced Security for the Courthouse Center; \$105,000
- Project 24: Hardening of the Perimeter at the Medical Examiner's Facility; \$110,000
- Project 25: Provide Safety Equipment for Emergency Inspection of Confined Spaces; \$150,000
- Project 26: Enhance Security for the Richard E. Gerstein Building; \$89,000
- Project 27: Removal of the abandoned Cooling Towers from the Court House Center; \$75,000
- Project 28: Hardening of the Perimeter at the SPCC building; \$1,900,000
- Project 29: Hardening of the Windows at Dade County Courthouse; \$4,500,000
- Project 30: Hardening of Miami-Dade County's Agricultural Center; \$100,000
- Project 31: Hardening of the County's Integrated Command Center; \$12,000,000

- Project 11: Coral Reef; \$150,000.00
- Project 12: Allapattah; \$110,000.00
- Project 13: Lemon City; \$135,000.00

Miami-Dade Park & Recreation Department

- Project 1: Sea Wall Replacements and Repairs; Total \$10,595,600
- Project 2: Shutters; Total \$965,000
- Project 3: Tree Trimming; Total \$1,090,051
- Project 4: Matheson Hammock Parking; \$2,000,000
- Project 5: Harden Park Buildings; Estimated annual cost: \$700,000.

Miami-Dade Police Department

- Project 1: Wind Damage Mitigation at Midwest District Police Station; \$150,000.
- Project 2: Wind Damage Mitigation at Miami-Dade Police Department Headquarters; \$1,500,000
- Project 3: Strengthen Roof Access Doors for Wind Damage Mitigation at Headquarters Complex (three buildings); \$600,000

Miami-Dade Public Works Department

- Project 1: Replacing Span Wire Signals with Mast Arm Signals; \$3,000,000 (28 potential intersections)
- Project 2: Larchmont Gardens Storm Water Pump Station; \$700,000
- Project 3: Seaboard Acres Storm Water Pump Station; \$700,000
- Project 4: Road, Bridge and Canal Maintenance Division NW 58 Street Facility; \$125,000
- Project 5: Biscayne Shores Storm Water Pump Station Retrofit; \$250,000
- Project 6: Road, Bridge and Canal Maintenance Division Vital Public Records Storage; \$250,000.
- Project 7: Preventive Pruning of Existing County Tree Inventory; \$2,570,000
- Project 8: Mosquito Control Division Insecticide Storage Facility Upgrade; \$300,000
- Project 9: Hurricane Protection for the Mosquito Control Building and Hanger; \$61,000
- Project 10: Install removable bracing for hangar doors; \$12,000
- Project 11: Increase security at the Mosquito Control North Facility; \$95,000

- Project 12: Impressed Current Cathodic Protection Design; \$280,000
- Project 13: Replacing Wire Signal with Mast Arm Signal; \$3,984,000

Miami-Dade Seaport Department

- Project 1: Security Training; \$250,000
- Project 2: Security Study; \$350,000
- Project 3: Roof-Top Mitigation; \$1,000,000
- Project 4: Electrical Feeder System Upgrade for Storm Surge Mitigation; \$5,000,000
- Project 5: Installation of New Fenders for Mitigation of Wharf Damages; \$500,000
- Project 6: Sea Wall Reinforcement for Storm Surge Mitigation; \$42,500,000
- Project 7: Access Control Upgrades for Cruise Terminals and Administration Complex; \$1,300,000.
- Project 8: Drainage Mitigation; \$3,000,000
- Project 9: Public Address System; \$400,000
- Project 10: Hazardous Materials Detectors; \$10,000
- Project 11: Systems Backup; \$100,000
- Project 12: Waterside Fence Intrusion System; TBD
- Project 13: Facilities Hardening; \$1,000,000
- Project 14: Harden Port Bridges; 11,300,000
- Project 15: Seaboard Bulkhead Mitigation; \$15,000,000.

Miami-Dade Transit Agency

- Project 1: Bulk Fuel Storage and Transfer Station; \$2,750,000
- Project 2: Storm Shield Hurricane Barriers; \$60,000
- Project 3: Storm Shield Hurricane Barriers; \$200,000
- Project 4: Reconfiguration – Critical Equipment; \$158,000
- Project 5: Emergency Portable Air Conditioner Units; \$48,000
- Project 6: Emergency Power for entire MDT Facilities; \$5,000,000

Miami-Dade Water and Sewer Department

- Project 1: HEPA Filters at Water Storage Tanks; \$250,000.
- Project 2: Physical Security Risk Reduction Measures at Water Treatment Plants; \$12,200,000
- Project 3: Risk Reduction Measures at Treatment Plants and Facilities; \$500,000
- Project 4: Satellite Phones; \$15,000.
- Project 5: Hand-Held GPS Units; \$50,000
- Project 6: Increased Wastewater Transmission and Treatment Capacity; \$200,000,000
- Project 7: Relocate Water Mains in Rear Easements; \$530,908,000
- Project 8: Transfer Water Service from Rear to Front in Locations with Dual Systems; \$16,048,500
- Project 9: Shelters for Critical Equipment; \$5,000,000
- Project 10: Replacement of Canal and Bridge Crossing Pipes; \$2,500,000
- Project 11: Harden Water and Sewer Department Buildings; \$20,000,000
- Project 12: Construct New South Miami Heights Maintenance Facility; \$35,000,000
- Project 13: Replace Roof Mounted Exhaust Ventilation Fans
 - a. Westwood Lake Maintenance Facility. \$145,000
 - b. LeJeune Road Office. \$50,000
 - c. Medley Warehouse. \$50,000
 - d. 36th Street Maintenance Facility. \$30,000

- e. Distribution Maintenance Facility. \$25,000
- Project 14: Replace LeJeune Road Office Building HVAC; \$350,000
- Project 15: LeJeune Road Emergency Operations Center; \$400,000
- Project 16: Construct a Wind Barrier at the South District Wastewater Treatment Plant; \$85,000.

Vizcaya Museum and Gardens

- Project 1: Basement Storm Flood Water Discharge System; \$1,750,000
- Project 2: Roof Replacement and Roof Structure Reinforcement; \$5,500,000
- Project 3: Exterior Window and Door Restoration and Reinforcement for Impact; \$4,500,000
- Project 4: Historic Garden Features Mitigation; \$350,000
- Project 5: Replacement of Glass Canopy over Courtyard; \$1,900,000

The Municipalities

There are thirty-five municipalities within Miami-Dade County. Each municipality has determined which hazard mitigation projects are appropriate to that individual community and what priority should be attached to each. No projects submitted for inclusion in the Local Mitigation Strategy have been edited in any way other than to conform to the format, font and typestyle used in the document. Each is included as submitted. Future studies may determine, however, that some of these individual projects may be better suited to or easier to complete if combined into a countywide initiative as outlined above. This type of decision will be made as required by the circumstances of the time.

Several of the municipalities have chosen to no longer participate in the Local Mitigation Strategy and are not listed in this document.

City of Aventura

- Project 1: Stormwater Drainage Projects
- Project 2: Development of Floodplain Management Plan
- Project 3: Purchase Communications Information Equipment
- Project 4: Develop Disaster Education Programs
- Project 5: Development of Emergency Command Post within the City

Town of Bay Harbor Islands

- Project 1: Reverse 911- Interactive Community Notification System; \$62,000
- Project 2: Installation of Automated Water Meter System; \$400,000

Village of Biscayne Park

- Project 1: Harden Recreation Center For Eoc; \$60,000.00
- Project 2: New Municipal/Public Safety Building; \$856,000.
- Project 3: Storm Water Project; \$400,000.
- Project 4: Landscape State Road 915 in Biscayne Park; \$225,000.
- Project 5: Facility Hardening; \$125,000
- Project 6: Municipal AM Radio Broadcast station; \$50,000
- Project 7: Bucket Truck; \$95,000
- Project 8: Eighteen Foot Tall Wall Along FEC right-of-way; \$700,000

City of Coral Gables

- Project 1: Coral Gables Waterway Conveyance Improvements; \$7,000,000
- Project 2: Hurricane Shutters; \$205,000
- Project 3: Waterway Bank Stabilization; \$400,000.00
- Project 4: Emergency Generators; \$1,000,000.00
- Project 5: Develop a Debris Plan; \$200,000
- Project 6: Protect City HVAC; \$50,000
- Project 7: Storm Water Outfalls; \$500,000
- Project 8: Test Storm Water Connections; \$250,000
- Project 9: Sewer Systems Improvements; \$400,000

Village of Cutler Bay

- Project 1: Drainage Improvements
 - Cutler Ridge Elementary area. \$700,000
 - Saga Bay Section 1.3 Sub-Basin. \$330,000
 - Saga Bay Section 1.4 Sub-Basin. \$90,000
 - SW 87th Avenue Sub-Basin. \$1,000,000
 - SW 97th Avenue Sub-Basin. \$1,200,000
 - Saga Bay Section 1.5 Sub-Basin. \$1,030,000
 - Bel Aire Section 1.2 Sub-Basin. \$660,000
 - Bel Aire Section 5.2 Sub-Basin. \$450,000
 - Saga Bay Section 1.1 Sub-Basin. \$800,000
 - Saga Bay Section 1.7 Sub-Basin. \$ 670,000
 - Pine Tree Manor Sub-Basin. \$390,000
 - Cutler Ridge Section 5 Sub-Basin. \$1,580,000
 - Port Royale Section 5 Sub-Basin. \$360,000
 - Bel Aire Section 1.1 Sub-Basin. \$820,000
 - Saga Bay Section 1.8 Sub-Basin. \$240,000
 - Saga Bay Section 1.6 Sub-Basin. \$170,000
 - Saga Bay Section 1.2 Sub-Basin. \$300,000
 - Bel Aire Section 6 Sub-Basin. \$310,000
- Project 2: Canal Bank Erosion Protection; \$350,000
- Project 3: Flood Zone Data GIS System; \$140,000
- Project 4: Flood Insurance Research Project; \$90,000
- Project 5: Development of Floodplain Management Plan; \$75,000
- Project 6: Purchase Communications Emergency Equipment; \$65,000
- Project 7: Reduction of Floating Debris; \$60,000
- Project 8: Canal Cleaning and Shaping – Town wide; \$750,000
- Project 9: Portable Traffic Light Signals; \$140,000
- Project 10: Installation of Transfer Switch for Emergency Power; \$57,000
- Project 11: Acquisition of Emergency Generators; \$85,000
- Project 12: Debris Removal; TBD
- Project 13: Develop a Debris Plan; \$80,000
- Project 14: Storm Water Outfalls; \$500,000
- Project 15: Municipal AM Radio Broadcast Station; \$50,000
- Project 16: Cutler Bay Waterway Conveyance Improvements; \$270,000
- Project 17: Removal of Australian Pines and Other Exotics; \$65,000.
- Project 18: Preventive Pruning of Existing Town Tree Inventory; \$285,000.
- Project 19: Emergency Portable Air Conditioner Units; \$60,000.

- Project 20: Satellite Phones; \$55,000
- Project 21: Community Emergency Response Teams (CERT); \$40,000
- Project 22: Purchase Computerized Equipment Storage for Vital Public Records; \$47,000
- Project 23: Portable Traffic Control Signs; \$200,000
- Project 24: Storm Shutters for Town Buildings; \$85,000.

City of Doral

- Project 1: City of Doral Police Department Emergency Operations Center; \$4,025,000
- Project 2: City of Doral Public Works Department Facility Emergency Generator; \$200,000
- Project 3: Retrofit of Traffic Signals to Include Transfer Switches; \$140,000
- Project 4: Installation of Transfer Switch for Emergency Power; \$30,000
- Project 5: Pump Station to Address Repetitive Flooding Losses; \$2,500,000
- Project 6: Storm Water Master Plan and System Upgrade; \$1,500,000
- Project 7: Acquisition of Emergency Generators; \$655,000
- Project 8: Installation of storm shutters at City of Doral Police & Parks Facilities; \$100,000
- Project 9: Point of Distribution Center; \$700,000
- Project 10: Construction of a Structure to store Emergency Vehicles and Equipment; \$3,000,000
- Project 11: Drop-off Site; \$600,000
- Project 12: Expansion of the City's GIS System to all Appropriate Facilities; \$350,000
- Project 13: Acquisition of additional communication equipment; \$120,000
- Project 14: Acquisition of Water Pumps for Building Flood Control; \$40,000
- Project 15: Acquisition of Emergency Vehicles and Equipment; \$2,100,000
- Project 16: Economic Incentives – Information Package; \$100,000
- Project 17: Flood Insurance Research Project; \$100,000
- Project 18: Emergency Supplies and Equipment; \$120,000
- Project 19: Sewer Pump Stations Emergency Disconnects; \$45,000
- Project 20: Comprehensive review and modification of local laws & regulations; \$75,000
- Project 21: Educational Program to Reduce Damage of Property and/or Life; \$75,000
- Project 22: Acquisition of airboats and flat boats; \$143,000

Village of El Portal

- Project 1: Shutter City Hall; \$125,000
- Project 2: Local Tree Trimming; \$12,000

City of Florida City

- Project 1: Friedland Manor Stormwater Drainage Project; 1,000,000
- Project 2: Sealing the Palm Drive Canal; \$3,500,000
- Project 3: Backup for the City's Drinking Water System; \$2,100,000
- Project 4: Additional Water Tower; \$2,000,000
- Project 5: Water Works Systems Improvement Project; \$630,020
- Project 6: New Lights and Poles on Palm Drive; \$325,000
- Project 7: Drainage at the Depot and Pioneer Museum; \$500,000.
- Project 8: Drainage at the Corner of Palm Drive and SW 2nd Ave; \$100,000.
- Project 9: Sewer Evaluation Study
- Project 10: Repair of Sewer Lines Based on the Evaluation Study; \$1,000,000.
- Project 11: Public Building Retrofit; \$500,000.
- Project 12: Septic Tank Abandonment; \$900,000.

Town of Golden Beach

- Project 1: Storm Water Drainage System Improvements; \$4,635,000.
- Project 2: Underground Placement of Utilities; \$6,900,000
- Project 3: Roadway/Streetscape Improvement; \$2,897,310
- Project 4: Emergency Generators; \$50,000.
- Project 5: The Town Hall/Emergency Operation Center; \$150,000.00 for an addition to the existing Town Hall; \$2,000,000.00 for a new two story Community Center/Emergency Operations Center on A1A.
- Project 6: Bridge Replacement; Estimate cost per bridge: \$2,250,000

City of Hialeah

- Project 1: Drainage Improvements
- Project 2: Pump Stations
- Project 3: Police/Public Safety Equipment
- Project 4: Community Outreach
- Project 5: Tree Trimming
- Project 6: Storm Shutters
- Project 7: Miscellaneous Programs

City of Hialeah Gardens

- Project 1: Protect Records
- Project 2: Municipal Building
- Project 3: Stormwater Study
- Project 4: Drainage
- Project 5: Evacuation Routes

City of Homestead

- Project 1: Storm Water System Upgrade; \$ 33,692,000
- Project 2: Security System Enhancements against Terrorist Attacks; \$795,000
- Project 3: Water & Wastewater System Improvements; \$4,060,000
- Project 4: Acquisition of additional equipment for Emergency Operations Center; \$450,000
- Project 5: Acquisition of emergency generators to supply different critical facilities during a disaster event; \$2,335,260.00
- Project 6: Comprehensive review, modification, and enforcement of local laws and regulations; \$600,000
- Project 8: Build concrete enclosures around City critical facility systems; \$1,000,000
- Project 9: Economic Incentives & Education Information Package; \$175,000
- Project 10: Flood Insurance Research Project; \$25,000
- Project 11: Acquisition of airboats and flat boats; \$154,000
- Project 12: Construction of a Structure to store Emergency Vehicles and Equipment; \$1,200,000
- Project 13: Acquisition of emergency vehicles and equipment to access critical facilities and areas affected during and after a disaster event; \$2,288,000
- Project 14: Improvements to Existing Buildings; \$500,000
- Project 15: Installation of storm shutters at different locations; \$200,000
- Project 16: Emergency Supplies and Equipment; \$200,000
- Project 17: Improve/Increase Water Availability; \$2,500,000
- Project 18: Drop-Off Site; \$900,000
- Project 19: Water and Wastewater Telemetry/RTUs; \$1,000,000

- Project 20: Showers (permanent and/or portable); \$30,000
- Project 21: Installation of Automatic Circuit Reclosers in the Electric Distribution System; \$100,000
- Project 22: Upgrade OCB's (Oil Circuit Breakers) with VCB's (Vacuum Circuit Breakers); \$223,000
- Project 23: Upgrade Protection Feeders – Substation Schemes; \$50,000
- Project 24: Hazard Material Containers; \$900,000
- Project 25: Additional Digester and Blower; \$750,000
- Project 26: Removal of Old Treatment Plants; \$200,000
- Project 27: Wastewater Infiltration/Inflow; \$3,200,000
- Project 28. NE Quadrant Water Storage Tank; \$4,000,000
- Project 29: Increase Wastewater Treatment Plant Capacity; Estimated Cost : \$18,000,000
- Project 30: Improve Transportation Infrastructure; \$4,000,000
- Project 31: Restoration of Sports Complex Dormitory; Estimated Costs: \$632,049
- Project 32: Tree Trimming in City of Homestead; \$150,000
- Project 33: Acquisition of property for the expansion of Losner Park; \$3,300,000
- Project 34: Under-grounding 13kv Distribution; \$12,500,000
- Project 35: Strategy for increasing the flood insurance discount for City of Homestead property owners by improving the CRS rating; \$ 20,000
- Project 36: Retrofitting the new City Hall/Divisional EOC to withstand a category 5 hurricane through structure hardening and impact resistant windows and doors; \$ 3, 958,500

Village of Key Biscayne

- Project 1: Comprehensive Review of Local Laws and Regulations; \$50,000.
- Project 2: Storm Drainage System Upgrade; \$1,300,000
- Project 3: Feasibility Study for Additional Open Space Preservation;
- Project 4: Elimination of Converted Garages
- Project 5: Earth Shaping Master Plan
- Project 6: Demonstration Project
- Project 7: Economic Incentives
- Project 8: Flood Insurance Research Project
- Project 9: Erosion Control Hot Line and Response System
- Project 10: Environmental Forum

Town of Medley

- Project 1: Drainage Improvements; \$2,766,000
- Project 2: Roadway Improvements; \$200,000
- Project 3: Wastewater System Mitigation; \$21,000

City of Miami

- Project 1: Hazardous Materials Response Units; \$2,500,000
- Project 2: Debris Removal; TBD.
- Project 3: Public Education and Information Distribution; \$650,000.
- Project 4: Storm Shelter for Families of City Employees; \$750,000
- Project 5: Storage Facilities for Critical Equipment; TBD.
- Project 6: Harden Fire Facilities; TBD
- Project 7: Clean and Dredge Canals and Waterways; \$45,000,000
- Project 8: Harden Neighborhood Enhancement Team Centers; \$100,000 per NET Center
- Project 9: Flood-Proofing Government and EOC Buildings; \$7,000,000

- Project 10: Backup for Essential City Mainframe Functions; \$1,000,000
- Project 11: Backup System for City Communications; TBD.
- Project 13: Community Emergency Response Teams; \$150,000
- Project 14: Loans to Private Owners to Improve Seawalls & Stabilize Shorelines; \$250,000.
- Project 15: Replace and Improve City-owned Seawalls; \$4,000,000
- Project 16: Portable Traffic Control Signs; \$500,000.
- Project 17: Storm Shutters for City Buildings; TBD.
- Project 18: Flood-Proof First Floor of Main Police Building; \$750,000.
- Project 19: Low Power Portable Radio Stations; TBD.
- Project 20: Protect Vital City Records; \$60,000.
- Project 21: Anchor Park Fixtures; \$150,000
- Project 22: Study to Reduce Erosion on Virginia Key Beach; \$75,000.
- Project 23: Study Potential Fire Hazards on City-owned Islands; \$40,000.
- Project 24: Communications Systems Generator; \$60,000
- Project 25: Property Maintenance Division Upgrades; \$160,000
- Project 26: Security Film at Riverside Center Building; TBD
- Project 27: Generator for Riverside Center Building; \$1,000,000.
- Project 28: Little Haiti Park; \$60,000.
- Project 29: Little River Storm Sewers Retrofitting Project, Phase II; \$3,000,000
- Project 30: Kinloch Storm Sewers Project; \$4,000,000
- Project 31: Englewood Storm Sewers Project -Phase III; \$5,400,000
- Project 32: Northwest Storm Sewers Project; \$4,800,000
- Project 33: Garden Storm Sewers Project -Phase I; \$4,300,000
- Project 34: Liberty Storm Sewers Project; \$4,200,000
- Project 35: Grove Park (formerly known as Glenroyal) Storm Sewers Project; \$6,000,000
- Project 36: Lawnview Storm Sewers Project; \$4,300,000
- Project 37: Auburn Storm Sewers Project - Phase I and Phase II; \$4,000,000
- Project 38: Reid Acres Storm Sewers Project; \$4,300,000
- Project 39: Belle Meade Storm Sewers Project, Phase I; \$4,200,000
- Project 40: Fairway Storm Sewers Project; \$4,200,000
- Project 41: Avalon Storm Sewers Project - Phase III; \$ 5,300,000
- Project 42: Auburn Storm Sewers Project - Phase III; \$5,300,000
- Project 43: N.W. 71st Street Main Trunk Storm Sewer Project; \$7,500,000
- Project 44: Hurricane Window Barriers for Park Recreation Buildings; \$250,000.
- Project 45: Update of Storm Water Master Plan; \$600,000
- Project 46: Street Sweeping Program Improvement; \$900,000.
- Project 47: Watson Island Baywalk; \$300,000.
- Project 48: Restoration of Native Species; TBD
- Project 49: Replacement of Channel Markers; \$65,000.
- Project 50: Master Plan for Virginia Key; \$550,000.
- Project 51: City Hall; \$650,000.
- Project 52: Fire Station Hardening; \$320,000.
- Project 53: Station Facility Apparatus Room Doors; TBD
- Project 54: San Marco Island & Biscayne Islands Drainage Improvements; \$3,000,000.
- Project 55: Causeway Island; \$500,000.
- Project 56: North Bayshore Drive Improvements; \$5,500,000
- Project 57: Overtown Greenway – Phase I; \$3,000,000
- Project 58: North Spring Garden Greenway; \$5,000,000

- Project 59: NE/NW 14th Street from NE 2nd Avenue to FEC Track; North Miami Avenue from NE/NW 15th Street to I-395 Right-of-way Line; \$4,000,000
- Project 60: Upgrade Truck Wash Facility; \$740,800
- Project 61: Reduction of Floating Debris; \$400,000
- Project 62: Slab Covered Trench Cleaning; Estimated cost to perform this cleaning over a five years period is \$12,000,000.
- Project 63: Public Works Maintenance Yard Building; \$1,000,000
- Project 64: Vehicle Tracking Devices; \$250,000
- Project 65: Durham Terrace Drainage Project; \$1,100,000
- Project 66: Bird Avenue Road Improvement; \$1,728,000
- Project 67: Miami River Greenway – NW 5th Street Bridge Approach; \$640,000.
- Project 68: Miami River Greenway – SE 5th Street Extension; \$640,000.
- Project 69: Miami River Greenway – Miami Circle; \$1,000,000.
- Project 70: Mary Brickell Village Drainage Improvements; \$1,400,000.
- Project 71: Miami River Greenway SW 2nd Avenue to South Miami Avenue; \$1,045,000.
- Project 72: North Shorecrest Road Improvements; \$1,271,800.
- Project 73: NW 2nd Avenue (11th to I-395); \$2,000,000.
- Project 74: SW 3rd Avenue Road Improvement Project: \$1,450,000.
- Project 75: Palm Grove Road Improvements; \$5,225,000.
- Project 76: Brickell Key Bridge; TBD.
- Project 77: NW 14th Street Streetscape Project; \$1,650,000.
- Project 78: Miami River Greenway (NW 10th Avenue to NW 12th Avenue); TBD.
- Project 79: Securing the City of Miami GSA Property Maintenance Facility; \$16,000

City of Miami Beach

- Project 1: Storm Shutters and Protective Glass for City Buildings; \$810,000
- Project 2: Canal Cleaning and Shaping – Citywide; \$4,775,000
- Project 3: Portable Traffic Light Signals; \$160,000
- Project 4: Nautilus Drainage Improvements; \$27,000,000.
- Project 5: Flood Proofing Sewer and Pump Stations; \$1,785,000
- Project 6: Biscayne Point Drainage Improvements; \$7,800,000
- Project 7: Bayshore Drainage Improvements; \$3,700,000
- Project 8: Normandy Shores Drainage Improvements; \$10,000,000
- Project 9: Jefferson Avenue Drainage Improvements; \$1,500,000
- Project 10: Lakeview Drainage Improvements; \$1,094,166
- Project 11: Lake Pancoast Area Drainage Improvements; \$2,500,000
- Project 12: Stormwater Outfall and Seawall Reconstruction; \$1,800,000
- Project 13: Miami Beach Interoperability | Communications | EOC Program; \$997,200
- Project 14: Palm and Hibiscus Area Drainage Improvements; \$4,000,000
- Project 15: West Avenue Drainage Improvements; \$16,200,000.
- Project 16: Flamingo / Lummus Drainage Improvements; \$41,000,000
- Project 17: Parkview Canal Seawall Revetment; \$1,800,000
- Project 18: Extensive Repairs to Seawalls; \$2,131,000.
- Project 19: La Gorce Drainage Improvements; \$6,600,000
- Project 20: Streetlight System Upgrade; \$1,600,000
- Project 21: West Avenue Bridge; \$6,846,680
- Project 22: Citywide Wastewater Infrastructure Improvements; \$2,250,000
- Project 23: Citywide Stormwater Infrastructure Improvements; \$53,000,000
- Project 24: Citywide Water Infrastructure Improvements; \$34,000,000.

- Project 25: Citywide Dune Enhancement Project: \$515,000
- Project 26: Mount Sinai Hospital; \$5,000,000
- Project 27: Talmudic University; \$1,500,000
- Project 28: Regional Communication/Command Van; \$500,000.00

City of Miami Gardens

- Project 1: Storm Shutter Program; \$100,000.00.
- Project 2: Livable Neighborhoods Initiative; \$12,500,000.00.
- Project 3: Drainage Improvements; \$2,530,000
- Project 4: Swale Tree Trimming and Debris Clearance; \$275,000.00.
- Project 5: Removal of Australian Pines and other Exotics; \$1,000,000.00.
- Project 6: Community Emergency Response Teams (CERT); \$50,000.00.
- Project 7: Emergency Broadcast System; \$90,000.00.
- Project 8: Burial of Power Lines; \$10,000,000.00.
- Project 9: Floodproofing Police Department Building; \$50,000.00.
- Project 10: Pre-emptive Tree Trimming at City Parks; \$40,000.00.

Town of Miami Lakes

- Project 1: Public Information and Education; \$10,000.
- Project 2: Development Of An Emergency Response Plan; Estimated cost \$35,000.
- Project 3: Purchase Computerized Equipment Storage for Vital Public Records; \$15,000.
- Project 4: Purchase and Install Emergency Radio System; \$115,000.
- Project 5: Acquire Madden's Hammock; \$8,000,000.
- Project 6: Downtown area drainage improvements; \$200,000
- Project 7: Drainage improvements on Bull Run Road ; \$1,000,000
- Project 8: Tree trimming; \$125,000
- Project 9: Street sweeping and litter collection; \$80,000

Miami Shores Village

- Project 1: Harden Windows in 2nd Floor Police Department; \$50,000
- Project 2: Harden Windows in the Village Community Center; \$50,000
- Project 3: Harden Windows in the Recreation Field House; \$50,000
- Project 4: Harden Windows in the Miami Shores Golf & Country Club; \$50,000
- Project 5: Redesign Bayfront Park Seawall; \$810,000
- Project 6: Harden and Flood Proof Public Works Facility; Estimated cost \$710,000
- Project 7: Hurricane Proof Emergency Generator Room (Police Department); \$61,000

City of Miami Springs

- Project 1: Stormwater Management Master Plan; Estimated total cost: \$2,300,000
- Project 2: Storm Shutters for Municipal Buildings; \$30,000
- Project 3: Emergency Generator for the Senior Center; \$30,000
- Project 4: Creation of a Disaster Shelter; \$3,000,000
- Project 5: Telemetry System; Estimated cost \$150,000
- Project 6: Purchase and Install a Radio Repeater System; \$45,000
- Project 7: Removal of Hazardous Australian Pines; \$90,000
- Project 8: GIS System for Maintenance of Flood Zone Data
- Project 9: Engineering Study to Determine Sites of Canal Bank Restoration; \$60,000
- Project 10: Storm Sewer Cleaning Program Improvements; \$350,000

City of North Bay Village

- Project 1: Storm Drainage, Sewage, Bay Restoration; \$6,500,000
- Project 2: Existing Sewer Force Main; \$66,600
- Project 3: Storm Drainage Outfall Protection; \$100,000
- Project 4: North Bay Island Stormwater Pump Station Rehabilitation; \$124,840
- Project 5: Underground Electrical Power Lines; \$7,070,000
- Project 6: Municipal Park; \$1,400,000
- Project 7: Hispaniola Sewage Pump Station; \$100,000
- Project 8: Digital City Survey; \$35,500
- Project 9: Smart Meters; \$5,000

City of North Miami

- Project 1: Flood Prevention and Mitigation: Drainage Basins 8 and 9; \$1,550,000
- Project 2: Non-critical Facilities Hazard Mitigation; \$450,000
- Project 3: Embankment stabilization at Keystone Point Bridge #2; \$1,800,000
- Project 4: Surge Resistance and Flood Mitigation at Keystone Point and Sans Souci; \$2,000,000
- Project 5: Sanitary Sewer Backup; \$1,000,000
- Project 6: Safeguarding Availability of Potable Water; \$325,000
- Project 7: Flood Zone Data Maintenance: GIS System; \$125,000
- Project 8: Global Positioning System; \$12,000
- Project 9: Emergency Portable Stormwater Pumps; \$225,000
- Project 10: Gravity Sewer Systems Improvements for Groundwater Infiltration Reduction; \$6,000,000
- Project 11: Emergency Power for Water and Sewer Utility Operations Center; \$90,000
- Project 12: Replacement Generator for Police Station; \$250,000.
- Project 13: Security for City Hall; \$102,750
- Project 14: Correct Water Infiltration at City Hall (EOC) Basement; \$45,300
- Project 15: Replacement of U.P.S. for Police Station; \$80,000

City of North Miami Beach

- Project 1: City of North Miami Beach Emergency Operations Center; \$43,000.00.
- Project 2: Construct DIRC Center/Establish CERTs
- Project 3: Develop Evacuation Procedures & Contractual Agreements
- Project 4: Perform Free Hurricane Inspections for City Residents
- Project 5: Secure Shelter for Dependents of City Employees
- Project 6: Establish Additional Hurricane Shelters
- Project 7: Provide Disaster Training for Public Works Employee
- Project 8: Establish a Community Outreach Program & Public Information Campaign
- Project 9: Clean and Improve Drainage Systems
- Project 10: Install Additional Stormwater Basins, or Increase Existing Basins; \$30,000 per basin.
- Project 11: Construct Injection Wells in Areas Prone to Flooding; \$21,000 per well.
- Project 12: Extend Sanitary Sewer System/Remove Septic Tank Systems; \$15,000 per removal and replacement.
- Project 13: Remove Australian Pines within City Limits
- Project 14: Proactive Hurricane Tree Trimming and Pruning
- Project 15: Renovation of Eastern Shores Outfall pipes; \$550,000.
- Project 16: Establishment of Emergency Operations Center for Public Services; \$385,000

- Project 17: Upgrading Generator at City Hall; \$200,000.
- Project 18: Norwood Water Treatment Plant Stormwater Retention Ponds; \$600,000.
- Project 19: Well Field Stormwater System Improvements; \$29,000.
- Project 20: Emergency Generators for Norwood Water Treatment Plant; \$1,550,000.
- Project 22: NE 172 Street Drainage Improvement; \$1,791,692

- Project 23: Eastern Shores Drainage Repair / Replacement; Estimated cost : \$ 450,000
- Project 24: Miami Industrial District Drainage & Roadway Improvement; \$ 800,000
- Project 25: NE 161 Street Drainage Improvement; Estimated cost : \$ 350,000

City of Opa-locka

- Project 1: Canal Clean-up
- Project 2: Improved Storm Water Drainage System
- Project 3: Pump System at Alexandria Gardens Apartments; Estimated total cost: \$2,193,000
- Project 4: Acquire Generators
- Project 5: Storm Shutters
- Project 6: Tree Trimming
- Project 7: Mobile Emergency Command Center; \$300,000
- Project 8: Construct Hurricane Shelter; \$4,000,000

Village of Palmetto Bay

- Project 1: Drainage Improvements to Sub-Basin # 7; Estimated Cost \$420,000.
- Project 2: Drainage Improvements – SW 87th Ave. (from SW 168th St. to SW 184th St.); \$500,000.
- Project 3: Drainage Improvements – SW 92nd Ct. (from SW 168th St. to SW 170th St.); \$330,000.
- Project 4: Drainage Improvements – SW 84th Ave. (from SW 168th St. to SW 170th Tr.) SW 179th Tr. (from SW 77th Ave. to east Terminus); \$480,000.
- Project 5: Drainage Improvements – SW 141 Terrace, SW 174 Street from SW 92 Court to SW 92 Avenue, and SW 80 Avenue from SW 144 Street to SW 145 Street; \$470,000
- Project 6: Canal Bank Erosion Protection; \$300,000
- Project 7: Back-up Generators and Transfer Switches; \$75,000
- Project 8: Purchase of Portable Emergency Traffic Lights; \$150,000
- Project 9: Emergency Supplies and Equipment; \$132,000
- Project 10: Flood Zone Data Maintenance: GIS System; \$100,000
- Project 11: Drainage Improvements for Sub-Basin #6; \$490,000.
- Project 12: Drainage Improvements for Sub-Basin #8; \$280,000.
- Project 13: Drainage Improvements for Sub-Basin #9; \$330,000.
- Project 14: Drainage Improvements to Sub-Basin # 11; \$330,000.
- Project 15: Drainage Improvements for Sub-Basin #10; \$310,000.
- Project 16: Annual Operation and Maintenance of Sub-Basins; \$413,000.
- Project 17: Purchase Hurricane Preparedness & Debris Clearance Equipment; \$282,450
- Project 18: Acquisition of additional communication equipment; \$132,000
- Project 19: Hazardous Material Containment; \$4,000
- Project 20: Street Sweeping Program; \$150,000.
- Project 21: Swale and Tree Trimming Program (Funding Approved - Katrina Tier 1); \$300,000.
- Project 22: Acquire a High Water Vehicle; \$50,000.
- Project 23: Public Information & Education; \$16,500
- Project 24: Village of Palmetto Bay Emergency Operations Center; \$1,200,000

Village of Pinecrest

- Project 1: Purchase of Portable Emergency Traffic Lights; \$100,000
- Project 2: Improvements to Emergency Generator at the Pinecrest Municipal Center; \$55,000
- Project 3: Improvements to Pinecrest Gardens; \$75,000
- Project 4: Tree Trimming; \$300,000
- Project 5: Community Disaster Education Program; \$25,000
- Project 6: Reverse 911 System; \$75,000
- Project 7: Purchase Computerized Equipment Storage of Vital Public Records; \$50,000
- Project 8: Canal Bank Erosion Protection; \$100,000
- Project 9: Burial of Over-head Power Lines along Arterial Roadway; \$50,000,000
- Project 10: Public Works EOC Facility; \$150,000

City of South Miami

- Project 1: Improvement of the Stormwater Drainage System; \$1.75 million
- Project 2: Acquisition of Vacuum Truck for Drainage System Cleaning; \$350,000
- Project 3: Installation of Hurricane Shutters in City Buildings; \$100,000
- Project 4: Back-up Generator; \$190,000
- Project 5: Placing Utility Lines Underground; \$3.9 million
- Project 6: Watermain Upgrades / Relocation & Extensions; \$1.5 million
- Project 7: Sanitary Sewer Extension & Removal of Septic Tank System; \$6.5 million
- Project 8: Retrofit Existing Roof;

City of Sunny Isles Beach

- Project 1: Central Island Drainage Project – Deep Well Construction; \$40,000 per well
- Project 2: Improvements to the Government Center; \$24,000.

Town of Surfside

- Project 1: Remove Overhead Utility Lines
- Project 2: Obtain Backup Generators
- Project 3: Stormwater Management System Improvements
- Project 4: Conduct a Study of Storm Surge Mitigation Measures; \$50,000.
- Project 5: Install Storm Shutters on the Town Hall; \$147,000
- Project 6: Generator Relocation; \$48,000

City of Sweetwater

- Project 1: Comprehensive Stormwater Drainage Project;
 - East Side Project: \$2,170,000
 - Central Area Project: \$4,300,000
 - Northside Project: \$2,100,000
- Project 2: Community Outreach
- Project 3: City Hall
- Project 4: Purchase City Vehicles

Village of Virginia Gardens

Project 1: Flood Mitigation Project

Project 2: Acquire Generator; \$55,000.

Project 3: Acquire Trailer Mounted Flood Pump; \$20,000.

Project 4: Debris Removal; \$25,000.

City of West Miami

Project 1: Impact Resistant Windows and Doors for West Miami City Hall; \$52,000

Project 2: Citywide Drainage Improvements; \$6,000,000

Project 3: Reconstruction/Raising of the Public Works/Motor Pool Building; \$550,000

Project 4: Reconstruction/Raising of the Recreational Center Building; \$380,000

Private Sector & Other Participants

The municipalities are not the only LMS Working Group members that have developed hazard mitigation projects. Participation has included private not-for-profit corporations, schools and universities, civic associations and organizations and state of Florida agencies located within Miami-Dade County.

American Red Cross of Greater Miami and the Keys

- Project 1: American Red Cross Shelter Operations; \$500,000
- Project 2: American Red Cross Physical Plant Retrofitting; \$750,000
- Project 3: American Red Cross Preventative Education and Outreach; TBD
- Project 4: Public Information & Education; \$350,000

Baptist Health South Florida

- Project 1: South Miami Hospital Structure Enhancement; \$7,000,000
- Project 2: Doctors Hospital Medical Arts Building Wind Mitigation; \$3,000,000
- Project 3: Doctors Hospital Medical Arts Building Wind Mitigation; \$1,556,000

Barry University

- Project 1: Windstorm Protection for Thompson Hall; \$325,000
- Project 2: Windstorm Protection & Power Upgrade for Monsignor Barry Library; \$575,000
- Project 3: Windstorm Protection for LaVoie Hall; \$275,000
- Project 4: Windstorm Protection for Residence Halls; \$950,000
- Project 5: Hardened Roof and Windstorm Protection for Adrian Hall; \$500,000
- Project 6: Hardened Roof and Windstorm Protection for Garner Hall; \$750,000
- Project 7: Convert Existing Space for EOC; \$150,000
- Project 8: Purchase of Portable Emergency Power Generators; \$300,000
- Project 9: Purchase of Trailer Mounted Chiller; \$800,000
- Project 10: Drainage Improvements; \$300,000

Camillus House, Inc.

- Project 1: Construction of New Homeless Facility to "Code Plus" Standards; \$4,000,000.
- Project 2: Emergency Power Supply for New Homeless Facility; \$700,000.
- Project 3: Window Protection for Matt Talbot House; \$250,000.
- Project 4: Roof for Matt Talbot House; \$53,000.
- Project 5: Emergency Power Supply for Shelter and Food Storage at Matt Talbot House; \$50,000.
- Project 6: Window Protection for Good Shepherd Villas; \$30,000.
- Project 7: Drainage for Mother Seton Residence, St. Michael's Place & Naranja Cottages; \$56,000.
- Project 8: Emergency Power Supply for Naranja Cottages; \$65,000.
- Project 9: Emergency Power Supply for Central Warehouse; \$32,000.

Catholic Charities of the Archdiocese of Miami

- Project 1: Storm Shutter or Storm Window Installation; \$280,000.
- Project 2: Emergency Power Back-Up; \$100,000

CHARLEE of Dade County, Inc.

- Project: Install Hurricane Shutters
- 1. 11174 SW 112 Terrace, Miami – \$8,300

2. 11390 SW 112 Terrace, Miami – \$8,300
3. 7550 SW 69 Court, Miami – \$7,280

Community Partnership for Homeless Inc.

Project: Harden Facility; \$307,000

The Economic Opportunity Family Health Center, Inc.

Project 1: Harden Facilities; \$75,000
Project 2: Harden Jefferson Reeves House; \$150,000

Florida Atlantic University

Project; Small Business Development Center; \$75,000

Florida International University

Project 1: Public Safety Code Plus Building Construction; \$750,000
Project 2: Harden Health and Life Sciences (HLS) Building I; \$ 625,000
Project 3: Harden Primera Casa/Charles Perry (01 PC) Building; \$250,000
Project 4: Harden Bay View Housing ; TBD
Project 5: Harden Health and Life Sciences (HLS) II ; \$500,000.
Project 6: Harden Owa Ehan Building; \$250,000
Project 7: Harden BBC Library; \$750,000
Project 8: Harden Engineering and Computer Science Building; \$160,000
Project 9: Harden Chemistry and Physics Building; \$1,000,000
Project 10: Harden Graham University Center ; \$3,750,000
Project 11: Harden Academic One (ACI) Building ; \$750,000
Project 12: Harden the Wolfe University Center ; \$750,000
Project 13: Harden Academic II Building; \$600,000
Project 14: Harden Viertes Haus Building; \$750,000
Project 15: Harden Wolfsonian Annex; \$100,000.
Project 16: Harden Wolfsonian Museum ; \$200,000.
Project 17: Develop Warning, Education, and Traffic Management Plans; \$400,000.

Florida Memorial University

Project 1: Windstorm Protection for Residence Halls; Brown & Coleman at \$129,000 each, Robinson at \$48,000
Project 2: Create On-campus Hurricane Shelter; \$108,000

Hialeah Housing Authority

Project 1: Ashley Plaza; \$255,000
Project 2: Patterson Pavilion; \$73,250
Project 3: Holland Hall; \$170,750
Project 4: Hoffman Gardens; \$1,470,900
Project 5: Milander Manor; \$48,384
Project 6: La Esperanza; \$93,600
Project 7: Bright Villas; \$64,800
Project 8: Dale Bennett; \$116,400
Project 9: Project 16; \$125,200
Project 10: Ruth Tinsman; \$67,680
Project 11: Project 21; \$29,500

- Project 12: 56 Street
- Project 13: 68 Street; \$105,408
- Project 14: 28 Street; Estimated cost per building: \$24,192
- Project 15: 32 Street; \$11,520
- Project 16: 33 Street; \$11,232
- Project 17: E. 4th Avenue; \$29,644
- Project 18: Bright Villas; \$116,800

Jackson Health System

- Project 1: Ryder Trauma Center Fortification; \$12,000,000
- Project 2: Installation of Impact Resistant Windows at Jackson North; \$1,500, 000
- Project 3: Installation of Shutters at Highland Pavilion; \$ 1,072,000
- Project 4: Installation of Impact Resistant Windows at Institute Annex; TBD
- Project 5: Installation of High Impact Resistant Windows at Rehab Annex; TBD
- Project 6: Securing Critical Equipment at JNMC; TBD
- Project 7: Tank Farm Protective Enclosure at JNMC; TBD
- Project 8: Cooling Towers Enclosures at JNMC; TBD
- Project 9: Generator and Control Elevation at JNCMHC; \$400,000.
- Project 10: Emergency Power for Kitchen; \$1,000,000.

Mercy Hospital

- Project 1: Replace Roof - Surgical Mechanical Room; \$298,000.
- Project 2: Replace Roof – South Wing Building; \$740,000.
- Project 3: Waterproof Wall – Kohly Building; \$400,000.
- Project 4: Reconfigure Windows – East Wing Building; \$90,000.
- Project 5: Replace Windows with Pressure-rated Units; \$1,500,000.

University of Miami

- Project 1: Bascom Palmer Eye Institute Wind Protection; \$3,300,000
- Project 2: University of Miami Hospital Wind Protection; \$2,900,000
- Project 3: University of Miami Hospital Flood Protection; \$800,000
- Project 4: Business School Building Code Plus Wind Protection; \$4,434,000.
- Project 5: Business School Building Code Plus Building Fortification; \$1,400,000
- Project 6: Business School Building Code Plus Power and Water; \$750,000
- Project 7: Smathers Wellness Center Wind Retrofit; \$4,500,000.
- Project 8: Smathers Wellness Center Power and Water Fortification; \$1,000,000
- Project 9: Hardening of Medical Campus Power and Chiller Plant to Code Plus; \$2,000,000
- Project 10: Flood Protection for the Rosenstiel Building Steam Plant; \$1,750,000.
- Project 11: Wind Retrofit, Flood Protection, & Power Upgrade for Eaton Hall; \$2,000,000
- Project 12: Wind Retrofit and Flood Protection for Mahoney-Pearson Residential Halls; \$2,500,000
- Project 13: Wind Retrofit and Flood Protection for Stanford Towers; \$1,700,000
- Project 14: Medical Campus Fuel Tank; \$120,000
- Project 15: Wind Retrofit and Flood Protection for Sewell Building; \$500,000
- Project 16: Retrofit Marine Campus Auditorium as Emergency Command Center; \$750,000
- Project 17: Wind Retrofit and Flood Protection for McArthur Annex; \$500,000
- Project 18: Wind Retrofit and Flood Protection for Ferre Building; \$500,000
- Project 19: Wind Retrofit and Flood Protection for Gables One Building; \$3,300,000
- Project 20: Wind Retrofit and Flood Protection for Panhellenic Building; \$500,000

- Project 21: Wind Retrofit and Flood Protection for Law Buildings C and E; \$500,000
- Project 22: Wind Retrofit and Flood Protection for Fillmore Building; \$500,000
- Project 23: Wind Retrofit and Flood Protection for Volpe Building; \$500,000
- Project 24: Wind Retrofit and Flood Protection for Weeks Building; \$500,000
- Project 25: Wind Retrofit and Flood Protection for Architecture Buildings 48 and 49; \$900,000
- Project 26: Upgrade Emergency Power for Max Orovitz Building; \$300,000
- Project 27: Wind Retrofit Protection for Koubek Auditorium; \$200,000
- Project 28: Wind Retrofit Protection for Koubek Center Mansion; \$300,000

Miami Bridge Youth and Family Services, Inc.

Project: Windstorm Protection; TBD

Miami Beach Community Health Center, Inc.

Project 1: Roofing Project SCM; \$180,000.

Project 2: Install Generator Platform; \$15,000.

Miami Beach Housing Authority

Project 1: Windstorm Protection for Rebecca Towers South; \$755,640

Project 2: Windstorm Protection for Rebecca Towers North; \$755,640

Project 3: Shutter 211 Collins; \$150,000

Project 4: Replace Generator, Rebecca Towers South; \$100,000

Project 5: Replace Generator, Rebecca Towers North; \$100,000

Miami Children's Hospital

Project 1: Patient Bed Tower - Code Plus Construction; \$4,300,000.

Project 2: Harden Northeast Building; \$ 3,330,260.

Project 3: Harden Warehouse / Supply Building; \$1,100,000.

Project 4: Variety Central Hardening; \$1,000,000

Project 5: Harden IT Department Facility; \$ 1,000,000.

Project 6: Harden Research Building Exterior; \$3,000,000.

Project 7: Harden Variety East Wing – Inpatient Center; \$3,000,000.

Project 8: Harden Variety West; \$1,000,000

Project 9: Electrical Panel & Emergency Power Hardening & Elevation Variety Central Building; \$1,700,000

Project 10: Electrical Panel & Emergency Power Hardening & Elevation - South Dade Campus; \$500,000

Project 11: Main Campus Equipment Tie Downs; \$100,000

Project 12: Electrical Panel & Emergency Power Hardening & Elevation –Northeast Building; \$1,300,000

Project 13: Electrical Panel & Emergency Power Hardening & Elevation – Ambulatory Care Building; \$1,000,000

Project 14: Tie Down Central Energy Plant Rooftop Equipment; \$TBD

Miami Christian School

Note: Miami Christian School has successfully mitigated all campus buildings for windstorm protection. Congratulations from the Miami-Dade Local Mitigation Strategy Working Group.

Miami Dade College

- Project 1: Entrepreneurial Education Center Building 1000 Wind Mitigation; \$114,400
- Project 2: Medical Center Campus Building 1000 Wind Mitigation; \$200,000
- Project 3: Medical Center Campus Building 2000 Wind Mitigation; \$263,000
- Project 4: Hialeah Campus Building 1000 (Classroom Building) Wind Mitigation; \$250,000
- Project 5: Hialeah Campus Building 2000 (Support Building) Wind Mitigation; \$41,000
- Project 6: North Campus Building 1000 Wind Mitigation; \$374,200
- Project 7: Wolfson Campus Building 1000 Wind Mitigation; \$400,000
- Project 8: Wolfson Campus Building 2000 Wind Mitigation; \$200,000
- Project 9: West Campus Administrative and Classroom Building Wind Mitigation; \$75,000
- Project 10: Wolfson Campus Building 1000 Flood Mitigation; \$150,000
- Project 11: Wolfson Campus Building 5000 (NWSA) Flood Mitigation; \$135,000

Miami-Dade County Public Schools

- Project 1: Harden Schools as Evacuation Shelters
- Project 2: Flood Proof Lindsay Hopkins Technical Education Center; \$449,000
- Project 3: Add Roof Tie-downs, Window and Door Protection, Flood Barriers
- Project 4: Windstorm Protect for the Ana Brener Myers Building; \$700,000.
- Project 5: Windstorm Protection for School Board Administration Complex; \$150,000

Miami Lighthouse for the Blind

- Project: Install Window Protection; Estimated cost \$160,000

Mount Sinai Medical Center

- Project 1: Protect Oxygen Supply; \$950,000
- Project 2: Harden Lowenstein Nurses Building – Enclosures; \$450,000
- Project 3: Harden Mount Sinai Aventura; \$2,500,000
- Project 4: Harden Warner Building Envelope; \$4,660,000
- Project 5: Bracing for Roll-up Doors; \$30,000
- Project 6: Harden Roof Replacement; \$200,000
- Project 7: Mitigate the Impact of Storm Surge; \$350,000.
- Project 8: Reinforce Exterior Poles/Masts Anchoring; \$30,000.
- Project 9: Protect / Anchor Exterior Movable Equipment; \$18,000.
- Project 10: Harden Child Care Building; \$125,000
- Project 11: Harden Greenspan Roof; \$ 500,000
- Project 12: Relocate Operating Rooms; \$16,500,000
- Project 13: Protect In-Place Emergency Power Equipment;
- Project 14: Elevation of Key Medical Equipment
- Project 15: Protect In-Place Critical Cardiac Services; \$2,000,000
- Project 16: Code Plus Construction Enhancements Central Energy Plant; \$1,750,000.
- Project 17: Code Plus Construction Enhancements Surgical Tower; \$1,500,000.
- Project 18: Code Plus Construction Enhancements New Medical Office Tower; \$750,000.

Quality Response Solutions, Inc.

- Project: Develop High Rise Safety Program; Estimated cost \$30,000

St. Lawrence School

- Project: Harden School Buildings; \$135,500

St. Thomas University

- Project 1: Hurricane Screens for Main Library; \$364,000.
- Project 2: Shutters for the Law School and Law Library; \$349,600.

South Florida Regional Planning Council

- Project 1: South Florida Regional Hurricane Evacuation Study Update; \$50,000 grant, \$50,000 SFRPC match.
- Project 2: Disaster Resistant Economic Activity for Mitigation (DREAM) Teams; \$75,000 grant, \$75,000 SFRPC match.
- Project 3: South Miami-Dade Watershed Study; \$250,000 grant, \$250,000 SFRPC match.

South Florida Water Management District

- Project 1: C-2 Canal Conveyance Improvements; \$2,480,000
- Project 2: C-5 Canal Conveyance Improvements; \$1,060,000
- Project 3: Forward Pumping at S-27 on the C-7 Canal; \$4,600,000
- Project 4: G-93 Structure Improvements; \$150,000
- Project 5: Raise Bank Elevation on C-4; \$2,000,000
- Project 6: Forward Pumping at S-28 on the C-8 Canal; \$5,000,000
- Project 7: Forward Pumping at S-29 on the C-9 Canal; \$5,000,000
- Project 8: Install Berm on C-1 Canal South of SW 168th Street; \$46,500
- Project 9: Install Berm on C-1 Canal West of SW 122nd Avenue; \$51,600
- Project 10: Install Berm on C-1 Canal East of SW 155nd Avenue; \$172,000
- Project 10: Install Berm on C-1 Canal South of SW 167th Street; \$137,000.
- Project 11: Conveyance Improvements on the C-1 Canal; \$2,200,000
- Project 12: Berm on C-1 Canal; \$47,000

List of LMS Changes

Section	Page	Change Made	Purpose
Introduction	2	Define use of divisional groups;	To clarify the purpose and use of the divisional groups
	4	Added a revision procedure	To explain the revision process
	5	Added how to use document section	To better define the scope of this document and how it relates to other planning mechanisms
Part I	19-29	Added extent, location, and vulnerability of impact as necessary	To better define those hazards relative to extent, location, and vulnerability
	35, 36	Define revision process	To clarify the revision process and how information for incorporation into the LMS document is received
Part II	39	Added "Project Administration and Implementation"	To define the operational components of each project and define implementation procedures
Part III		N/A	N/A
Appendices	266-268 (C)	Separated hurricane wind and storm surge	To correlate Tables 1 and 2 and add required information
		Added "Vulnerabilities" to table	
		Defined Frequency and Probability labels	
		Added "Occurrence"	
		Added the Saffir-Simpson Scale	
	274 (E)	Updated flood zone map	To provide current information
	276 (E)	Added Storm Surge Map	To provide required information
	280-282 (F)	Added Repetitive Loss Chart	To provide current information and add required information
		Added NFIP compliance requirements	
	288 (H)	Updated municipal participation	To provide current information

Section	Page	Change Made	Purpose
	429-430 (K)	List of Changes	Documenting changes to plan

All changes listed above except those that appear in "The Projects" subsection were made in response to the five-year review process. The changes in "The Projects" subsection have not been captured in the chart above due to unforeseen management changes within the LMS program. However as identified in this document, each participant of the LMS Working Group is asked to submit their updated project list twice a year for inclusion in the June 30th and December 31st publications of the LMS document. Consequently, each member is responsible for monitoring their project lists for appropriate changes and updating.

Memorandum

Date:

To: Honorable Dennis C. Moss, Chairman
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: Resolution Calling for a Special Election to Modify the Miami-Dade County Home Rule Charter to allow the Miami-Dade County Board of County Commissioners to Abolish a Municipality with Twenty or Fewer Electors

Recommendation

It is recommended that the Miami-Dade County Board of County Commissioners (BCC) approve the attached resolution calling for a special election to be held in conjunction with a State of Florida primary election on August 24, 2010. This election will determine if the Miami-Dade County Home Rule Charter (Charter) is amended to allow the BCC to abolish a municipality with twenty or fewer electors.

Scope

This item will have a County-wide impact. Currently the only municipality with twenty or fewer electors is the City of Islandia located in Commission District 9.

Fiscal Impact

This item may have a fiscal impact on the County. Should any municipality's electorate fall below twenty-one persons, the BCC may consider abolishing that municipality. Depending on the services provided and revenues generated in the area, the impact to the County may be positive or negative.

Track Record/Monitor

The Office of Strategic Business Management currently oversees all incorporation and annexation issues for the County and will continue to do so.

Background

Currently the Miami-Dade County Charter does not contain any provision for the abolition of a municipality where there is no representation. Article 6 of the Charter does make provisions for cities to remain in existence and can only be abolished with approval from a majority of its electors voting in an election for that purpose.

The City of Islandia was created by the BCC in 1960 by Ordinance 60-45 and later approved by 12 voters. Islandia is located in Biscayne Bay, just north of Key Largo consisting of 33 specs of land with Elliot Key being the largest piece of land. The city was formed with the idea of developing the area with luxury hotels, golf courses, waterfront homes and connecting it to the mainland with a bridge. Because the plans for development were so audacious, conservationists fought the idea and the Department of the Interior began to purchase property and now owns most of the island and it is part of Biscayne National Park.

Honorable Chairman Dennis C. Moss
and Members Board of County Commissioners
Page 2

On January 11, 2010, the members of the Florida Legislature Joint Legislative Auditing Committee adopted a motion to encourage Miami-Dade County to proceed with the dissolution of the City of Islandia. According to the Florida Department of Revenue, City of Islandia has failed to file reports required by the State including TRIM compliance and Annual Financial Reports since 1998. According to the Miami-Dade Tax Collector's Office, the City of Islandia has not filed the proper paperwork to collect the tax revenue associated with the City. Additionally, the Office of the Property Appraiser has not had any contact with the City Clerk or any other official contact for the city in years.
